1. Introduction

1.1 Overview

- 1.1.1 On 29 August 2025, National Grid Electricity Transmission plc (the Applicant) submitted an application to the Secretary of State for Energy Security and Net Zero for a Development Consent Order (DCO) to authorise the construction and operation (and maintenance) of the proposed upgrade to the electricity transmission system in East Anglia between Norwich and Tilbury (the Project).
- 1.1.2 The Application for the Project was accepted for Examination by the Planning Inspectorate on 26 September 2025 and has been allocated the reference number EN020027. The Examination of the Project commenced on 10 February 2026 and is expected to close on 10 August 2026.

1.2 Proposed Change Application 1

- 1.2.1 This document has been submitted to support Proposed Change Application 1 for Change Request 1 (Bulphan). Change Request 1 relates to an increase in the Order Limits to facilitate works required for the protection of the existing Thames to Buncefield Multifuel Pipeline, west of Langdon Hills Golf Club. This proposed change responds to feedback concerning accelerated corrosion on existing buried metallic services received from the British Pipeline Agency Ltd (BPA) who act as the agent for the owner, United Kingdom Oil Pipelines Limited (UKOP).
- 1.2.2 Further details relating to Change Request 1 (Bulphan) are provided in **Proposed Change Application 1: Overview Report – Change Request 1 (Bulphan) [document reference 9.5]**.
- 1.2.3 In parallel to the submission of Proposed Change Application 1, the Applicant has also submitted a separate application (Proposed Change Application 2) for a separate design change (Change Request 2). Details relating to Proposed Change Application 2 are included in separate application documents submitted by the Applicant to the ExA on 27 March 2026.

1.3 Purpose of this document

- 1.3.1 Change Request 1 (Bulphan) is described and assessed in a number of updates and addenda to the originally submitted application documents and, in certain cases, updated during the course of the Examination to date.
- 1.3.2 As per the *Planning Inspectorate's (2024) advice: Nationally Significant Infrastructure Projects: Changes to an application after it has been accepted for examination (PINS Guidance 2024)*, this document provides a full schedule of all application documents and plans submitted to the Planning Inspectorate on 29 August 2025 and during the course of the Examination to date that will be updated as a result of Change Request 1 (Bulphan). Where a row is highlighted **green**, this denotes a new or updated document that is being submitted to support the Proposed Change Application 1 and where a row is highlighted **blue**, this denotes an application document that will be updated if the ExA accepts Change Request 1 (Bulphan).

- 1.3.3 The schedule also includes a commentary where documents or plans would not be revised as a result of Change Request 1 being accepted (Bulphan).
