Dear Secretary of State

My email is short but simply a request. I realise yo have had huge numbers to review but I would ask if you could spare just 5 minutes of your day for me to cal and advise what effect Sea Link is having on our beautiful countryside that is owned by all the people of The United Kingdom of Great Britain and Northern Ireland.

On any project there are always options - would yo allow me to suggest some real alternatives that would save £billions n cost for all taxpayers in UK?

My mobile is [redacted]. This is not the normal approach so I hope this may find favour - all that is requested is the chance to pitch and discuss alternatives.
Kind regards
