Acronym	In Full / Term
ASU	Air Separation Unit
CHP	Combined Heat and Power
CO_2	Carbon dioxide
DCO	Development Consent Order
ES	Environmental Statement
km	kilometre
LGF	Lighthouse Green Fuels
MW	Megawatts
MWe	Megawatts electrical
PINS	Planning Inspectorate
RCBC	Redcar and Cleveland Borough Council
SAF	Sustainable Aviation Fuel
SoS	Secretary of State
STBC	Stockton-on-Tees Borough Council

1 Introduction

1.1 Overview

1.1.1 This **Book of Reference (Application Document Ref 4.3)** has been prepared by Ardent on behalf of LGF Projects Limited on behalf of LGF Projects Limited (the Applicant), to support an application (the Application) seeking development consent for the construction, operation, maintenance and decommissioning of the Lighthouse Green Fuels (LGF) project (the Proposed Development) on land within the administrative boundaries of Stockton-on-Tees Borough Council (STBC) and Redcar and Cleveland Borough Council (RCBC).

1.1.2 The Order limits for the Proposed Development are made up of the Main Site and Wider Site, together 'the Site'. A more detailed description of the Site is set out at section 2.4.

1.1.3 The Application has been submitted to the Planning Inspectorate (PINS), and the decision whether to grant a Development Consent Order (DCO) will be made by the Secretary of State (SoS) for Energy Security and Net Zero pursuant to the Planning Act 2008 (the PA 2008) [0].

1.1.4 The Proposed Development comprises a commercial-scale second generation Sustainable Aviation Fuel (SAF) production facility and associated infrastructure.

1.2 The Applicant

1.2.1 The Applicant is wholly owned by Alfanar Energy Limited (Alfanar). Alfanar is part of a global project development, manufacturing, and engineering group headquartered in Saudi Arabia. Alfanar has developed significant in-house feedstock-to-SAF expertise. This experience will be utilised to construct and operate the Proposed Development.

1.3 Overview of the Proposed Development

1.3.1 The Proposed Development is anticipated to be the UK's first commercial-scale second generation SAF production facility.

1.3.2 The Proposed Development includes the construction, operation, maintenance and decommissioning of a commercial-scale facility that will produce approximately 180 million litres of advanced SAF and approximately 30 million litres of renewable naphtha each year.

1.3.3 The Proposed Development includes the following elements (the location of each Work No. is shown on the **Works Plans (Application Document Ref 2.4)**):

Table 2.1 Works Description Summaries

Work Number:	
Work No. 1	SAF production facility comprising: • 1A - feedstock pre-treatment facility including flue gas treatment and stack • 1B - SAF processing facility including thermal oxidiser, flue gas treatment, and stack • 1C - up to two flare structures
Work No. 2	Combined heat and power (CHP) generating station comprising: • 2A - boilers and steam turbine generators • 2B - flue gas treatment and stack
Work No. 3	Feedstock and intermediate and final product handling and storage
Work No. 4	Cooling infrastructure for SAF production facility and CHP plant
Work No. 5	Bridge and culvert crossings of existing infrastructure
Work No. 6	Marine infrastructure comprising: • 6A - construction of permanent quay • 6B - permanent quay • 6C - capital and maintenance dredging
Work No. 7	Electrical connection works comprising: • 7A - underground and overground cable connections to the existing North Bank Supply Point • 7B - electrical connection works
Work No. 8	Modified or new natural gas connection and above ground infrastructure (AGI)
Work No. 9	Supply of industrial gases: Only one of Work No. 9A or Work No. 9B would be developed; • 9A - industrial gases connection works comprising installation of new and repurposing of oxygen and nitrogen pipeline connections, and connection to existing low pressure nitrogen supply • 9B - air separation unit (ASU) facility and connections to Work No. 1
Work No. 10	Modification or removal and replacement of industrial wastewater pipeline connection works
Works No. 11	• Export connection works:11A - pipeline(s) for the export of SAF and renewable naphtha • 11B or 11C - a pipeline for the export of carbon dioxide (CO_2) connecting to AGI by others (being either AGI C1 or C2 of the Northern Endurance Partnership (NEP) transport and storage pipeline) Only one of Work No. 11B or Work No. 11C would be developed
Works No. 12	Surface water attenuation, and drainage and discharge works
Works No. 13	Laydown areas comprising: • 13A - temporary construction compounds and laydown areas • 13B - permanent laydown and storage

Work No. 14	Access works and private street improvements

1.3.4 In addition a range of associated development, both specified and unspecified, is proposed in relation to the above.

1.3.5 The new quay on the River Tees (**Work No. 6**) will allow delivery of modular plant and construction materials by ship during construction and biomass and waste wood feedstock during operation, reducing reliance on road transport. Feedstock will be stored (**Work No. 3**) then pre-treated at the Main Site and processed into SAF through gasification and gas-to-liquids processes (**Work No.1**).

1.3.6 To support operations, the Proposed Development will include a biomass and waste wood-fired CHP plant (**Work No. 2**) with an electrical output capacity of up to 200 megawatts electrical (MWe), providing a low-carbon energy supply for the SAF process. Cooling infrastructure (**Work No. 4**) will be required for the SAF process and the CHP plant. Connections will provide electricity for start-up and to maintain ancillary site supplies (**Work No. 7**), natural gas for start-up and as auxiliary fuel for some processes during operation (**Work No. 8**), and oxygen and nitrogen which will either be delivered to the Site via pipelines or produced by a new ASU in the Main Site (**Work No. 9A or 9B** respectively). Waste materials, including off-specification materials will be exported from the Main Site by road. Finished products (SAF, and a secondary product of the process, renewable naphtha) will be transferred via pipeline(s) (**Work No. 11A**) to local marine loading facilities for marine export or export by road. CO_2 from the acid gas removal unit in Work No. 1B will be exported via pipeline (**Work No. 11B or Work No. 11C**) subject to a suitable agreement to connect to one of two proximate AGIs in the NEP project.

1.3.7 The Proposed Development will also include replacement and new wastewater pipeline connection works (**Work No. 10**), surface water drainage systems (**Work No. 12**) and access and street improvements (**Work No. 14**). Space within the Wider Site is identified for temporary construction and laydown and space within the Main Site identified for permanent laydown and storage areas (**Work No. 13**).

1.3.8 The preliminary layout of the Proposed Development is shown on **Indicative General Arrangement Plan (Application Document Ref 2.5.1)** and **Indicative General Arrangement Isometric (Application Document Ref 2.5.2)**.

1.4 The Site

1.4.1 The Site location and boundary (which is also known as the 'Order limits') are shown on **Site Location Plan (Application Document Ref 2.1)**. The Site is located in Teesside on land to the north and south of the River Tees with connection corridors crossing the Tees.

1.4.2 The Main Site is located in the industrial area of Seal Sands approximately 5km east of Billingham town centre and 4km north-east of Middlesbrough town centre, on the north bank of the River Tees in the borough of Stockton-on-Tees). The majority of the Main Site lies south of Seal Sands Road and largely comprises previously developed land formerly used as a chemical plant from the early 1970s. It was last operated by INEOS Nitriles.

1.4.3 The Main Site comprises the main SAF facility development area of the Site, lying to the south and north sides of Seal Sands Road and bounded by the proposed quay in the River Tees, with the River Tees to the east.

1.4.4 The eastern boundary of the Main Site is formed by the River Tees, where existing jetties will be demolished and a new quay developed.

1.4.5 The Wider Site comprises the connection corridors, including land required for road access, pipelines (including under the River Tees), dredging near to the Main Site, and utility connections and construction laydown in both North Tees and (in the borough of Redcar and Cleveland) South Tees.

1.5 The DCO Process

1.5.1 Part 3 of the PA 2008 defines which projects constitute a nationally significant infrastructure project (NSIP). Once classed as an NSIP, development consent (in the form of a DCO) is required under Part 4 of the PA 2008.

1.5.2 In legislative terms the Proposed Development comprises both a SAF production facility and a CHP generating station together with development associated with the SAF production facility and the CHP generating station.

1.5.3 The construction and operation of the main SAF production facility does not automatically fall within the definition of an NSIP. Therefore, on 12 August 2025, the Applicant formally requested a direction by the SoS for Energy Security and Net Zero, pursuant to section 35(1) of the PA 2008, that the following elements be treated as one for which development consent is required. The Section 35 direction request was made in respect of: a main gasification facility to process sustainably sourced biomass; feedstock pre-treatment, syngas clean-up apparatus; Fischer-Tropsch process units; refining units; feedstock, intermediates and finished product storage; quayside with ship loading/ offloading infrastructure; supporting

infrastructure and utility connections (hereafter called the 'Specified Elements').

1.5.4 The SoS for Energy Security and Net Zero issued a direction under Section 35 of the PA 2008 [0] on 08 September 2025 to confirm that the Specified Elements of the Proposed Development, together with any matters/ development associated with them, should be treated as development for which development consent under the PA 2008 is required.

1.5.5 The CHP plant (**Work No. 2**) surpasses the 50 Megawatt (MW) threshold for generating stations defined in Section 15 of the PA 2008 and is therefore a NSIP in its own right.

1.5.6 An application for development consent for the Proposed Development has been submitted to PINS acting on behalf of the SoS. Subject to the Application being accepted, PINS will then examine it and make a recommendation to the SoS who will then decide whether to grant a DCO.

1.5.7 The application for development consent for the Proposed Development supersedes a previous application that was being progressed by Lighthouse Green Fuels Limited centred on a site off Huntsman Drive in Seal Sands, TS2 1TT (PINS ref. EN010150). Statutory consultation on that application took place between 16 May 2024 and 20 June 2024. As shown on the PINS website[1], that application is discontinued.

1.6 The Purpose and Structure of this Document

1.6.1 The Book of Reference supports the development consent application by identifying all parties with a legal interest in the land affected by the Order. Prepared in accordance with the Planning Act 2008 and associated Regulations, it ensures that all relevant persons are identified and can be notified and engaged as part of the statutory process.

2 Book of Reference

2.1 Contents

2.1.1 Part 1 - Categories 1 & 2: Owners, Lessees, Tenants, Occupiers, Other Interest, Power to Convey or Release Land

2.1.2 Part 2 - Category 3: Section 10 Compulsory Purchase Act 1965 and Part 1 Land Compensation Act 1973

2.1.3 Part 3 - Easements or other private rights proposed to be interfered with, suspended or extinguished

2.1.4 Part 4 - Crown Interests

2.1.5 Part 5 - Special Category and Replacement Land

2.2 Introduction

2.2.1 This Book of Reference (’BoR’) has been prepared on behalf of LGF Projects Limited (the 'Applicant'). It forms part of the application (the 'Application') for a Development Consent Order (a 'DCO'), that is being submitted to the Planning Inspectorate (PINS), and the decision whether to grant a DCO will be made by the Secretary of State (SoS) for Energy Security and Net Zero, under Section 37 of 'The Planning Act 2008' (the 'PA 2008') in respect of the Lighthouse Green Fuels Project (the ‘Proposed Development’).

2.2.2 The Applicant is seeking development consent for the construction, operation and maintenance of the Proposed Development, including associated development on land within the boroughs of Redcar and Cleveland and Stockton-on-Tees, Teesside.

2.2.3 The Proposed Development comprises both a sustainable aviation fuel (SAF) production facility and a combined heat and power (CHP) generating station together with development associated with the SAF production facility and the CHP generating station.

2.2.4 In legislative terms, the construction and operation of the biomass and waste wood fired CHP generating station surpasses the 50 Megawatt (MW) threshold defined in Section 15 of the PA 2008 and is therefore a Nationally Significant Infrastructure Project (NSIP) in its own right.

2.2.5 The construction and operation of the main SAF production facility does not automatically fall within the definition of an NSIP. Therefore, on 12 August 2025, the Applicant formally requested a direction by the Secretary of State for Energy Security and Net Zero ('SoS'), pursuant to section 35(1) of the PA 2008, that the following elements be treated as one for which development consent is required. Consequently, development consent is required for the Proposed Development as it is comprises both an NSIP further to section 15 of the PA 2008 and further to the Direction dated 8 September 2025 made by the SoS under Sections 35(1) and 35ZA of the PA 2008 .

2.2.6 The DCO, if made by the SoS, would be known as 'The Lighthouse Green Fuels Order' (the 'Order').

2.2.7 This BoR has been prepared pursuant to Regulation 5(2)(d) of The Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 ('the APFP Regulations'). It describes all the land, and identifies all the interests, affected by the Order following diligent inquiry by the Applicant.

2.2.8 The land described in this BoR, which is to be subject to powers of compulsory acquisition and temporary possession, is required for the development to which the Order relates or is required to facilitate or is incidental to that development. The works comprising the authorised development are described in Schedule 1 to the Draft Development Consent Order (Application Document Ref. 4.1) and shown on the Works Plans (Application Document Ref. 2.4).

2.2.9 Every parcel of land that is affected is identified as a plot and a unique number has been ascribed to each plot. The plots are shown on the Land Plans (Application Document Ref. 2.2) which accompany the Order, and are listed in the relevant Parts of this BoR.

2.2.10 This BoR is comprised of five Parts, in accordance with Regulation 7(1) of the APFP Regulations, as follows:

i. **Part 1** (Regulation 7(1)(a)) contains the names and addresses of each person within Categories 1 and 2 (as set out in Section 57 of the PA 2008) in respect of any land which it is proposed is subject to:-

- Powers of compulsory acquisition; or
- Powers to use land temporarily

The description of each plot also includes the reference to the principal land use power(s) sought in the draft DCO in respect of that particular plot:

- In respect of plots shaded pink on the Land Plans, where the Applicant proposes freehold to be compulsorily acquired and in relation to which it is proposed to extinguish easements, servitudes and other private rights, the plot description includes this wording: "Permanent acquisition of..."
- In respect of plots shaded blue on the Land Plans, where the Applicant proposes the permanent acquisition of new rights and in relation to which it is proposed to extinguish easements, servitudes and other private rights, the plot description includes this wording: “Permanent acquisition of new rights over …”;
- In respect of plots shaded yellow on the Land Plans, where the Applicant proposes temporary use of land and in relation to which it is proposed to extinguish or suspend easements, servitudes and other private rights, the plot description includes this wording: "Temporary possession of…"

The three categories of wording described above cross-refer to articles in the draft DCO as follows:

- Permanent acquisition of …” – the compulsory acquisition of land pursuant to article 17 (compulsory acquisition of land) of the draft DCO.
- Permanent acquisition of new rights over …” – the creation and compulsory acquisition of new rights over land pursuant to article 19 (compulsory acquisition of rights etc.) of the draft DCO.
- Temporary possession of…” – the temporary possession and use of land for the purposes of constructing the authorised development pursuant to article 26 (temporary use of land for carrying out the authorised development), and for the purposes of maintaining the authorised development pursuant to article 27 (temporary use of land for maintaining the authorised development) of the draft DCO.

It should be noted that whilst the descriptions in this Book of Reference refer to the principal land use power sought in the DCO, The Applicant also seeks the power to temporarily possess all of the land within the Order limits and to suspend the exercise of existing easements, servitudes and other rights over the land during any period in which it is temporarily possessed.

Category 1 persons are defined as those who own, lease, or hold a tenancy in relation to or occupy the land (section 57(1) of the PA 2008).

Category 2 persons are those who have an interest in the land or have the power to sell and convey or to release such land (section 57(2) of the PA 2008).

ii. **Part 2** (Regulation 7(1)(b)) contains the names and addresses of those persons within Category 3.

Category 3 persons are defined in section 57(4) of the PA 2008 and are persons whose land, whilst not directly affected by the authorised development, may be entitled to claim compensation under Section 10 Compulsory Purchase Act 1965, Part 1 of the Land Compensation Act 1973 or Section 152(3) of the PA 2008, for loss resulting from the implementation of the Order or use of the land once the Order has been implemented;

iii. **Part 3** (Regulation 7(1)(c)) contains the names and addresses of those entitled to enjoy easements or other private rights over land (including private rights of navigation over water) which it is proposed may be extinguished, suspended or interfered with in connection with the authorised development, pursuant to the Order;

iv. **Part 4** (Regulation 7(1)(d)) identifies land which is proposed to be used for the purposes of the Order and in which there is a Crown interest; Crown Land is included within the order limits and is identified in the Special Category Land and Crown Land Plans (Application Document Ref. 2.3).

v. **Part 5** (Regulation 7(1)(e)) identifies plots: -

- the acquisition of which is subject to special parliamentary procedure;
- which is special category land; or which are replacement land

Having made diligent inquiries no land has been identified that would be required to be included in Part 5. Where it is stated in Part 5 of the BoR that “No land was identified which should be included in this part”, this confirms that no special category land, land subject to special parliamentary procedure, and no replacement land is required.

2.3 Part 1 – Categories 1 & 2: Qualifying Persons under Regulations 7(1)(a) of the APFP Regulations 2009

Land Plans Sheet No.	Plot Number on Land Plans	Extent, description and situation of land	Category 1			Category 2
			A person is within Category 1 if the applicant, after making diligent inquiry knows that the person is an owner, lessee, tenant (whatever the tenancy period) or occupier of the land; see section 57 (1) of the Planning Act 2008.			*A person is within Category 2 if the applicant, after making diligent inquiry, knows that the person – (a) is interested in the land, or*
			Freehold or Reputed Freehold Owners	**Lessees or Tenants or Reputed Lessees or Tenants**	**Occupiers or Reputed Occupiers**	*(b) has power – (i) to sell and convey the land, or (ii) to release the land; see section 57 (2) of the Planning Act 2008.*
1	1-1	Permanent acquisition of new rights over 1260.64 square metres of unnamed track and public right of way (King Charles III Way); east of Seaton Carew Road (A178), Seal Sands, Billingham *(CE188169 - Absolute Freehold)* *(CE216960 - Qualified Freehold)*	Sembcorp Utilities (UK) Limited Sembcorp UK Headquarters Wilton International Middlesbrough TS90 8WS (Org No. - 04636301) Church Commissioners for England Church House Great Smith Street London SW1P 3AZ (Org No. - 1140097) (in respect of mines and minerals)	-	Sembcorp Utilities (UK) Limited Sembcorp UK Headquarters Wilton International Middlesbrough TS90 8WS (Org No. - 04636301) CF Fertilisers UK Limited Billingham Complex Haverton Hill Road Billingham TS23 1PY (Org No. - 03455690) (in respect of apparatus) BOC Limited Forge 43 Church Street West Woking GU21 6HT (Org No. - 00337663) (in respect of apparatus) Openreach Limited 6 Gracechurch Street London EC3V 0AT (Org No. - 10690039)	Net Zero North Sea Storage Limited Chertsey Road Sunbury-on-Thames TW16 7LN (Org No. - 12473084) (in respect of a restriction against the disposition of the registered estate on title CE188169)
