# 1. Details of Purpose for Which Compulsory Acquisition and Temporary Possession Powers are Sought

## 1.1 Land acquisition powers sought

1.1.1 The specific purposes for which each plot of land subject to compulsory acquisition or temporary possession powers is required are set out in the tables in this appendix. The first column of each table identifies the plot number (as shown on the Land Plan and used in the Book of Reference). Plots are grouped in each row to the extent that they are located on the same Land Plan Sheet. Furthermore, they are grouped into tables depending on the Class of Rights (purpose) in the fourth column.

**Table 1.1 Land acquisition powers sought**

<b>Class</b>	<b>Colour of plot on Land Plans</b>	<b>Land Use power Sought</b>	<b>Principal relevant DCO Article</b>
1	Brown	Compulsory Acquisition of land	Article 24
2	Green	Compulsory Acquisition of Rights (Overhead Line)	Article 25

<b>Class</b>	<b>Colour of plot on Land Plans</b>	<b>Land Use power Sought</b>	<b>Principal relevant DCO Article</b>
8	Pink	Temporary Use for Construction, Mitigation, maintenance, and dismantling redundant infrastructure	Article 27
9	Yellow	Temporary Use for Access (Construction)	Article 27
10	White / uncoloured	Land that is not subject to powers of acquisition or temporary Use	N/A

- 1.1.2 Powers of temporary possession are being sought over all of the land within the Order Limits as indicated on the Land Plans, and due to the proposed two stage approach to exercise of these land powers, the powers of temporary possession are being sought over an area greater than that proposed for permanent acquisition of land or rights which can be identified in the Land Plans. Table A.3 sets out those plots of land where only temporary possession powers are being sought.
