**DEADLINE 5: LGPLS REPOSES TO THE EXAMINING AUTHORITY'S WRITTEN QUESTIONS
AND REQUESTS FOR INFORMATION (ExQ2) ISSUED ON 25 FEBRUARY 2026**

1. In response to question 2SN4, we refer to LGPL's comments on ExQ1 1SN17 as set out in LGPL's Deadline 3 submission [REP4-188], where we explained that, in LGPL's view, matters addressed by the Vessel Management Plan could appropriately be included within the Navigation Installation Plan. However, LGPL does not have a strong preference on this point and would not object if the Vessel Management Plan were a separate document.
2. With regard to all other questions in section 20 of ExQ2, we await the Applicant's responses and will provide our comments at a future deadline, as appropriate.
