Subject: Re: EN0110023 - Calderdale Energy Park - EIA Scoping and Consultation and Regulation 11 Notification

You don't often get email from yne@forestrycommission.gov.uk. [Learn why this is important](#)

Hello,

Due to an oversight, comments in response to this consultation were not submitted by the deadline of 29th September 2025. Forestry Commission do wish to submit comments, which will be submitted today, 30th September 2025. As a Non-Ministerial Government Department, the Forestry Commission provide no opinion supporting or objecting to an application. Rather, we provide information on the potential impact that the proposed development could have on trees and woodland. We consider our comments an important contribution to the decision-making process and ask that they are taken into account, despite being submitted a day after the consultation deadline.

Thanks,
