1. Introduction

1.1 Overview

1.1.1 The Applicant has updated the LRT for Deadline 2 to evidence historic communications with affected persons relating to the discussion of land and property related matters, and specifically, the voluntary negotiation of the land rights sought by the Applicant for the construction and/or operation of the Project.

1.1.2 The Applicant acknowledges both the advice and requests of the Examining Authority in respect of the LRT included in the Rule 6 letter **[PD-009]**, namely, *'the LRT submitted to date would be helpfully improved with the addition of the following columns:'* -

- objection status': showing either 'yes', 'no' or 'withdrawn'
- 'objection withdrawn date': showing date of withdrawal of objection
- 'category of interest'
- Category 2 Persons to be included on the main tab rather than a separate tab. This could be achieved by providing a column to identify the interest Cat 1/ Cat 2 etc and therefore have the ability to sort by interest.

1.1.3 The Applicant can confirm that the category of interest (bullet point 3) has been added to both Tab 1 and Tab 2 of the LRT at Deadline 2, and that the Category 2 persons which were originally on a separate tab, have now been integrated into Tab 1, as requested by the Examining Authority.

1.1.4 The Applicant can confirm that header of Column AC on Tab 1 of the LRT has been (re)purposed to clarify the objection status (e.g. 'yes', 'no', or 'withdrawn') (bullet point 1), however, the status of the objection has not been included in the LRT at Deadline 2.

1.2 Purpose of this Document

1.2.1 The Applicant has produced this document to offer contextual detail underpinning the historic communications and to explain how these have been presented within the LRT for Deadline 2.

1.2.2 This document (and the LRT submitted at Deadline 2) should also be read alongside **Document 4.6 Land Rights Tracker Update [REP1-006]** submitted at Deadline 1, which sets out wider context of historic and ongoing landowner engagement.

1.3 Structure of the LRT

1.3.1 The Applicant has carefully considered the request of the Examining Authority in CAH1 to see a revised version of the LRT with more detail.

1.3.2 A second tab ("*Engagement History*") has been added to the LRT to document the engagement history referred to in this document against each unique 'affected person', where applicable. The second tab contains the following principal information (which supplements the information already contained in the first tab ("*Category 1 and 2*")):

- Column A (Tab 2) - Each affected person is given a unique reference number (termed as 'PIL Reference/Land Referencing Party ID') – ***this reference is carried over from Column G (Tab 1) to allow cross-referencing and enables a holistic consideration of engagement with each affected person;***
- Column B (Tab 2) – The name of each affected person 'PIL Name' as appears in the Book of Reference – ***this reference is carried over from Column F (Tab 1) to allow cross-referencing;***
- Column C (Tab 2) – This column serves as an enhanced 'Status of Objection' which covers the engagement history added at Deadline 2 on an affected person basis – ***replacing Column AA (Tab 1);***
- Column D (Tab 2) – The Category of interest of an affected person is cited – ***this reference is carried over from Column L (Tab 1) to allow cross-referencing;***
- Column E (Tab 2) – This column serves as a concise 'status' of the Heads of Terms negotiations, with three distinct statuses used as at Deadline 2 –
    - **HoTs Issued:** This status acknowledges that whilst populated Heads of Terms have been issued to the affected persons, formal negotiations have not yet commenced. As the entries in Column C make clear, this is not to say that the Applicant is not engaging with the affected persons.
    - **HoTs in negotiations:** This status acknowledges that the populated Heads of Terms have been issued to the affected persons, and that confirmation that the affected persons are seeking to negotiate terms with the Applicant has been received.
    - **HoTs not issued:** This status is used where formal Heads of Terms have not yet been issued. As above, and as the entries in Column C in the LRT make clear, this is not to say that the Applicant is not engaging with the affected persons.

1.3.3 Whilst the current version of the LRT submitted at Deadline 2 is a work in progress, the Applicant has endeavoured to include within Column C a greater level of detail in the description of the engagement which the Applicant has undertaken with affected persons. In that regard, the Applicant has:

- prioritised enhancing the entries associated with Category 1 affected persons, who hold a freehold interest of the land and/or property the Applicant are seeking rights over; and
- enhanced the entries of wider Category 1 land interests, and Category 2 affected persons in respect of e.g. landowner consultation and levels of engagement.

1.3.4 As per the update **Document 4.6 Land Rights Tracker Update [REP1-006]** submitted at Deadline 1, given the scale of the Project and number of land interests, the Applicant considers it appropriate for the LRT to remain capable of being updated as matters progress. In this regard, the Applicant will be updating the LRT again for

Deadline 3. The Applicant will explain to the Examining Authority what enhancements have been made to the LRT at each future Deadline, where appropriate.

1.3.5 The Applicant considers that the proposal outlined in Paragraph 1.3.4 ensures the LRT remains accurate, transparent and fit for purpose, and provides the Examining Authority with confidence that land requirements for the Project are being actively managed and minimised wherever reasonably possible.

1.4 Third Party Works (UKPN)

1.4.1 The Applicant seeks development consent for both "National Grid works" and "UKPN works."

1.4.2 During pre-application consultation, the areas required for both works were discussed with affected persons with the intention of UKPN following up directly with affected parties.

1.4.3 Negotiations for National Grid works follow National Grid's standard Heads of Terms, while UKPN is pursuing voluntary negotiations on its own terms. UKPN has appointed its own agents for UKPN-specific negotiations. All actions regarding land or rights acquisition are governed by the DCO and relevant statutes.

1.4.4 The Applicant will update on UKPN negotiations in future LRT editions. Affected persons may engage directly with the Applicant as well as with UKPN's agents to maintain transparency and accountability.

1.5 Wider Engagement

1.5.1 Beyond matters directly addressed in the LRT, the Applicant notes other distinct elements of substantive engagement with affected persons, including via two rounds of non-statutory consultation (in 2022 and 2023) and similarly in order to secure access for both non-intrusive and intrusive surveys and other investigations undertaken during the pre-application stage of the Project.

1.5.2 The Applicant has also undertaken diligent enquiry in respect of affected persons at all stages of the Project.

1.5.3 Given the overall nature and purpose of the LRT, the Applicant does not propose to include details of this engagement in the LRT.

2. Interpreting the LRT

2.1.1 The Applicant has populated the LRT for Deadline 2 based on two distinct topics of communication with affected persons:

- Consultation with affected persons regarding the Project; and
- Engagement with affected persons regarding voluntary negotiations for the land rights sought by the Applicant

2.1.2 The Applicant has consulted with affected persons prior to – and throughout – the statutory consultation (2024), targeted consultations (2025), and via ongoing landowner consultation through to submission of the main development consent application in August 2025.

2.1.3 Throughout these stages of consultation, affected persons have been contacted directly by letter, provided with land plans and explanatory material, invited to public events and webinars, and offered one-to-one meetings with the Applicant and its land agents. Engagement has extended beyond formal consultation exercises and has included site meetings, targeted discussions on specific topics, and supported with ongoing correspondence seeking to address specific affected person concerns.

2.1.4 The Applicant has issued Heads of Terms, offered and held meetings with individual landowners and their professional advisers, which are ongoing. Heads of Terms templates have been amended to reflect feedback received from professional representatives on practical matters such as soil management, drainage, access and accommodation works. Engagement is therefore continuing at an individual level, focused on securing agreements and resolving land plot specific concerns.

2.1.5 Further information regarding the Applicant's approach to engagement with affected persons can be found in **Document 4.6 Land Rights Tracker Update [REP1-006]**, submitted at Deadline 1.

2.1.6 The Applicant outlines below the key steps undertaken in respect of consultation and engagement with affected persons, and how these steps have been implemented into the LRT at Deadline 2.

2.1.7 Templates of the documentation supplied to affected persons at each stage are also appended, where applicable.

2.2 Pre-Statutory Consultation – Early Engagement (2024) (Appendix 1)

2.2.1 The Applicant contacted affected persons, offering meetings to discuss the impact of the Project on their landholding and offer affected persons channels to feedback, prior to the commencement of the statutory consultation (undertaken between April and July 2024).

2.2.2 This is reflected in the LRT via the following wording, where applicable -

"Pre-statutory consultation (2024) early meetings offered to affected persons to discuss design proposals and offer affected persons channels to feedback"

2.3 Pre-Statutory Consultation – Early Engagement Meeting (2024)

2.3.1 The Applicant met with affected persons, to discuss the impact of the Project on their landholding and offer affected persons channels to feedback, prior to the commencement of the Statutory Consultation (undertaken between April and July 2024).

2.3.2 This is reflected in the LRT via the following wording, where an affected party requested a meeting, and where the meeting was held -

"Pre-statutory consultation (2024) meetings held with affected persons to discuss design proposals and offer affected persons channels to feedback"

2.4 Statutory Consultation S42 Letter (2024) (Appendix 2)

2.4.1 The Applicant issued a S42 letter advising affected persons of the statutory consultation (undertaken between April and July 2024) and inviting affected persons to meet with National Grid to discuss the impact of the Project on their landholding and offer affected persons channels to feedback

2.4.2 This is reflected in the LRT via the following wording, where applicable –

"Statutory consultation (2024) S.42 notice issued to affected persons, and invitation to meet with National Grid to discuss design proposals and offer affected persons channels to feedback"

2.5 Targeted Consultation S42 Letter (2025) (Appendix 4)

2.5.1 The Applicant issued a S42 letter advising affected persons of the targeted consultations conducted in 2025, and inviting affected persons to meet with National Grid to discuss the impact of the Project on their landholding and offer affected persons channels to feedback

2.5.2 This is reflected in the LRT via the following wording, where applicable –

"Targeted consultation (2025) S.42 notice issued to affected persons, and invitation to meet with National Grid to discuss design proposals and offer affected persons channels to feedback to National Grid"

2.6 Targeted Consultation S42 Meeting (2025)

2.6.1 The Applicant offered to meet with affected persons, to discuss the impact of the Project on their landholding and offer affected persons channels to feedback, following the commencement of the targeted consultations (2025).

2.6.2 This is reflected in the LRT via the following wording, where an affected party requested a meeting, and where the meeting was held -

"Targeted consultation (2025) meetings held with affected persons to discuss design proposals and offer affected persons channels to feedback"

2.7 Additional Landowner S42 Consultation Letter (2025) (Appendix 6)

2.7.1 The Applicant issued a S42 letter advising affected persons of an additional round of consultation in the months preceding submission of the DCO application, and inviting affected persons to meet with National Grid to discuss the impact of the Project on their landholding and offer affected persons channels to feedback

2.7.2 This is reflected in the LRT via the following wording, where applicable –

"Pre-DCO submission (2025) S.42 notice issued to affected persons in respect of Category 1 and/or 2 land interests, and invitation to meet with National Grid to discuss design proposals and offer affected persons channels to feedback to National Grid"

2.8 Additional Landowner S42 Consultation Meeting (2025)

2.8.1 The Applicant offered to meet with affected persons, to discuss the impact of the Project on their landholding and offer affected persons channels to feedback, in the months preceding submission of the DCO application.

2.8.2 This is reflected in the LRT via the following wording, where an affected party requested a meeting, and where the meeting was held –

"Pre-DCO submission (2025) S.42 notice meeting held with affected persons to discuss design proposals and offer affected persons channels to feedback to National Grid"

2.9 Heads of Terms – Early Engagement Letter (Appendix 3)

2.9.1 The Applicant issued an 'early engagement' letter to affected persons prior to the issue of formal Heads of Terms, seeking clarification as to whether the affected person would enter into voluntary negotiations for land rights with National Grid, and offered to enter into discussions with National Grid about e.g. accommodation works.

2.9.2 This is reflected in the LRT via the following wording, where applicable –

"Heads of Terms early engagement letter issued to affected persons requesting confirmation as to whether they would enter into voluntary negotiations for land rights with National Grid, and an invitation to discuss land holding specific issues e.g. accommodation works."

2.10 Template Heads of Terms (V1) (Appendix 5)

2.10.1 The Applicant issued template Heads of Terms (v1) and supplementary National Grid Land Rights documentation to affected persons and land agencies for comment.

2.10.2 This is reflected in the LRT via the following wording, where applicable –

"First issue of Template Heads of Terms and Land Rights documents to affected persons, including supplementary documentation -

a) National Grid - Land Rights Strategy and Payment Schedule for Assets (V1)

b) National Grid - Construction best practice for underground cable installation (V1)

c) Construction best practice for overhead line installation (V1)

d) National Grid – Payment of Surveyors' Fees (V6)"

2.11 Heads of Terms (V1) – Populated Editions (Appendix 7)

2.11.1 The Applicant issued populated Heads of Terms (v1) to the affected persons whose land and/or property the Applicant is seeking land rights over.

2.11.2 This is reflected in the LRT via the following wording, where applicable –

"Populated Heads of Terms (V1) issued to affected persons with a freehold land interest, inviting affected persons to enter into negotiations regarding land rights"

2.12 Template Heads of Terms (V2) (Appendix 8)

2.12.1 Following the initial issue of populated Heads of Terms during 2025, the Applicant received a significant volume of detailed feedback from landowners and their professional advisers. This feedback covered both legal drafting points and practical land use matters, including construction access, soil handling, drainage, accommodation works and interaction with retained land. The Applicant considered it important to review this feedback holistically, rather than responding piecemeal or issuing multiple amendments. Consequently, the Applicant issued updated template Heads of Terms (v2) to affected persons professional representatives as of February 2026.

2.12.2 This is reflected in the LRT via the following wording, where applicable –

"Updated Template Heads of Terms issued to affected persons, reflecting updates following engagement with affected persons (and/or their professional representative)."

2.12.3 Further information regarding the re-issuing of the Heads of Terms is detailed in chapter 1.5 of the **Document 4.6 Land Rights Tracker Update [REP1-006]** submitted by the Applicant at Deadline 1.

2.13 Conclusion

2.13.1 As outlined in this document, the Applicant considers it appropriate for the LRT to be capable of being updated as matters progress. In this regard, the Applicant will be updating the LRT again for Deadline 3.

2.13.2 The Applicant will explain to the Examining Authority what enhancements have been made to the LRT at each future Deadline, where appropriate.

2.13.3 With reference to Paragraph 1.5 of **Document 4.6 Land Rights Tracker Update [REP1-006]** submitted at Deadline 1, the Applicant will re-issue Heads of Terms to affected persons and confirm to the Examining Authority when this has been conducted, as well as providing further updates regarding the status of negotiations on an affected person basis.

Dear Sir or Madam

National Grid – Great Grid Upgrade - Norwich to Tilbury – Invitation to Meet

We are writing to offer you (and/or your land agent) an opportunity for a face-to-face meeting to discuss the Norwich to Tilbury proposals in more detail and how they may impact the land you own/occupy. These meetings will be held ahead of the statutory consultation period and public events that are planned to take place in Spring 2024.

The meeting will enable National Grid to discuss how land that you own/occupy or otherwise have an interest in may be impacted temporarily or permanently, as part of the construction and/or operation of the infrastructure, as currently proposed.

Furthermore, this will offer you an opportunity to understand, ask questions about, and submit change requests in respect of the current proposals that may affect your land, ahead of the statutory consultation in Spring 2024. Attending this meeting does not mean that you cannot submit further change requests and feedback during the statutory consultation, alongside the wider community.

Following our non-statutory consultation held in Summer 2023, all feedback received during the consultation has been reviewed and has helped to shape and inform the proposals that will be presented at these meetings and the statutory consultation. A project newsletter summarising the consultation and next steps has been produced and issued last month in December 2023. If you have not received a copy of the newsletter, then please make contact using the details provided on this letter or visit the projects website where a copy can be downloaded.

If you wish to take advantage of this opportunity to meet and discuss how the proposals may affect your land, please contact us using the details above and quote the unique reference number included at the top of this letter, starting with NG/FG/N-T/_. National Grid expects a high volume of meetings to be requested so please make contact at your earliest convenience so that we can try to schedule a meeting at a time that suits yourself and /or your appointed land agent.

Please be advised that whilst we will share with you the latest proposals ahead of statutory consultation, we will not be able to leave any materials or permit copies to be taken until the launch date in Spring 2024. However, any comments you wish to provide WILL be noted at the time of the meeting and submitted as part of the change request process.

Date: XXX

Dear XXX,

Statutory Consultation for the proposed project called Norwich to Tilbury: 12:00 noon on Wednesday 10 April 2024 until 11:59pm on Tuesday 18 June 2024

Section 42 Planning Act 2008 (as amended): Duty to consult on a proposed application

The Infrastructure Planning (Applications and Prescribed Forms and Procedure) Regulations 2009 (as amended) (the "APFP Regulations")

Notification under Regulation 13 of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017 (as amended) (the "EIA Regulations")

National Grid Electricity Transmission plc ("National Grid") writes in relation to the launch of a statutory consultation in accordance with sections 42, 44, 47 and 48 of the Planning Act 2008 (the "Act") for the proposed project called Norwich to Tilbury ("the Project"). The consultation starts at **12:00 noon on Wednesday 10 April 2024 and runs until 11:59pm on Tuesday 18 June 2024.**

The Project is a proposal by National Grid to upgrade the electricity transmission system in East Anglia between Norwich and Tilbury. The Project includes a new 400 kilovolt ("kV") electricity transmission connection of approximately 184 kilometres ("km") in overall length from Norwich Main Substation and Tilbury Substation via Bramford Substation, comprising:

- approximately 159 km of new overhead line supported on approximately 510 steel lattice pylons (approximately 50 metres ("m") in height) some of which are gantries (typically up to 15 m in height) within proposed Cable Sealing End ("CSE") compounds, or existing or proposed substations
- approximately 25 km of 400 kV underground cabling some of which is located through the Dedham Vale National Landscape (formerly known as Dedham Vale AONB)
- six new CSE compounds, each with a permanent access, to connect the overhead lines to the underground cables
- a new 400 kV East Anglia Connection Node ("EACN") substation, with a new permanent access, on the Tendring Peninsula. This is proposed to be an Air Insulated Switchgear ("AIS") substation
- substation extension works at the existing Norwich Main, and Bramford substations and works within the existing Tilbury Substation to connect and support operation of the new transmission connection
- temporary works associated with construction of the Project.

An alternative design at the Waveney Valley (referred to as the Waveney Valley Alternative) is also being considered and is the subject of consultation and ongoing assessment. This design alternative, if taken forward, would result in changes to those elements of the Project set out below. This would instead comprise:

- installation of approximately 157 km of new 400 kV overhead line
- installation of approximately 27 km of 400 kV underground cabling (some of which is located through the Dedham Vale National Landscape)
- eight new CSE compounds (each with a permanent access) to connect the overhead lines to the underground cables

All other works not listed above would be consistent with either alternative.

In other words, the Waveney Valley Alternative, if taken forward and based on the 2024 preferred draft alignment would comprise approximately 2 km less new 400 kV overhead line and approximately an additional 2 km of 400kV underground cabling and two additional new CSE compounds, each with a permanent access, to connect the overhead lines to the underground cables.

Third party utilities diversions and / or modifications would also be required to facilitate the construction of the Project. There would also be land required for mitigation, compensation and enhancement of the environment including Biodiversity Net Gain.

As well as the permanent infrastructure, land would also be required temporarily for construction activities including, for example, working areas for construction equipment and machinery, site offices, welfare, storage and temporary construction access.

Norwich to Tilbury will play a vital role in delivering electricity efficiently, reliably, and safely and will support the UK's move to reduce carbon emissions and we are committed to working with local communities as we develop our plans.

National Grid expects the Project to be classified as a Nationally Significant Infrastructure Project ("NSIP") and require consent from the Secretary of State for Energy Security & Net Zero via a Development Consent Order ("DCO"). The development consent being sought will include a number of other provisions, including those which authorise the compulsory acquisition of land and rights over land, if necessary, to construct and maintain the Project.

Statutory Consultation

The Project is an Environmental Impact Assessment ("EIA") development, as defined by the EIA Regulations). As part of the consultation, we are seeking views on the potential environmental effects of the proposals and if consultees have suggestions for reducing these effects (for example, through mitigation measures). This information is detailed in the Preliminary Environmental Information Report ("PEIR"). An Environmental Statement will be prepared subsequently in accordance with the EIA Regulations and will accompany the application for development consent.

The Project is currently in the pre-application stage of the DCO application process. As such, the Project is consulting on its proposals between **12:00 noon on Wednesday 10 April and 11.59pm on Tuesday 18 June 2024**, including with those consultees prescribed under Section 42 of the Act.

Consultation Documents

We have identified you as a consultee under Section 42(1)(d) of the Act, as a person who has an interest in land that may be affected by our proposals, or as a person it would be appropriate to consult with. As such, you will find enclosed with this letter:

- a copy of the Community Newsletter 2024
- a Feedback questionnaire; and
- a freepost envelope.

The Project is an "EIA development" for the purposes of the EIA Regulations. As required by Regulation 13 of the EIA Regulations, we also enclose a copy of the newspaper notice which is being published in accordance with Section 48 of the Act.

National Grid (as required by the Act) has prepared a Statement of Community Consultation ("SoCC") which sets out how National Grid will undertake the statutory consultation for the proposed application with those people living and working in the vicinity of the Project. The SoCC is available to view on the Project website: www.nationalgrid.com/n-t and at the inspection points listed further down in this letter.

A copy of the full suite of consultation documents is available to view on the Project website from **12:00 noon on Wednesday 10 April 2024 until 11:59pm on Tuesday 18 June 2024.**

These include:

- Project Background Document
- Feedback questionnaire
- Copy of the newspaper notice published under Section 48 of the Act (as the Project is 'EIA Development' for the purposes of the EIA Regulations and hence as required by Regulation 4 of the APFP Regulations)
- Preliminary Environmental Information Report ("PEIR") and non-technical summary ("NTS") of the PEIR
- Project map book/Project area maps showing the extent of the Project
- Statement of Community Consultation ("SoCC").

Copies of consultation materials and documents can be provided on request by contacting us either by email at contact@n-t.nationalgrid.com or by telephone on 0800 915 2497.

Public Information Events

During the consultation period a series of face-to-face public information events will be held where you can speak with the Project team.

You can attend any of our events to meet the Project team, ask questions and view more details of the Project:

Date and time	Venue
Wednesday 24 April 2024 12pm-5pm	Towngate Theatre, St Martin's Square, Basildon, Essex SS14 1DL
Thursday 25 April 2024 2pm-7pm	The Brentwood Centre, Doddinghurst Road, Pilgrims Hatch, Brentwood, CM15 9NN
Saturday 27 April 2024 11am-4pm	Chelmsford City Racecourse, Chelmsford, CM3 1QP
Tuesday 30 April 2024 12pm-5pm	Gislingham Village Hall, Mill Street, Gislingham, IP23 8JT
Wednesday 1 May 2024 11am-4pm	Copdock Village Hall, Old London Road, Copdock, IP8 3JN
Friday 3 May 2024 1pm-6pm	Needham Market Community Centre, School St, Needham Market, Ipswich IP6 8BB
Saturday 4 May 2024 11am-4pm	Lawford Venture Centre 2000, Bromley Road, Lawford, Manningtree CO11 2JE
Wednesday 8 May 2pm-7pm	The Civic Hall, Blackshots Lane, Grays, RM16 2JU
Thursday 9 May 2024 1pm-6pm	Thorpe Hall, Ashwell Thorpe and Fundenhall Community Centre, Muskett Road, Ashwellthorpe, NR16 1FD
Friday 10 May 2024 1pm-6pm	Tibenham Community Hall, Pristow Green Lane, Tibenham, Norwich NR16 1PX
Tuesday 14 May 2024 11am-4pm	Witham Public Hall, Collingwood Road, Witham, CM8 2DY
Wednesday 15 May 2024 1pm-6pm	Diss Town Football Club, Diss, IP22 4QP
Thursday 16 May 2024 2pm-7pm	Langham Community Centre, School Road, Langham, Colchester, CO4 5PA
Friday 17 May 2024 1pm-6pm	Great Bromley Village Hall, Parsons Hill, Great Bromley, Colchester, CO7 7JA

Printed copies of the consultation materials will be made available at information events for attendees to review. Attendees will also be able to take away copies of the Project Background Document and Feedback questionnaire.

In addition to being available online, the Community Newsletter, Project Background Document, non-technical summary ("NTS") of the Preliminary Environmental Information Report ("PEIR"), Statement of Community Consultation ("SoCC") and Feedback questionnaire will be available to view free of charge at the following inspection points in the vicinity of the Project throughout the consultation period:

Location	Address	Opening hours
Long Stratton Library	The Street Long Stratton NR15 2XJ	Monday - 11am-7pm Tuesdays - 1pm-7pm Wednesday - 8am-7pm (unstaffed) Thursday - 1pm-7pm Friday - 8am-7pm (unstaffed) Saturday - 11am-4pm Sunday - 10am-4pm (unstaffed)
Norwich Library	Unit 3 The Forum Millenium Plain Norwich NR2 1AW	Monday - Friday - 10am-7pm Saturday - 9am-5pm

Prior to attending these locations, it is advised opening times are checked.

In addition to the public information events, we will be holding six webinars, where members of the Project team will be available to answer questions. The dates and times of these sessions are as follows:

Date and time	Webinar
Wednesday 17 April 6pm-7pm	Project Overview One*
Wednesday 29 May 6pm-7pm	Section A and B - South Norfolk and Mid Suffolk
Thursday 30 May 6pm-7pm	Section C and D - Babergh, Tendring and Colchester
Wednesday 5 June 6pm-7pm	Section E and F – Braintree and Chelmsford
Thursday 6 June 6pm-7pm	Section G and H – Basildon, Brentwood and Thurrock
Wednesday 12 June 6pm-7pm	Project Overview Two

* A British Sign Language interpreter will be available.

You can register for a webinar by signing up on our Project website: www.nationalgrid.com/n-t.

Responding to the Consultation

Responses to this consultation must be received between **12:00 noon on Wednesday 10 April 2024 and 11:59pm on Tuesday 18 June 2024.**

Responses to this consultation can be submitted online at www.nationalgrid.com/n-t

Alternatively, you can return a printed copy of the Feedback questionnaire or a free text response via email: contact@n-t.nationalgrid.com or post: **FREEPOST N TO T** (please write this in capitals, you do not need a stamp).

Requests for paper copies of the technical documents will be reviewed on a case by-case basis. To cover printing costs a reasonable copying charge may apply, to be paid for by the recipient and up-to a maximum value of £500 for the whole suite of consultation documents. Please get in touch with us using the details below if you would like a printed or alternative format copy of materials.

Telephone: 0800 915 2497.

Email: contact@n-t.nationalgrid.com

Following the close of the consultation all feedback will be collated, reviewed and analysed to understand key themes and concerns. Our proposals will be reviewed and, where practicable, refined in light of feedback.

We may be required to make copies of representations available to the Secretary of State. However, we will request that personal details are not placed on the public record. Personal details will be held securely in accordance with the relevant data protection legislation and will be used solely in connection with the consultation process and the development of this Project and, except as noted above, will not be disclosed to any third parties. National Grid's privacy policy can be found on its website: www.nationalgrid.com/privacy-policy.

If you have any questions about the Project, please don't hesitate to contact us at the above postal or email address.

We look forward to hearing from you.

Yours faithfully

05 June 2024

Dear Sir or Madam

Statutory Consultation for Norwich to Tilbury: Consultation extended until 11:59pm on Friday 26 July 2024

Statutory Consultation for Norwich to Tilbury: 12:00 noon on Wednesday 10 April 2024 until 11:59pm on Friday 26 July 2024

Section 42 Planning Act 2008 (as amended): Duty to consult on a proposed application.

The Infrastructure Planning (Applications and Prescribed Forms and Procedure) Regulations 2009 (as amended) (the "APFP Regulations")

Notification under Regulation 13 of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017 (as amended) (the "EIA Regulations")

National Grid Electricity Transmission plc ("National Grid") writes in relation to the extension of its statutory consultation in accordance with sections 42, 44, 47 and 48 of the Planning Act 2008 (the "Act") for the project called Norwich to Tilbury ("the Project"). The consultation started at **12:00 noon on Wednesday 10 April 2024 and will now run until 11:59pm on Friday 26 July 2024.** National Grid is doing this to give the public, their representatives, landowners and stakeholders additional time and opportunity to have their say and provide feedback on our proposals after the forthcoming General Election.

Any feedback already submitted during this consultation remains valid, but if you wish to submit any further feedback, you can do so.

The Project is a proposal by National Grid to upgrade the electricity transmission system in East Anglia between Norwich and Tilbury. The Project includes a new 400 kilovolt ("kV") electricity transmission connection of approximately 184 kilometres ("km") in overall length from Norwich Main Substation and Tilbury Substation via Bramford Substation, comprising:

- approximately 159 km of new overhead line supported on approximately 510 steel lattice pylons (approximately 50 metres ("m") in height) some of which are gantries (typically up to 15 m in height) within proposed Cable Sealing End ("CSE") compounds, or existing or proposed substations
- approximately 25 km of 400 kV underground cabling some of which is located through the Dedham Vale National Landscape (formerly known as Dedham Vale AONB)

- six new CSE compounds, each with a permanent access, to connect the overhead lines to the underground cables
- a new 400 kV East Anglia Connection Node (“EACN”) substation, with a new permanent access, on the Tendring Peninsula. This is proposed to be an Air Insulated Switchgear (“AIS”) substation
- substation extension works at the existing Norwich Main, and Bramford substations and works within the existing Tilbury Substation to connect and support operation of the new transmission connection
- temporary works associated with the construction of the Project.

An alternative design at the Waveney Valley (referred to as the Waveney Valley Alternative) is also being considered and is the subject of consultation and ongoing assessment. This design alternative, if taken forward, would result in changes to those elements of the Project set out below. This would instead comprise:

- installation of approximately 157 km of new 400 kV overhead line.
- installation of approximately 27 km of 400 kV underground cabling (some of which is located through the Dedham Vale National Landscape).
- eight new CSE compounds (each with a permanent access) to connect the overhead lines to the underground cables.

All other works not listed above would be consistent with either alternative.

In other words, the Waveney Valley Alternative, if taken forward and based on the 2024 preferred draft alignment would comprise approximately 2 km less new 400 kV overhead line and approximately an additional 2 km of 400kV underground cabling and two additional new CSE compounds, each with a permanent access, to connect the overhead lines to the underground cables.

Third party utilities diversions and / or modifications would also be required to facilitate the construction of the Project. There would also be land required for mitigation, compensation and enhancement of the environment including Biodiversity Net Gain.

As well as the permanent infrastructure, land would also be required temporarily for construction activities including, for example, working areas for construction equipment and machinery, site offices, welfare, storage and temporary construction access.

Norwich to Tilbury will play a vital role in delivering electricity efficiently, reliably, and safely and will support the UK’s move to reduce carbon emissions and we are committed to working with local communities as we develop our plans.

National Grid expects the Project to be classified as a Nationally Significant Infrastructure Project (“NSIP”) and to require consent from the Secretary of State for Energy Security & Net Zero via a Development Consent Order (“DCO”). The development consent being sought will include a number of other provisions, including those which authorise the compulsory acquisition of land and rights over land, if necessary, to construct and maintain the Project.

Statutory consultation

The Project is an Environmental Impact Assessment (“EIA”) development, as defined by the EIA Regulations. As part of the consultation, we are seeking views on the potential environmental effects of the proposals and if consultees have suggestions for reducing these effects (for example, through mitigation measures). This information is detailed in the Preliminary Environmental Information Report (“PEIR”). An Environmental Statement will be prepared subsequently in accordance with the EIA Regulations and will accompany the application for development consent.

The Project is currently in the pre-application stage of the DCO application process. As such, the Project is consulting on its proposals between **12:00 noon on Wednesday 10 April and 11:59pm on Friday 26 July 2024**.

Consultation Documents

We are contacting you because we have identified you as a consultee under section 42(1) of the Act, as a person who has an interest in land that may be affected by our proposals, or as a person it would be appropriate to consult with. Together with this letter we also enclose a copy of the updated newspaper notice which is being published in accordance with section 48 of the Act.

National Grid (as required by the Act) has prepared a Statement of Community Consultation ("SoCC") which sets out how National Grid will undertake the statutory consultation for the proposed application with those people living and working in the vicinity of the Project. The SoCC is available to view on the Project website: http://www.nationalgrid.com/n-t and at the inspection points listed further down in this email.

A copy of the full suite of consultation documents is available to view on the Project website from **12:00 noon on Wednesday 10 April 2024 until 11:59pm on Friday 26 July 2024.**

These include:

- Project Background Document
- Feedback questionnaire
- Copy of the newspaper notice published under Section 48 of the Act (as the Project is 'EIA Development' for the purposes of the EIA Regulations and as required by Regulation 4 of the APFP Regulations)
- Preliminary Environmental Information Report ("PEIR") and non-technical summary ("NTS") of the PEIR
- Project maps/Project area maps showing the extent of the Project
- Statement of Community Consultation ("SoCC").

Copies of consultation materials and documents can be provided on request by contacting us either by email at contact@n-t.nationalgrid.com or by telephone on 0800 915 2497.

Revised webinar timings

National Grid has rescheduled its five remaining webinar times. These webinars are an opportunity for people to find out more about the Project and ask questions.

The dates and times of these sessions are as follows:

Date and Time	Topic
Wednesday 10 July 2024: 6-7pm	Section A and B South Norfolk and Mid Suffolk
Thursday 11 July 2024: 6-7pm	Section C and D Babergh, Tendring and Colchester
Tuesday 16 July 2024: 6-7pm	Section E and F – Braintree and Chelmsford
Wednesday 17 July 2024: 6-7pm	Section G and H Basildon, Brentwood and Thurrock
Thursday 18 July 2024: 6-7pm	Project Overview Two

A recording of the first Project Overview webinar is also available on our website with accompanying British Sign Language interpretation.

You can register for a webinar by signing up on our Project website: http://www.nationalgrid.com/n-t.

Responding to the Consultation

Responses to this consultation must be received between **12:00 noon on Wednesday 10 April 2024 and 11:59pm on Friday 26 July 2024.**

Responses to this consultation can be submitted online at http://www.nationalgrid.com/n-t

Alternatively, you can return a printed copy of the Feedback questionnaire or a free text response via email: contact@n-t.nationalgrid.com or post: FREEPOST N TO T (please write this in capitals, you do not need a stamp).

Requests for paper copies of the technical documents will be reviewed on a case by-case basis. To cover printing costs a reasonable copying charge may apply, to be paid for by the recipient and up-to a maximum value of £500 for the whole suite of consultation documents. Please get in touch with us using the details below if you would like a printed or alternative format copy of materials.

Telephone: 0800 915 2497.

Email: contact@n-t.nationalgrid.com

Following the close of the consultation all feedback will be collated, reviewed and analysed to understand key themes and concerns. Our proposals will be reviewed and, where practicable, refined in light of feedback.

We may be required to make copies of representations available to the Secretary of State. However, we will request that personal details are not placed on the public record. Personal details will be held securely in accordance with the relevant data protection legislation and will be used solely in connection with the consultation process and the development of this Project and, except as noted above, will not be disclosed to any third parties. National Grid's privacy policy can be found on its website: www.nationalgrid.com/privacy-policy.

If you have any questions about the Project, please don't hesitate to contact us at the above postal or email address.

We look forward to hearing from you.

Yours faithfully

Dear XXX,

National Grid – Norwich to Tilbury – Voluntary Negotiations

The Norwich to Tilbury project is preparing to submit a Development Consent Order application, which will include provisions which would enable National Grid to acquire land, and rights over land.

Based on our understanding of landownership, we believe you may have an interest in land and/or property within the Project's order limits. ***The order limits refer to land that may be temporarily or permanently required for the construction and/or operation of the project.***

We are therefore writing to you to confirm National Grid are seeking to enter into voluntary negotiations regarding the acquisition of land, and any rights over land, that are required for the Project. In line with National Grid's Land Rights Strategy, a copy of which is enclosed, National Grid's preference is to acquire rights on a voluntary basis.

We would also welcome discussions on key considerations for landowners in respect of how the current proposals impact their occupation and use of the land. This is to inform the Project, so that wherever possible National Grid can consider appropriate accommodation and mitigation works as part of the Norwich to Tilbury construction and operational phases, should they be granted a Development Consent Order.

Key items we would like to discuss are:

- Agricultural Land Drainage (Pre and Post Construction)
- Soil Handling and Management
- Farming Operations and associated accommodation works including haul road considerations
- Irrigation Systems
- Cropping and farmable areas
- Any other practical considerations pertaining to the day-to-day use of the land you own.

Should you wish to enter into negotiations for voluntary Heads of Terms, then reasonable and proportionate professional fees incurred by you would be covered by National Grid in line with the current published National Grid Payment of Surveyors' Fees document. A copy of this document can be found on the project website. Alternatively, an email and/or paper copy can be provided on request.

In the first instance we would welcome your expression of interest so that we can explain the process in more detail. If you are interested in exploring this further, please either email us on Norwich-Tilbury@fishergerman.co.uk or call 0808 1753 314 to arrange a meeting.

Yours faithfully

Dear Sir / Madam

Targeted Consultation for the project called Norwich to Tilbury: 12 noon 30 January 2025 to 11:59 pm 3 March 2025

Section 42 Planning Act 2008 (as amended): Duty to consult on a proposed application

The Infrastructure Planning (Applications and Prescribed Forms and Procedure) Regulations 2009 (as amended) (the "APFP Regulations")

Notification under the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017 (as amended) (the "EIA Regulations")

TO BOOK A MEETING TO DISCUSS HOW THIS PROPOSAL AFFECTS YOUR LAND INTEREST(S) PLEASE CONTACT:

FISHER GERMAN LLP
Norwich to Tilbury Lands Team
The Atrium
Risby Business Park
Risby
Bury St Edmunds
Suffolk
IP28 6RD

Telephone: 0808 1753 314
Email: Norwich-Tilbury@fishergerman.co.uk

MEETINGS ARE AVAILABLE FROM 31 JANUARY 2025.

We are writing to inform you that National Grid Electricity Transmission plc ("National Grid") is carrying out further targeted consultation on proposals for the project called Norwich to Tilbury ("the Project"). This consultation, combined with previous rounds of consultation, relates to a proposed application to the Secretary of State for Energy Security and Net Zero ("the Secretary of State") under the Planning Act 2008 (the "Act") for a Development Consent Order ("DCO") for the Project.

This targeted consultation runs from **12 noon 30 January 2025 to 11:59 pm 3 March 2025.**

Following the close of our previous statutory consultation on 26 July 2024, the National Grid Project team has been reviewing feedback received during that consultation, as well as considering the findings of further assessments including environmental surveys, and considering where there is potential to make further changes to our proposals. A number of potential localised changes are being considered, and we are asking people in close proximity to these changes to provide their feedback. No final decisions have been made on the changes.

We are writing to you now because we believe your land interest(s) may be affected by changes we are proposing to the Project and as such our consultation with you here is statutory under Section 42 of the Act.

The Project

The Project is a proposal by National Grid to upgrade the electricity transmission system in East Anglia between Norwich and Tilbury. The Project includes a new 400 kilovolt (“kV”) electricity transmission connection of approximately 184 kilometres ("km”) in overall length from Norwich Main Substation and Tilbury Substation via Bramford Substation, currently comprising:

- approximately 159 km of new overhead line supported on approximately 510 steel lattice pylons (approximately 50 metres (“m”) in height) some of which are gantries (typically up to 15 m in height) within proposed Cable Sealing End (“CSE”) compounds, or existing or proposed substations
- approximately 25 km of 400 kV underground cabling some of which is located through the Dedham Vale National Landscape (formerly known as Dedham Vale AONB)
- six new CSE compounds, each with a permanent access, to connect the overhead lines to the underground cables
- a new 400 kV East Anglia Connection Node (“EACN”) substation, with a new permanent access, on the Tendring Peninsula. This is proposed to be an Air Insulated Switchgear (“AIS”) substation
- substation extension works at the existing Norwich Main, and Bramford substations and works within the existing Tilbury Substation to connect and support operation of the new transmission connection

Third party utilities diversions and / or modifications would also be required to facilitate the construction of the Project. There would also be land required for mitigation, compensation and enhancement of the environment including Biodiversity Net Gain.

As well as the permanent infrastructure, land would also be required temporarily for construction activities including, for example, working areas for construction equipment and machinery, site offices, welfare, storage and temporary construction access.

The Project would be designed, constructed and operated in accordance with applicable health and safety legislation. The Project would also need to comply with design safety standards including the National Electricity Transmission System (“NETS") Security and Quality of Supply Standard, which sets out the criteria and methodology for planning and operating the NETS. This informs a suite of National Grid policies and processes, which contain details on design standards required to be met when designing, constructing and operating assets such as proposed for the Project.

Norwich to Tilbury will play a vital role in delivering electricity efficiently, reliably, and safely and will support the UK’s move to reduce carbon emissions and we are committed to working with local communities as we develop our plans.

National Grid expects the Project to be classified as a Nationally Significant Infrastructure Project (“NSIP”) and to require consent from the Secretary of State via a DCO. The development consent being sought would include a number of other provisions, including those for the compulsory acquisition of land and interests in and rights over land, overriding easements and other rights, the temporary use of land, and other ancillary powers, if necessary, to construct and maintain the Project.

Previous statutory consultation and information on environmental effects

The Project is an Environmental Impact Assessment ("EIA") development, as defined by the EIA Regulations and is currently in the pre-application stage of the DCO application process.

As part of that process, during the statutory consultation which took place from April to July 2024, we sought views on the potential environmental effects of the proposed Project and if consultees had suggestions for reducing these effects (for example, through mitigation measures). This information was detailed in the 2024 Preliminary Environmental Information Report ("the 2024 PEIR").

Following our analysis, the proposed changes would not materially change the conclusions reported within the 2024 PEIR published as part of our previous statutory consultation. For more information on the local environmental implications of the changes please refer to the Environmental Implications of Change ("EIC") document, where proportionate and appropriate information on the environmental implications of the proposed changes are presented in an easily accessible form.

An Environmental Statement will subsequently be prepared in accordance with the EIA Regulations and will accompany the application for development consent.

The 2024 PEIR and an EIC for each area of proposed change is available to review on our Project website within the document library, which can be accessed at: nationalgrid.com/norwich-to-tilbury

Enclosed with this letter

Enclosed with this letter is a Feedback Questionnaire and a Freepost envelope.

Consultation materials

Information on the changes being consulted on as part of this targeted consultation can be found at nationalgrid.com/norwich-to-tilbury. There you will find a series of consultation information leaflets and corresponding EICs for each location where we are consulting on proposed changes. You should also receive copies of these materials separately and as a member of the local community within the vicinity of the proposed changes.

In addition, the materials published as part of the 2024 statutory consultation remain relevant and available to be viewed on the Project website (nationalgrid.com/norwich-to-tilbury), which include:

- Project Background Document.
- Copy of the notice published as part of the statutory consultation under Section 48 of the Act (as the Project is 'EIA Development' for the purposes of the EIA Regulations and as required by Regulation 4 of the APFP Regulations).
- 2024 PEIR and non-technical summary ("NTS") of the 2024 PEIR.
- Project maps/Project area maps showing the extent of the Project.
- Statement of Community Consultation ("SoCC").

Copies of current and previous consultation materials and documents can be provided on request by contacting us either by email at contact@n-t.nationalgrid.com or by telephone on 0800 915 2497.

Webinars

To give people an opportunity to ask the Project team questions, we are holding three webinars via Microsoft Teams.

You can sign up for a webinar on our website – nationalgrid.com/norwich-to-tilbury:

- Norfolk - 11 February 2025 at 6:00 pm
- Norfolk and Suffolk - 12 February 2025 at 12 noon
- Suffolk - 13 February 2025 at 6:00 pm

You can also call us on 0800 915 2497 if you have any questions.

Responding to the consultation

Responses to this consultation must be received between **12 noon 30 January 2025 to 11:59 pm 3 March 2025**

Responses to this consultation can be submitted online at nationalgrid.com/norwich-to-tilbury

Alternatively, you can return a printed copy of the Feedback Questionnaire or a free text response via email: contact@n-t.nationalgrid.com or post: **FREEPOST N TO T** (please write this in capitals, you do not need a stamp).

Requests for paper copies of the technical documents will be reviewed on a case by-case basis. To cover printing costs a reasonable copying charge may apply, to be paid for by the recipient and up-to a maximum value of £500 for the whole suite of consultation documents. Please get in touch with us using the details below if you would like a printed or alternative format copy of materials.

Telephone: 0800 915 2497.

Email: contact@n-t.nationalgrid.com

Following the close of targeted consultation all feedback will be collated, reviewed and analysed to understand key themes and concerns. Our proposals will be reviewed and, where practicable, refined in light of feedback.

We may be required to make copies of representations available to the Secretary of State. However, we will request that personal details are not placed on the public record. Personal details will be held securely in accordance with the relevant data protection legislation and will be used solely in connection with the consultation process and the development of this Project and, except as noted above, will not be disclosed to any third parties. National Grid's privacy policy can be found on its website: https://www.nationalgrid.com/privacy-policy.

If you have any questions about the Project, please don't hesitate to contact us at the above postal or email address.

We look forward to hearing from you.

Yours faithfully

MEETINGS ARE AVAILABLE FROM 26 FEBRUARY 2025.

We are writing to inform you that National Grid Electricity Transmission plc ("National Grid") is carrying out further targeted consultation on proposals for the project called Norwich to Tilbury ("the Project"). This consultation, combined with previous rounds of consultation, relates to a proposed application to the Secretary of State for Energy Security and Net Zero ("the Secretary of State") under the Planning Act 2008 (the "Act") for a Development Consent Order ("DCO") for the Project.

This targeted consultation runs from **12 noon 25 February 2025 to 11:59 pm 27 March 2025.**

Following the close of our previous statutory consultation on 26 July 2024, the National Grid Project team has been reviewing feedback received during that consultation, as well as considering the findings of further assessments including environmental surveys, and considering where there is potential to make further changes to our proposals. A number of potential localised changes are being considered, and we are asking people in close proximity to these changes to provide their feedback. No final decisions have been made on the changes.

We are writing to you now because we believe your land interest(s) may be affected by changes we are proposing to the Project and as such our consultation with you here is statutory under Section 42 of the Act.

The Project

The Project is a proposal by National Grid to upgrade the electricity transmission system in East Anglia between Norwich and Tilbury. The Project includes a new 400 kilovolt ("kV") electricity transmission connection of approximately 184 kilometres ("km") in overall length from Norwich Main Substation and Tilbury Substation via Bramford Substation, currently comprising:

- approximately 159 km of new overhead line supported on approximately 510 steel lattice pylons (approximately 50 metres ("m") in height) some of which are gantries (typically up to 15 m in height) within proposed Cable Sealing End ("CSE") compounds, or existing or proposed substations
- approximately 25 km of 400 kV underground cabling some of which is located through the Dedham Vale National Landscape (formerly known as Dedham Vale AONB)
- six new CSE compounds, each with a permanent access, to connect the overhead lines to the underground cables
- a new 400 kV East Anglia Connection Node ("EACN") substation, with a new permanent access, on the Tendring Peninsula. This is proposed to be an Air Insulated Switchgear ("AIS") substation
- substation extension works at the existing Norwich Main, and Bramford substations and works within the existing Tilbury Substation to connect and support operation of the new transmission connection

Third party utilities diversions and / or modifications would also be required to facilitate the construction of the Project. There would also be land required for mitigation, compensation and enhancement of the environment including Biodiversity Net Gain.

As well as the permanent infrastructure, land would also be required temporarily for construction activities including, for example, working areas for construction equipment and machinery, site offices, welfare, storage and temporary construction access.

The Project would be designed, constructed and operated in accordance with applicable health and safety legislation. The Project would also need to comply with design safety standards including the National Electricity Transmission System ("NETS") Security and Quality of Supply Standard, which sets out the criteria and methodology for planning and operating the NETS. This informs a suite of National Grid policies and processes, which contain details on design standards required to be met when designing, constructing and operating assets such as proposed for the Project.

Norwich to Tilbury will play a vital role in delivering electricity efficiently, reliably, and safely and will support the UK's move to reduce carbon emissions and we are committed to working with local communities as we develop our plans.

National Grid expects the Project to be classified as a Nationally Significant Infrastructure Project ("NSIP") and to require consent from the Secretary of State via a DCO. The development consent being sought would include a number of other provisions, including those for the compulsory acquisition of land and interests in and rights over land, overriding easements and other rights, the temporary use of land, and other ancillary powers, if necessary, to construct and maintain the Project.

Previous statutory consultation and information on environmental effects

The Project is an Environmental Impact Assessment ("EIA") development, as defined by the EIA Regulations and is currently in the pre-application stage of the DCO application process.

As part of that process, during the statutory consultation which took place from April to July 2024, we sought views on the potential environmental effects of the proposed Project and if consultees had suggestions for reducing these effects (for example, through mitigation measures). This information was detailed in the 2024 Preliminary Environmental Information Report ("the 2024 PEIR").

Following our analysis, the proposed changes would not materially change the conclusions reported within the 2024 PEIR published as part of our previous statutory consultation. For more information on the local environmental implications of the changes please refer to the Environmental Implications of Change ("EIC") document, where proportionate and appropriate information on the environmental implications of the proposed changes are presented in an easily accessible form.

An Environmental Statement will subsequently be prepared in accordance with the EIA Regulations and will accompany the application for development consent.

The 2024 PEIR and an EIC for each area of proposed change is available to review on our Project website within the document library, which can be accessed at: nationalgrid.com/norwich-to-tilbury

Enclosed with this letter

Enclosed with this letter is a Feedback Questionnaire and a Freepost envelope.

Consultation materials

Information on the changes being consulted on as part of this targeted consultation can be found at nationalgrid.com/norwich-to-tilbury. There you will find a series of consultation information leaflets and corresponding EICs for each location where we are consulting on proposed changes. You should also receive copies of these materials separately and as a member of the local community within the vicinity of the proposed changes.

In addition, the materials published as part of the 2024 statutory consultation remain relevant and available to be viewed on the Project website (nationalgrid.com/norwich-to-tilbury), which include:

- Project Background Document.
- Copy of the notice published as part of the statutory consultation under Section 48 of the Act (as the Project is 'EIA Development' for the purposes of the EIA Regulations and as required by Regulation 4 of the APFP Regulations).
- 2024 PEIR and non-technical summary ("NTS") of the 2024 PEIR.
- Project maps/Project area maps showing the extent of the Project.
- Statement of Community Consultation ("SoCC").

Copies of current and previous consultation materials and documents can be provided on request by contacting us either by email at contact@n-t.nationalgrid.com or by telephone on 0800 915 2497.

Webinars

To give people an opportunity to ask the Project team questions, we are holding three webinars via Microsoft Teams.

You can sign up for a webinar on our website – nationalgrid.com/norwich-to-tilbury:

- Essex – 17 March 2025 at 6:00 pm
- Essex and Thurrock – 18 March 2025 at 12 noon
- Thurrock – 18 March 2025 at 6:00 pm

You can also call us on 0800 915 2497 if you have any questions.

Responding to the consultation

Responses to this consultation must be received between **12 noon 25 February 2025 to 11:59 pm 27 March 2025.**

Responses to this consultation can be submitted online at nationalgrid.com/norwich-to-tilbury

Alternatively, you can return a printed copy of the Feedback Questionnaire or a free text response via email: contact@n-t.nationalgrid.com or post: **FREEPOST N TO T** (please write this in capitals, you do not need a stamp).

Requests for paper copies of the technical documents will be reviewed on a case by-case basis. To cover printing costs a reasonable copying charge may apply, to be paid for by the recipient and up-to a maximum value of £500 for the whole suite of consultation documents. Please get in touch with us using the details below if you would like a printed or alternative format copy of materials.

Telephone: 0800 915 2497

Email: contact@n-t.nationalgrid.com

Following the close of targeted consultation all feedback will be collated, reviewed and analysed to understand key themes and concerns. Our proposals will be reviewed and, where practicable, refined in light of feedback.

We may be required to make copies of representations available to the Secretary of State. However, we will request that personal details are not placed on the public record. Personal details will be held securely in accordance with the relevant data protection legislation and will be used solely in connection with the consultation process and the development of this Project and, except as noted above, will not be disclosed to any third parties. National Grid's privacy policy can be found on its website: https://www.nationalgrid.com/privacy-policy.

If you have any questions about the Project, please don't hesitate to contact us at the above postal or email address.

We look forward to hearing from you.

Yours faithfully

Dear Salutation

National Grid – Norwich to Tilbury Project

Heads of Terms: Without Prejudice and Subject to Contract

As you are aware, National Grid Electricity Transmission Plc (NGET) has been consulting on its proposals for the Norwich to Tilbury Project over a number of years now, including three rounds of project-wide consultation and then further localised engagement.

NGET is currently preparing to submit an application for a Development Consent Order (DCO).

The Norwich to Tilbury Project is a critical nationally significant infrastructure project intended to support the UK's net zero target through the connection of new low carbon energy generation in East Anglia and by reinforcing the transmission network. As a consequence, and in order to enable construction and operation of the Norwich to Tilbury Project, NGET will seek, as part of its DCO application, powers of compulsory acquisition and temporary possession.

It is NGET's intention and preference to negotiate and secure voluntary agreements for the land and rights required to construct and operate the Norwich to Tilbury Project.

As part of this process, we are sharing with you, **for information only**, the Norwich to Tilbury Project **template** Heads of Terms (HoTs) which include reference to the various land and/or rights which NGET will be seeking to acquire in respect of the Norwich to Tilbury Project as a whole. (This includes land for substations, and rights for underground cables, overhead lines, construction compounds and both temporary and permanent rights required for access, construction, drainage, maintenance, mitigation and dismantling of redundant infrastructure).

Please note that the enclosed template HoTs relate to the whole of the Norwich to Tilbury Project and are, therefore, not specific to your landholding.

Over the coming weeks, you will receive formal HoTs, which will be specific to your landholding and will set out the land and/or rights which NGET is seeking to acquire. The formal HoTs will explain how your land is proposed to be affected, via an accompanying plan showing the areas of land over which various land and/or rights are being sought, and the associated commercial proposals from NGET in line with its Land Rights Strategy.

Date: xxxx
Our Reference: NG/FG/N-T/ Party ID

The enclosed template HoTs include reference to several NGET policies. These policy documents are also enclosed with this letter for your reference:

1. National Grid - Land Rights Strategy and Payment Schedule for Assets (V1)

All affected landowners are offered Option Agreements to enable NGET to acquire land, permanent rights over land or to obtain temporary land rights over your land in line with the proposals that will form part of NGET's application for DCO consent.

NGET seeks temporary rights for construction activities, and permanent land and/or rights (easements) for the "as-built" assets (including all maintenance rights, access, drainage and landscaping/environmental mitigation that may be required for the project).

Once HoTs are agreed, NGET's legal advisors will produce an Option Agreement for review by your appointed solicitor. Whilst the HoTs are not legally binding, they set out the key principles that will form part of the Option Agreement and other documents which will become legally binding.

In parallel with seeking voluntary agreements, and as is standard through the DCO process, NGET will apply for powers to temporarily possess and/or compulsorily acquire land or rights as a fall back, should Option Agreements not be secured voluntarily or should there be any issue with implementation of voluntary agreements (e.g. due to events such as insolvency, death/intestacy, loss of capacity etc). NGET's preference will always be to secure land rights on a voluntary basis.

2. National Grid - Construction best practice for underground cable installation (V1) and Construction best practice for overhead line installation (V1)

These two documents set out NGET's approach to good practice on work carried out to install, maintain and operate equipment on, over, in or under land and what you as landowner or occupier can expect.

3. National Grid – Payment of Surveyors' Fees (V6)

This document sets out the basis for the assessment of surveyors' fees which would be reimbursed by NGET, where the surveyors are retained by the landowners/occupiers in question.

We would recommend that:

If you have not already done so, we would recommend appointing a Land Agent to act on your behalf, who will be able to assist with the progression of the HoTs. Please let us know who has been appointed to act on your behalf and we will issue them a copy of this correspondence to discuss in further detail. Should you have already notified us that you have instructed a Land Agent on your behalf, we will have also sent them a copy of this letter and the enclosed documents.

You will receive formal HoTs shortly and we will be in contact to arrange a meeting to discuss them with you and your appointed agent. If however you wish to discuss anything relevant to this letter or the rights being pursued by NGET in advance of us contacting you or your agent to arrange a meeting, then please call Fisher German on 0808 1753314 or email us at norwich-tilbury@fishergerman.co.uk

Information about the Norwich to Tilbury Project, can be found on the Project website https://www.nationalgrid.com/electricity-transmission/network-and-infrastructure/infrastructure-projects/norwich-to-tilbury The 'Document Library' tab on the project website includes all information related to the Norwich to Tilbury Project

We look forward to being in contact with you shortly.

Yours sincerely,

THESE ARE TEMPLATE HEADS OF TERMS FOR THE NORWICH TO TILBURY PROJECT. FORMAL POPULATED HEADS OF TERMS WILL BE ISSUED IN DUE COURSE

Reference: [●]

Date of issue: [●]

NORWICH TO TILBURY

TEMPLATE HEADS OF TERMS

Option Agreement to [purchase land] [Grant an Easement for National Grid Electricity Transmission to acquire rights] [take [a] lease[s]].

These Heads of Terms are not intended to create any legally binding obligations and are subject to contract and completion of formally executed legal documentation.

Without Prejudice
Confidential and Subject to Contract

1.	**The Project**	Norwich to Tilbury
2.	**Grantor (Landowner)**	[Grantor Name] of [Grantor Address]
3.	**Grantee**	National Grid Electricity Transmission PLC (company number **02366977**), 1-3 Strand, London WC2N 5EH ("**National Grid**")
4.	**Grantor's Agent**	[Grantor's Agent Name] of [Grantor's Agent Address And Contact Details]
5.	**Grantor's Solicitor**	[Grantor's Solicitors Name] of [Grantor's Solicitors Address And Contact Details]
6.	**Grantee's Agent**	Fisher German LLP, Norwich to Tilbury Lands Team, The Atrium Risby Business Park, Risby, Bury St Edmonds, Suffolk IP28 6RD
7.	**Grantee's Solicitor**	Bryan Cave Leighton Paisner, Governors House, 5 Laurence Pountney Hill, London EC4R 0BR
8.	**Plan**	The plan attached to these Heads of Terms [GRANTOR PLAN REFERENCE].
9.	**Grantor's Land**	The freehold land shaded XXX on the Plan together with additional rights and interests that the Grantor may have in the subsoil or the adjoining highways, road, drains, ditches, watercourses, riparian rights and tracks [forming [part of] the land registered at the Land Registry with title number(s) [TITLE NUMBERS]].
10.	**Option Area**	The area of land over which the Grantee will have an Option is shown edged XXX on the attached Plan.
11.	**Option Period**	7 years from the date of exchange of the Option Agreement within which to serve the Construction Notice.
12.	**Other Interests**	[There are no tenants, occupiers, lessees or mortgagees affecting the Option Area [and no third-party consents are required for the Option

		Agreement [and Deed of Grant] and other rights provided for in the Option Agreement]] It is for the Grantor to secure consent from tenants, occupiers and mortgagees and unless otherwise agreed by the Grantee on a case by case basis the beneficiaries of any restrictive covenant which would be breached by the carrying out of the Project works. Reasonable costs incurred by the Grantor for gaining the consent of mortgagors or lenders will be reimbursed by the Grantee, subject to the value being agreed between the parties in writing prior to the cost being incurred.
13.	**New Interests**	In the case of all disposals of land or rights in land, the Grantor is required to execute and deliver to the Grantee or its successors in title a Deed of Covenant in the form approved by the Grantee (such approval not to be unreasonably withheld or delayed).
14.	**Restrictions within Option Area**	During the Option Period the Grantor, and the occupier if applicable, are not to carry out activities within the Option Area that may prejudice the rights to be acquired by the Grantee, unless they have prior written consent of the Grantee (not to be unreasonably withheld). These activities include but are not limited to, construction of any buildings, development of land for any purpose other than the existing use, land drainage works, tree or hedgerow planting, excavations, installation of roads or access tracks, installation of dykes, ditches or hard boundaries, piling, installation of renewable energy technology, and any other work which would constitute development of the land forming the Option Area. Subject to the above restrictions the Grantor may undertake normal agricultural operations within the Option Area without the consent of the Grantee.
15.	**Pre-Entry & Survey Works**	During the Option Period the Grantee shall be entitled to enter onto the Grantor's Land with or without its appointed contractors or agents upon giving not less than 7 days' prior notice to the Grantor for the purposes of undertaking reasonable site investigations or surveys and carrying out a photographic schedule of condition, subject (in the case of surveys) to the requisite compensation payments being made in line with the National Grid Land Rights Strategy and Payment Schedule for Assets. A schedule of condition will be undertaken prior to any enabling or construction works. The Grantee shall be entitled to enter onto the Grantor's Land in order to undertake enabling works including but not limited to removal of any affected hedgerows and carry out any environmental mitigation works required.
16.	**Ancillary Rights for Utilities**	The Grantor agrees to grant the Grantee and any other relevant third party a Deed of Grant of easement or wayleave across the Grantor's Land to facilitate the installation, diversion or crossing of utility services including water pipes, sewerage systems, surface water drainage systems, gas pipelines, electricity cables, communication cables and any other conducting media as required for the Project. The Grantor shall be entitled to receive any payments made by the relevant utility provider for the grant of the relevant right.
17.	**Planning**	The Grantor will not make any objection in respect of any planning application or Development Consent Order application which is submitted

		by the Grantee so far as each relates to the Grantor's Land and will use all reasonable endeavours to assist the Grantee, where required, in obtaining any relevant permission or order.
18.	**Grantor's Agents Fees**	On exchange of the Option Agreement the Grantee shall pay to the Grantor the Grantor's agent's reasonable and proper costs actually incurred in relation to the negotiation of these Heads of Terms and the Option Agreement in accordance with the National Grid Payment of Surveyors' Fees document. The Agent's fees will be payable based on an hourly rate agreed with National Grid in advance, subject to an initial cap of £2,500. The Agent's fees will be reimbursed up to £1,000 plus irrecoverable VAT invoiced on or after signing of the Heads of Terms, with the remainder payable on exchange of the Option Agreement.
19.	**Grantor's Solicitors Fees**	On exchange of the Option Agreement, the Grantee will contribute to the Grantor's solicitor's proper and reasonable legal fees up to the maximum sum of £2,750 plus irrecoverable VAT for time associated with negotiating and exchanging the Option Agreement [and agreed form of Deed of Grant]. The Grantee's solicitor will agree and provide an appropriate fee undertaking to the Grantor's solicitor following the agreement and signing of these Heads of Terms by the Grantor and/or their agent (as appropriate).
20.	**Alienation**	The Grantee may assign or transfer or novate any of the rights and/or obligations under, and/or the benefit of, the Option Agreement [and/or Deed of Grant], whether in whole or in part, without any prior consent of the Grantor to any licenced electricity transmission operator and with the prior written consent of the Grantor (not to be unreasonably withheld or delayed) to any other person.
21.	**Insurance & Indemnity**	The Grantee shall indemnify the Grantor against all actions which may be brought and all third-party claims and demands which may be made against the Grantor by reason of negligence or breach of its obligations in the Option Agreement [and/or Deed of Grant]. The Grantee shall keep and maintain public liability insurance of a minimum amount of £10,000,000 for each and every claim.
22.	**Dispute Resolution**	If any question, difference, or dispute arises under the terms of the Option Agreement it shall be referred to the determination of an expert experienced in such matters to be agreed between the parties (in the absence of agreement on the expert they will be appointed by the president of the RICS or the CAAV).
23.	**Grantor's Obligations re title and VAT**	The Grantor shall deduce title to the Option Area and the Grantor's Land. The Grantor shall at the Grantee's reasonable cost produce evidence of the VAT status of the Option Area and the Grantor's Land (including where relevant to opted land, the decision to tax, the notification to and the acknowledgement from HMRC in relation to any option to waive the exemption to VAT).

Date of issue: [●]

I. PURCHASE [OPTIONAL PAGE]

1.	**Option to Purchase**	The Grantee will be granted an option to purchase the land shown shaded XXX on the Option Agreement Plan being the "**Purchase Option Area**". The Grantee may exercise the option to acquire the whole or part of the Purchase Option Area (the "**Purchase Option**") at any time during the Option Period by serving a Construction Notice on the Grantor. Completion of the transfer of the whole or part of the Purchase Option Area will take place 20 working days after the exercise of the Purchase Option. The Construction Notice will include a plan showing the extent of the land to be acquired and the purchase price. [The Grantee may serve multiple Construction Notices in respect of the Purchase Option Area so that the Purchase Option may be exercised in phases.] The purchase price will be at the rate of £[●] per acre, subject to CPI review from the date of completion of the Option Agreement to the CPI figure which is published in the month prior to completion and the balance of the purchase price shall be paid in full on completion of the transfer to the Grantee.
2.	**Option Fee**	10% of the consideration payable on completion of the Option Agreement as detailed in the Payments Schedule. This payment is non-refundable but is deductible upon exercise of the Option.
3.	**Grantor's Retained Rights**	The transfer from the Grantor to the Grantee shall reserve to the Grantor the following rights: (a) right of support; (b) right to develop notwithstanding diminution of light and air to the land transferred; and (c) other rights (if any) as are detailed in the Schedule attached to these heads of terms.
4.	**Rights to be Granted to the Grantee**	The transfer from the Grantor to the Grantee shall grant to the Grantee the following rights in favour of the land acquired over the Grantor's retained land which will be identified on the Option Agreement plan: (a) right of support; (b) right to install conduits; (c) right to access retained land for purposes of carrying out repairs and maintenance to the land transferred; (d) rights of access as shown on the Plan over the retained land for purposes of access and egress to and from the land transferred; and (e) rights to services.

PAYMENTS SCHEDULE

Acreage	Rate per acre	Payment £
[XX] acres	£[●] per acre	£[●]

II. UNDERGROUND CABLE [OPTIONAL PAGE]

1.	**Option Agreement/Deed of Grant**	The Grantor and The Grantee will enter into an Option Agreement to acquire a permanent Deed of Grant relating to underground cable(s) and ancillary apparatus. The Option Agreement will provide that the Grantee can call for a Deed of Grant within the Cable Option Area. The Option Agreement will contain rights to lay, install and construct the underground cable(s) within the Cable Option Area and ancillary apparatus anywhere within the Cable Option Area and rights over the Grantor's Land set out in the Option Agreement. During and after construction of the cable(s), the Grantee shall have the benefit of the rights referenced in the Deed of Grant and the Grantor obligations contained in the Deed of Grant. The Option Agreement will contain an irrevocable power of attorney clause appointing the Grantee as attorney to execute the Deed of Grant. This is to ensure that the Deed of Grant is entered into once the installation of the cable(s) is completed and will only be exercised in the event that the Grantor defaults. Completion of the Deed of Grant will take place once the cable(s) and the ancillary apparatus has been installed and the as-built plans showing the route of the cable(s) are available ("Final Easement Area").
2.	**Cable Option Area**	Shown [outlined XXX] on the Plan
3.	**Rights in the Deed of Easement**	The Deed of Easement will contain rights to use, maintain, replace underground (buried) cables and associated apparatus and will include rights of access and drainage over the Grantor's Land, and restrictions over the land within the Easement to protect the cables.
4.	**Temporary Rights for cable Installation / Construction Works**	The Grantee requires entry onto the Cable Option Area for the purposes of construction and associated works and to carry out all works required by the Grantee to construct, lay, and render operational the Cable equipment including without limitation ancillary works of excavation, creation of temporary access roads, resurfacing, protecting, testing and drainage works including any de-watering works. Entry onto the Cable Option Area shall be after 14 days' written notice (the Construction Notice") and after the Entry Payment has been made.
5.	**Reinstatement**	Following completion of the installation of the cables and all associated apparatus, the Grantee will reinstate the Cable Option Area to the Grantor's reasonable satisfaction and to the reasonable satisfaction of the occupier, if applicable and provided that this is not contrary to the Grantor's reasonable satisfaction, having carried out a photographic pre-entry schedule of condition. A copy of the pre-entry schedule of condition will be provided to the Grantor (and the Grantor's Agent) before commencement of construction.
6.	**Land Drainage**	The Grantor is (where possible) to make available plans of any existing drainage schemes to the Grantee in advance of construction works. [The Grantee shall employ suitably qualified consultants to carry out a pre and

		post construction drainage assessment and will implement the requisite recommendations as soon as practicably possible, to ensure where reasonable and appropriate the land drainage systems on the Grantor's Land are left in no worse condition than before the date of the pre-construction drainage assessment, or if to the extent that such damage cannot be made good and where not practical to do so, the Grantor will be compensated.] The Grantee and the Grantor (acting reasonably and without delay) shall agree the methods and timings to be employed in repairing damage to field drainage systems and/or carrying out any additional drainage work determined to be necessary. In the event that the Grantor and the Grantee fail to reach agreement, the decision will be referred to an expert acceptable to both parties.
7.	**Construction Best Practice for Underground Cable Installation**	All Project works will be carried out in adherence to National Grid's Construction Best Practice for Underground Cable Installation document.
8.	**Anticipated Easement Area**	Anticipated Easement Area shown in the Payment Schedule located within the Cable Option Area [and shown on the Plan]. Normally expected to be 60 metres or where required wider at each point, on either side where the cables cross a third-party cable, road, railway, river, watercourse, pipe, ditch or other physical obstacle along the section of the cables up to XX metres.
9.	**Final Easement Area**	The area of the as laid position of the easement, to be determined once the cables have been installed, and shown on a plan to be attached to the final Deed of Grant.
10.	**Easement Term**	In perpetuity.
11.	**Cables**	An electricity supply for the transmission of electricity either buried or in one or more ducts or trenching comprising two or more cables and fibre optic cables, lines and associated apparatus to include joints, joint bays, link pillars, marking bands, protective tiles, warning tape, sheaths, tubes or similar and cable markers as have been laid or are to be laid and includes any apparatus and works associated therewith and all signal and other cables and all wrapping and any other equipment constructed on or about or adjacent to the cables and any manhole covers and any ancillary apparatus and works.
12.	**Cable Depth**	The cables will generally be laid so as to avoid continued interference with normal agricultural operations as far as reasonably practicable. The cables shall be laid to contour with a depth of cover not less than [0.9] metres from the original surface to the top of the protective tile above the cables, except where necessary for good engineering reasons and with the agreement of The Grantor and/or occupier if relevant, such agreement not to be unreasonably withheld or delayed.
13.	**Consideration**	The consideration for the rights granted in the Option Agreement and Deed of Grant will be calculated on the basis of [80% of agreed agricultural land

		value] [50% of agreed value for non – agricultural land] the Final Easement Area ("Agreed Value") and will be paid in the following tranches: (f) 25% of the Agreed Value on exchange of the Option Agreement ("the **Option Payment**"); (g) 50% of the Agreed Value on service of the Construction Notice ("the **Construction Notice Entry Payment**"); (h) 25% of the Agreed Value on completion of the Deed of Grant ("the **Balancing Payment**"). The consideration initially agreed will be based on the Anticipated Easement Area. If the Final Easement Area increases from the Anticipated Easement Area once the Option Agreement is entered into, the Option Agreement provides for an adjustment to the Balancing Payment to increase the overall consideration. The Consideration is detailed in the Payment Schedule together with the payment for any link pillar enclosure.
14.	**Completion**	The actual completion of the Deed of Grant pursuant to the terms of the Option Agreement shall be 20 working days after the date of service of the Completion Notice.
15.	**Incentive Payment**	**Incentive Payments for Permanent Rights** An incentive payment of 20% of the consideration payable to the Grantor under the Option Agreement for the underground cables is payable in the following circumstances: These heads of terms are returned to the Grantee agreed and signed by the Grantor within an 8 week period of issue by the Grantee to the Grantor; and The Option Agreement is exchanged within 12 weeks of the date that the draft Option Agreement is sent to the Grantor's Solicitor to the email address of the individual named in these heads of terms by the Grantee's Solicitor.

THESE ARE TEMPLATE HEADS OF TERMS FOR THE NORWICH TO TILBURY PROJECT. FORMAL POPULATED HEADS OF TERMS WILL BE ISSUED IN DUE COURSE

PAYMENT SCHEDULE

Easement Calculation	Total
Total Easement Consideration Length of Cable: [●] metres Easement Area: [●] acres Land Value: [●] per acre **Total Payment based on [80%] / [50%] of land value: £**[●] **Incentive Payment based on 20% of the Total Payment: £**[●] **TOTAL PAYMENT**	**£**[●]
Initial Payment 25% payable on exchange of Option Agreement to Grant an Easement	**£**[●]
Entry Payment 50% payable on taking entry onto land for construction under Option Agreement to Grant an Easement	**£**[●]
Easement Completion Payment 25% payable on completion of Easement following construction together with any other payment already agreed ("the Balancing Payment").	**£**[●]
Other apparatus	
Above ground apparatus (link pillar enclosure or similar)	**£500 per enclosure**

All payments are subject to CPI increase from the date of completion of the Option Agreement for Easement until payment (using the CPI data available at the date of payment).

III. OVERHEAD LINE [OPTIONAL PAGE]

1.	**Option Agreement/Deed of Grant**	The Grantor and The Grantee will enter into an Option Agreement to acquire a permanent Deed of Grant relating to electric lines and where relevant towers and ancillary apparatus ("**OHL**"). The Option Agreement will provide that the Grantee can call for a Deed of Grant within the OHL Option Area. The Option Agreement will contain rights to install and construct the OHL anywhere within the OHL Option Area and rights over the Grantor's Land referred to in the Option Agreement. During and after construction of the OHL, the Grantee shall have the benefit of the rights referenced in the Deed of Grant and the Grantor obligations contained in the Deed of Grant. The Option Agreement will contain an irrevocable power of attorney clause appointing the Grantee as attorney to execute the Deed of Grant. This is to ensure that the Deed of Grant is entered into once the installation of the OHL is completed and will only be exercised in the event that the Grantor defaults. Completion of the Deed of Grant will take place once the OHL has been installed and the as-built plans showing the route of the OHL are available.
2.	**OHL Option Area**	Shown [shaded XXX] on the Plan
3.	**Rights in the Deed of Easement**	The Deed of Easement will contain rights to use, maintain, replace the OHL and will include rights of access and drainage over the Grantor's Land, and restrictions over the land within the Easement to protect the cables.
4.	**Temporary Rights for cable Installation / Construction Works**	The Grantee requires entry onto the OHL Option Area for the purposes of construction and associated works and to carry out all works required by the Grantee to construct and render operational the OHL including without limitation ancillary works of excavation, creation of temporary access roads, resurfacing, protecting, testing and drainage works including any de-watering works. Entry onto the OHL Option Area shall be after 14 days' written notice (the "Construction Notice") and after the Entry Payment has been made.
5.	**Reinstatement**	Following completion of the installation of the OHL, the Grantee will reinstate the OHL Option Area to the Grantor's reasonable satisfaction and to the reasonable satisfaction of the occupier, if applicable and provided that this is not contrary to the Grantor's reasonable satisfaction, having carried out a photographic pre-entry schedule of condition. A copy of the pre-entry schedule of condition will be provided to the Grantor (and the Grantor's Agent).
6.	**Land Drainage**	The Grantor is (where possible) to make available plans of any existing drainage schemes to the Grantee in advance of construction works. The Grantee shall ensure where reasonable and appropriate the land drainage systems on the Grantor's Land are left in no worse condition than before the date of entry for construction and associated works, or if to the extent that such damage cannot be made good and where not practical to do so, the Grantor will be compensated.

7.	**Construction Best Practice for OHL**	All Project works will be carried out in adherence to National Grid's Construction Best Practice for Overhead Line Installation.
8.	**Anticipated OHL**	Anticipated OHL is shown in the Payment Schedule, located within the OHL Option Area [and shown on the Plan].
9.	**Final OHL**	To be determined once the OHL has been installed and shown on a plan to be attached to the final Deed of Grant.
10.	**Easement Term**	In perpetuity.
11.	**OHL**	The overhead lines (shown in the indicative positions approximately indicated by [a] solid [XXX] line[s] on the Plan and subject to their maximum swing shown approximately with a dashed XXX line) for transmitting electricity for the purposes of its or their operations together with an earth wire[s] fibre optic cables (in connection with the use of the Grantee's Undertaking only) [and the Towers (if any) for supporting the same] together with such ancillary equipment and apparatus as may be required by the Grantee
12.	**Consideration**	The consideration for the rights granted in the Option Agreement and Deed of Grant will be calculated and payable in accordance with the Grantee's Land Rights Strategy and detailed in the Payments Schedule and will be paid in the following tranches: (a) 25% of the Agreed Value on exchange of the Option Agreement ("the **Option Payment**"); (b) 50% of the Agreed Value on service of the Construction Notice ("the **Construction Notice Entry Payment**"); (c) 25% of the Agreed Value on completion of the Deed of Grant ("the **Balancing Payment**"). The consideration initially agreed will be based on the Anticipated OHL. If the Final OHL increases from the Anticipated OHL once the Option Agreement is entered into, the Option Agreement provides for an adjustment to the Balancing Payment to increase the overall consideration.
13.	**Completion**	The actual completion of the Deed of Grant pursuant to the terms of the Option Agreement shall be 20 working days after the date of service of the Completion Notice.
14.	**Incentive Payment**	**Incentive Payments for Permanent Rights** An Incentive Payment of 20% of the consideration payable to the Grantor for the electric lines and where relevant towers and ancillary apparatus under the Option Agreement is payable in the following circumstances: These heads of terms are returned to the Grantee agreed and signed by the Grantor within an 8 week period of issue by the Grantee to the Grantor; and The Option Agreement is exchanged within 12 weeks of the date that the draft Option Agreement is sent to the Grantor's Solicitor to the e mail address of the individual named in these heads of terms by the Grantee's Solicitor.

PAYMENT SCHEDULE

Asset/Land/Rights	Number/Length/Area	Rate	Total
New Tower - Arable Land	**X**	**£8,000**	**£**[●]
New Tower – Permanent Grass Land	**X**	**£6,000**	**£**[●]
Note that the following oversail payments only apply where no tower rights are required			
New Oversail: 100m+	**X**	**£1,000**	**£**[●]
New Oversail: 50-99m	**X**	**£750**	**£**[●]
New Oversail: 0-49m	**X**	**£500**	**£**[●]
Incentive Payment based on 20% of total of above payment(s)			
Total			**£**[●]
Initial Payment 25% payable on exchange of Option Agreement to Grant an Easement			**£**[●]
Entry Payment 50% payable on taking entry onto land for construction under Option Agreement to Grant an Easement			**£**[●]
Easement Completion Payment 25% payable on completion of Easement following construction together with any other payment already agreed ("the Balancing Payment").			**£**[●]

IV. [TEMPORARY COMPOUND] [WORKS] LEASE [OPTIONAL PAGE]

1.	**Option for Temporary Works Compound(s)**	The Grantor agrees to grant to the Grantee an option and subsequent lease affecting that part of the Grantor's Land shown on the Option Agreement Plan (the "**[Temporary Compound][Works] Lease Option Area**") for the purposes of a [Temporary Compound] [Works Area]. The Grantee may exercise the option at any time during the Option Period by serving a Construction Notice on the Grantor. Completion of the lease of the whole or part of the [Temporary Compound][Works] Lease Option Area will take place 20 working days after the exercise of the Option. The Grantee shall then be entitled to take occupation of the [Temporary Compound][Works] Lease Option Area to carry out all works associated with a [Temporary Compound][Works Area], including temporary storage of plant or equipment and machinery, offices, portacabins, welfare facilities including toilets, electricity generators and vehicular parking and (where necessary) any other use in connection with the Scheme (but excluding residential use), use for a temporary means of access with or without vehicles, plant, machinery and equipment in connection with the Scheme and any use in connection with the works. The Construction Notice will include a plan showing the extent of the land to be leased and details of the annual rental to be paid based on the area to be leased. The rent payable under the Lease will be £X per square metre/annum, payable from the date of completion of the Lease. The term of the Lease will be for [X years/months] [with the ability for the Grantee to extend for a period of up to [X years/months]]. The Lease will be excluded from the security of tenure provisions of the Landlord and Tenant Act 1954. The Grantee shall have the right to terminate the Lease at any time upon the service of not less than 3 months' notice on the Grantor.
2.	**Topsoil**	The Tenant may remove topsoil and lay a suitable ground stabilisation, compound surface or similar on the demised land. Any soil removed will be stored and maintained for re-use in connection with restoration.
3.	**Buildings**	The Grantee shall not construct any permanent buildings.
4.	**Reinstatement**	The Lease will provide for the Grantee to restore the area leased to the reasonable satisfaction of the Grantor and having carried out a photographic pre-entry schedule of condition. A copy of the pre-entry schedule of condition will be provided to the Grantor (and the Grantor's Agent) before commencement of construction. In the alternative the Grantee will pay compensation.
5.	**Rent**	Payable annually in advance from the date of completion of the lease.

THESE ARE TEMPLATE HEADS OF TERMS FOR THE NORWICH TO TILBURY PROJECT. FORMAL POPULATED HEADS OF TERMS WILL BE ISSUED IN DUE COURSE

Reference: [●]

Date of issue: [●]

PAYMENT SCHEDULE

Area (square metres)	Rate per square metre	Payment £
XX	£X per m2 /annum	£XX

V. [PERMANENT] [TEMPORARY] [ACCESS] [DRAINAGE] EASEMENT [OPTIONAL PAGE]

1.	**Option Agreement/Deed of Grant**	The Grantor and The Grantee will enter into an Option Agreement to acquire a [permanent] [temporary] Deed of Grant relating to [drainage systems] [access ways] and ancillary apparatus. The Option Agreement will provide that the Grantee can call for a Deed of Grant within the [Access] [Drainage] Option Area. The Option Agreement will contain rights to lay, install and construct the [drainage systems] [access ways] and ancillary apparatus anywhere within the [Access] [Drainage] Option Area and rights over the Grantor's Land set out in these heads of terms. During and after construction of [drainage systems] [access ways], the Grantee shall have the benefit of the rights referenced in the Deed of Grant and the Grantor obligations contained in the Deed of Grant. The Option Agreement will contain an irrevocable power of attorney clause appointing the Grantee as attorney to execute the Deed of Grant. This is to ensure that the Deed of Grant is entered into once the installation of the cable(s) is completed and will only be exercised in the event that the Grantor defaults. Where the Deed of Grant is in perpetuity completion of the Deed of Grant will take place once the [drainage systems] [access ways] and the ancillary apparatus has been installed and the as-built plans showing the route of the [drainage systems] [access ways] are available ("**Final Easement Area**").
2.	**[Access] [Drainage] Option Area**	Shown [shaded XXX] on the Plan.
3.	**Rights in the Deed of Easement**	The Deed of Easement will contain rights to use, maintain, replace the [drainage systems] [access ways] and associated apparatus and will include rights of access and drainage over the Grantor's Land, and restrictions over the land within the Easement to protect the [drainage systems] [access ways].
4.	**Temporary Rights for [drainage systems] [access ways] Installation / Construction Works**	The Grantee requires entry onto the [Access] [Drainage] Option Area for the purposes of construction and associated works and to carry out all works required by the Grantee to construct, lay, and render operational the [drainage systems] [access ways] including without limitation ancillary works of excavation, creation of temporary access roads, resurfacing, protecting, testing and drainage works including any de-watering works. Entry onto the [Access] [Drainage] Option Area shall be after 14 days written notice (the "**Construction Notice**") and after the Entry Payment has been made.
5.	**Reinstatement**	Following completion of the installation of the [drainage systems] [access ways] and all associated apparatus, the Grantee will reinstate the [Access] [Drainage] Option Area to the Grantor's reasonable satisfaction and to the reasonable satisfaction of the occupier, if applicable and provided that this is not contrary to the Grantor's reasonable satisfaction, having carried out a photographic pre-entry schedule of condition. A copy of the pre-entry

		schedule of condition will be provided to the Grantor (and the Grantor's Agent) before commencement of construction.
6.	**Land Drainage**	The Grantor is (where possible) to make available plans of any existing drainage schemes to the Grantee in advance of construction works. The Grantee shall ensure where reasonable and appropriate the land drainage systems on the Grantor's Land are left in no worse condition than before the date of entry for construction and associated works, or if to the extent that such damage cannot be made good and where not practical to do so, the Grantor will be compensated.
7.	**Anticipated Easement Area**	Anticipated Easement Area shown in the Payment Schedule located within the [Access][Drainage] Option Area [and shown on the Plan].
8.	**Final Easement Area**	The area of the as laid position of the easement, to be determined once the [drainage works] [access ways] have been installed and shown on a plan to be attached to the final Deed of Grant.
9.	**Easement Term**	[In perpetuity]. [[●] Years]
10.	**Consideration**	The consideration is detailed in the Payments Schedule and will be paid in the following tranches: (a) [25% of the Agreed Value on exchange of the Option Agreement ("the **Option Payment**"); (b) 50% of the Agreed Value on service of the Construction Notice ("the **Construction Notice Entry Payment**"); (c) 25% of the Agreed Value on completion of the Deed of Grant ("the **Balancing Payment**").] ***OR*** [(a) 25% of the Agreed Value on exchange of the Option Agreement ("the **Option Payment**"); (b) 75% of the Agreed Value on service of the Construction Notice ("the **Construction Notice Entry Payment"**).] The consideration initially agreed will be based on the Anticipated Easement Area. If the Final Easement Area increases from the Anticipated Easement Area once the Option Agreement is entered into, the Option Agreement provides for an adjustment to the Balancing Payment to increase the overall consideration.
11.	**Completion**	[Where the Deed of Grant is in perpetuity the actual completion of the Deed of Grant pursuant to the terms of the Option Agreement and shall be 20 working days after the date of service of the Completion Notice.] [Where the Deed of Grant is for a period of years actual completion of the Deed of Grant shall take place 14 days after service of the Construction Notice].

THESE ARE TEMPLATE HEADS OF TERMS FOR THE NORWICH TO TILBURY PROJECT. FORMAL POPULATED HEADS OF TERMS WILL BE ISSUED IN DUE COURSE

Summer 2025

Data privacy notice

National Grid Electricity Transmission plc ('National Grid') is committed to protecting your personal information.

Whenever you provide such information, we are legally obliged to use it in line with all applicable laws concerning the protection of personal data, including the UK General Data Protection Regulation (GDPR).

How will National Grid use the information we collect about you?
We will use your personal data collected via this consultation for a number of purposes, including:

- to analyse your feedback to the consultation
- to produce a Consultation Report, based on our analysis of responses (individuals will not be identified in the report)
- to write to you with updates about the results of the consultation and other developments
- to keep up-to-date records of our communications with individuals and organisations.

Any personal information you include in this form will be handled and used by (or made available to) the following recipients to record, analyse and report on the feedback we receive:

- National Grid
- the Planning Inspectorate (which will administer our application for consent to build the project – any details published as part of this process will be anonymised)
- the Secretary of State (who will take the decision on our application)
- our legal advisers
- consultants working on the project.

What rights do I have over my personal data?
Under the terms of the UK GDPR you have certain rights over how your personal data is retained and used by National Grid. For more information, see our full data privacy statement: https://www.nationalgrid.com/privacy-policy

Norwich to Tilbury

Guide to Our Plans

Summer 2025

Introduction

This document has been produced by National Grid Electricity Transmission plc ('National Grid') to provide guidance on interacting with the draft landowner plans on Norwich to Tilbury (hereafter referred to as the 'Project').

To help explain and visualise the emerging proposals for the Project on your land holdings, we have prepared a series of landowner plans. This guide provides more detail about the plans that are available and what is shown on each plan.

Draft Proposed Land Use

Draft Order Limits (Red Line Boundary)

- Land and Property that may be required for construction and/or operation of the Project

Zone for Permanent Assets

- Areas of the Draft Order Limits that may contain new permanent infrastructure (i.e. pylons, conductors, underground cables, CSE compounds, substations, permanent accesses, and environmental mitigation);
- This layer does not include third-party Statutory Undertaker works

Zone for construction, operation and maintenance

- Areas of the draft Order Limits that are required for the construction, operation and maintenance of the Project
- This reflects National Grid and Statutory Undertaker works

Statutory Undertaker works

- Indicative work areas required to divert, underground or protect existing third-party statutory undertaker assets, to facilitate the Project (i.e. communications and electricity wood pole overhead lines, electricity lattice pylon overhead lines and buried pipelines for gas, oil, sewage and water etc

Environmental Areas

- Preliminary areas identified for environmental mitigation and/or Biodiversity Net Gain (BNG)

Draft Proposed Project Design Details

New Lattice Pylon

- Structures that support the overhead line (conductors)
- There are two types of lattice pylons; **suspension**: where the conductors are simply suspended from the pylon and **tension (angle):** where the overhead line changes direction

New Gantry

- An overhead bridge-like structure supporting electrical equipment (these are lower height structures - typically up to 15 m in height). A transition point from overhead line equipment to equipment in a substation or cable sealing end compound

New Full Line Tension Gantry 

- An overhead bridge-like structure supporting electrical equipment (these are lower height structures - typically up to 15 m in height). A transition point from overhead line equipment to equipment in a substation or cable sealing end compound

New Overhead Line

- Conductors (wires) carrying electric current, strung from pylon to pylon

New Underground Cable Swathe Centreline

- The indicative centreline for the underground cable construction swathe

New Underground Cable Construction Swathe 

- Typically, a 120 m wide swathe to allow for installation of the cable, through standard opencut methods. The construction swathe widens where trenchless methods are anticipated

New Underground Cable Trenchless Crossing 

- Locations where the underground cable installation method is proposed as trenchless (or potentially so) e.g. under main rivers and railways

Existing Substation Boundary 

- Extent of existing substation

Proposed Substation Boundary 

- Extent of new substation works

Cable Sealing End Compound (CSEC) Boundary 

- Extent of proposed CSE compounds. CSE compounds contain equipment needed to transfer transmission circuits between underground cables and overhead lines

Permanent Access Route (incl. Visibility Splays) 

- Permanent operation and maintenance access

Existing NG/DNO Lattice Pylon and/or Overhead Line (to be dismantled / to be modified 

- Shows specific Distribution Network Operator (DNO) lattice pylon alignments and pylon positions to be dismantled/modified

Temporary Works

Temporary NG/DNO lattice pylon and/or overhead line 

- Shows specific temporary Distribution Network Operator (DNO) lattice pylon alignments and pylon positions

Site Access, Crossover Points and Visibility Splays 

- Site Access - The location on a Primary Access Route where construction vehicles will transition between the local road network (LRN) and haul roads/working areas
- Crossover Points - Locations where haul roads cross the LRN but are not generally proposed for construction HGVs to transition to or from the LRN
- An area proposed to be kept clear of visual obstructions that would impact the ability to see approaching traffic at a junction

Haul Roads (incl. to the UGC, CSEC, and Substation)

- Temporary roads provided outside of the existing Public Highway. These routes will be managed by National Grid and link the site access points to the working areas. For access to construction works on overhead lines, underground cables, CSE compounds and substations

Crossing Protection Work Area

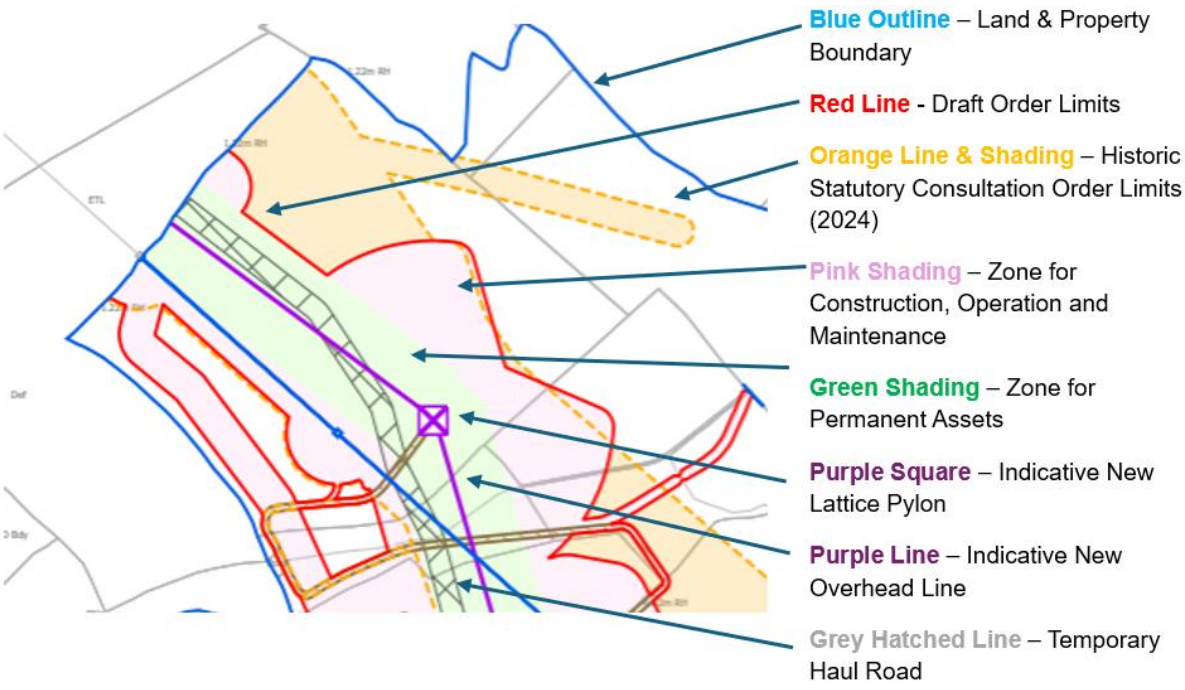
- Work area required to install scaffolding, required to provide a netted protection of crossings when installing the conductors (e.g. public highways and railways crossings)

Construction Compound

- The type, size and what is included at each compound is subject to the works it is facilitating but may include: the working yard / storage area, parking, offices, reception, break out areas, toilets/showers/changing facilities, kitchen/canteen, visitors centre, induction/training room and drying room

Construction Laydown Area

- Areas identified for general construction activities (e.g. for temporary holding of materials)



Reference Only Layers (Historic)

Statutory Consultation Project Order Limits (2024)

- Layer representative of the historic Order Limits published during the Statutory Consultation (2024);
- This layer has been included for reference only, and shows where we have reduced and/or re-aligned the Order Limits;
- Where this layer is included on the plans in isolation from other layers i.e. only the (a) orange dashed outline, (b) orange filled colour, and (c) Land & Property Boundary are present, this land and/or property is **no longer required for the Project.**

Example Plan

The illustration below includes some of the design layers presented in our plans, as described throughout this guide.

18th June 2025

Dear Sir/Madam

Landowner consultation on proposed changes to the project called Norwich to Tilbury concluding 11.59 pm 18 July 2025

Consultation notice under Sections 42 and 44 of the Planning Act 2008 (as amended)

The Infrastructure Planning (Applications and Prescribed Forms and Procedure) Regulations 2009 (as amended) (the "APFP Regulations")

Notification under the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017 (as amended) (the "EIA Regulations")

We are writing to you in relation to National Grid Electricity Transmission plc ("National Grid") proposed application for an order granting development consent to construct and operate the project called Norwich to Tilbury ("the Project").

From April to July 2024, we held a statutory public consultation, inviting landowners and local communities to share their views on our proposals. Furthermore, between 30 January and 17 April 2025 we undertook both statutory and non-statutory targeted consultations with landowners and local communities in certain locations along the route. We have carefully reviewed all the feedback and have identified some locations where we are minded to make changes to the proposals published to date.

Most of these latest proposed changes have been identified from the feedback we received at our statutory consultation in summer 2024 and our targeted consultations this year, alongside considerations given to information gathered via environmental and engineering surveys.

Based on our understanding of landownership, we believe you may have an interest in land and/or property impacted by these proposed changes and as such our consultation with you here is statutory under Section 42 and 44 of the Planning Act 2008 ("the Act").

The proposed changes that may impact your land holdings are shown on the enclosed plan. No final decisions have been made on the proposed changes.

This landowner consultation runs until **11:59 pm 18 July 2025.**

The Project

The Project is a proposal by National Grid to upgrade the electricity transmission system in East Anglia between Norwich and Tilbury, comprising:

- a new 400 kilovolt ("kV") electricity transmission connection of approximately 180 kilometres ("km") in overall length from Norwich Main Substation via Bramford Substation and a new Tilbury North Substation, into Tilbury Substation comprising:
    - approximately 159 km of new overhead line supported on approximately 510 steel lattice pylons (approximately 50 metres ("m") in height) some of which are gantries (typically up to 15 m in height) within proposed Cable Sealing End ("CSE") compounds, or existing or proposed substations; and
    - approximately 22 km of 400 kV underground cabling some of which is located through the Dedham Vale National Landscape (formerly known as Dedham Vale AONB);
- seven new CSE compounds, each with a permanent access, to connect the overhead lines to the underground cables;
- a new 400 kV East Anglia Connection Node ("EACN") substation, with a new permanent access, on the Tendring Peninsula. This is proposed to be an Air Insulated Switchgear ("AIS") substation;
- a new 400 kV Tilbury North Substation to the south of Orsett Golf Course in Thurrock with access options. This is proposed to be a Gas Insulated Switchgear (GIS) substation;
- modifications to the existing National Grid Electricity Transmission overhead lines, including into and out of the new 400 kV Tilbury North and access options.
- substation extension works at the existing Norwich Main and Bramford substations to connect and support operation of the new transmission connection; and
- temporary works associated with the construction of the Project

Third party utilities diversions and/or modifications would also be required to facilitate the construction of the Project. There would also be land required for mitigation, compensation and enhancement of the environment including Biodiversity Net Gain.

As well as the permanent infrastructure, land would also be required temporarily for construction activities including, for example, working areas for construction equipment and machinery, site offices, welfare, storage and temporary construction access.

The Project would be designed, constructed and operated in accordance with applicable health and safety legislation. The Project would also need to comply with design safety standards including the National Electricity Transmission System ("NETS") Security and Quality of Supply Standard, which sets out the criteria and methodology for planning and operating the NETS. This informs a suite of National Grid policies and processes, which contain details on design standards required to be met when designing, constructing and operating assets such as proposed for the Project.

Norwich to Tilbury will play a vital role in delivering electricity efficiently, reliably, and safely and will support the UK's move to reduce carbon emissions. We are committed to working with local communities as we develop our plans.

National Grid expects the Project to be classified as a Nationally Significant Infrastructure Project ("NSIP"), as defined under Part 3 of the Act, and to require consent from the Secretary of State via a development consent order ("DCO"). The development consent being sought would include a number of other provisions, including those for the compulsory acquisition of land and interests in and rights over land, overriding easements and other rights, the temporary use of land, and other ancillary powers, if necessary, to construct and maintain the Project.

The Project is an Environmental Impact Assessment ("EIA") development, as defined by the EIA Regulations and is currently in the pre-application stage of the DCO application process.

Enclosed with this letter

Enclosed with this letter is a plan(s) of our latest proposals as they relate to your land holding, a guide to reading plans, information regarding data protection, a landowner feedback questionnaire and a freepost envelope. Digital plans showing your land interests are available on request from Fisher German using the contact details at the end of this letter.

Further information on the Project

Further general information on the Project and copies of our previous consultation materials can be found on our website at: nationalgrid.com/norwich-to-tilbury

The 'Document Library' tab on the Project website includes all information related to the Project that has previously been consulted on and which remains relevant. This includes:

Material published as part of the summer 2024 statutory consultation:

- Project Background Document
- Copy of the notice published as part of the summer 2024 statutory consultation under Section 48 of the Act (as the Project is 'EIA Development' for the purposes of the EIA Regulations and as required by Regulation 4 of the APFP Regulations)
- 2024 PEIR and non-technical summary of the 2024 PEIR
- Project maps/Project area maps showing the extent of the Project
- Statement of Community Consultation

Material published during targeted consultations in 2025:

- Targeted Statutory Consultation Strategy
- Targeted Consultation Strategy
- Targeted consultation feedback questionnaire
- Targeted consultation overview map
- Consultation leaflet for each of the targeted consultation locations
- Environmental Impacts of Change document for each of the targeted consultation locations

Please note that the consultation documents on our website refer to deadlines for responding. These deadlines do not apply to any responses you wish to send to us in respect of this letter. Details of how you can respond to this letter are outlined below.

Responding to the consultation

As a person with an interest in land, we would welcome any feedback you might have on how the proposed changes may impact your land interest as well as any comments on the proposed Project.

The deadline for submitting feedback is **11:59pm 18 July 2025**.

Email

Responses to this consultation via the feedback questionnaire or free text response, can be submitted via email to Norwich-Tilbury@fishergerman.co.uk.

Post

Alternatively, you can return a printed copy of the landowner feedback questionnaire via **FREEPOST N TO T** (please write this in capitals, you do not need a stamp).

Meeting

We understand you (and/or your professional representative) may have met with Fisher German before, or attended one of the consultation events we have held, to discuss the Project.

However, if you would like to arrange a further meeting to discuss the contents of this letter, its enclosures, and/or the wider Project, please get in touch with using the details below.

Telephone: 0808 1753 314

Email: Norwich-Tilbury@fishergerman.co.uk

Technical Documents

Requests for paper copies of the technical documents published on the Project website will be reviewed on a case by-case basis. To cover printing costs a reasonable copying charge may apply, to be paid for by the recipient and up-to a maximum value of £500 for the whole suite of consultation documents.

Please get in touch with us using the details below if you would like a printed or alternative format copy of materials.

Telephone: 0808 1753 314

Email: Norwich-Tilbury@fishergerman.co.uk

Next Steps

We will consider all comments received relating to our proposals. Furthermore, there will also be an opportunity for you to give your views on our proposals, once our application has been submitted. You would make these comments directly to the Planning Inspectorate whilst our application is being examined.

We may be required to make copies of representations available to the Secretary of State. However, we will request that personal details are not placed on the public record. Personal details will be held securely in accordance with the relevant data protection legislation and will be used solely in connection with the consultation process and the development of this Project and, except as noted above, will not be disclosed to any third parties.

National Grid's privacy policy can be found on its website: https://www.nationalgrid.com/privacy-policy.

If you have any questions about the Project, please do not hesitate to contact us at the above postal or email address.

We look forward to hearing from you.

Yours faithfully

Project Director

Norwich to Tilbury Targeted Landowner Consultation Summer 2025
Feedback questionnaire

Norwich to Tilbury is a proposal for a new electricity transmission connection. It will play an important part in connecting new sources of more affordable, low carbon electricity from where it is generated to where it is needed.

From April to July 2024, we held a statutory public consultation, inviting local communities to share their views on our proposals. Furthermore, between 30 January and 17 April 2025 we undertook both statutory and non-statutory targeted consultations with landowners and local communities in certain locations along the route. We have carefully reviewed all the feedback and have identified some locations where we are minded to make changes to the proposals published to date.

As a result of these changes, we believe our project order limits will extend into a section of your land and would like to invite you to provide further feedback on our proposals.

Responding to the consultation

As a person with an interest in land, we would welcome any feedback you might have on how the proposed changes may impact your land interest as well as any comments on the proposed Project.

The deadline for submitting feedback is **11:59pm 18 July 2025.**

Meeting

We encourage recipients of this letter to arrange a meeting with Fisher German (booking by telephone 0808 1753 314 or by email Norwich-Tilbury@fishergerman.co.uk). This meeting can be held on Microsoft Teams (or equivalent), by telephone, or face-to-face.

Email

Responses to this consultation via the feedback questionnaire or free text response, can be submitted via email to Norwich-Tilbury@fishergerman.co.uk.

Post

A freepost envelope has been included in the pack of materials you have been sent so that you can return the second page of this questionnaire to us by post.

Alternatively, you can use a different envelope addressed to **FREEPOST N TO T** (please write this in capitals, you do not need a stamp).

For more information on how our proposals have been developed and to view information published during previous consultations, please see our project website www.nationalgrid.com/norwich-to-tilbury

Data Privacy

Dear XXX,

National Grid – Norwich to Tilbury – Voluntary Negotiations

The Norwich to Tilbury project is preparing to submit a Development Consent Order application, which will include provisions which would enable National Grid to acquire land, and rights over land.

Based on our understanding of landownership, we believe you may have an interest in land and/or property within the Project's order limits. ***The order limits refer to land that may be temporarily or permanently required for the construction and/or operation of the project.***

We are therefore writing to you to confirm National Grid are seeking to enter into voluntary negotiations regarding the acquisition of land, and any rights over land, that are required for the Project. In line with National Grid's Land Rights Strategy, a copy of which is enclosed, National Grid's preference is to acquire rights on a voluntary basis.

We would also welcome discussions on key considerations for landowners in respect of how the current proposals impact their occupation and use of the land. This is to inform the Project, so that wherever possible National Grid can consider appropriate accommodation and mitigation works as part of the Norwich to Tilbury construction and operational phases, should they be granted a Development Consent Order.

Key items we would like to discuss are:

- Agricultural Land Drainage (Pre and Post Construction)
- Soil Handling and Management
- Farming Operations and associated accommodation works including haul road considerations
- Irrigation Systems
- Cropping and farmable areas
- Any other practical considerations pertaining to the day-to-day use of the land you own.

Should you wish to enter into negotiations for voluntary Heads of Terms, then reasonable and proportionate professional fees incurred by you would be covered by National Grid in line with the current published National Grid Payment of Surveyors' Fees document. A copy of this document can be found on the project website. Alternatively, an email and/or paper copy can be provided on request.

In the first instance we would welcome your expression of interest so that we can explain the process in more detail. If you are interested in exploring this further, please either email us on Norwich-Tilbury@fishergerman.co.uk or call 0808 1753 314 to arrange a meeting.

Yours faithfully

18th June 2025

Dear Sir/Madam

Targeted landowner consultation on proposed changes to the project called Norwich to Tilbury concluding 11:59pm 18 July 2025

Consultation notice under Sections 42 and 44 of the Planning Act 2008 (as amended)

The Infrastructure Planning (Applications and Prescribed Forms and Procedure) Regulations 2009 (as amended) (the "APFP Regulations")

Notification under the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017 (as amended) (the "EIA Regulations")

Targeted Landowner Consultation

We are writing to you in relation to National Grid Electricity Transmission plc ("National Grid") proposed application for an order granting development consent to construct and operate the project called Norwich to Tilbury ("the Project").

From April to July 2024, we held a statutory public consultation, inviting landowners and local communities to share their views on our proposals. Furthermore, between 30 January and 17 April 2025 we undertook both statutory and non-statutory targeted consultations with landowners and local communities in certain locations along the route. We have carefully reviewed all the feedback and have identified some locations where we are minded to make changes to the proposals published to date.

Most of these latest proposed changes have been identified from the feedback we received at our statutory consultation in summer 2024 and our targeted consultations this year, alongside considerations given to information gathered via environmental and engineering surveys.

Based on our understanding of landownership, we believe you may have an interest in land and/or property impacted by these proposed changes and as such our consultation with you here is statutory under Section 42 and 44 of the Planning Act 2008 ("the Act").

The proposed changes that may impact your land holdings are shown on the enclosed plan. No final decisions have been made on the proposed changes.

This landowner consultation runs until **11:59 pm 18 July 2025.**

The Project

The Project is a proposal by National Grid to upgrade the electricity transmission system in East Anglia between Norwich and Tilbury, comprising:

- a new 400 kilovolt ("kV") electricity transmission connection of approximately 180 kilometres ("km") in overall length from Norwich Main Substation via Bramford Substation and a new Tilbury North Substation, into Tilbury Substation comprising:
    - approximately 159 km of new overhead line supported on approximately 510 steel lattice pylons (approximately 50 metres ("m") in height) some of which are gantries (typically up to 15 m in height) within proposed Cable Sealing End ("CSE") compounds, or existing or proposed substations; and
    - approximately 22 km of 400 kV underground cabling some of which is located through the Dedham Vale National Landscape (formerly known as Dedham Vale AONB);
- seven new CSE compounds, each with a permanent access, to connect the overhead lines to the underground cables;
- a new 400 kV East Anglia Connection Node ("EACN") substation, with a new permanent access, on the Tendring Peninsula. This is proposed to be an Air Insulated Switchgear ("AIS") substation;
- a new 400 kV Tilbury North Substation to the south of Orsett Golf Course in Thurrock with access options. This is proposed to be a Gas Insulated Switchgear (GIS) substation;
- modifications to the existing National Grid Electricity Transmission overhead lines, including into and out of the new 400 kV Tilbury North and access options.
- substation extension works at the existing Norwich Main and Bramford substations to connect and support operation of the new transmission connection; and
- temporary works associated with the construction of the Project

Third party utilities diversions and/or modifications would also be required to facilitate the construction of the Project. There would also be land required for mitigation, compensation and enhancement of the environment including Biodiversity Net Gain.

As well as the permanent infrastructure, land would also be required temporarily for construction activities including, for example, working areas for construction equipment and machinery, site offices, welfare, storage and temporary construction access.

The Project would be designed, constructed and operated in accordance with applicable health and safety legislation. The Project would also need to comply with design safety standards including the National Electricity Transmission System ("NETS") Security and Quality of Supply Standard, which sets out the criteria and methodology for planning and operating the NETS. This informs a suite of National Grid policies and processes, which contain details on design standards required to be met when designing, constructing and operating assets such as proposed for the Project.

Norwich to Tilbury will play a vital role in delivering electricity efficiently, reliably, and safely and will support the UK's move to reduce carbon emissions. We are committed to working with local communities as we develop our plans.

National Grid expects the Project to be classified as a Nationally Significant Infrastructure Project ("NSIP"), as defined under Part 3 of the Act, and to require consent from the Secretary of State via a development consent order ("DCO"). The development consent being sought would include a number of other provisions, including those for the compulsory acquisition of land and interests in and rights over land, overriding easements and other rights, the temporary use of land, and other ancillary powers, if necessary, to construct and maintain the Project.

The Project is an Environmental Impact Assessment ("EIA") development, as defined by the EIA Regulations and is currently in the pre-application stage of the DCO application process.

Enclosed with this letter

Enclosed with this letter is a plan(s) of our latest proposals as they relate to your land holding, a guide to reading plans, information regarding data protection, a landowner feedback questionnaire and a freepost envelope. Digital plans showing your land interests are available on request from Fisher German using the contact details at the end of this letter.

Further information on the Project

Further general information on the Project and copies of our previous consultation materials can be found on our website at: nationalgrid.com/norwich-to-tilbury

The 'Document Library' tab on the Project website includes all information related to the Project that has previously been consulted on and which remains relevant. This includes

Material published as part of the summer 2024 statutory consultation:

- Project Background Document
- Copy of the notice published as part of the summer 2024 statutory consultation under Section 48 of the Act (as the Project is 'EIA Development' for the purposes of the EIA Regulations and as required by Regulation 4 of the APFP Regulations)
- 2024 PEIR and non-technical summary of the 2024 PEIR
- Project maps/Project area maps showing the extent of the Project
- Statement of Community Consultation

Material published during targeted consultations in 2025:

- Targeted Statutory Consultation Strategy
- Targeted Consultation Strategy
- Targeted consultation feedback questionnaire
- Targeted consultation overview map
- Consultation leaflet for each of the targeted consultation locations
- Environmental Impacts of Change document for each of the targeted consultation locations

Please note that the consultation documents on our website refer to deadlines for responding. These deadlines do not apply to any responses you wish to send to us in respect of this letter. Details of how you can respond to this letter are outlined below.

Responding to the consultation

As a person with an interest in land, we would welcome any feedback you might have on how the proposed changes may impact your land interest as well as any comments on the proposed Project.

The deadline for submitting feedback is **11:59pm 18 July 2025**.

Email

Responses to this consultation via the feedback questionnaire or free text response, can be submitted via email to Norwich-Tilbury@fishergerman.co.uk.

Post

Alternatively, you can return a printed copy of the landowner feedback questionnaire via **FREEPOST N TO T** (please write this in capitals, you do not need a stamp).

Meeting

We understand you (and/or your professional representative) may have met with Fisher German before, or attended one of the consultation events we have held, to discuss the Project.

However, if you would like to arrange a further meeting to discuss the contents of this letter, its enclosures, and/or the wider Project, please get in touch with us using the details below.

Telephone: 0808 1753 314

Email: Norwich-Tilbury@fishergerman.co.uk

Technical Documents

Requests for paper copies of the technical documents published on the Project website will be reviewed on a case by-case basis. To cover printing costs a reasonable copying charge may apply, to be paid for by the recipient and up-to a maximum value of £500 for the whole suite of consultation documents.

Please get in touch with us using the details below if you would like a printed or alternative format copy of materials.

Telephone: 0808 1753 314

Email: Norwich-Tilbury@fishergerman.co.uk

Next Steps

We will consider all comments received relating to our proposals. Furthermore, there will also be an opportunity for you to give your views on our proposals, once our application has been submitted. You would make these comments directly to the Planning Inspectorate whilst our application is being examined.

We may be required to make copies of representations available to the Secretary of State. However, we will request that personal details are not placed on the public record. Personal details will be held securely in accordance with the relevant data protection legislation and will be used solely in connection with the consultation process and the development of this Project and, except as noted above, will not be disclosed to any third parties.

National Grid's privacy policy can be found on its website: https://www.nationalgrid.com/privacy-policy.

If you have any questions about the Project, please do not hesitate to contact us at the above postal or email address.

We look forward to hearing from you.

Yours faithfully

Project Director

Data privacy notice

National Grid Electricity Transmission plc ('National Grid') is committed to protecting your personal information.

Whenever you provide such information, we are legally obliged to use it in line with all applicable laws concerning the protection of personal data, including the UK General Data Protection Regulation (GDPR).

How will National Grid use the information we collect about you?
We will use your personal data collected via this consultation for a number of purposes, including:

- to analyse your feedback to the consultation
- to produce a Consultation Report, based on our analysis of responses (individuals will not be identified in the report)
- to write to you with updates about the results of the consultation and other developments
- to keep up-to-date records of our communications with individuals and organisations.

Any personal information you include in this form will be handled and used by (or made available to) the following recipients to record, analyse and report on the feedback we receive:

- National Grid
- the Planning Inspectorate (which will administer our application for consent to build the project – any details published as part of this process will be anonymised)
- the Secretary of State (who will take the decision on our application)
- our legal advisers
- consultants working on the project.

What rights do I have over my personal data?
Under the terms of the UK GDPR you have certain rights over how your personal data is retained and used by National Grid. For more information, see our full data privacy statement: https://www.nationalgrid.com/privacy-policy

Norwich to Tilbury

Guide to Our Plans

Summer 2025

Introduction

This document has been produced by National Grid Electricity Transmission plc ('National Grid') to provide guidance on interacting with the draft landowner plans on Norwich to Tilbury (hereafter referred to as the 'Project').

To help explain and visualise the emerging proposals for the Project on your land holdings, we have prepared a series of landowner plans. This guide provides more detail about the plans that are available and what is shown on each plan.

Draft Proposed Land Use

Draft Order Limits (Red Line Boundary)

- Land and Property that may be required for construction and/or operation of the Project

Zone for Permanent Assets

- Areas of the Draft Order Limits that may contain new permanent infrastructure (i.e. pylons, conductors, underground cables, CSE compounds, substations, permanent accesses, and environmental mitigation);
- This layer does not include third-party Statutory Undertaker works

Zone for construction, operation and maintenance

- Areas of the draft Order Limits that are required for the construction, operation and maintenance of the Project
- This reflects National Grid and Statutory Undertaker works

Statutory Undertaker works

- Indicative work areas required to divert, underground or protect existing third-party statutory undertaker assets, to facilitate the Project (i.e. communications and electricity wood pole overhead lines, electricity lattice pylon overhead lines and buried pipelines for gas, oil, sewage and water etc

Environmental Areas

- Preliminary areas identified for environmental mitigation and/or Biodiversity Net Gain (BNG)

Draft Proposed Project Design Details

New Lattice Pylon

- Structures that support the overhead line (conductors)
- There are two types of lattice pylons; **suspension**: where the conductors are simply suspended from the pylon and **tension (angle):** where the overhead line changes direction

New Gantry

- An overhead bridge-like structure supporting electrical equipment (these are lower height structures - typically up to 15 m in height). A transition point from overhead line equipment to equipment in a substation or cable sealing end compound

New Full Line Tension Gantry 

- An overhead bridge-like structure supporting electrical equipment (these are lower height structures - typically up to 15 m in height). A transition point from overhead line equipment to equipment in a substation or cable sealing end compound

New Overhead Line

- Conductors (wires) carrying electric current, strung from pylon to pylon

New Underground Cable Swathe Centreline

- The indicative centreline for the underground cable construction swathe

New Underground Cable Construction Swathe 

- Typically, a 120 m wide swathe to allow for installation of the cable, through standard opencut methods. The construction swathe widens where trenchless methods are anticipated

New Underground Cable Trenchless Crossing 

- Locations where the underground cable installation method is proposed as trenchless (or potentially so) e.g. under main rivers and railways

Existing Substation Boundary 

- Extent of existing substation

Proposed Substation Boundary 

- Extent of new substation works

Cable Sealing End Compound (CSEC) Boundary 

- Extent of proposed CSE compounds. CSE compounds contain equipment needed to transfer transmission circuits between underground cables and overhead lines

Permanent Access Route (incl. Visibility Splays) 

- Permanent operation and maintenance access

Existing NG/DNO Lattice Pylon and/or Overhead Line (to be dismantled / to be modified 

- Shows specific Distribution Network Operator (DNO) lattice pylon alignments and pylon positions to be dismantled/modified

Temporary Works

Temporary NG/DNO lattice pylon and/or overhead line 

- Shows specific temporary Distribution Network Operator (DNO) lattice pylon alignments and pylon positions

Site Access, Crossover Points and Visibility Splays 

- Site Access - The location on a Primary Access Route where construction vehicles will transition between the local road network (LRN) and haul roads/working areas
- Crossover Points - Locations where haul roads cross the LRN but are not generally proposed for construction HGVs to transition to or from the LRN
- An area proposed to be kept clear of visual obstructions that would impact the ability to see approaching traffic at a junction

Haul Roads (incl. to the UGC, CSEC, and Substation)

- Temporary roads provided outside of the existing Public Highway. These routes will be managed by National Grid and link the site access points to the working areas. For access to construction works on overhead lines, underground cables, CSE compounds and substations

Crossing Protection Work Area

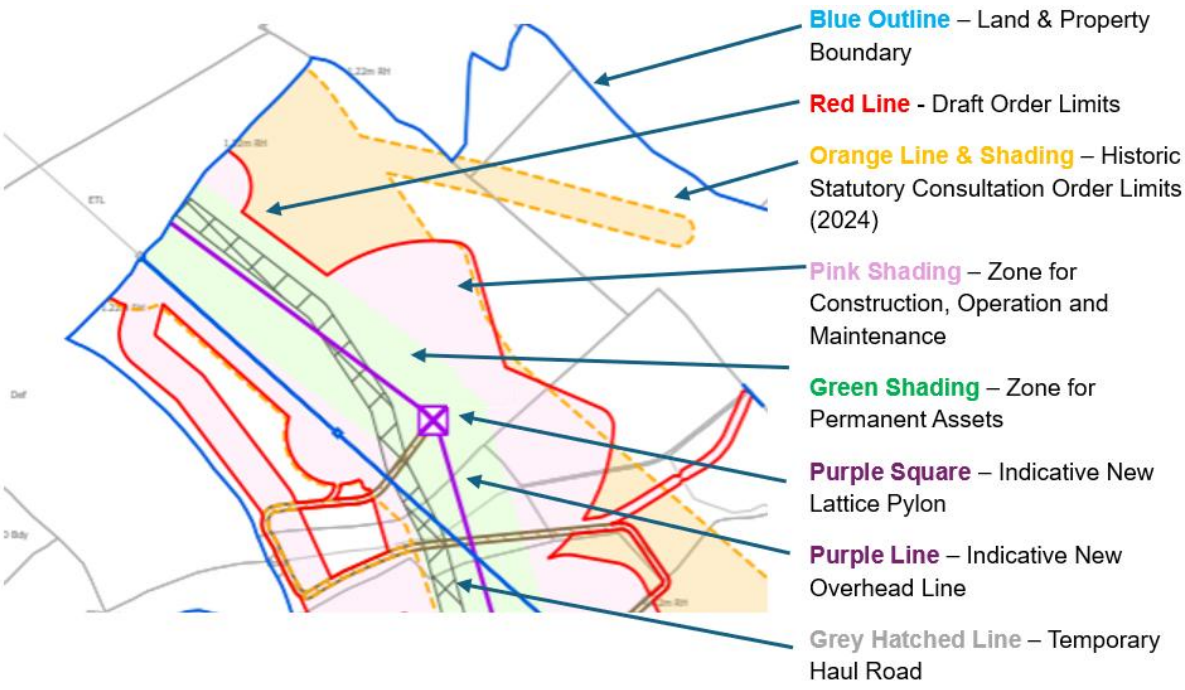
- Work area required to install scaffolding, required to provide a netted protection of crossings when installing the conductors (e.g. public highways and railways crossings)

Construction Compound

- The type, size and what is included at each compound is subject to the works it is facilitating but may include: the working yard / storage area, parking, offices, reception, break out areas, toilets/showers/changing facilities, kitchen/canteen, visitors centre, induction/training room and drying room

Construction Laydown Area

- Areas identified for general construction activities (e.g. for temporary holding of materials)



Reference Only Layers (Historic)

Statutory Consultation Project Order Limits (2024)

- Layer representative of the historic Order Limits published during the Statutory Consultation (2024);
- This layer has been included for reference only, and shows where we have reduced and/or re-aligned the Order Limits;
- Where this layer is included on the plans in isolation from other layers i.e. only the (a) orange dashed outline, (b) orange filled colour, and (c) Land & Property Boundary are present, this land and/or property is **no longer required for the Project.**

Example Plan

The illustration below includes some of the design layers presented in our plans, as described throughout this guide.

Dear XXX,

National Grid – Norwich to Tilbury – Voluntary Negotiations

The Norwich to Tilbury project is preparing to submit a Development Consent Order application, which will include provisions which would enable National Grid to acquire land, and rights over land.

Based on our understanding of landownership, we believe you may have an interest in land and/or property within the Project's order limits. ***The order limits refer to land that may be temporarily or permanently required for the construction and/or operation of the project.***

We are therefore writing to you to confirm National Grid are seeking to enter into voluntary negotiations regarding the acquisition of land, and any rights over land, that are required for the Project. In line with National Grid's Land Rights Strategy, a copy of which is enclosed, National Grid's preference is to acquire rights on a voluntary basis.

We would also welcome discussions on key considerations for landowners in respect of how the current proposals impact their occupation and use of the land. This is to inform the Project, so that wherever possible National Grid can consider appropriate accommodation and mitigation works as part of the Norwich to Tilbury construction and operational phases, should they be granted a Development Consent Order.

Key items we would like to discuss are:

- Agricultural Land Drainage (Pre and Post Construction)
- Soil Handling and Management
- Farming Operations and associated accommodation works including haul road considerations
- Irrigation Systems
- Cropping and farmable areas
- Any other practical considerations pertaining to the day-to-day use of the land you own.

Should you wish to enter into negotiations for voluntary Heads of Terms, then reasonable and proportionate professional fees incurred by you would be covered by National Grid in line with the current published National Grid Payment of Surveyors' Fees document. A copy of this document can be found on the project website. Alternatively, an email and/or paper copy can be provided on request.

In the first instance we would welcome your expression of interest so that we can explain the process in more detail. If you are interested in exploring this further, please either email us on Norwich-Tilbury@fishergerman.co.uk or call 0808 1753 314 to arrange a meeting.

Yours faithfully

If you require a meeting please contact the team as soon as possible using the details set out above. **You do not need to have your meeting before submitting your feedback by 11:59 pm 18 July 2025.**

Targeted Landowner Consultation

We are writing to you in relation to National Grid Electricity Transmission plc ("National Grid") proposed application for an order granting development consent to construct and operate the project called Norwich to Tilbury ("the Project").

From April to July 2024, we held a statutory public consultation, inviting landowners and local communities to share their views on our proposals. Furthermore, between 30 January and 17 April 2025 we undertook both statutory and non-statutory targeted consultations with landowners and local communities in certain locations along the route. We have carefully reviewed all the feedback and have identified some locations where we are minded to make changes to the proposals published to date.

Most of these latest proposed changes have been identified from the feedback we received at our statutory consultation in summer 2024 and our targeted consultations this year, alongside considerations given to information gathered via environmental and engineering surveys.

Based on our understanding of landownership, we believe you may have an interest in land and/or property impacted by these proposed changes and as such our consultation with you here is statutory under Section 42 and 44 of the Planning Act 2008 (“the Act”).

The proposed changes that may impact your land holdings are shown on the enclosed plan. No final decisions have been made on the proposed changes.

This landowner consultation runs **until 11:59 pm 18 July 2025.**

The Project

The Project is a proposal by National Grid to upgrade the electricity transmission system in East Anglia between Norwich and Tilbury, comprising:

- a new 400 kilovolt (“kV”) electricity transmission connection of approximately 180 kilometres ("km”) in overall length from Norwich Main Substation via Bramford Substation and a new Tilbury North Substation, into Tilbury Substation comprising:
    - approximately 159 km of new overhead line supported on approximately 510 steel lattice pylons (approximately 50 metres (“m”) in height) some of which are gantries (typically up to 15 m in height) within proposed Cable Sealing End (“CSE”) compounds, or existing or proposed substations; and
    - approximately 22 km of 400 kV underground cabling some of which is located through the Dedham Vale National Landscape (formerly known as Dedham Vale AONB);
- seven new CSE compounds, each with a permanent access, to connect the overhead lines to the underground cables;
- a new 400 kV East Anglia Connection Node (“EACN”) substation, with a new permanent access, on the Tendring Peninsula. This is proposed to be an Air Insulated Switchgear (“AIS”) substation;
- a new 400 kV Tilbury North Substation to the south of Orsett Golf Course in Thurrock with access options. This is proposed to be a Gas Insulated Switchgear (GIS) substation;
- modifications to the existing National Grid Electricity Transmission overhead lines, including into and out of the new 400 kV Tilbury North and access options.
- substation extension works at the existing Norwich Main and Bramford substations to connect and support operation of the new transmission connection; and
- temporary works associated with the construction of the Project

Third party utilities diversions and/or modifications would also be required to facilitate the construction of the Project. There would also be land required for mitigation, compensation and enhancement of the environment including Biodiversity Net Gain.

As well as the permanent infrastructure, land would also be required temporarily for construction activities including, for example, working areas for construction equipment and machinery, site offices, welfare, storage and temporary construction access.

The Project would be designed, constructed and operated in accordance with applicable health and safety legislation. The Project would also need to comply with design safety standards including the National Electricity Transmission System (“NETS") Security and Quality of Supply Standard, which sets out the criteria and methodology for planning and operating the NETS. This informs a suite of National Grid policies and processes, which contain details on design standards required to be met when designing, constructing and operating assets such as proposed for the Project.

Norwich to Tilbury will play a vital role in delivering electricity efficiently, reliably, and safely and will support the UK’s move to reduce carbon emissions. We are committed to working with local communities as we develop our plans.

National Grid expects the Project to be classified as a Nationally Significant Infrastructure Project ("NSIP"), as defined under Part 3 of the Act, and to require consent from the Secretary of State via a development consent order ("DCO"). The development consent being sought would include a number of other provisions, including those for the compulsory acquisition of land and interests in and rights over land, overriding easements and other rights, the temporary use of land, and other ancillary powers, if necessary, to construct and maintain the Project.

The Project is an Environmental Impact Assessment ("EIA") development, as defined by the EIA Regulations and is currently in the pre-application stage of the DCO application process.

Enclosed with this letter

Enclosed with this letter is a plan(s) of our latest proposals as they relate to your land holding, a guide to reading plans, information regarding data protection, a landowner feedback questionnaire and a freepost envelope. Digital plans showing your land interests are available on request from Fisher German using the contact details at the start of this letter.

Further information on the Project

Further general information on the Project and copies of our previous consultation materials can be found on our website at: nationalgrid.com/norwich-to-tilbury

The 'Document Library' tab on the Project website includes all information related to the Project that has previously been consulted on and which remains relevant. This includes

Material published as part of the summer 2024 statutory consultation:

- Project Background Document
- Copy of the notice published as part of the summer 2024 statutory consultation under Section 48 of the Act (as the Project is 'EIA Development' for the purposes of the EIA Regulations and as required by Regulation 4 of the APFP Regulations)
- 2024 PEIR and non-technical summary of the 2024 PEIR
- Project maps/Project area maps showing the extent of the Project
- Statement of Community Consultation

Material published during targeted consultations in 2025:

- Targeted Statutory Consultation Strategy
- Targeted Consultation Strategy
- Targeted consultation feedback questionnaire
- Targeted consultation overview map
- Consultation leaflet for each of the targeted consultation locations
- Environmental Impacts of Change document for each of the targeted consultation locations

Please note that the consultation documents on our website refer to deadlines for responding. These deadlines do not apply to any responses you wish to send to us in respect of this letter. Details of how you can respond to this letter are outlined below.

Responding to the consultation

As a person with an interest in land, we would welcome any feedback you might have on how the proposed changes may impact your land interest as well as any comments on the proposed Project.

The deadline for submitting feedback is **11:59 pm 18 July 2025**.

Meeting

We encourage recipients of this letter to arrange a meeting with Fisher German (as cited at the start of this letter) via Microsoft Teams (or equivalent), telephone, or face-to-face.

Email

Responses to this consultation via the feedback questionnaire or free text response, can be submitted via email to Norwich-Tilbury@fishergerman.co.uk.

Post

Alternatively, you can return a printed copy of the landowner feedback questionnaire using the prepaid envelope or via **FREEPOST N TO T** (please write this in capitals, you do not need a stamp).

Technical Documents

Requests for paper copies of the technical documents published on the Project website will be reviewed on a case by-case basis. To cover printing costs a reasonable copying charge may apply, to be paid for by the recipient and up-to a maximum value of £500 for the whole suite of consultation documents.

Please get in touch with us using the details below if you would like a printed or alternative format copy of materials.

Telephone: 0808 1753 314

Email: Norwich-Tilbury@fishergerman.co.uk

Next Steps

We will consider all comments received relating to our proposals. Furthermore, there will also be an opportunity for you to give your views on our proposals, once our application has been submitted. You would make these comments directly to the Planning Inspectorate whilst our application is being examined.

We may be required to make copies of representations available to the Secretary of State. However, we will request that personal details are not placed on the public record. Personal details will be held securely in accordance with the relevant data protection legislation and will be used solely in connection with the consultation process and the development of this Project and, except as noted above, will not be disclosed to any third parties.

National Grid's privacy policy can be found on its website: https://www.nationalgrid.com/privacy-policy.

If you have any questions about the Project, please do not hesitate to contact us at the above postal or email address.

We look forward to hearing from you.

Yours faithfully

[redacted]

Project Director

Dear [Name]

Landowner notification and targeted landowner consultation on changes to our proposals for Norwich to Tilbury June 2025

Norwich to Tilbury is a proposal for a new electricity transmission connection. It will play an important part in connecting new sources of more affordable, low carbon electricity from where it is generated to where it is needed.

From April to July 2024, we held a statutory public consultation, inviting local communities to share their views on our proposals. Furthermore, between 30 January and 17 April 2025 we undertook both statutory and non-statutory targeted consultations with landowners and local communities in certain locations along the route. We have carefully reviewed all the feedback and have identified some locations where we are minded to make changes to the proposals published to date.

As a result, we believe our project order limits will extend into a section of your land. This is shown on the enclosed plan, and we would like to meet with you to discuss this in more detail. Please contact our land agents Fisher German, at your earliest convenience, to set up a meeting. They can be contacted on:

FISHER GERMAN LLP
Norwich to Tilbury Lands Team
The Atrium, Risby Business Park
Bury St Edmunds
Suffolk IP28 6RD
Telephone: 0808 1753 314
Email: Norwich-Tilbury@fishergerman.co.uk

With this letter, we have enclosed some important information about the Project and how it may affect you as a landowner:

1. Land plan to show your land interest and the proposed project draft order limits, as published at statutory consultation, and updated in May 2025; ***the order limits refer to land that may be temporarily or permanently required for the construction and/or operation of the project***
2. Guide to reading the plans
3. Formal notice to you, as required by Section 42 of the Planning Act 2008
4. Letter inviting you to enter into early voluntary negotiations with us regarding the Land Rights required over your land and property, to facilitate the project
5. National Grid's Land Rights Strategy which sets out our commitment to you as a landowner affected by our proposals
6. Feedback questionnaire to provide comments on the updated plans along with a reply-paid envelope

We recognise that land discussions for projects like this can be complex and we recommend that you appoint a suitably qualified representative to act on your behalf where we are seeking rights to carry out

FREEPOST N TO T
T: 0800 915 2497
email: contact@n-t.nationalgrid.com
www.nationalgrid.com/n-t

works on your property. An agent/surveyor will advise you on the process and your rights, and can handle any compensation claims on your behalf. We will reimburse you for professional fees reasonably incurred in respect of all claims and advice on legal agreements in connection with associated land rights.

Providing feedback
We have a duty to develop the most appropriate proposal, taking account of feedback from landowners, as well as local communities, alongside all the environmental and technical assessments.

In addition to any feedback you may have provided as a member of the local community to our statutory consultation last year, we would like to hear if you have any comments on how the updated plans may affect your land interest, or any aspect of our proposals. Please complete the enclosed feedback form and return it to us in the reply-paid envelope. Alternatively, you can send us your feedback by post or email using the contact details below.

- Email - Norwich-Tilbury@fishergerman.co.uk
- Freepost – FREEPOST N TO T

Please provide any feedback by **11.59pm on Friday 18 July 2025.**

For more information on how our proposals have been developed and to view information published during previous consultations, please see our project website www.nationalgrid.com/norwich-to-tilbury

Next steps
It is very important that we meet with you to discuss how our proposals may affect your land interest. Please contact our land agents, Fisher German, to arrange a meeting at your earliest convenience.

They can be contacted on:

- Telephone: 0808 1753 314
- Email: Norwich-Tilbury@fishergerman.co.uk

We will consider all comments received relating to our proposals. There will also be a further opportunity for you to give your views on our proposals, once our application has been submitted, directly to the Planning Inspectorate when our application is examined.

With best wishes.

Yours faithfully

Project Director

IMPORTANT – THIS COMMUNICATION AFFECTS YOUR PROPERTY

Dear Salutation

National Grid – Norwich to Tilbury Project

Offer of Terms: Without Prejudice and Subject to Contract

As you are aware, National Grid Electricity Transmission Plc (NGET) has been consulting on its proposals for the Norwich to Tilbury Project over a number of years now, including three rounds of project-wide consultation and then further localised engagement. This has enabled us to confirm the land rights we require to construct and operate the Norwich to Tilbury Project.

NGET is [currently preparing to submit / has now submitted] an application for a Development Consent Order (DCO) for the Norwich to Tilbury Project.

The Norwich to Tilbury Project is a critical nationally significant infrastructure project intended to support the UK's net zero target through the connection of new low carbon energy generation in East Anglia and by reinforcing the transmission network. As a consequence, and in order to enable construction and operation of the Norwich to Tilbury Project, NGET [will seek / has sought], as part of its DCO application, powers of compulsory acquisition and temporary possession.

The application for the Norwich to Tilbury Project includes or affects land we believe you own, as shown on the plan(s) enclosed. Please note that in some instances the boundaries marked out on the enclosed plan(s) could deviate slightly from previous consultation plans where we have made minor changes to the preferred proposal.

It remains NGET's intention and preference to negotiate and secure voluntary agreements for the land and rights required to construct and operate the Norwich to Tilbury Project.

In continuation of this process, and further to previous correspondence, **this letter and its enclosures constitutes NGET's formal offer to acquire from you, by way of voluntary agreement, the specific land and/ or rights which NGET requires in order to construct and operate the Norwich to Tilbury Project**.

The enclosed Heads of Terms (HoTs) explain how your land is proposed to be affected, with reference to the accompanying plan(s) showing the areas of land over which various land and/or rights are being sought by NGET in line with its Land Rights Strategy.

Our Reference: NG/FG/N-T/ Party ID

We have previously sent you copies of relevant NGET policies which should be read in conjunction with these HoTs. A summary of these policy documents is included as an Appendix to this letter.

With reference to those existing policy documents, and in accordance with NGET's Payment Schedule for New Electricity Transmission Assets, the enclosed HoTs are issued to you on the following basis:

- at completion of the Option Agreement, NGET will reimburse any reasonable, proper and evidenced fees (exclusive of irrecoverable VAT) incurred by you in seeking valuation and legal advice on NGET's offer of terms, provided that all such sums are first agreed between your professional advisers and NGET before any undertakings are given to discharge such fees;
- NGET will prepare and complete the formal documents at its own cost without unreasonable delay;
- NGET will make good or compensate you for any loss or damage, in accordance with the covenants in the Deed of Grant; and
- NGET will make payment for the easement detailed in the Key Terms.

Please note that the Project will apply the Incentive Payment structure referred to in the above Payment Schedule. We will contact you with more details on how this will be implemented and applied in due course.

If you have not already done so, we would recommend appointing a Land Agent to act on your behalf, who will be able to assist with the progression of the HoTs. Please let us know who has been appointed to act on your behalf and we will issue them a copy of this correspondence to discuss in further detail. Should you have already notified us that you have instructed a Land Agent on your behalf, we will also send them a copy of this letter and the enclosed documents.

Once you have reviewed the enclosed offer, we would be grateful if you would confirm acceptance of the HoTs by returning a signed copy, and in addition once you have instructed a solicitor, confirm their details with us.

National Grid will then instruct its own solicitor to draft and issue the Option Agreement and the relevant land rights document(s) to your appointed solicitor.

If you wish to discuss anything relevant to this letter or the rights being pursued by NGET, please call Fisher German on 0808 1753314 or email us at norwich-tilbury@fishergerman.co.uk

We look forward to being in contact with you shortly.

Yours sincerely,

[redacted]

Fisher German LLP on behalf of National Grid Electricity Transmission Plc

Appendix

Summary of Relevant NGET Policy Documentation

1. National Grid - Land Rights Strategy and Payment Schedule for Assets (V1)

All affected landowners are offered Option Agreements to enable NGET to acquire land, permanent rights over land or to obtain temporary land rights over your land in line with the proposals that will form part of NGET's application for DCO consent.

NGET seeks temporary rights for construction activities, and permanent land and/or rights (easements) for the "as-built" assets (including all maintenance rights, access, drainage and landscaping/environmental mitigation that may be required for the Project).

Once HoTs are agreed, NGET's legal advisors will produce an Option Agreement for review by your appointed solicitor. Whilst the HoTs are not legally binding, they set out the key principles that will form part of the Option Agreement and other documents which will become legally binding.

In parallel with seeking voluntary agreements, and as is standard through the DCO process, NGET will apply for powers to temporarily possess and/or compulsorily acquire land or rights as a fall back, should Option Agreements not be secured voluntarily or should there be any issue with implementation of voluntary agreements (e.g. due to events such as insolvency, death/intestacy, loss of capacity etc). NGET's preference will always be to secure land rights on a voluntary basis.

2. National Grid - Construction best practice for underground cable installation (V1) and Construction best practice for overhead line installation (V1)

These two documents set out NGET's approach to good practice on work carried out to install, maintain and operate equipment on, over, in or under land and what you as landowner or occupier can expect.

3. National Grid – Payment of Surveyors' Fees (V6)

This document sets out the basis for the assessment of surveyors' fees which would be reimbursed by NGET, where the surveyors are retained by the landowners/occupiers in question.

NORWICH TO TILBURY

HEADS OF TERMS

Option Agreement to [Grant an Easement for National Grid Electricity Transmission to acquire rights] [purchase land] [take [a] lease[s]]

These Heads of Terms are not intended to create any legally binding obligations and are subject to contract and completion of formally executed legal documentation.

Without Prejudice
Confidential and Subject to Contract

1.	**The Project**	Norwich to Tilbury
2.	**Grantor (Landowner)**	[Grantor Name] of [Grantor Address]
3.	**Grantee**	National Grid Electricity Transmission PLC (company number **02366977**), 1-3 Strand, London WC2N 5EH ("**National Grid**")
4.	**Grantor's Agent**	[Grantor's Agent Name] of [Grantor's Agent Address And Contact Details] [Please confirm your appointed agent's name, firm, and contact details]
5.	**Grantor's Solicitor**	Please confirm your appointed solicitor's name, firm, and contact details
6.	**Grantee's Agent**	Fisher German LLP, Norwich to Tilbury Lands Team, The Atrium Risby Business Park, Risby, Bury St Edmunds, Suffolk IP28 6RD
7.	**Grantee's Solicitor**	Bryan Cave Leighton Paisner, Governors House, 5 Laurence Pountney Hill, London EC4R 0BR
8.	**Plans**	The plans attached to these Heads of Terms reference [GRANTOR PLAN REFERENCES].
9.	**Grantor's Land**	The freehold land shaded green on the Plans together with additional rights and interests that the Grantor may have in the subsoil or the adjoining highways, road, drains, ditches, watercourses, riparian rights and tracks [forming [part of] the land registered at the Land Registry with title number(s) [TITLE NUMBERS]].
10.	**Option Area**	The area of land over which the Grantee will have an Option is shown edged red on the attached Plan(s).

11.	**Option Period**	7 years from the date of exchange of the Option Agreement within which to serve the Construction Notice.
12.	**Other Interests**	It is for the Grantor to secure consent from tenants, occupiers and mortgagees and unless otherwise agreed by the Grantee on a case by case basis the beneficiaries of any restrictive covenant which would be breached by the carrying out of the Project works. Reasonable costs incurred by the Grantor for gaining the consent of mortgagors or lenders (such as the Agricultural Mortgage Corporation (AMC)) will be reimbursed by the Grantee, subject to the value being agreed between the parties in writing prior to the cost being incurred.
13.	**New Interests**	In the case of all disposals of land or rights in land, the Grantor is required to execute and deliver to the Grantee or its successors in title a Deed of Covenant in the form approved by the Grantee (such approval not to be unreasonably withheld or delayed).
14.	**Restrictions within Option Area**	During the Option Period the Grantor, and the occupier if applicable, are not to carry out activities within the Option Area that may prejudice the rights to be acquired by the Grantee, unless they have prior written consent of the Grantee (not to be unreasonably withheld). These activities include but are not limited to, construction of any buildings, development of land for any purpose other than the existing use, land drainage works, tree or hedgerow planting, excavations, installation of roads or access tracks, installation of dykes, ditches or hard boundaries, piling, installation of renewable energy technology, and any other work which would constitute development of the land forming the Option Area. Subject to the above restrictions the Grantor may undertake normal agricultural operations within the Option Area without the consent of the Grantee.
15.	**Pre-Entry & Survey Works**	During the Option Period the Grantee shall be entitled to enter onto the Grantor's Land with or without its appointed contractors or agents upon giving not less than 7 days' prior notice to the Grantor for the purposes of undertaking reasonable site investigations or surveys and carrying out a photographic schedule of condition, subject (in the case of surveys) to the requisite compensation payments being made in line with the National Grid Land Rights Strategy and Payment Schedule for Assets. A schedule of condition will be undertaken prior to any enabling or construction works. The Grantee shall be entitled to enter onto the Grantor's Land in order to undertake enabling works including but not limited to removal of any affected hedgerows and carry out any environmental mitigation works required.
16.	**Ancillary Rights for Utilities**	The Grantor agrees to grant the Grantee and any other relevant third party a Deed of Grant of easement or wayleave across the Grantor's Land to facilitate the installation, diversion or crossing of utility services including water pipes, sewerage systems, surface water drainage systems, gas pipelines, electricity cables, communication cables and any other conducting media as required for the Project. The Grantor shall be entitled to receive any payments made by the relevant utility provider for the grant of the relevant right.
17.	**Planning**	The Grantor will not make any objection in respect of any planning application or Development Consent Order application which is submitted

		by the Grantee so far as each relates to the Grantor's Land and will use all reasonable endeavours to assist the Grantee, where required, in obtaining any relevant permission or order.
18.	**Grantor's Agents Fees**	On exchange of the Option Agreement the Grantee shall pay to the Grantor the Grantor's agent's reasonable and proper costs actually incurred in relation to the negotiation of these Heads of Terms and the Option Agreement in accordance with the National Grid Payment of Surveyors' Fees document. The Agent's fees will be payable based on an hourly rate agreed with National Grid in advance, subject to an initial cap of £2,500. The Agent's fees will be reimbursed up to £1,000 plus irrecoverable VAT invoiced on or after signing of the Heads of Terms, with the remainder payable on exchange of the Option Agreement.
19.	**Grantor's Solicitors Fees**	On exchange of the Option Agreement, the Grantee will contribute to the Grantor's solicitor's proper and reasonable legal fees up to the maximum sum of £2,750 plus irrecoverable VAT for time associated with negotiating and exchanging the Option Agreement and agreed form of Deed of Grant. The Grantee's solicitor will agree and provide an appropriate fee undertaking to the Grantor's solicitor following the agreement and signing of these Heads of Terms by the Grantor and/or their agent (as appropriate).
20.	**Alienation**	The Grantee may assign or transfer or novate any of the rights and/or obligations under, and/or the benefit of, the Option Agreement and/or Deed of Grant, whether in whole or in part, without any prior consent of the Grantor to any licenced electricity transmission operator and with the prior written consent of the Grantor (not to be unreasonably withheld or delayed) to any other person.
21.	**Insurance & Indemnity**	The Grantee shall indemnify the Grantor against all actions which may be brought and all third-party claims and demands which may be made against the Grantor by reason of negligence or breach of its obligations in the Option Agreement and/or Deed of Grant. The Grantee shall keep and maintain public liability insurance of a minimum amount of £10,000,000 for each and every claim.
22.	**Dispute Resolution**	If any question, difference, or dispute arises under the terms of the Option Agreement it shall be referred to the determination of an expert experienced in such matters to be agreed between the parties (in the absence of agreement on the expert they will be appointed by the president of the RICS or the CAAV).
23.	**Grantor's Obligations re title and VAT**	The Grantor shall deduce title to the Option Area and the Grantor's Land. The Grantor shall at the Grantee's reasonable cost produce evidence of the VAT status of the Option Area (including where relevant to opted land, the decision to tax, the notification to and the acknowledgement from HMRC in relation to any option to waive the exemption to VAT).

I. PURCHASE

1.	**Option to Purchase**	The Grantee will be granted an option to purchase the land shown hatched blue on the Option Agreement Plan(s) being the "**Purchase Option Area**". The Grantee may exercise the option to acquire the whole or part of the Purchase Option Area (the "**Purchase Option**") at any time during the Option Period by serving a Construction Notice on the Grantor. Completion of the transfer of the whole or part of the Purchase Option Area will take place 20 working days after the exercise of the Purchase Option. The Construction Notice will include a plan showing the extent of the land to be acquired and the purchase price. The Grantee may serve multiple Construction Notices in respect of the Purchase Option Area so that the Purchase Option may be exercised in phases. The purchase price will be at the rate of £12,000 per acre, subject to CPI review from the date of completion of the Option Agreement to the CPI figure which is published in the month prior to completion and the balance of the purchase price shall be paid in full on completion of the transfer to the Grantee.
2.	**Option Fee**	10% of the consideration payable on completion of the Option Agreement as detailed in the Payments Schedule. This payment is non-refundable but is deductible upon exercise of the Option.
3.	**Grantor's Retained Rights**	The transfer from the Grantor to the Grantee shall reserve to the Grantor the following rights: (a) right of support; (b) right to develop notwithstanding diminution of light and air to the land transferred; and (c) other rights (if any) as are detailed in the Schedule attached to these heads of terms.
4.	**Rights to be Granted to the Grantee**	The transfer from the Grantor to the Grantee shall grant to the Grantee the following rights in favour of the land acquired over the Grantor's retained land which will be identified on the Option Agreement plan(s): (a) right of support; (b) right to install conduits; (c) right to access retained land for purposes of carrying out repairs and maintenance to the land transferred; (d) rights of access as shown on the Plan(s) over the retained land for purposes of access and egress to and from the land transferred; and (e) rights to services.

PAYMENTS SCHEDULE

Acreage	Rate per acre	Payment £
[XX] acres	£12,000 per acre	£[●]
10% Option Fee		£[●]

II. UNDERGROUND CABLE

1.	**Option Agreement/Deed of Grant**	The Grantor and The Grantee will enter into an Option Agreement to acquire a permanent Deed of Grant relating to underground cable(s) and ancillary apparatus. The Option Agreement will provide that the Grantee can call for a Deed of Grant within the Cable Option Area. The Option Agreement will contain rights to lay, install and construct the underground cable(s) within the Cable Option Area and ancillary apparatus anywhere within the Cable Option Area and rights over the Grantor's Land set out in the Option Agreement. During and after construction of the cable(s), the Grantee shall have the benefit of the rights referenced in the Deed of Grant and the Grantor obligations contained in the Deed of Grant. The Option Agreement will contain an irrevocable power of attorney clause appointing the Grantee as attorney to execute the Deed of Grant. This is to ensure that the Deed of Grant is entered into once the installation of the cable(s) is completed and will only be exercised in the event that the Grantor defaults. Completion of the Deed of Grant will take place once the cable(s) and the ancillary apparatus has been installed and the as-built plans showing the route of the cable(s) are available ("Final Easement Area").
2.	**Cable Option Area**	Shown shaded in yellow on the Option Agreement Plan(s).
3.	**Rights in the Deed of Easement**	The Deed of Easement will contain rights to use, maintain, replace underground (buried) cables and associated apparatus and will include rights of access and drainage over the Grantor's Land, and restrictions over the land within the Easement to protect the cables.
4.	**Temporary Rights for cable Installation / Construction Works**	The Grantee requires entry onto the Cable Option Area for the purposes of construction and associated works and to carry out all works required by the Grantee to construct, lay, and render operational the Cable equipment including without limitation ancillary works of excavation, creation of temporary access roads, resurfacing, protecting, testing and drainage works including any de-watering works. Entry onto the Cable Option Area shall be after 14 days' written notice (the Construction Notice") and after the Entry Payment has been made.
5.	**Reinstatement**	Following completion of the installation of the cables and all associated apparatus, the Grantee will reinstate the Cable Option Area to the Grantor's reasonable satisfaction and to the reasonable satisfaction of the occupier, if applicable and provided that this is not contrary to the Grantor's reasonable satisfaction, having carried out a photographic pre-entry schedule of condition. A copy of the pre-entry schedule of condition will be provided to the Grantor (and the Grantor's Agent) before commencement of construction.
6.	**Land Drainage**	The Grantor is (where possible) to make available plans of any existing drainage schemes to the Grantee in advance of construction works. The Grantee shall employ suitably qualified consultants to carry out a pre and post construction drainage assessment and will implement the requisite

		recommendations as soon as practicably possible, to ensure where reasonable and appropriate the land drainage systems on the Grantor's Land are left in no worse condition than before the date of the pre-construction drainage assessment, or if to the extent that such damage cannot be made good and where not practical to do so, the Grantor will be compensated. The Grantee and the Grantor (acting reasonably and without delay) shall agree the methods and timings to be employed in repairing damage to field drainage systems and/or carrying out any additional drainage work determined to be necessary. In the event that the Grantor and the Grantee fail to reach agreement, the decision will be referred to an expert acceptable to both parties.
7.	**Construction Best Practice for Underground Cable Installation**	All Project works will be carried out in adherence to National Grid's Construction Best Practice for Underground Cable Installation document.
8.	**Anticipated Easement Area**	Anticipated Easement Area shown in the Payment Schedule located within the Cable Option Area. Normally expected to be 60 metres or where required wider at each point, on either side where the cables cross a third-party cable, road, railway, river, watercourse, pipe, ditch or other physical obstacle along the section of the cables up to 100 metres.
9.	**Final Easement Area**	The area of the as laid position of the easement, to be determined once the cables have been installed, and shown on a plan to be attached to the final Deed of Grant.
10.	**Easement Term**	In perpetuity.
11.	**Cables**	An electricity supply for the transmission of electricity either buried or in one or more ducts or trenching comprising two or more cables and fibre optic cables, lines and associated apparatus to include joints, joint bays, link pillars, marking bands, protective tiles, warning tape, sheaths, tubes or similar and cable markers as have been laid or are to be laid and includes any apparatus and works associated therewith and all signal and other cables and all wrapping and any other equipment constructed on or about or adjacent to the cables and any manhole covers and any ancillary apparatus and works.
12.	**Cable Depth**	The cables will generally be laid so as to avoid continued interference with normal agricultural operations as far as reasonably practicable. The cables shall be laid to contour with a depth of cover not less than 0.9 metres from the original surface to the top of the protective tile above the cables, except where necessary for good engineering reasons and with the agreement of The Grantor and/or occupier if relevant, such agreement not to be unreasonably withheld or delayed.
13.	**Consideration**	The consideration for the rights granted in the Option Agreement and Deed of Grant will be calculated on the basis of 80% of agreed agricultural land value or 50% of agreed value for non-agricultural land. The Final Easement Area ("Agreed Value") will be paid in the following tranches:

		(a) 25% of the Agreed Value on exchange of the Option Agreement ("the **Option Payment**"); (b) 50% of the Agreed Value on service of the Construction Notice ("the **Construction Notice Entry Payment**"); (c) 25% of the Agreed Value on completion of the Deed of Grant ("the **Balancing Payment**"). The consideration initially agreed will be based on the Anticipated Easement Area. If the Final Easement Area increases from the Anticipated Easement Area once the Option Agreement is entered into, the Option Agreement provides for an adjustment to the Balancing Payment to increase the overall consideration. The Consideration is detailed in the Payment Schedule together with the payment for any link pillar enclosure.
14.	**Completion**	The actual completion of the Deed of Grant pursuant to the terms of the Option Agreement shall be 20 working days after the date of service of the Completion Notice.
15.	**Incentive Payment**	**Incentive Payments for Permanent Rights** An incentive payment of 20% of the consideration payable to the Grantor under the Option Agreement for the underground cables is payable in the following circumstances: These heads of terms are returned to the Grantee agreed and signed by the Grantor within an 8 week period of issue by the Grantee to the Grantor; and The Option Agreement is exchanged within 12 weeks of the date that the draft Option Agreement is sent to the Grantor's Solicitor to the email address of the individual named in these heads of terms by the Grantee's Solicitor.

Easement Calculation	Total
Total Easement Consideration Length of Cable in agricultural land: [●] metres Easement Area in agricultural land: [●] acres Length of Cable in non-agricultural land: [●] metres Easement Area in non-agricultural land: [●] acres Land Value: £12,000 per acre for agricultural land and a value to be agreed for non-agricultural land subject to negotiation between the parties. **Total Payment based on 80% and/or 50% of land value:** **Incentive Payment based on 20% of the Total Payment** **TOTAL PAYMENT**	 **£[●]** **£[●]**
Initial Payment 25% payable on exchange of Option Agreement to Grant an Easement	**£[●]**
Entry Payment 50% payable on taking entry onto land for construction under Option Agreement to Grant an Easement	**£[●]**
Easement Completion Payment 25% payable on completion of Easement following construction together with any other payment already agreed ("the Balancing Payment").	**£[●]**
Other apparatus	
Above ground apparatus (link pillar enclosure or similar)	**£500 per enclosure**

All payments are subject to CPI increase from the date of completion of the Option Agreement for Easement until payment (using the CPI data available at the date of payment).

III. OVERHEAD LINE

1.	**Option Agreement/Deed of Grant**	The Grantor and The Grantee will enter into an Option Agreement to acquire a permanent Deed of Grant relating to electric lines and where relevant towers and ancillary apparatus ("**OHL**"). The Option Agreement will provide that the Grantee can call for a Deed of Grant within the OHL Option Area. The Option Agreement will contain rights to install and construct the OHL anywhere within the OHL Option Area and rights over the Grantor's Land referred to in the Option Agreement. During and after construction of the OHL, the Grantee shall have the benefit of the rights referenced in the Deed of Grant and the Grantor obligations contained in the Deed of Grant. The Option Agreement will contain an irrevocable power of attorney clause appointing the Grantee as attorney to execute the Deed of Grant. This is to ensure that the Deed of Grant is entered into once the installation of the OHL is completed and will only be exercised in the event that the Grantor defaults. Completion of the Deed of Grant will take place once the OHL has been installed and the as-built plans showing the route of the OHL are available.
2.	**OHL Option Area**	Shown shaded pink on the Option Agreement Plan(s).
3.	**Rights in the Deed of Easement**	The Deed of Easement will contain rights to use, maintain, replace the OHL and will include rights of access and drainage over the Grantor's Land, and restrictions over the land within the Easement to protect the cables.
4.	**Temporary Rights for cable Installation / Construction Works**	The Grantee requires entry onto the OHL Option Area for the purposes of construction and associated works and to carry out all works required by the Grantee to construct and render operational the OHL including without limitation ancillary works of excavation, creation of temporary access roads, resurfacing, protecting, testing and drainage works including any de-watering works. Entry onto the OHL Option Area shall be after 14 days' written notice (the "Construction Notice") and after the Entry Payment has been made.
5.	**Reinstatement**	Following completion of the installation of the OHL, the Grantee will reinstate the OHL Option Area to the Grantor's reasonable satisfaction and to the reasonable satisfaction of the occupier, if applicable and provided that this is not contrary to the Grantor's reasonable satisfaction, having carried out a photographic pre-entry schedule of condition. A copy of the pre-entry schedule of condition will be provided to the Grantor (and the Grantor's Agent).
6.	**Land Drainage**	The Grantor is (where possible) to make available plans of any existing drainage schemes to the Grantee in advance of construction works. The Grantee shall ensure where reasonable and appropriate the land drainage systems on the Grantor's Land are left in no worse condition than before the date of entry for construction and associated works, or if to the extent that such damage cannot be made good and where not practical to do so, the Grantor will be compensated.

7.	**Construction Best Practice for OHL**	All Project works will be carried out in adherence to National Grid's Construction Best Practice for Overhead Line Installation.
8.	**Anticipated OHL**	Anticipated OHL is shown in the Payment Schedule, located within the OHL Option Area and shown on the Option Agreement Plan(s).
9.	**Final OHL**	To be determined once the OHL has been installed and shown on a plan to be attached to the final Deed of Grant.
10.	**Easement Term**	In perpetuity.
11.	**OHL**	The overhead lines (shown in the indicative positions approximately indicated by a solid purple line on the Plan(s) and subject to their maximum swing for transmitting electricity for the purposes of its or their operations together with an earth wire(s) fibre optic cables (in connection with the use of the Grantee's Undertaking only) and the Towers (if any) for supporting the same together with such ancillary equipment and apparatus as may be required by the Grantee
12.	**Consideration**	The consideration for the rights granted in the Option Agreement and Deed of Grant will be calculated and payable in accordance with the Grantee's Land Rights Strategy and detailed in the Payments Schedule and will be paid in the following tranches: (a) 25% of the Agreed Value on exchange of the Option Agreement ("the **Option Payment**"); (b) 50% of the Agreed Value on service of the Construction Notice ("the **Construction Notice Entry Payment**"); (c) 25% of the Agreed Value on completion of the Deed of Grant ("the **Balancing Payment**"). The consideration initially agreed will be based on the Anticipated OHL. If the Final OHL increases from the Anticipated OHL once the Option Agreement is entered into, the Option Agreement provides for an adjustment to the Balancing Payment to increase the overall consideration.
13.	**Completion**	The actual completion of the Deed of Grant pursuant to the terms of the Option Agreement shall be 20 working days after the date of service of the Completion Notice.
14.	**Incentive Payment**	**Incentive Payments for Permanent Rights** An Incentive Payment of 20% of the consideration payable to the Grantor for the electric lines and where relevant towers and ancillary apparatus under the Option Agreement is payable in the following circumstances: These heads of terms are returned to the Grantee agreed and signed by the Grantor within an 8 week period of issue by the Grantee to the Grantor; and The Option Agreement is exchanged within 12 weeks of the date that the draft Option Agreement is sent to the Grantor's Solicitor to the e mail address of the individual named in these heads of terms by the Grantee's Solicitor.

PAYMENT SCHEDULE

Asset/Land/Rights	Number/Length/Area	Rate	Total
New Tower - Arable Land	X	£8,000	£[●]
New Tower – Permanent Grass Land	X	£6,000	£[●]
Note that the following oversail payments only apply where no tower rights are required			
New Oversail: 100m+	X	£1,000	£[●]

New Oversail: 0-49m	X	£500	£[●]
Incentive Payment based on 20% of total of above payment(s)			
Total			£[●]
Initial Payment 25% payable on exchange of Option Agreement to Grant an Easement			£[●]
Entry Payment 50% payable on taking entry onto land for construction under Option Agreement to Grant an Easement			£[●]
Easement Completion Payment 25% payable on completion of Easement following construction together with any other payment already agreed ("the Balancing Payment").			£[●]

IV. TEMPORARY COMPOUND AND WORKS LEASE

1.	**Option for Temporary Works Compound(s)**	The Grantor agrees to grant to the Grantee an option and subsequent lease affecting that part of the Grantor's Land shown on the Option Agreement Plan(s) shown hatched orange (the "**Lease Demise Area**") for the purposes of a Temporary Compound and Works Area. The Grantee may exercise the option at any time during the Option Period by serving a Construction Notice on the Grantor. Completion of the lease of the whole or part of the Temporary Compound and Works Lease Option Area will take place 20 working days after the exercise of the Option. The Grantee shall then be entitled to take occupation of the Temporary Compound and Works Lease Option Area to carry out all works associated with a Temporary Compound and Works Area, including temporary storage of plant or equipment and machinery, offices, portacabins, welfare facilities including toilets, electricity generators and vehicular parking and (where necessary) any other use in connection with the Scheme (but excluding residential use), use for a temporary means of access with or without vehicles, plant, machinery and equipment in connection with the Scheme and any use in connection with the works. The Construction Notice will include a plan showing the extent of the land to be leased and details of the annual rental to be paid based on the area to be leased. The rent payable under the Lease will be £1.50 per square metre/annum, payable from the date of completion of the Lease. The term of the Lease will be for 5 years. The Lease will be excluded from the security of tenure provisions of the Landlord and Tenant Act 1954. The Grantee shall have the right to terminate the Lease at any time upon the service of not less than 3 months' notice on the Grantor.
2.	**Topsoil**	The Tenant may remove topsoil and lay a suitable ground stabilisation, compound surface or similar on the demised land. Any soil removed will be stored and maintained for re-use in connection with restoration.
3.	**Buildings**	The Grantee shall not construct any permanent buildings.
4.	**Reinstatement**	The Lease will provide for the Grantee to restore the area leased to the reasonable satisfaction of the Grantor and having carried out a photographic pre-entry schedule of condition. A copy of the pre-entry schedule of condition will be provided to the Grantor (and the Grantor's Agent) before commencement of construction. In the alternative the Grantee will pay compensation.
5.	**Rent**	Paid in full in advance from the date of completion of the lease.

PAYMENT SCHEDULE

Area (square metres)	Rate per square metre	Full Payment £ (Per Annum)
XX	£1.50 per m2 /annum	£XX

V. PERMANENT ACCESS EASEMENT

1.	**Option Agreement/Deed of Grant**	The Grantor and The Grantee will enter into an Option Agreement to acquire a permanent Deed of Grant relating to access ways and ancillary apparatus. The Option Agreement will provide that the Grantee can call for a Deed of Grant within the Access Option Area. The Option Agreement will contain rights to lay, install and construct the access ways and ancillary apparatus anywhere within the Access Option Area and rights over the Grantor's Land set out in these heads of terms. During and after construction of access ways, the Grantee shall have the benefit of the rights referenced in the Deed of Grant and the Grantor obligations contained in the Deed of Grant. The Option Agreement will contain an irrevocable power of attorney clause appointing the Grantee as attorney to execute the Deed of Grant. This is to ensure that the Deed of Grant is entered into once the installation of the cable(s) is completed and will only be exercised in the event that the Grantor defaults. Where the Deed of Grant is in perpetuity completion of the Deed of Grant will take place once the access ways and the ancillary apparatus has been installed and the as-built plans showing the route of the access ways are available ("**Final Easement Area**").
2.	**Access Option Area**	Shown shaded brown on the Option Agreement Plan(s).
3.	**Rights in the Deed of Easement**	The Deed of Easement will contain rights to use, maintain, replace the access ways and associated apparatus and will include rights of access and drainage over the Grantor's Land, and restrictions over the land within the Easement to protect the access ways.
4.	**Temporary Rights for access ways Installation / Construction Works**	The Grantee requires entry onto the Access Option Area for the purposes of construction and associated works and to carry out all works required by the Grantee to construct, lay, and render operational the access ways including without limitation ancillary works of excavation, creation of temporary access roads, resurfacing, protecting, testing and drainage works including any de-watering works. Entry onto the Access Option Area shall be after 14 days written notice (the "**Construction Notice**") and after the Entry Payment has been made.
5.	**Reinstatement**	Following completion of the installation of the access ways and all associated apparatus, the Grantee will reinstate the Access Option Area to the Grantor's reasonable satisfaction and to the reasonable satisfaction of the occupier, if applicable and provided that this is not contrary to the Grantor's reasonable satisfaction, having carried out a photographic pre-entry schedule of condition. A copy of the pre-entry schedule of condition will be provided to the Grantor (and the Grantor's Agent) before commencement of construction.
6.	**Land Drainage**	The Grantor is (where possible) to make available plans of any existing drainage schemes to the Grantee in advance of construction works. The Grantee shall ensure where reasonable and appropriate the land drainage

		systems on the Grantor's Land are left in no worse condition than before the date of entry for construction and associated works, or if to the extent that such damage cannot be made good and where not practical to do so, the Grantor will be compensated.
7.	**Anticipated Easement Area**	Anticipated Easement Area shown in the Payment Schedule located within the Access Option Area and shown brown on the Option Agreement Plan(s).
8.	**Final Easement Area**	The area of the as laid position of the easement, to be determined once the access ways have been installed and shown on a plan to be attached to the final Deed of Grant.
9.	**Easement Term**	In perpetuity
10.	**Consideration**	The consideration is detailed in the Payments Schedule and will be paid in the following tranches: (d) 25% of the Agreed Value on exchange of the Option Agreement ("the **Option Payment**"); (e) 50% of the Agreed Value on service of the Construction Notice ("the **Construction Notice Entry Payment**"); (f) 25% of the Agreed Value on completion of the Deed of Grant ("the **Balancing Payment**"). The consideration initially agreed will be based on the Anticipated Easement Area. If the Final Easement Area increases from the Anticipated Easement Area once the Option Agreement is entered into, the Option Agreement provides for an adjustment to the Balancing Payment to increase the overall consideration.
11.	**Completion**	Where the Deed of Grant is in perpetuity the actual completion of the Deed of Grant pursuant to the terms of the Option Agreement and shall be 20 working days after the date of service of the Completion Notice.

PAYMENT SCHEDULE

Easement Calculation	Total
Total Easement Consideration **£1,000 per tower accessed or £1,000 per Underground Cable access** **TOTAL PAYMENT**	**£[●]**
Initial Payment 25% payable on exchange of Option Agreement to Grant an Easement	**£[●]**
Entry Payment 50% payable on taking entry onto land for construction under Option Agreement to Grant an Easement	**£[●]**
Easement Completion Payment 25% payable on completion of Easement following construction together with any other payment already agreed ("the Balancing Payment").	**£[●]**

All payments are subject to CPI increase from the date of completion of the Option Agreement for Easement until payment (using the CPI data available at the date of payment).

VI. PERMANENT DRAINAGE EASEMENT

1.	**Option Agreement/Deed of Grant**	The Grantor and The Grantee will enter into an Option Agreement to acquire a permanent Deed of Grant relating to drainage systems and ancillary apparatus. The Option Agreement will provide that the Grantee can call for a Deed of Grant within the Drainage Option Area. The Option Agreement will contain rights to lay, install and construct the drainage systems and ancillary apparatus anywhere within the Drainage Option Area and rights over the Grantor's Land set out in these heads of terms. During and after construction of drainage systems, the Grantee shall have the benefit of the rights referenced in the Deed of Grant and the Grantor obligations contained in the Deed of Grant. The Option Agreement will contain an irrevocable power of attorney clause appointing the Grantee as attorney to execute the Deed of Grant. This is to ensure that the Deed of Grant is entered into once the installation of the cable(s) is completed and will only be exercised in the event that the Grantor defaults. Where the Deed of Grant is in perpetuity completion of the Deed of Grant will take place once the drainage systems and the ancillary apparatus has been installed and the as-built plans showing the route of the drainage systems are available ("**Final Easement Area**").
2.	**Drainage Option Area**	Shown shaded colour on the Plan Reference XXX.
3.	**Rights in the Deed of Easement**	The Deed of Easement will contain rights to use, maintain, replace the drainage systems and associated apparatus and will include rights of access and drainage over the Grantor's Land, and restrictions over the land within the Easement to protect the drainage systems.
4.	**Temporary Rights for drainage systems Installation / Construction Works**	The Grantee requires entry onto the Drainage Option Area for the purposes of construction and associated works and to carry out all works required by the Grantee to construct, lay, and render operational the drainage systems including without limitation ancillary works of excavation, creation of temporary access roads, resurfacing, protecting, testing and drainage works including any de-watering works. Entry onto the Drainage Option Area shall be after 14 days written notice (the "**Construction Notice**") and after the Entry Payment has been made.
5.	**Reinstatement**	Following completion of the installation of the drainage systems and all associated apparatus, the Grantee will reinstate the Drainage Option Area to the Grantor's reasonable satisfaction and to the reasonable satisfaction of the occupier, if applicable and provided that this is not contrary to the Grantor's reasonable satisfaction, having carried out a photographic pre-entry schedule of condition. A copy of the pre-entry schedule of condition will be provided to the Grantor (and the Grantor's Agent) before commencement of construction.
6.	**Land Drainage**	The Grantor is (where possible) to make available plans of any existing drainage schemes to the Grantee in advance of construction works. The Grantee shall ensure where reasonable and appropriate the land drainage

		systems on the Grantor's Land are left in no worse condition than before the date of entry for construction and associated works, or if to the extent that such damage cannot be made good and where not practical to do so, the Grantor will be compensated.
7.	**Anticipated Easement Area**	Anticipated Easement Area shown in the Payment Schedule located within the Drainage Option Area [and shown on the Plan].
8.	**Final Easement Area**	The area of the as laid position of the easement, to be determined once the drainage works have been installed and shown on a plan to be attached to the final Deed of Grant.
9.	**Easement Term**	In perpetuity.
10.	**Consideration**	The consideration is detailed in the Payments Schedule and will be paid in the following tranches: (a) 25% of the Agreed Value on exchange of the Option Agreement ("the **Option Payment**"); (b) 50% of the Agreed Value on service of the Construction Notice ("the **Construction Notice Entry Payment**"); (c) 25% of the Agreed Value on completion of the Deed of Grant ("the **Balancing Payment**"). The consideration initially agreed will be based on the Anticipated Easement Area. If the Final Easement Area increases from the Anticipated Easement Area once the Option Agreement is entered into, the Option Agreement provides for an adjustment to the Balancing Payment to increase the overall consideration.
11.	**Completion**	Where the Deed of Grant is in perpetuity the actual completion of the Deed of Grant pursuant to the terms of the Option Agreement and shall be 20 working days after the date of service of the Completion Notice.

PAYMENT SCHEDULE

Easement Calculation	Total
Total Easement Consideration **Drainage easement £1,000 per tower.** **TOTAL PAYMENT**	**£[●]**
Initial Payment 25% payable on exchange of Option Agreement to Grant an Easement	**£[●]**
Entry Payment 50% payable on taking entry onto land for construction under Option Agreement to Grant an Easement	**£[●]**
Easement Completion Payment 25% payable on completion of Easement following construction together with any other payment already agreed ("the Balancing Payment").	**£[●]**

All payments are subject to CPI increase from the date of completion of the Option Agreement for Easement until payment (using the CPI data available at the date of payment).

VII. TEMPORARY ACCESS EASEMENT

1.	**Option Agreement/Deed of Grant**	The Grantor and The Grantee will enter into an Option Agreement to acquire a temporary Deed of Grant relating to access ways and ancillary apparatus. The Option Agreement will provide that the Grantee can call for a Deed of Grant within the Access Option Area. The Option Agreement will contain rights to lay, install and construct the access ways and ancillary apparatus anywhere within the Access Option Area and rights over the Grantor's Land set out in these heads of terms. During and after construction of access ways, the Grantee shall have the benefit of the rights referenced in the Deed of Grant and the Grantor obligations contained in the Deed of Grant. The Option Agreement will contain an irrevocable power of attorney clause appointing the Grantee as attorney to execute the Deed of Grant. This is to ensure that the Deed of Grant is entered into once the installation of the cable(s) is completed and will only be exercised in the event that the Grantor defaults. Where the Deed of Grant is in perpetuity completion of the Deed of Grant will take place once the access ways and the ancillary apparatus has been installed and the as-built plans showing the route of the access ways are available ("**Final Easement Area**").
2.	**Access Option Area**	Shown shaded magenta on the Option Agreement Plan(s).
3.	**Rights in the Deed of Easement**	The Deed of Easement will contain rights to use, maintain, replace the access ways and associated apparatus and will include rights of access and drainage over the Grantor's Land, and restrictions over the land within the Easement to protect the access ways.
4.	**Temporary Rights for access ways Installation / Construction Works**	The Grantee requires entry onto the Access Option Area for the purposes of construction and associated works and to carry out all works required by the Grantee to construct, lay, and render operational the access ways including without limitation ancillary works of excavation, creation of temporary access roads, resurfacing, protecting, testing and drainage works including any de-watering works. Entry onto the Access Option Area shall be after 14 days written notice (the "**Construction Notice**") and after the Entry Payment has been made.
5.	**Reinstatement**	Following completion of the installation of the access ways and all associated apparatus, the Grantee will reinstate the Access Option Area to the Grantor's reasonable satisfaction and to the reasonable satisfaction of the occupier, if applicable and provided that this is not contrary to the Grantor's reasonable satisfaction, having carried out a photographic pre-entry schedule of condition. A copy of the pre-entry schedule of condition will be provided to the Grantor (and the Grantor's Agent) before commencement of construction.
6.	**Land Drainage**	The Grantor is (where possible) to make available plans of any existing drainage schemes to the Grantee in advance of construction works. The Grantee shall ensure where reasonable and appropriate the land drainage

		systems on the Grantor's Land are left in no worse condition than before the date of entry for construction and associated works, or if to the extent that such damage cannot be made good and where not practical to do so, the Grantor will be compensated.
7.	**Anticipated Easement Area**	Anticipated Easement Area shown in the Payment Schedule located within the Access Option Area and shown shaded magenta on the Option Agreement Plan(s).
8.	**Final Easement Area**	The area of the as laid position of the easement, to be determined once the access ways have been installed and shown on a plan to be attached to the final Deed of Grant.
9.	**Easement Term**	5 Years
10.	**Consideration**	The consideration is detailed in the Payments Schedule and will be paid in the following tranches: (a) 25% of the Agreed Value on exchange of the Option Agreement ("the **Option Payment**"); (b) 75% of the Agreed Value on service of the Construction Notice ("the **Construction Notice Entry Payment**"). The consideration initially agreed will be based on the Anticipated Easement Area. If the Final Easement Area increases from the Anticipated Easement Area once the Option Agreement is entered into, the Option Agreement provides for an adjustment to the Balancing Payment to increase the overall consideration.
11.	**Completion**	Where the Deed of Grant is for a period of years actual completion of the Deed of Grant shall take place 14 days after service of the Construction Notice.

PAYMENT SCHEDULE

Easement Calculation	Total
Total Easement Consideration **£1.50 per square metre / annum.** **TOTAL PAYMENT FOR FIVE YEARS**	 **£[●]** **£[●]**
Initial Payment 25% payable on exchange of Option Agreement to Grant an Easement	**£[●]**
Entry Payment 75% payable on taking entry onto land for construction under Option Agreement to Grant an Easement	**£[●]**

All payments are subject to CPI increase from the date of completion of the Option Agreement for Easement until payment (using the CPI data available at the date of payment).

VIII. TEMPORARY DRAINAGE EASEMENT

1.	**Option Agreement/Deed of Grant**	The Grantor and The Grantee will enter into an Option Agreement to acquire a temporary Deed of Grant relating to drainage systems and ancillary apparatus. The Option Agreement will provide that the Grantee can call for a Deed of Grant within the Drainage Option Area. The Option Agreement will contain rights to lay, install and construct the drainage systems and ancillary apparatus anywhere within the Drainage Option Area and rights over the Grantor's Land set out in these heads of terms. During and after construction of drainage systems, the Grantee shall have the benefit of the rights referenced in the Deed of Grant and the Grantor obligations contained in the Deed of Grant. The Option Agreement will contain an irrevocable power of attorney clause appointing the Grantee as attorney to execute the Deed of Grant. This is to ensure that the Deed of Grant is entered into once the installation of the cable(s) is completed and will only be exercised in the event that the Grantor defaults. Where the Deed of Grant is in perpetuity completion of the Deed of Grant will take place once the drainage systems and the ancillary apparatus has been installed and the as-built plans showing the route of the drainage systems are available ("**Final Easement Area**").
2.	**Drainage Option Area**	Shown hatched green on the Option Agreement Plan(s).
3.	**Rights in the Deed of Easement**	The Deed of Easement will contain rights to use, maintain, replace the drainage systems and associated apparatus and will include rights of access and drainage over the Grantor's Land, and restrictions over the land within the Easement to protect the drainage systems.
4.	**Temporary Rights for drainage systems Installation / Construction Works**	The Grantee requires entry onto the Drainage Option Area for the purposes of construction and associated works and to carry out all works required by the Grantee to construct, lay, and render operational the drainage systems including without limitation ancillary works of excavation, creation of temporary access roads, resurfacing, protecting, testing and drainage works including any de-watering works. Entry onto the Drainage Option Area shall be after 14 days written notice (the "**Construction Notice**") and after the Entry Payment has been made.
5.	**Reinstatement**	Following completion of the installation of the drainage systems and all associated apparatus, the Grantee will reinstate the Drainage Option Area to the Grantor's reasonable satisfaction and to the reasonable satisfaction of the occupier, if applicable and provided that this is not contrary to the Grantor's reasonable satisfaction, having carried out a photographic pre-entry schedule of condition. A copy of the pre-entry schedule of condition will be provided to the Grantor (and the Grantor's Agent) before commencement of construction.
6.	**Land Drainage**	The Grantor is (where possible) to make available plans of any existing drainage schemes to the Grantee in advance of construction works. The Grantee shall ensure where reasonable and appropriate the land drainage

		systems on the Grantor's Land are left in no worse condition than before the date of entry for construction and associated works, or if to the extent that such damage cannot be made good and where not practical to do so, the Grantor will be compensated.
7.	**Anticipated Easement Area**	Anticipated Easement Area shown in the Payment Schedule located within the Drainage Option Area and shown hatched green on the Option Agreement Plan(s).
8.	**Final Easement Area**	The area of the as laid position of the easement, to be determined once the drainage works have been installed and shown on a plan to be attached to the final Deed of Grant.
9.	**Easement Term**	5 Years
10.	**Consideration**	The consideration is detailed in the Payments Schedule and will be paid in the following tranches: (a) 25% of the Agreed Value on exchange of the Option Agreement ("the **Option Payment**"); (b) 75% of the Agreed Value on service of the Construction Notice ("the **Construction Notice Entry Payment**"); The consideration initially agreed will be based on the Anticipated Easement Area. If the Final Easement Area increases from the Anticipated Easement Area once the Option Agreement is entered into, the Option Agreement provides for an adjustment to the Balancing Payment to increase the overall consideration.
11.	**Completion**	Where the Deed of Grant is for a period of years actual completion of the Deed of Grant shall take place 14 days after service of the Construction Notice.

NORWICH TO TILBURY

HEADS OF TERMS

Option Agreement to «Option_Agreement_Type»

These Heads of Terms are not intended to create any legally binding obligations and are subject to contract and completion of formally executed legal documentation.

Without Prejudice
Confidential and Subject to Contract

1.	**The Project**	Norwich to Tilbury Proposal to build a new 400 kilovolt (kV) electricity transmission connection for approximately 180 kilometres from the Norwich Main substation via Bramford substation, a new East Anglia Connection Node (EACN) Substation and a new Tilbury North Substation.
2.	**Grantor (Landowner)**	«Grantor_Name__Address»
3.	**Grantee**	National Grid Electricity Transmission PLC (company number **02366977**), 1-3 Strand, London WC2N 5EH ("**National Grid**")
4.	**Grantor's Agent**	«Agent_Details»
5.	**Grantor's Solicitor**	Please confirm your appointed solicitor's name, firm, and contact details
6.	**Grantee's Agent**	Fisher German LLP, Norwich to Tilbury Lands Team, The Atrium Risby Business Park, Risby, Bury St Edmunds, Suffolk IP28 6RD
7.	**Grantee's Solicitor**	Bryan Cave Leighton Paisner, Governors House, 5 Laurence Pountney Hill, London EC4R 0BR
8.	**Plans**	The plans attached to these Heads of Terms reference «Plan_Ref».
9.	**Grantor's Land**	The freehold land shaded green on the Plans together with additional rights and interests that the Grantor may have in the subsoil or the adjoining highways, road, drains, ditches, watercourses, riparian rights and tracks forming the land registered at the Land Registry with title number(s) «Title_Numbers».
10.	**Option Area**	The area of land over which the Grantee will have an Option is shown edged red on the attached Plan(s).
11.	**Option Period**	7 years from the date of exchange of the Option Agreement within which to serve the Construction Notice.

12.	**Other Interests**	It is for the Grantor to use best endeavours to secure consent from tenants, occupiers and mortgagees and unless otherwise agreed by the Grantee on a case by case basis the beneficiaries of any restrictive covenant which would be breached by the carrying out of the Project works. By way of exception and in the Grantee's discretion it may assist with and/or obtain the relevant third party consent.
13.	**New Interests**	In the case of all disposals of land or rights in land, the Grantor is required to execute and deliver to the Grantee or its successors in title a Deed of Covenant in the form approved by the Grantee (such approval not to be unreasonably withheld or delayed). *PROVIDED THAT the Grantor shall be permitted to grant the following agreements/licences without having to obtain a Deed of Covenant from the relevant beneficiary PROVIDED THAT these are granted subject to the rights granted to the Grantee in the Option Agreement and the obligation of the Grantor to give vacant possession to the Grantee:* *(a) grazing agreement;* *(b) shooting licence;* *(c) fishing licence;* *(d) metal detecting licence; and/or* *(e) annual cropping licence.*
14.	**Restrictions within Option Area**	During the Option Period the Grantor, and the occupier if applicable, are not to carry out activities within the Option Area that may prejudice the rights to be acquired by the Grantee, unless they have prior written consent of the Grantee (not to be unreasonably withheld). These activities include but are not limited to, construction of any buildings, development of land for any purpose other than the existing use, land drainage works, tree or hedgerow planting, excavations, installation of roads or access tracks, installation of dykes, ditches or hard boundaries, piling, installation of renewable energy technology, and any other work which would constitute development of the land forming the Option Area. Subject to the above restrictions the Grantor may undertake normal agricultural operations or other specified activities within the Option Area without the consent of the Grantee.
15.	**Pre-Entry & Survey Works**	During the Option Period the Grantee shall be entitled to enter onto the Grantor's Land with or without its appointed contractors or agents upon giving not less than 7 days' prior notice to the Grantor for the purposes of undertaking reasonable site investigations or surveys and carrying out a photographic schedule of condition, subject (in the case of surveys) to the requisite compensation payments being made in line with the National Grid Land Rights Strategy and Payment Schedule for Assets. A schedule of condition will be undertaken prior to any construction works.
16.	**Ancillary Rights for Utilities**	The Grantor agrees to grant the Grantee and any other relevant third party a Deed of Grant of easement or wayleave across the Grantor's Land to facilitate the installation, diversion or crossing of utility services including water pipes, sewerage systems, surface water drainage systems, gas pipelines, electricity cables, communication cables and any other conducting media as required for the Project. The Grantor shall be entitled

		to receive any payments made by the relevant utility provider for the grant of the relevant right. It would be expected that the Grantor's costs would be recovered from the other utility companies/statutory undertakers in this instance. Disturbance and additional fees would be heads of claim brought against the other utility companies/statutory undertakers and subject to any right of the Grantor to recover its costs from the relevant utility, the Grantee shall pay the Grantor's reasonable costs of entering into such agreements. Utility undertakers will be responsible for their own re-instatement and compensation commitments.
17.	**Planning**	The Grantor will not make any objection in respect of any planning application or Development Consent Order application which is submitted by the Grantee so far as each relates to the Grantor's Land.
18.	**Grantor's Agents Fees**	On exchange of the Option Agreement the Grantee shall pay to the Grantor the Grantor's agent's reasonable and proper costs actually incurred in relation to the negotiation of these Heads of Terms and the Option Agreement in accordance with the National Grid Payment of Surveyors' Fees document. The Agent's fees will be payable based on an hourly rate agreed with National Grid in advance, subject to an initial commitment of £2,500 plus irrecoverable VAT. The Agent's fees will be reimbursed up to £1,000 plus irrecoverable VAT invoiced on or after signing of the Heads of Terms, with the remainder payable on exchange of the Option Agreement.
19.	**Grantor's Solicitors Fees**	On exchange of the Option Agreement, the Grantee will contribute to the Grantor's solicitor's proper and reasonable legal fees up to the maximum sum of £2,750 plus irrecoverable VAT for time associated with negotiating and exchanging the Option Agreement and agreed form of Deed of Grant. The Grantee's solicitor will agree and provide an appropriate fee undertaking to the Grantor's solicitor following the agreement and signing of these Heads of Terms by the Grantor and/or their agent (as appropriate). This is to be taken as an initial position with National Grid agreeing to act reasonably in this regard.
20.	**Alienation**	The Grantee may assign or transfer or novate any of the rights and/or obligations under, and/or the benefit of, the Option Agreement and/or Deed of Grant, whether in whole or in part, without any prior consent of the Grantor to any licenced electricity transmission operator and with the prior written consent of the Grantor (not to be unreasonably withheld or delayed) to any other person.
21.	**Claim Settlement (Injurious Affection Claims)**	The Option Agreement will contain provisions allowing the Grantor to bring an injurious affection claim as if the relevant land right(s) had been acquired pursuant to the DCO.
22.	**Insurance & Indemnity**	The Grantee shall indemnify the Grantor against all actions which may be brought and all third-party claims and demands which may be made against the Grantor by reason of negligence or breach of its obligations in the Option Agreement and/or Deed of Grant.

		The Grantee shall keep and maintain public liability insurance of a minimum amount of £10,000,000 for each and every claim.
23.	**Dispute Resolution**	If any question, difference, or dispute arises under the terms of the Option Agreement it shall be referred to the determination of an expert experienced in such matters to be agreed between the parties (in the absence of agreement on the expert they will be appointed by the president of the RICS or the CAAV).
24.	**Grantor's Obligations re title and VAT**	The Grantor shall deduce title to the Option Area and the Grantor's Land. The Grantor shall at the Grantee's reasonable cost produce evidence of the VAT status of the Option Area (including where relevant to opted land, the decision to tax, the notification to and the acknowledgement from HMRC in relation to any option to waive the exemption to VAT).
25.	**Treasure and Historical Finds**	Subject to the provisions of the Ancient Monuments and Archaeological Areas Act 1979 and the Treasure Act 1996, the Grantee will treat any treasure or archaeological artifacts or other articles of value found on the Grantor's Land as belonging to the Grantor.
26.	**Contamination arising from the exercise of construction rights in the Option Agreement**	The Grantee will have no responsibility for any pre-existing contamination affecting the Option Area but will be liable for any contamination brought onto or existing contamination released onto the Option Area or Grantor's Property due to the Grantee's actions.

This Page has been intentionally left blank

I. PURCHASE

1.	**Option to Purchase**	The Grantee will be granted an option to purchase the land shown hatched blue on the Option Agreement Plan(s) being the "**Purchase Option Area**". The Grantee may exercise the option to acquire the whole or part of the Purchase Option Area (the "**Purchase Option**") at any time during the Option Period by serving a Construction Notice on the Grantor. Completion of the transfer of the whole or part of the Purchase Option Area will take place 20 working days after the exercise of the Purchase Option. The Construction Notice will include a plan showing the extent of the land to be acquired and the purchase price. The Grantee may serve multiple Construction Notices in respect of the Purchase Option Area so that the Purchase Option may be exercised in phases. The purchase price will be at the rate of £12,000 per acre, subject to CPI review from the date of completion of the Option Agreement to the CPI figure which is published in the month prior to completion and the balance of the purchase price shall be paid in full on completion of the transfer to the Grantee.
2.	**Option Fee**	10% of the consideration payable on completion of the Option Agreement as detailed in the Payments Schedule. This payment is non-refundable but is deductible upon exercise of the Option.
3.	**Grantor's Retained Rights**	The transfer from the Grantor to the Grantee shall reserve to the Grantor the following rights: (a) right of support; (b) right to develop notwithstanding diminution of light and air to the land transferred; and (c) other rights (if any) as are detailed in the Schedule attached to these heads of terms.
4.	**Rights to be Granted to the Grantee**	The transfer from the Grantor to the Grantee shall grant to the Grantee the following rights in favour of the land acquired over the Grantor's retained land which will be identified on the Option Agreement plan(s): (d) right of support; (e) right to install conduits; (f) right to access retained land for purposes of carrying out repairs and maintenance to the land transferred; (g) rights of access as shown on the Plan(s) over the retained land for purposes of access and egress to and from the land transferred; and (h) rights to services.

II. UNDERGROUND CABLE

1.	**Option Agreement/Deed of Grant**	The Grantor and The Grantee will enter into an Option Agreement to acquire a permanent Deed of Grant relating to underground cable(s) and ancillary apparatus. The Option Agreement will provide that the Grantee can call for a Deed of Grant within the Cable Option Area. The Option Agreement will contain rights to lay, install and construct the underground cable(s) within the Cable Option Area and ancillary apparatus anywhere within the Cable Option Area and rights over the Grantor's Land set out in the Option Agreement. During and after construction of the cable(s), the Grantee shall have the benefit of the rights referenced in the Deed of Grant and the Grantor obligations contained in the Deed of Grant. The Option Agreement will contain an irrevocable power of attorney clause appointing the Grantee as attorney to execute the Deed of Grant. This is to ensure that the Deed of Grant is entered into once the installation of the cable(s) is completed and will only be exercised in the event that the Grantor defaults. Completion of the Deed of Grant will take place once the cable(s) and the ancillary apparatus has been installed and the as-built plans showing the route of the cable(s) are available ("Final Easement Area").
2.	**Cable Option Area**	Shown shaded in yellow on the Option Agreement Plan(s).
3.	**Rights in the Deed of Easement**	The Deed of Easement will contain rights to use, maintain, replace underground (buried) cables and associated apparatus and will include rights of access and drainage over the Grantor's Land, and restrictions over the land within the Easement to protect the cables.
4.	**Temporary Rights for cable Installation / Construction Works**	The Grantee requires entry onto the Cable Option Area for the purposes of construction and associated works and to carry out all works required by the Grantee to construct, lay, and render operational the Cable equipment including without limitation ancillary works of excavation, creation of temporary access roads, resurfacing, protecting, testing and drainage works including any de-watering works. Entry onto the Cable Option Area shall be after 14 days' written notice (the Construction Notice") and after the Entry Payment has been made.
5.	**Reinstatement**	Following completion of the installation of the cables and all associated apparatus, the Grantee will reinstate the Cable Option Area to the Grantor's reasonable satisfaction and to the reasonable satisfaction of the occupier, if applicable and provided that this is not contrary to the Grantor's reasonable satisfaction, having carried out a photographic pre-entry schedule of condition. A copy of the pre-entry schedule of condition will be provided to the Grantor (and the Grantor's Agent) before commencement of construction.
6.	**Land Drainage**	The Grantor is (where possible) to make available plans of any existing drainage schemes to the Grantee in advance of construction works. The Grantee shall employ suitably qualified consultants to carry out a pre and post construction drainage assessment and will implement the requisite

		recommendations as soon as practicably possible, to ensure where reasonable and appropriate the land drainage systems on the Grantor's Land are left in no worse condition than before the date of the pre-construction drainage assessment, or if to the extent that such damage cannot be made good and where not practical to do so, the Grantor will be compensated. The Grantee and the Grantor (acting reasonably and without delay) shall agree the methods and timings to be employed in repairing damage to field drainage systems and/or carrying out any additional drainage work determined to be necessary. In the event that the Grantor and the Grantee fail to reach agreement, the decision will be referred to an expert acceptable to both parties. The Grantee shall pay to the Grantor the Grantor's drainage contractor reasonable and proper costs actually incurred in relation to providing comment and review with regards to the drainage advice in connection with the works carried out by the project subject to a cap of £1,000 plus irrecoverable VAT].
7.	**Construction Best Practice for Underground Cable Installation**	All Project works will be carried out in adherence to National Grid's Construction Best Practice for Underground Cable Installation document.
8	**Anticipated Easement Area**	Anticipated Easement Area shown in the Payment Schedule located within the Cable Option Area. Normally expected to be 60 metres or where required wider at each point, on either side where the cables cross a third-party cable, road, railway, river, watercourse, pipe, ditch or other physical obstacle along the section of the cables up to 100 metres.
9.	**Final Easement Area**	The area of the as laid position of the easement, to be determined once the cables have been installed, and shown on a plan to be attached to the final Deed of Grant.
10.	**Easement Term**	In perpetuity.
11.	**Cables**	An electricity supply for the transmission of electricity either buried or in one or more ducts or trenching comprising two or more cables and fibre optic cables, lines and associated apparatus to include joints, joint bays, link pillars, marking bands, protective tiles, warning tape, sheaths, tubes or similar and cable markers as have been laid or are to be laid and includes any apparatus and works associated therewith and all signal and other cables and all wrapping and any other equipment constructed on or about or adjacent to the cables and any manhole covers and any ancillary apparatus and works.
12.	**Cable Depth**	The cables will generally be laid so as to avoid continued interference with normal agricultural operations as far as reasonably practicable. The cables shall be laid to contour with a depth of cover not less than 0.9 metres from the original surface to the top of the protective tile above the cables, except where necessary for good engineering reasons and with the agreement of The Grantor and/or occupier if relevant, such agreement not to be unreasonably withheld or delayed. If there is a properly evidenced and

		reasonable requirement for the cable to be deeper then this will need to be evidenced on a landowner by landowner basis.
14.	**Consideration**	The consideration for the rights granted in the Option Agreement and Deed of Grant will be calculated on the basis of 80% of agreed agricultural land value or 50% of agreed value for non-agricultural land. The Final Easement Area ("Agreed Value") will be paid in the following tranches: (i) 25% of the Agreed Value on exchange of the Option Agreement ("the **Option Payment**"); (j) 50% of the Agreed Value on service of the Construction Notice ("the **Construction Notice Entry Payment**"); (k) 25% of the Agreed Value on completion of the Deed of Grant ("the **Balancing Payment**"). The consideration initially agreed will be based on the Anticipated Easement Area. If the Final Easement Area increases from the Anticipated Easement Area once the Option Agreement is entered into, the Option Agreement provides for an adjustment to the Balancing Payment to increase the overall consideration. The Consideration is detailed in the Payment Schedule together with the payment for any link pillar enclosure.
16.	**Completion**	The actual completion of the Deed of Grant pursuant to the terms of the Option Agreement shall be 20 working days after the date of service of the Completion Notice.
17.	**Incentive Payment**	**Incentive Payments for Permanent Rights** An incentive payment of 20% of the consideration payable to the Grantor under the Option Agreement for the underground cables is payable in the following circumstances: These agreed heads of terms are returned to the Grantee agreed and signed by the Grantor within an 8 week period of issue by the Grantee to the Grantor; and The Option Agreement is exchanged within 12 weeks of the date that the draft Option Agreement is sent to the Grantor's Solicitor to the email address of the individual named in these heads of terms by the Grantee's Solicitor.

III. OVERHEAD LINE

1.	**Option Agreement/Deed of Grant**	The Grantor and The Grantee will enter into an Option Agreement to acquire a permanent Deed of Grant relating to electric lines and where relevant towers and ancillary apparatus ("**OHL**"). The Option Agreement will provide that the Grantee can call for a Deed of Grant within the OHL Option Area. The Option Agreement will contain rights to install and construct the OHL anywhere within the OHL Option Area and rights over the Grantor's Land referred to in the Option Agreement. During and after construction of the OHL, the Grantee shall have the benefit of the rights referenced in the Deed of Grant and the Grantor obligations contained in the Deed of Grant. The Option Agreement will contain an irrevocable power of attorney clause appointing the Grantee as attorney to execute the Deed of Grant. This is to ensure that the Deed of Grant is entered into once the installation of the OHL is completed and will only be exercised in the event that the Grantor defaults. Completion of the Deed of Grant will take place once the OHL has been installed and the as-built plans showing the route of the OHL are available.
2.	**OHL Option Area**	Shown shaded pink on the Option Agreement Plan(s).
3.	**Rights in the Deed of Easement**	The Deed of Easement will contain rights to use, maintain, replace the OHL and will include rights of access and drainage over the Grantor's Land, and restrictions over the land within the Easement to protect the cables.
4.	**Temporary Rights for cable Installation / Construction Works**	The Grantee requires entry onto the OHL Option Area for the purposes of construction and associated works and to carry out all works required by the Grantee to construct and render operational the OHL including without limitation ancillary works of excavation, creation of temporary access roads, resurfacing, protecting, testing and drainage works including any de-watering works. Entry onto the OHL Option Area shall be after 14 days' written notice (the "Construction Notice") and after the Entry Payment has been made.
5.	**Reinstatement**	Following completion of the installation of the OHL, the Grantee will reinstate the OHL Option Area to the Grantor's reasonable satisfaction and to the reasonable satisfaction of the occupier, if applicable and provided that this is not contrary to the Grantor's reasonable satisfaction, having carried out a photographic pre-entry schedule of condition. A copy of the pre-entry schedule of condition will be provided to the Grantor (and the Grantor's Agent).
6.	**Land Drainage**	The Grantor is (where possible) to make available plans of any existing drainage schemes to the Grantee in advance of construction works. The Grantee shall ensure where reasonable and appropriate the land drainage systems on the Grantor's Land are left in no worse condition than before the date of entry for construction and associated works, or if to the extent that such damage cannot be made good and where not practical to do so, the Grantor will be compensated.

		[The Grantee shall pay to the Grantor the Grantor's drainage contractor reasonable and proper costs actually incurred in relation to providing comment and support with regards to the drainage advice in connection with the works carried out by the project subject to a cap of £1,000 plus irrecoverable VAT].
7.	**Construction Best Practice for OHL**	All Project works will be carried out in adherence to National Grid's Construction Best Practice for Overhead Line Installation.
8.	**Anticipated OHL**	Anticipated OHL is shown in the Payment Schedule, located within the OHL Option Area and shown on the Option Agreement Plan(s).
9.	**Final OHL**	To be determined once the OHL has been installed and shown on a plan to be attached to the final Deed of Grant.
10.	**Easement Term**	In perpetuity.
11.	**OHL**	The overhead lines (shown in the indicative positions approximately indicated by a solid purple line on the Plan(s) and subject to their maximum swing for transmitting electricity for the purposes of its or their operations together with an earth wire(s) fibre optic cables (in connection with the use of the Grantee's Undertaking only) and the Towers (if any) for supporting the same together with such ancillary equipment and apparatus as may be required by the Grantee
12.	**Consideration**	The consideration for the rights granted in the Option Agreement and Deed of Grant will be calculated and payable in accordance with the Grantee's Land Rights Strategy and detailed in the Payments Schedule and will be paid in the following tranches: (l) 25% of the Agreed Value on exchange of the Option Agreement ("the **Option Payment**"); (m) 50% of the Agreed Value on service of the Construction Notice ("the **Construction Notice Entry Payment**"); (n) 25% of the Agreed Value on completion of the Deed of Grant ("the **Balancing Payment**"). The consideration initially agreed will be based on the Anticipated OHL. If the Final OHL increases from the Anticipated OHL once the Option Agreement is entered into, the Option Agreement provides for an adjustment to the Balancing Payment to increase the overall consideration.
13.	**Completion**	The actual completion of the Deed of Grant pursuant to the terms of the Option Agreement shall be 20 working days after the date of service of the Completion Notice.
14.	**Incentive Payment**	**Incentive Payments for Permanent Rights** An Incentive Payment of 20% of the consideration payable to the Grantor for the electric lines and where relevant towers and ancillary apparatus under the Option Agreement is payable in the following circumstances:

		These heads of terms are returned to the Grantee agreed and signed by the Grantor within an 8 week period of issue by the Grantee to the Grantor; and The Option Agreement is exchanged within 12 weeks of the date that the draft Option Agreement is sent to the Grantor's Solicitor to the e mail address of the individual named in these heads of terms by the Grantee's Solicitor.

IV. TEMPORARY COMPOUND AND WORKS LEASE

1.	**Option for Temporary Works Compound(s)**	The Grantor agrees to grant to the Grantee an option and subsequent lease affecting that part of the Grantor's Land shown on the Option Agreement Plan(s) shown hatched orange (the "**Lease Demise Area**") for the purposes of a Temporary Compound and Works Area. The Grantee may exercise the option at any time during the Option Period by serving a Construction Notice on the Grantor. Completion of the lease of the whole or part of the Temporary Compound and Works Lease Option Area will take place 20 working days after the exercise of the Option. The Grantee shall then be entitled to take occupation of the Temporary Compound and Works Lease Option Area to carry out all works associated with a Temporary Compound and Works Area, including temporary storage of plant or equipment and machinery, offices, portacabins, welfare facilities including toilets, electricity generators and vehicular parking and (where necessary) any other use in connection with the Scheme (but excluding residential use), use for a temporary means of access with or without vehicles, plant, machinery and equipment in connection with the Scheme and any use in connection with the works. The Construction Notice will include a plan showing the extent of the land to be leased and details of the annual rental to be paid based on the area to be leased. The rent payable under the Lease will be £1.50/£2.00 per square metre/annum, payable from the date of completion of the Lease. The term of the Lease will be for 5 years. The Lease will be excluded from the security of tenure provisions of the Landlord and Tenant Act 1954. The Grantee shall have the right to terminate the Lease at any time upon the service of not less than 3 months' notice on the Grantor.
2.	**Option Fee**	10% of the consideration payable on completion of the Option Agreement as detailed in the Payments Schedule or a minimum payment of £1,000 whichever is the greater. This payment is non-refundable but is deductible upon exercise of the Option.
3.	**Topsoil**	The Tenant may remove topsoil and lay a suitable ground stabilisation, compound surface or similar on the demised land. Any soil removed will be stored and maintained for re-use in connection with restoration.
4.	**Buildings**	The Grantee shall not construct any permanent buildings.
5.	**Reinstatement**	The Lease will provide for the Grantee to restore the area leased to the reasonable satisfaction of the Grantor and having carried out a photographic pre-entry schedule of condition. A copy of the pre-entry schedule of condition will be provided to the Grantor (and the Grantor's Agent) before commencement of construction. In the alternative the Grantee will pay compensation.

6.	**Rent**	Paid in full in advance from the date of completion of the lease.

PAYMENT SCHEDULE

Area (square metres)	Rate per square metre	Full Payment £
«Lease_Option_Area_Metres»	£1.50 per m2 /annum for access uses and £2.00 per m2/annum for temporary compounds	£«Lease_Option_Area_Payment»

V. PERMANENT ACCESS EASEMENT

1.	**Option Agreement/Deed of Grant**	The Grantor and The Grantee will enter into an Option Agreement to acquire a permanent Deed of Grant relating to access ways and ancillary apparatus. The Option Agreement will provide that the Grantee can call for a Deed of Grant within the Access Option Area. The Option Agreement will contain rights to lay, install and construct the access ways and ancillary apparatus anywhere within the Access Option Area and rights over the Grantor's Land set out in these heads of terms. During and after construction of access ways, the Grantee shall have the benefit of the rights referenced in the Deed of Grant and the Grantor obligations contained in the Deed of Grant. The Option Agreement will contain an irrevocable power of attorney clause appointing the Grantee as attorney to execute the Deed of Grant. This is to ensure that the Deed of Grant is entered into once the installation of the cable(s) is completed and will only be exercised in the event that the Grantor defaults. Where the Deed of Grant is in perpetuity completion of the Deed of Grant will take place once the access ways and the ancillary apparatus has been installed and the as-built plans showing the route of the access ways are available ("**Final Easement Area**").
2.	**Access Option Area**	Shown shaded brown on the Option Agreement Plan(s).
3.	**Rights in the Deed of Easement**	The Deed of Easement will contain rights to use, maintain, replace the access ways and associated apparatus and will include rights of access and drainage over the Grantor's Land, and restrictions over the land within the Easement to protect the access ways.
4.	**Temporary Rights for access ways Installation / Construction Works**	The Grantee requires entry onto the Access Option Area for the purposes of construction and associated works and to carry out all works required by the Grantee to construct, lay, and render operational the access ways including without limitation ancillary works of excavation, creation of temporary access roads, resurfacing, protecting, testing and drainage works including any de-watering works. Entry onto the Access Option Area shall be after 14 days written notice (the "**Construction Notice**") and after the Entry Payment has been made.
5.	**Reinstatement**	Following completion of the installation of the access ways and all associated apparatus, the Grantee will reinstate the Access Option Area to the Grantor's reasonable satisfaction and to the reasonable satisfaction of the occupier, if applicable and provided that this is not contrary to the Grantor's reasonable satisfaction, having carried out a photographic pre-entry schedule of condition. A copy of the pre-entry schedule of condition will be provided to the Grantor (and the Grantor's Agent) before commencement of construction.
6.	**Land Drainage**	The Grantor is (where possible) to make available plans of any existing drainage schemes to the Grantee in advance of construction works. The Grantee shall ensure where reasonable and appropriate the land drainage

		systems on the Grantor's Land are left in no worse condition than before the date of entry for construction and associated works, or if to the extent that such damage cannot be made good and where not practical to do so, the Grantor will be compensated. [The Grantee shall pay to the Grantor the Grantor's drainage contractor reasonable and proper costs actually incurred in relation to providing comment and review with regards to the drainage advice in connection with the works carried out by the project subject to a cap of £1,000 plus irrecoverable VAT].
7.	**Anticipated Easement Area**	Anticipated Easement Area shown in the Payment Schedule located within the Access Option Area and shown brown on the Option Agreement Plan(s).
8.	**Final Easement Area**	The area of the as laid position of the easement, to be determined once the access ways have been installed and shown on a plan to be attached to the final Deed of Grant.
9.	**Easement Term**	In perpetuity
10.	**Consideration**	The consideration is detailed in the Payments Schedule and will be paid in the following tranches: (o) 25% of the Agreed Value on exchange of the Option Agreement ("the **Option Payment**"); (p) 50% of the Agreed Value on service of the Construction Notice ("the **Construction Notice Entry Payment**"); (q) 25% of the Agreed Value on completion of the Deed of Grant ("the **Balancing Payment**"). The consideration initially agreed will be based on the Anticipated Easement Area. If the Final Easement Area increases from the Anticipated Easement Area once the Option Agreement is entered into, the Option Agreement provides for an adjustment to the Balancing Payment to increase the overall consideration.
11.	**Completion**	Where the Deed of Grant is in perpetuity the actual completion of the Deed of Grant pursuant to the terms of the Option Agreement and shall be 20 working days after the date of service of the Completion Notice.

PAYMENT SCHEDULE

Easement Calculation	Total
Total Easement Consideration **£1,000 per tower accessed OR £1,000 per UGC access** **TOTAL PAYMENT**	**£**«Permanent_Access_Easement_Total_Payment»

VI. PERMANENT DRAINAGE EASEMENT

1.	**Option Agreement/Deed of Grant**	The Grantor and The Grantee will enter into an Option Agreement to acquire a permanent Deed of Grant relating to drainage systems and ancillary apparatus. The Option Agreement will provide that the Grantee can call for a Deed of Grant within the Drainage Option Area. The Option Agreement will contain rights to lay, install and construct the drainage systems and ancillary apparatus anywhere within the Drainage Option Area and rights over the Grantor's Land set out in these heads of terms. During and after construction of drainage systems, the Grantee shall have the benefit of the rights referenced in the Deed of Grant and the Grantor obligations contained in the Deed of Grant. The Option Agreement will contain an irrevocable power of attorney clause appointing the Grantee as attorney to execute the Deed of Grant. This is to ensure that the Deed of Grant is entered into once the installation of the cable(s) is completed and will only be exercised in the event that the Grantor defaults. Where the Deed of Grant is in perpetuity completion of the Deed of Grant will take place once the drainage systems and the ancillary apparatus has been installed and the as-built plans showing the route of the drainage systems are available ("**Final Easement Area**").
2.	**Drainage Option Area**	Shown shaded colour on the Plan Reference XXX.
3.	**Rights in the Deed of Easement**	The Deed of Easement will contain rights to use, maintain, replace the drainage systems and associated apparatus and will include rights of access and drainage over the Grantor's Land, and restrictions over the land within the Easement to protect the drainage systems.
4.	**Temporary Rights for drainage systems Installation / Construction Works**	The Grantee requires entry onto the Drainage Option Area for the purposes of construction and associated works and to carry out all works required by the Grantee to construct, lay, and render operational the drainage systems including without limitation ancillary works of excavation, creation of temporary access roads, resurfacing, protecting, testing and drainage works including any de-watering works. Entry onto the Drainage Option Area shall be after 14 days written notice (the "**Construction Notice**") and after the Entry Payment has been made.
5.	**Reinstatement**	Following completion of the installation of the drainage systems and all associated apparatus, the Grantee will reinstate the Drainage Option Area to the Grantor's reasonable satisfaction and to the reasonable satisfaction of the occupier, if applicable and provided that this is not contrary to the Grantor's reasonable satisfaction, having carried out a photographic pre-entry schedule of condition. A copy of the pre-entry schedule of condition will be provided to the Grantor (and the Grantor's Agent) before commencement of construction.
6.	**Land Drainage**	The Grantor is (where possible) to make available plans of any existing drainage schemes to the Grantee in advance of construction works. The Grantee shall ensure where reasonable and appropriate the land drainage

		systems on the Grantor's Land are left in no worse condition than before the date of entry for construction and associated works, or if to the extent that such damage cannot be made good and where not practical to do so, the Grantor will be compensated. [The Grantee shall pay to the Grantor the Grantor's drainage contractor reasonable and proper costs actually incurred in relation to providing comment and review with regards to the drainage advice in connection with the works carried out by the project subject to a cap of £1,000 plus irrecoverable VAT].
7.	**Anticipated Easement Area**	Anticipated Easement Area shown in the Payment Schedule located within the Drainage Option Area [and shown on the Plan].
8.	**Final Easement Area**	The area of the as laid position of the easement, to be determined once the drainage works have been installed and shown on a plan to be attached to the final Deed of Grant.
9.	**Easement Term**	In perpetuity.
10.	**Consideration**	The consideration is detailed in the Payments Schedule and will be paid in the following tranches: (r) 25% of the Agreed Value on exchange of the Option Agreement ("the **Option Payment**"); (s) 50% of the Agreed Value on service of the Construction Notice ("the **Construction Notice Entry Payment**"); (t) 25% of the Agreed Value on completion of the Deed of Grant ("the **Balancing Payment**"). The consideration initially agreed will be based on the Anticipated Easement Area. If the Final Easement Area increases from the Anticipated Easement Area once the Option Agreement is entered into, the Option Agreement provides for an adjustment to the Balancing Payment to increase the overall consideration.
11.	**Completion**	Where the Deed of Grant is in perpetuity the actual completion of the Deed of Grant pursuant to the terms of the Option Agreement and shall be 20 working days after the date of service of the Completion Notice.

PAYMENT SCHEDULE

Easement Calculation	Total
Total Easement Consideration **Drainage easement £1,000 per tower.** **TOTAL PAYMENT**	**£[●]**
Initial Payment 25% payable on exchange of Option Agreement to Grant an Easement	**£[●]**
Entry Payment 50% payable on taking entry onto land for construction under Option Agreement to Grant an Easement	**£[●]**
Easement Completion Payment 25% payable on completion of Easement following construction together with any other payment already agreed ("the Balancing Payment").	**£[●]**

All payments are subject to CPI increase from the date of completion of the Option Agreement for Easement until payment (using the CPI data available at the date of payment).

VII. TEMPORARY ACCESS EASEMENT

1.	**Option Agreement/Deed of Grant**	The Grantor and The Grantee will enter into an Option Agreement to acquire a temporary Deed of Grant relating to access ways and ancillary apparatus. The Option Agreement will provide that the Grantee can call for a Deed of Grant within the Access Option Area. The Option Agreement will contain rights to lay, install and construct the access ways and ancillary apparatus anywhere within the Access Option Area and rights over the Grantor's Land set out in these heads of terms. During and after construction of access ways, the Grantee shall have the benefit of the rights referenced in the Deed of Grant and the Grantor obligations contained in the Deed of Grant. The Option Agreement will contain an irrevocable power of attorney clause appointing the Grantee as attorney to execute the Deed of Grant. This is to ensure that the Deed of Grant is entered into once the installation of the cable(s) is completed and will only be exercised in the event that the Grantor defaults. Where the Deed of Grant is in perpetuity completion of the Deed of Grant will take place once the access ways and the ancillary apparatus has been installed and the as-built plans showing the route of the access ways are available ("**Final Easement Area**").
2.	**Access Option Area**	Shown shaded magenta on the Option Agreement Plan(s).
3.	**Rights in the Deed of Easement**	The Deed of Easement will contain rights to use, maintain, replace the access ways and associated apparatus and will include rights of access and drainage over the Grantor's Land, and restrictions over the land within the Easement to protect the access ways.
4.	**Temporary Rights for access ways Installation / Construction Works**	The Grantee requires entry onto the Access Option Area for the purposes of construction and associated works and to carry out all works required by the Grantee to construct, lay, and render operational the access ways including without limitation ancillary works of excavation, creation of temporary access roads, resurfacing, protecting, testing and drainage works including any de-watering works. Entry onto the Access Option Area shall be after 14 days written notice (the "**Construction Notice**") and after the Entry Payment has been made.
5.	**Reinstatement**	Following completion of the installation of the access ways and all associated apparatus, the Grantee will reinstate the Access Option Area to the Grantor's reasonable satisfaction and to the reasonable satisfaction of the occupier, if applicable and provided that this is not contrary to the Grantor's reasonable satisfaction, having carried out a photographic pre-entry schedule of condition. A copy of the pre-entry schedule of condition will be provided to the Grantor (and the Grantor's Agent) before commencement of construction.
6.	**Land Drainage**	The Grantor is (where possible) to make available plans of any existing drainage schemes to the Grantee in advance of construction works. The Grantee shall ensure where reasonable and appropriate the land drainage

		systems on the Grantor's Land are left in no worse condition than before the date of entry for construction and associated works, or if to the extent that such damage cannot be made good and where not practical to do so, the Grantor will be compensated. [The Grantee shall pay to the Grantor the Grantor's drainage contractor reasonable and proper costs actually incurred in relation to providing comment and review with regards to the drainage advice in connection with the works carried out by the project subject to a cap of £1,000 plus irrecoverable VAT].
7.	**Anticipated Easement Area**	Anticipated Easement Area shown in the Payment Schedule located within the Access Option Area and shown shaded magenta on the Option Agreement Plan(s).
8.	**Final Easement Area**	The area of the as laid position of the easement, to be determined once the access ways have been installed and shown on a plan to be attached to the final Deed of Grant.
9.	**Easement Term**	5 Years
10	**Consideration**	The consideration is detailed in the Payments Schedule and will be paid in the following tranches: (u) 25% of the Agreed Value on exchange of the Option Agreement ("the **Option Payment**"); (v) 75% of the Agreed Value on service of the Construction Notice ("the **Construction Notice Entry Payment**"). The consideration initially agreed will be based on the Anticipated Easement Area. If the Final Easement Area increases from the Anticipated Easement Area once the Option Agreement is entered into, the Option Agreement provides for an adjustment to the Balancing Payment to increase the overall consideration.
11	**Completion**	Where the Deed of Grant is for a period of years actual completion of the Deed of Grant shall take place 14 days after service of the Construction Notice.

PAYMENT SCHEDULE

Easement Calculation	Total
Total Easement Consideration **£1.50 per square metre / annum.**	**£**«Temporary_Access_Area_Payment»
TOTAL PAYMENT FOR FIVE YEARS	**£**«Temporary_Access_Area_Payment_5_Year»
Initial Payment 25% payable on exchange of Option Agreement to Grant an Easement	**£**«Temporary_Access_Area_Initial_Payment»
Entry Payment 75% payable on taking entry onto land for construction under Option Agreement to Grant an Easement	**£**«Temporary_Access_Area_Entry_Payment»

All payments are subject to CPI increase from the date of completion of the Option Agreement for Easement until payment (using the CPI data available at the date of payment).
