

**PLANNING ACT 2008**  
**THE INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS AND**  
**PROCEDURE) REGULATIONS 2009**  
**CERTIFICATE OF COMPLIANCE WITH SECTION 59 OF THE PLANNING ACT 2008**

The names, addresses for service and contact details of the affected persons are –

**EITHER**

(a) as described in Part 1 of the book of reference (persons within category 1 set out in section 57(1) of the Planning Act 2008 and persons within Category 2 set out in section 57(2) of that Act):

**NO** (*please delete as applicable*)

**OR**

(b) as described in Part 1 of the book of reference (persons within Category 1 set out in section 57(1) of the Planning Act 2008 and persons within Category 2 set out in section 57(2) of that Act), subject to the changes described in documentation attached to this notice:

**YES** (*please delete as applicable*)

**OR**

(c) as described in the documentation attached to this Notice

**NO** (*please delete as applicable*)

– in relation to the application for an order to grant development consent for the Norwich to Tilbury project, which comprises the following elements:

A new 400 kilovolt (kV) electricity transmission connection of approximately 180 km overall length from Norwich Main Substation to Tilbury Substation via Bramford Substation, a new EACN Substation and a new Tilbury North Substation, including:

- Approximately 159 km of new overhead line supported on approximately 509 pylons, either standard steel lattice pylons (approximately 50 m in height) or low height steel lattice pylons (approximately 40 m in height) and some of which would be gantries (typically up to 15 m in height) within proposed Cable Sealing End (CSE) compounds or existing or proposed substations
- Approximately 21 km of 400 kV underground cabling, some of which would be located through the Dedham Vale National Landscape (an Area of Outstanding Natural Beauty (AONB))
- Up to seven new CSE compounds (with permanent access) to connect the overhead lines to the underground cables.
- Modification works to connect into the existing Norwich Main Substation and a substation extension at the existing Bramford Substation
- A new 400 kV substation on the Tendring Peninsula, referred to as the EACN Substation (with a new permanent access). This is proposed to be an Air Insulated Switchgear (AIS) substation
- A new 400 kV substation to the south of Orsett Golf Course in Essex, referred to as the Tilbury North Substation (with a new permanent access). This is proposed to be a Gas Insulated Switchgear (GIS) substation.
- Modifications to the existing National Grid Electricity Transmission overhead lines to facilitate the connection of the existing network into the new Tilbury North Substation to provide connection to the Tilbury Substation.

- Ancillary and/or temporary works associated with the construction of the Project.

In addition, third party utilities diversions and/or modifications would be required to facilitate the construction of the Project. There would also be land required for environmental mitigation and Biodiversity Net Gain (BNG).

As well as the permanent infrastructure, land would also be required temporarily for construction activities including, for example, working areas for construction equipment and machinery, site offices, welfare, storage and temporary construction access.

(Completed notice and, where applicable, revised documentation, to be sent to, the Infrastructure Planning Commission at the same time as the applicant in accordance with section 58 of the Planning Act 2008, certifies compliance with its commitments under section 56 of that Act)

**Case reference no.** EN020027

**Applicant** National Grid Electricity Transmission plc (company number 02366977) of National Grid House, Warwick Technology Park, Gallows Hill, Warwick, CV34 6DA

**Signed**

**Name in Capitals**

**Date** 3/12/2025

**Notes:**

(A) Section 56 of the Planning Act 2008 requires the applicant to have; (a) given notice of an accepted application to the required persons; (b) made available to the required persons a copy of the application and accompanying documents and information; and (c) publicised the application in the prescribed manner).

(B) Section 57 of the Planning Act 2008 defines a person as being within Categories 1 and 2 as follows:

- (1) A person is within Category 1 if the applicant, after making diligent inquiry, knows that the person is an owner, lessee, tenant (whatever the tenancy period) or occupier of the land.
- (2) A person is within Category 2 of the applicant, after making diligent inquiry, knows that the person; (a) is interest in the land, or (b) has power to either sell or convey the land or to release the land.

(C) Section 58 of the Planning Act 2008 requires the applicant to certify to the Commission that the applicant has complied with the requirements of section 56 of the Act.

(D) The book of reference is defined in regulation 7 of the Infrastructure Planning (Application: Prescribed Forms and Procedure) Regulations 2009.
