

Dear Planning Inspectorate Team,

Further to my husband's feedback (Graeme Piercy Interested Party Ref. No. [REDACTED]), I urge you to please arrange an accompanied site visit with ourselves and National Grid's Mr Simon Pepper, so that together, we can look at and compare the different options through this beautiful area.

You will be able see for yourselves, the impact that NG's 2025 pylon route will have through this ecologically sensitive area and that there are other, less damaging routes that could be taken.

According to your documents, when you did your unaccompanied site inspection (4 of 7) on 14th October 2025, the route did not include Bunwell Hill and specifically, Brick Kiln Lane, so please come and have a proper look before you make any decisions.
