

# FRISTON PARISH COUNCIL

## NATIONAL GRID ELECTRICITY TRANSMISSION - SEA LINK PROJECT

FRISTON PARISH COUNCIL - IP NO [REDACTED] & SASES - IP [REDACTED]

Date: 13 April 2026

### DEADLINE 6 - ISH3 - WRITTEN POST HEARING SUBMISSION

#### Findings of the Examining Authorities for the EA2, EA1N and National Grid Connection Hub

*"28.4.4 The local harm that the ExA has identified is substantial and should not be underestimated in effect. Its mitigation has in certain key respects been found to be only just sufficient on balance." (emphasis added)*

*"28.4.5 ....the ExA observes that the effects of the cumulative delivery of the proposed development with other East Anglia development on the transmission connection site near Friston are so substantially adverse that utmost care will be required in the consideration of any amendments or additions to those elements of the proposed development in this location" (emphasis added)"*

FPC having reviewed its comments at ISH3 has addressed its most material issues in its other Deadline 6 submissions. Accordingly for efficiency and due to resource constraints it is not proposing to make a separate ISH3 submission.
