	Table 1.1 Schedule of Negotiations with Land Interests	<u>42</u>

Version History

Date	Issue	Status	Description / Changes
March 2025	A	Final	For DCO submission
October 2025	B	Final	As requested for Deadline A
November 2025	C	Final	As requested for Deadline 1
November 2025	C ver. 2	Final	Changes and additions are only in refence to the Change Request

1. Schedule of Negotiations with Land Interests

1.1 Progress of negotiations with affected persons

1.1.1

The table below shows the progress of negotiations with affected persons. Please note that the table is correct at the date of the ~~18th~~ 26th November 2025.

Table 1.1 Schedule of Negotiations with Land Interests

AP ref no.	Land Interest	Relevant Representatives (RRs) Response	Summary of Response from RRs	Interest	Sheet Number & Land Plot no(s)	Description of rights sought	Summary of negotiation status
39	Jean Veronica Spanton	Y	Representative has submitted as Joan Veronica Spanton. Applicant to confirm preferred name with PIL. No cumulative impact assessment included in the Sea Link application. Friston village is already affected by multiple infrastructure projects. Environmental sensitivity of the site has been highlighted in previous inquiries. Planning in isolation repeats past mistakes and ignores broader context. Failure to learn from earlier projects like EA1, EA2, and Sizewell C. Call for joined-up planning to prevent long-term harm to communities and the environment.	Freehold	Kent - 4/27 4/10 3/61 3/60 4/25 3/59 3/65 4/26	Class 5. Compulsory Acquisition of Rights – Access Class 8. Temporary use for Construction, Mitigation, Maintenance, and Dismantling of Redundant Infrastructure Class 3. Compulsory Acquisition of Rights – Underground Cable System Class 9. Temporary Use for Access	25.03.2025 - National Grid's Agent (Dalcour Maclaren) issued template Heads of Terms to landowners in January 2025. A meeting was offered to discuss the template terms and rights being sought in February. Populated Heads of Terms were issued in March 2025. 08.10.2025 - Positive engagement has continued with this landowner and or their agent and it is anticipated an agreement will be reached by the end of Examination. 18.11.2025 - Following a meeting held on 12th September 2025 between the landowner's agent and Dalcour Maclaren, the landowner and their agent requested additional clarity on the reasoning behind the rights to be acquired. Dalcour Maclaren provided this and re-issued the Heads of Terms on the 29th October 2025, engagement is ongoing.

49	Ian Stewart Chandler (as freeholder and as Personal Representative to Robert Stewart Chandler) (excluding mines and minerals below 500 feet)	N	N/A	Freehold	Kent - 2/54 2/55 2/53 2/50 2/63 2/59 2/51 2/52 2/60 2/47	Class 2. Compulsory Acquisition of Rights – Overhead Line Class 5. Compulsory Acquisition of Rights – Access Class 8. Temporary use for Construction, Mitigation, Maintenance, and Dismantling of Redundant Infrastructure	25.03.2025 - National Grid's Agent (Dalcour Maclaren) issued template Heads of Terms to landowners and their appointed agents in January 2025. The template terms and rights being sought were discussed with the landowner's appointed agent in meetings throughout February. Populated Heads of Terms were issued on 13 March and are subject to ongoing discussion. 08.10.2025 - Engagement has continued with this landowner and their agent. A further version of the template Heads of Terms was re-issued to their agent in August 2025. Discussions are ongoing between Dalcour Maclaren and the landowner's agent. 18.11.2025 - On 21st May 2025 the landowner's agent requested copies of the Option Agreement and Deed of Easement. Dalcour Maclaren reissued Heads of Terms in August 2025 and are awaiting confirmation that these are agreed. Dalcour Maclaren emailed the agent on 7th November 2025 requesting a meeting to discuss Heads of Terms.
60	Christopher John Spanton	N	N/A	Freehold	Kent - 4/27 4/10 3/61 3/60 4/25 3/59 3/65 4/26	Class 3. Compulsory Acquisition of Rights – Underground Cable System Class 5. Compulsory Acquisition of Rights – Access Class 8. Temporary use for Construction, Mitigation, Maintenance, and Dismantling of Redundant Infrastructure Class 9. Temporary Use for Access	25.03.2025 National Grid's Agent (Dalcour Maclaren) issued template Heads of Terms to landowners in January 2025. A meeting was offered to discuss the template terms and rights being sought in February. Populated Heads of Terms were issued in March 2025. 08.10.2025 – Landowner has passed away; applicant will continue to progress voluntary agreement with the estate representatives.

Temporary use for Construction, Mitigation, Maintenance, and Dismantling of Redundant Infrastructure	25.03.2025 - National Grid's Agent (Dalcour Maclaren) issued template Heads of Terms to landowner in January 2025. The template terms and rights being sought were discussed with the landowner at meetings throughout February. Populated Heads of Terms were issued on 03 March and are subject to ongoing discussion. 08.10.2025 - Engagement has taken place with this landowner who confirmed they will be appointing an agent. We await confirmation of the appointment before proceeding further with negotiations. 18.11.2025 - Dalcour Maclaren have continued attempts to progress Heads of Terms, however, there has been limited engagement from the landowner resulting in no material progression. The landowner has not, based on current understanding, appointed an agent to progress negotiations on their behalf. Dalcour Maclaren continue attempts to engage by email and telephone and have also made visits to the Council offices on 13 th August and 22 nd October 2025. 26.11.2025 – Heads of Terms have been provided for the wider holding. The additional plots will be incorporated into the Heads of Terms if appropriate.

237	The National Trust for Places of Historic Interest or Natural Beauty	Y	1. Support in Principle The National Trust does not object to the project in principle. They support the use of Horizontal Directional Drilling (HDD) at Pegwell Bay, provided it is less damaging than alternatives. 2. Ecological Sensitivity at Pegwell Bay The area includes saltmarsh and mudflats with multiple environmental designations: National Nature Reserve Ramsar Site Site of Special Scientific Interest (SSSI) Special Area of Conservation (SAC) Special Protection Area (SPA) Concerns about disturbance to wildlife, especially wintering, migratory, and breeding birds like the Ringed Plover. 3. Visual Impact The Converter Station (200m x 300m x 26m) is not currently visible from Pegwell Bay due to natural screening. However, concerns remain about:	Freehold	Kent - 5/2 5/1 5/4 5/9 3/73 3/72 5/3 3/109 3/110 5/26 5/27 5/28 5/29 5/34 5/37 5/40 5/41 5/42 5/43 5/44	Class 3. Compulsory Acquisition of Rights – Underground Cable System Class 8. Temporary use for Construction, Mitigation, Maintenance, and Dismantling of Redundant Infrastructure Class 5. Compulsory Acquisition of Rights – Access	25.03.2025 - National Grid's Agent (Dalcour Maclaren) issued template Heads of Terms to landowners in January 2025. The template terms and rights being sought were discussed with the landowner in meetings throughout February. Populated Heads of Terms were issued on 03 March and are subject to ongoing discussion. 08.10.2025 - Engagement has continued with this landowner and their agent. Revised Heads of Terms are due to be issued for further negotiation once clarification on the construction methodology has been provided. 18.11.2025 - On 17th October 2025 Dalcour Maclaren proposed a number of dates for a meeting with the Landowner's agent to review the Heads of Terms in more detail. A meeting date has not yet been confirmed by the Landowner's agent but a follow up regarding these dates was sent on 7th November 2025. 26.11.2025 – Heads of Terms are under negotiation for the wider holding. The additional plots will be incorporated into the Heads of Terms if appropriate.

			Long-term viability of the screening vegetation. Visibility from Ramsgate. Potential erosion of the screening bund. 4. Legal Protection of Land Much of the Trust's land at Pegwell Bay is inalienable under the National Trust Acts. Any compulsory purchase would trigger a Special Parliamentary Procedure (SPP). 5. Requests and Recommendations More detailed construction and design information than typically provided in the DCO process. Assurance of no above-ground infrastructure on Trust land. Consideration of additional mitigation funding for conservation efforts. Ongoing dialogue with the National Trust, Kent Wildlife Trust, and other stakeholders.

			Sea Link is one of several uncoordinated projects (e.g., Nautilus, Euro Link, Lion Link, Sizewell C). Lack of oversight and coordination is leading to overwhelming disruption. Long-Term Disruption: Projects span 10–20 years, affecting the remainder of their lifetimes. Concerns about tree loss and the decades it would take for replacements to mature. Financial Loss: Property value has significantly dropped due to project plans. Compensation is expected to be based on agricultural land value, which they view as unfair given the property's proximity and emotional significance.				the Applicant and were issued to the landowner's agent on 22nd October 2025. The most recent email exchange on 7th November 2025 provided Dalcour Maclaren's availability for a Teams meeting on 13th November 2025 or 18th November 2025 – a date has not yet been finalised but Dalcour Maclaren continue attempts to engage. In addition, the Applicant has had discussions with the Crown Estate directly throughout October and November 2025 in relation to land rights required across the Crown Estate's property.

718	Richborough Estates Limited	Y	Land Impact: Richborough Estates owns land adjacent to the proposed converter station site, which is part of the Sandwich Bay to Hacklinge Marshes SSSI (Site of Special Scientific Interest). Environmental Impact: The land includes rare woodland on the Isle of Thanet. The proposed converter station and overhead powerlines would significantly affect the landscape and environment, especially the woodland. Lack of Public Engagement: Concerns over insufficient public debate by National Grid regarding alternative locations for the converter station and landfall. Suggestion that industrial or semi-industrial areas would be more appropriate. Fairness of Negotiations: Richborough Estates feels the approach by National Grid to secure agreement for rights was neither fair nor democratic.	Freehold	Kent - 2/126 2/125	Class 2. Compulsory Acquisition of Rights – Overhead Line Class 8. Temporary use for Construction, Mitigation, Maintenance, and Dismantling of Redundant Infrastructure	25.03.2025 - National Grid's Agent (Dalcour Maclaren) issued template Heads of Terms to landowners and their appointed agents in January 2025. The template terms and rights being sought were discussed with the landowner's appointed agent in meetings throughout February. Populated Heads of Terms were issued on 04 March and are subject to ongoing discussion. 08.10.2025 - Revised Heads of Terms were issued in August 2025. 			The local community spent significant resources opposing the SPR application. The new proposal intensifies disruption with: 7-day work weeks Extended working hours Increased noise levels (beyond SPR's DCO limits) Environmental and Safety Risks: Noise: Inadequate assessment, missing components like switchgear and cooling fans. Fire Risk: Substations are prone to fires; proximity to residential areas and narrow roads raises safety concerns. Toxic Exposure: Potential harm from fire retardants and toxins. Traffic and Infrastructure: Opposition to construction on local roads (e.g., B1121). Concerns about traffic impact on Friston, Saxmundham, and surrounding rural areas. Mental Health and Wellbeing: Residents report stress and anxiety due to

Compulsory Acquisition of Rights – Underground Cable System Class 7. Compulsory Acquisition of Rights – Mitigation Class 6. Compulsory Acquisition of Rights – Drainage Class 1. Compulsory Acquisition of land	25.03.2025 - National Grid's Agent (Dalcour Maclaren) issued template Heads of Terms to landowners and their appointed agents in January 2025. Populated Heads of Terms were issued on 28 February. The landowner and agent have not yet engaged in relation to these Heads of Terms. 08.10.2025 - Revised Heads of Terms were issued in August 2025. Negotiations will continue throughout the Examination process. 18.11.2025 - The landowner's agent has made Dalcour Maclaren aware that they do not have instruction to progress negotiations for the Heads of Terms. Dalcour Maclaren are continuing to make attempts to engage and have written to the landowner on 29 th October 2025 with copies of the Heads of Terms for their consideration. 26.11.2025 – Heads of Terms have been issued for the wider holding. The additional plots will be incorporated into the Heads of Terms if appropriate.

831	Personal Representative to the Estate of Terence James Martin Haworth	Y	Lack of Cumulative Impact Assessment The application does not consider the combined effects of Sea Link with other major infrastructure projects (e.g., Sizewell C, EA1, EA2, LionLink). This omission is seen as a serious flaw in the planning process. Overburdening of Friston Village	Freehold	Suffolk - 5/3 5/6 5/5	Class 3. Compulsory Acquisition of Rights – Underground Cable System Class 8. Temporary use for Construction, Mitigation, Maintenance, and Dismantling of Redundant Infrastructure	25.03.2025 - National Grid's Agent (Dalcour Maclaren) issued template Heads of Terms to landowners and their appointed agents in January 2025. The template terms and rights being sought were discussed with the landowner's appointed agent in meetings throughout February. Populated Heads of Terms were issued on 28 February and are subject to ongoing discussion. 08.10.2025 - Engagement has continued with this landowner and their agent. Following positive discussions with their agent, a further version of the Heads of Terms was re-issued in August 2025. Discussions are ongoing between Dalcour Maclaren and the landowner's agent.

AP ref no.	Land Interest	Relevant Representatives (RRs) Response	Summary of Response from RRs	Interest	Sheet Number & Land Plot no(s)	Description of rights sought	Summary of negotiation status
			Friston is already impacted by multiple cable route projects. The area is environmentally sensitive and not suitable for further development without thorough assessment. Repeating Past Mistakes Previous inquiries (EA1/EA2) warned against piecemeal planning. Ignoring these warnings risks compounding environmental and community harm. Failure to Learn from Existing Evidence The representation argues that lessons from earlier projects have not been applied. There is a call for more responsible and integrated planning.				18.11.2025 - Dalcour Maclaren have been in discussions with the landowner's agent regarding the Heads of Terms. Dalcour Maclaren emailed the agent on 10 th September 2025 and 15 th October 2025 requesting a meeting to discuss Heads of Terms.
1205	Pamela Tile	N	N/A	Freehold	Suffolk - 5/12 5/5 5/19	Class 5. Compulsory Acquisition of Rights – Access Class 3. Compulsory Acquisition of Rights – Underground Cable System	25.03.2025 - This land interest relates to subsoil interest in the highway. Whilst engagement is ongoing with the local highway authority as part of the DCO process, no voluntary rights are being sought in relation to the subsoil beneath the highway network.
1270	Georgeta Catargiu	N	N/A	Freehold	Suffolk - 2/3	Class 5. Compulsory Acquisition of Rights – Access	25.03.2025 - National Grid's Agent (Dalcour Maclaren) issued template Heads of Terms to landowners and their appointed agents in January 2025. The template terms and rights being sought

			alongside other projects like East Anglia One North, East Anglia Two, Lion Link, and Sizewell C. They call for a coordinated strategic energy infrastructure plan rather than piecemeal development. Flawed Landfall Site and Route Selection: The proposed route affects sensitive environmental areas including the Heritage Coast, AONB, Special Protection Areas, and RSPB reserves. AGC suggests alternative routes (e.g., Suffolk Site 1 – Alternative) that would reduce environmental impact through co-location with existing infrastructure. Flawed Route Across AGC Land: The route directly impacts AGC’s championship course, including newly developed holes and planned facilities. Concerns include: Visual and noise disturbance Impact on ecological enhancements				discussions with their agent, a further version of the Heads of Terms was re-issued in August 2025. Discussions are ongoing between Dalcour Maclaren and the landowner’s agent. 18.11.2025 - Dalcour Maclaren have been in discussions with the landowner’s agent regarding the Heads of Terms. Dalcour Maclaren emailed the agent on 10th September 2025 and 15th October 2025 requesting a meeting to discuss Heads of Terms. Dalcour Maclaren are scheduling a meeting with the landowner and their agent in early December 2025.

			Disruption to turf nursery and reservoir plans Economic harm due to reduced attractiveness and visitor numbers Policy and Planning Concerns AGC cites the National Planning Policy Framework (NPPF), arguing the project fails to meet criteria for development in protected areas. They assert that environmental protections and local community concerns are being overlooked in favour of technical convenience.
