

Dear Sir

This representation is made on behalf of Essex Scouts and Guides (██████████), in regard the impact of the N2T scheme on the Essex International Scout and Guide Jamboree (EIJ).

It is recognised National Grid are liaising with EIJ however to date their Statement of Common Ground does not reflect verbal discussions and is not agreed by EIJ.

EIJ request an opportunity to speak again at future hearings to provide further information to the Inspectorate on the plight of this international youth event.

It is accepted that further representation may become unnecessary if NG do move towards agreement.

Many thanks.

Paul Walker (agent - Whirledge and Nott)
