I am messaging to say that you have not adequately replied to my points I raised on the affects of the project on our house and farm and business. Because of the need to sort out old electric poles before you start you wish to stop me from basically touching my own driveway and business for 7 years and I can not grow or expand my business. I've tried engaging with you and you've agreed you've made mistakes but said you need to rush your application. You don't listen to any suggestions to mitigate what you're doing to me and ruining me financially with my business, farm and home and you haven't contacted me like you have stated in your reply that you're going to contact landowners and listen. You just quote various things that cover a wide range of questions and say you've replied which you haven't. Your reply is incompetent and you are not listening!

Yours sincerely  
Mr Graham Moore
