Dear Siân

**National Grid Electricity Transmission plc  
The proposed Norwich to Tilbury Development Consent Order  
Applicant's Submission of Documents in Response to Section 51 Advice**

I write following our letters of 7 October 2025 and 13 October 2025 further to the S51 advice issued on 26 September 2025.

**Enhanced version of Land Rights Tracker**

As set out in the letter of 7 October 2025 we now enclose the enhanced version of the land rights tracker.

The same team that prepared the document for the Sea Link examination also prepared this document and it is understood that the format adopted for that project was the subject of some interaction with the case team at the Planning Inspectorate for that project. This document reflects the advice received on the Sea Link project, but should any refinements be required to the document at subsequent milestones we would be happy to discuss the approach with your team.

The columns relating to statutory undertakers or protective provisions and the second tab will also be updated with future iterations of this document.
