You don't often get email from [REDACTED]

Evening,

Please would you be able to provide an update on the decision that seems to be taking so long?

My objections are as follows:

1. Aquinds proposals would be an environmental disaster. Disruption to roads during building, destruction of local wildlife habitat.
2. National Security. Aquind have a dubious business plans and links to shady business partners. They have already been involved in trying to bribe local communities. Business contacts such as these would be vulnerable to pressure and corruption from negative forces.
3. The connector has to run through France and there objections to it there.

This project is not good for UK, Europe or Portsmouth.

Yours sincerely

Andrew Larder
