Notes

1. These plans show the Order Limits and potential location for the works. Due to the need for future flexibility, National Grid will be applying for Order Limits and Limits of Deviation within its Development Consent Order, within which any final alignment would lie.

2. For additional detail on the plan suites, please refer to the Guide to Plans (document reference 2.0), located in the Volume 2 of the DCO application.

3. This drawing is scaled at paper size A0, therefore any prints taken at smaller sizes will affect accuracy of the measurement units and should not be scaled against.

Notes

1. These plans show the Order Limits and potential location for the works. Due to the need for future flexibility, National Grid will be applying for Order Limits and Limits of Deviation within its Development Consent Order, within which any final alignment would lie.

2. For additional detail on the plan suites, please refer to the Guide to Plans (document reference 2.0), located in the Volume 2 of the DCO application.

3. This drawing is scaled at paper size A0, therefore any prints taken at smaller sizes will affect accuracy of the measurement units and should not be scaled against.

4. These plans should be read in conjunction with Schedule 5 (Streets subject to street works), Schedule 6 (Streets subject to alteration of layout), Schedule 8 (Streets and PRoW to be temporarily closed) and Schedule 9 (Access to works) of the Development Consent Order.

5. Where highways are identified as managed this refers to management of construction vehicles crossing the route. Where Public Rights of Way (PRoW) are identified as managed this refers to management of the PRoW, as well as construction activities. Temporary diversions of PRoW will also be subject to management where they interact with construction activities.

- S-FP-XX-D1 / S-FP-XX-D2 / S-BR-XX-D1 / S-BT-XX-D1 — Example reference for temporary diverted Public Right of Way

Notes

1. These plans show the Order Limits and potential location for the works. Due to the need for future flexibility, National Grid will be applying for Order Limits and Limits of Deviation within its Development Consent Order, within which any final alignment would lie.

2. For additional detail on the plan suites, please refer to the Guide to Plans (document reference 2.0), located in the Volume 2 of the DCO application.

3. This drawing is scaled at paper size A0, therefore any prints taken at smaller sizes will affect accuracy of the measurement units and should not be scaled against.

4. These plans should be read in conjunction with Schedule 5 (Streets subject to street works), Schedule 6 (Streets subject to alteration of layout), Schedule 8 (Streets and PRoW to be temporarily closed) and Schedule 9 (Access to works) of the Development Consent Order.

5. Where highways are identified as managed this refers to management of construction vehicles crossing the route. Where Public Rights of Way (PRoW) are identified as managed this refers to management of the PRoW, as well as construction activities. Temporary diversions of PRoW will also be subject to management where they interact with construction activities.

BABERGH DISTRICT COUNCIL

Notes

1. These plans show the Order Limits and potential location for the works. Due to the need for future flexibility, National Grid will be applying for Order Limits and Limits of Deviation within its Development Consent Order, within which any final alignment would lie.

2. For additional detail on the plan suites, please refer to the Guide to Plans (document reference 2.0), located in the Volume 2 of the DCO application.

3. This drawing is scaled at paper size A0, therefore any prints taken at smaller sizes will affect accuracy of the measurement units and should not be scaled against.

4. These plans should be read in conjunction with Schedule 5 (Streets subject to street works), Schedule 6 (Streets subject to alteration of layout), Schedule 8 (Streets and PRoW to be temporarily closed) and Schedule 9 (Access to works) of the Development Consent Order.

5. Where highways are identified as managed this refers to management of construction vehicles crossing the route. Where Public Rights of Way (PRoW) are identified as managed this refers to management of the PRoW, as well as construction activities. Temporary diversions of PRoW will also be subject to management where they interact with construction activities.

- Public Right of Way temporary closure (managed)
- S-FP-X.X, S-BR-X.X, S-BT-X.X, S-RB-X.X, S-CRPA-X.X — Example reference for Public Right of Way
- Public Right of Way temporary diversion
- S-FP-XX-D1, S-FP-XX-D2, S-BT-XX-D1, S-BR-XX-D1 — Example reference for temporary diverted Public Right of Way

Notes

1. These plans show the Order Limits and potential location for the works. Due to the need for future flexibility, National Grid will be applying for Order Limits and Limits of Deviation within its Development Consent Order, within which any final alignment would lie.

2. For additional detail on the plan suites, please refer to the Guide to Plans (document reference 2.0), located in the Volume 2 of the DCO application.

3. This drawing is scaled at paper size A0, therefore any prints taken at smaller sizes will affect accuracy of the measurement units and should not be scaled against.

4. These plans should be read in conjunction with Schedule 5 (Streets subject to street works), Schedule 6 (Streets subject to alteration of layout), Schedule 8 (Streets and PRoW to be temporarily closed) and Schedule 9 (Access to works) of the Development Consent Order.

5. Where highways are identified as managed this refers to management of construction vehicles crossing the route. Where Public Rights of Way (PRoW) are identified as managed this refers to management of the PRoW, as well as construction activities. Temporary diversions of PRoW will also be subject to management where they interact with construction activities.
