

Lack of transparency over use of the hoverport – I'm concerned about inconsistencies about how the hoverport will be used.

Environmental issues – It worries me that no ecological surveys or assessments on how the very fragile surface will cope with a lot of heavy machinery.

Impact on health and wellbeing - The lack of access and building works will be very significant to me and detrimental to my health and wellbeing.

You can add more detail later. The main thing at this stage is to get your comments in.
