

# Planning Inspectorate

## The Planning Act 2008

### Application by National Grid Electricity Transmission for the Norwich to Tilbury project (EN020027)

#### Examining Authority's note of unaccompanied site inspection (1 of 7)

---

The Examining Authority (ExA) undertook an unaccompanied site inspection (USI) to support the examination of an application for development consent for the proposed Norwich to Tilbury project on **Monday 13 October 2025**.

The inspection was undertaken to view the proposed construction primary access routes (PAR) between Tilbury and Marks Tey which included consideration of sensitive receptors in regard to transport and traffic, noise and vibration and air quality.

#### Particulars of the USI

The USI was undertaken by the following members of the ExA:

- Matthew Sims
- Christopher Butler
- Ken Stone

The ExA were accompanied by:

- Rhianna Pankhurst (Case Team)
- Harrison Coles (Case Team)

The USI was undertaken by car. Weather conditions were dry and cloudy and were suitable to appreciate long range views. The USI commenced at approximately 11:30 and finished at approximately 16:00. The USI was carried out on publicly accessible highway only.

A summary of the inspection and route maps are attached at Annex A.

This USI note is 1 of 7 for the inspections undertaken in week commencing 13 October 2025. It should be noted that two separate USIs took place on the same day.

# Planning Inspectorate

**Application by National Grid Electricity Transmission for the Norwich to Tilbury project (EN020027)**

## **Examining Authority's note of unaccompanied site inspection**

---

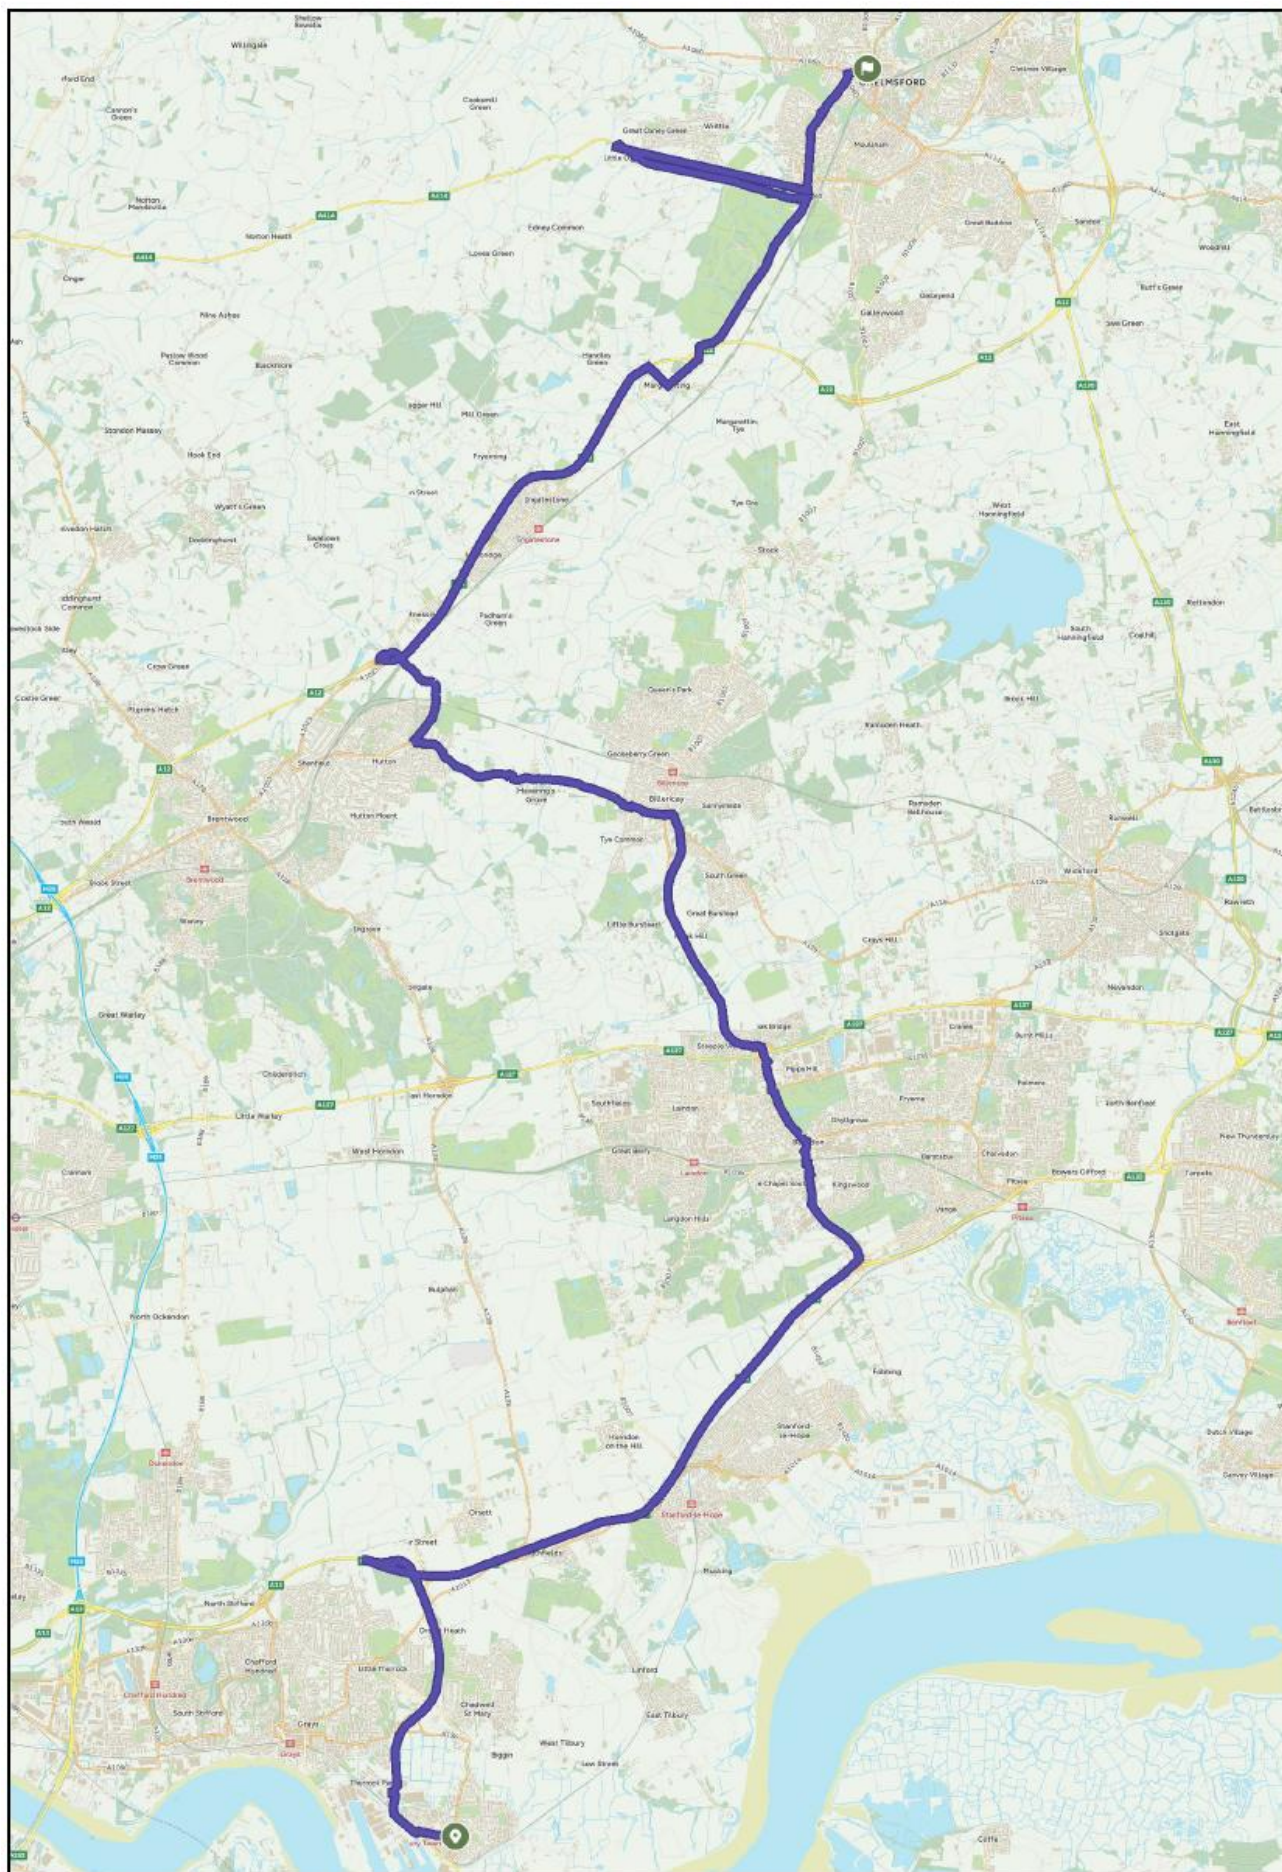

### **Annex A: Summary of USI on Monday 13 October 2025 (1 of 7)**

The ExA undertook the USI by car and viewed the proposed construction primary access routes (PAR) between Tilbury and Marks Tey.

The ExA's observations included the following:

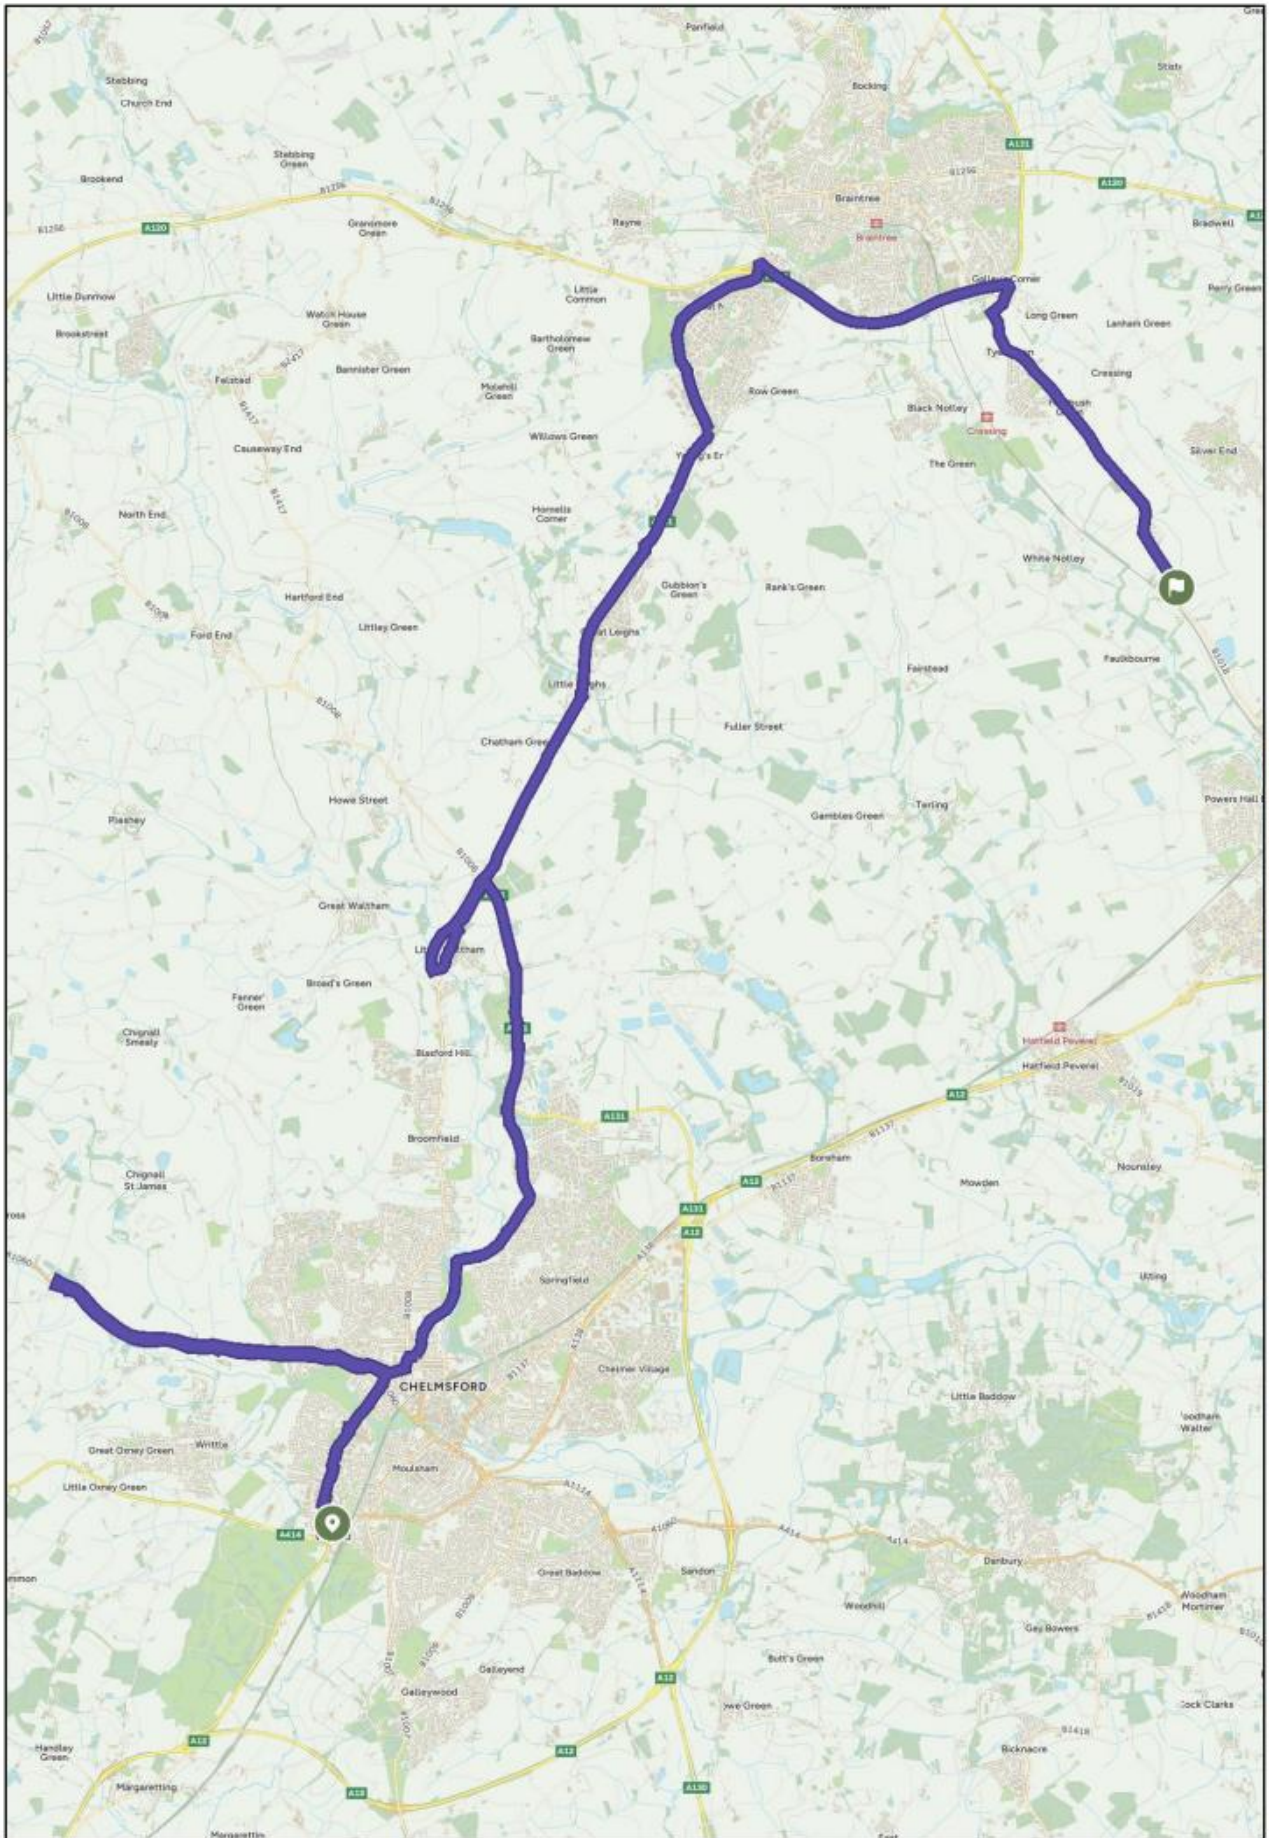

- All PARs between PAR 71 at Chadwell St Mary through to PAR 39 at Marks Tey.
- All sensitive receptors which could be viewed from the public highway.
- Construction compounds and laydown areas associated with the PARs visible from the public highway.

The routes taken are shown on the following pages.
