

I am writing to ask you please to do everything in your power not to proceed with planning proposal to build 22 acre electrical converter station.

30 red listed endangered species and they will all lose their homes if this proposal goes ahead.

I do care about loss of wildlife habitat. I am concerned about damage to saltmarsh. The impact of construction noise and vibration on the flora and fauna that depend on this unique mosaic habitat.

Minster Marches and Pegwell Bay places where we go for peace and quiet and to admire nature and its beauty. Nature and outdoors are good for our health. So please do not take these treasures away from us.

Thank you.
