Dear Examining Authority

Sea Link Project (the “Project”)

Application Ref: EN020026

**ScottishPower Renewables (UK) Limited, East Anglia ONE North Limited and East Anglia TWO Limited’s
Deadline 3A Submission – Written Representation on change application**

- 1.1 We refer to the above Project and confirm we are instructed by ScottishPower Renewables (UK) Limited (“**SPR**”), East Anglia ONE North Limited (“**EA1NL**”) and East Anglia TWO Limited (“**EA2L**”).
- 1.2 SPR is the parent company of EA1NL, who has the benefit of the East Anglia ONE North Offshore Wind Farm Order 2022 (“**EA1N**”), and EA2L, who has the benefit of the East Anglia TWO Offshore Wind Farm Order 2022 (“**EA2**”). EA1NL, EA2L and SPR are interested parties to the examination of the application for development order for the Project (the “**Examination**”).
- 1.3 National Grid Electricity Transmission plc (the “**Applicant**”) submitted a change request on 26 November 2025 (“**CR1**”). CR1 encompasses five changes, including “*Change 2 - Change to limits of deviation for Friston (Kiln Lane) substation, Suffolk*”. As explained in the Applicant’s Change Request Report [CR1-052], change 2 “...proposes to extend the area for Work 1B as set out in Schedule 1 the DCO Application (Friston (Kiln Lane) substation) to align with those consented through two Scottish Power Renewables (SPR) projects.”
- 1.4 SPR, EA1NL and EA2L confirm that, as a result of change 2, the area for Work No. 1B proposed by the Applicant for the Kiln Lane substation now aligns with the area for Work No. 40 (Kiln Lane substation) under the EA1N and EA2 DCOs.

Our clients wish to record, for the avoidance of doubt, that CR1 does not change their position in respect of the Project, and that their continued participation in the examination will include the consideration of CR1.

Yours faithfully
