1. Introduction

1.1 Introduction

- 1.1.1 This document has been produced to support Chapter 11: Historic Environment (document reference 6.11) and Chapter 13: Landscape and Visual (document reference 6.13) of the Environmental Statement (ES) (Volume 6 of the Development Consent Order (DCO) application) for Norwich to Tilbury (the 'Project'). This document presents the visualisations produced for the Project.
- 1.1.2 Viewpoints were selected, as advocated by the Guidelines for Landscape and Visual Impact Assessment, Third Edition (GLVIA3) (Landscape Institute and Institute of Environmental Management and Assessment, 2013) to represent a range of different receptors and views, in consultation with stakeholders, including Local Planning Authorities, as set out in ES Chapter 11: Historic Environment (document reference 6.11) and ES Chapter 13: Landscape and Visual (document reference 6.13). Agreement on viewpoint locations with stakeholders is recorded in the relevant Draft Statements of Common Ground (document reference 5.9).

1.2 Landscape and Visual Visualisations

- 1.2.1 The list of viewpoints where visualisations have been produced to support ES Chapter 13: Landscape and Visual (document reference 6.13), including the type of visualisation and the reason for selection, is outlined in **Error! Reference source not found..** The locations of the viewpoints are presented on ES Figure 13.7: Visual Receptor and Viewpoints (document reference 6.13.F7).
- 1.2.2 The full methodology for how viewpoints were selected, and the methodology for how the visualisations were produced is detailed in ES Appendix 13.1: Landscape and Visual Methodology (document reference 6.13.A1).
- 1.2.3 All Visualisations are presented in Appendix A. Note due to file size restrictions; the visualisations have been compressed.

1.3 Historic Environment Visualisations

- 1.3.1 The list of viewpoints where visualisations have been produced to support ES Chapter 11: Historic Environment (document reference 6.11), including the type of visualisation and the reason for selection, is outlined in Table 1.2. The locations of the viewpoints are presented on ES Figure 11.5: Historic Environment and LVIA Viewpoint Locations (document reference 6.11.F5).
- 1.3.2 Visualisations are presented in Appendix B. Note due to file size restrictions; the visualisations have been compressed.

1.4 Visualisation Details

- 1.4.1 Table 1.1 and Table 1.2 provide details of the viewpoints selected for the production of the visualisations presented in Appendix A and Appendix B.

Glossary

Term	Definition
Development Consent Order	A statutory instrument which grants consents and other rights to build a Nationally Significant Infrastructure Project, as defined by the Planning Act 2008.
Environmental Impact Assessment (EIA)	An assessment of the likely effects of a development project on the environment, which is reported in an Environmental Statement that is publicised and consulted on and taken into account in the decision on whether a project should proceed.
Environmental Statement (ES)	The main output from the EIA process, an ES is the report required to accompany an application for development consent (under the Infrastructure Planning (EIA) Regulations 2017) to inform public and stakeholder consultation and the decision on whether a project should be allowed to proceed. The EIA Regulations set out specific requirements for the contents of an ES for Nationally Significant Infrastructure Projects.
GLVIA3	The Landscape Institute and Institute of Environmental Management and Assessment's Guidelines for Landscape and Visual Impact Assessment, Third Edition, Published by Routledge
Public Right of Way (PRoW)	A footpath, bridleway or byway accessible to all members of the public.
