[redacted]

Dear Andy

I am an ordinary person of average intelligence also an [redacted] so please excuse grammar, vocabulary and spelling!

I am writing to you to let you know of my opposition (and thousands of other local people) to the proposed development by THE NATIONAL GRID called SEALINK to be constructed on MINISTER MARSHES also using PEGWELL BAY as a transport hub.

This is one of our few remaining areas of natural beauty, being a SSSI and Pegwell Bay being one of the most internationally protected stretches of coastline in the UK.

We have been highly built up in this area recently to a point

where I hardly recognise where I am at times.

You talk of helping deprived seaside areas (Thanet being one of them) this will take away one of the reasons for visitors to come here.

Also as you can imagine it can be quite depressing at times and nature is a great escape.

Please come to visit this area to see for yourself what could possibly be ~~ruined~~ ruined by a multi million pound company trying to save itself money.

They recently offered us a [redacted] of 1.6 million pounds to support project in KENT that would benefit the community

P.T.O

I'm trying to keep this short because as you can see I'm running out of paper (and I need a nap)

Please read this letter.

Thank you

[redacted] LINDA HENDERSON
