Hearings Guidance: Please see annex A of this agenda

All affected persons are invited to attend the compulsory acquisition hearing. Notification of the date, time and attendance instructions for CAH1 was provided in the Examining Authority's (ExA's) Rule 13 letter [[PD-018](#)]. Interested parties who wish to speak at this event were required to provide notification by Friday 9 January 2026. If you haven't notified us that you wish to speak then you must contact the case team (southeastanglialink@planninginspectorate.gov.uk) as soon as possible.

Each affected person is entitled to make oral representations at hearings. However, this is subject to the power of the Examining Authority (ExA) to control the conduct and management of hearings.

Registration for the event will be open 30 minutes prior to the start of the hearing to enable a prompt start. Hearings will finish as soon as the ExA deems that all those present have had their say and that all matters have been covered.

The agenda detailed below is for guidance only. It is not designed to be exclusive or exhaustive. The ExA may add other issues for consideration, may alter the order in which issues are considered and will seek to allocate sufficient time to each issue to allow proper consideration of them. Any lack of discussion of a particular issue at a hearing does not preclude further examination of this issue, including the asking of written questions.

Purpose of the Hearing:

The main purpose of the compulsory acquisition hearing is:

- to consider the compulsory acquisition and related provisions within the draft Development Consent Order (DCO)
- to consider whether the conditions relating to the purpose for which compulsory acquisition may be authorised would be met
- to discharge the ExA's duty to hear persons affected by compulsory acquisition (CA) and temporary possession (TP) proposals (affected persons) who requested to be heard and to address related matters
- to address related matters.

Conduct and Management of Hearings

The Planning Act 2008 and the Infrastructure Planning (Examination Procedure) Rules 2010 provide that the Examining Authority (ExA) will probe, test and assess the evidence at hearings through direct questioning of persons making oral representations. Questioning at this hearing will therefore be led by the ExA. Cross questioning of the person giving evidence by another person will **only** be permitted if the ExA decides it is necessary to ensure representations are adequately tested or that a person has had a fair chance to put their case. Parties wishing to make a representation will be invited to do so at the ExA's discretion.

The ExA will begin the hearing with opening comments and introductions, then will run through housekeeping matters and explain how the hearing will be conducted. The duration will depend on the progress made on the day and will be subject to the ExA's powers of control over the conduct of the hearing.

The agenda may be amended by the ExA at the start of the hearing or throughout its course. Furthermore, the ExA may wish to raise matters arising from oral submissions, relevant representations and written representations, and pursue lines of inquiry that are not listed on the agenda in the course of the discussion.

The hearing is being held at the discretion of the ExA to consider matters that it considers to be important and relevant to the effective and robust examination of the application. Consequently, the business of the hearing will be limited to the matters identified in the agenda or otherwise raised by the ExA.

Active participation is at the invitation and discretion of the ExA. Oral submissions must address the matters and questions identified on the hearing agenda or raised by the ExA at the hearing. Oral submissions on other subject matters or from persons who have not been invited to speak by the ExA may only be heard at the discretion of the ExA, who may decide that such matters are not heard in the interests of relevance, efficiency or fairness.

A recording and transcript of the hearing will be published by the Planning Inspectorate on the project page of the national infrastructure website and any interested party may make a written submission on the specific matters either included in the agenda or arising at the hearing by **deadline 4, 10 February 2026**.
