# 1. Introduction

## 1.1 The Project

- 1.1.1 Norwich to Tilbury (the 'Project') comprises reinforcement of the transmission network between the existing Norwich Main Substation in Norfolk and Tilbury Substation in Essex, via Bramford Substation, the new East Anglia Connection Node (EACN) Substation and the new Tilbury North Substation.
- 1.1.2 The Project is defined as a Nationally Significant Infrastructure Project (NSIP), under s14(1)(b) and s16 of the PA 2008, and as amended by the PA 2008 (Nationally Significant Infrastructure Projects) (Electric Lines) Order 2013, as it involves the installation of a new electric line above ground of more than 2 km, which would operate at 400 kV in England.
- 1.1.3 For a full description of the Project reference should be made to **6.4 Environmental Statement Chapter 4: Project Description [APP-130]**.
- 1.1.4 For a full description of the Project construction including construction schedule, enabling works and reinstatement, reference should be made to **6.4 Environmental Statement Chapter 4: Project Description [APP-130]**.
- 1.1.5 This Book of Reference relates to the Project and has been submitted by National Grid to the Planning Inspectorate acting on behalf of the Secretary of State. It relates to an application for development consent to permit and enable implementation of the Project made under s37 of the PA 2008 (as amended) ("PA 2008").

## 1.2 Relevant Legislation

- 1.2.1 This Book of Reference has been prepared and submitted in compliance with Regulation 5(2)(d) of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 (the 'APFP Regs'), as amended, and in accordance with the Department for Communities and Local Government guidance Planning Act 2008: Guidance related to procedures for compulsory acquisition (September 2013). It has also been prepared in accordance with Regulation 7 of the APFP Regs.
- 1.2.2 The Project has been split into eight sections based largely on Local Authority boundaries for ease of reference, as set out in Paragraph 1.3 of this document. As a consequence, this Book of Reference has also been divided into eight Chapters, with each Chapter relating to the corresponding section of the Project.
- 1.2.3 Each Chapter of this Book of Reference is divided into the five Parts as prescribed by Regulation 7(1) of the APFP Regulations. Each of the five Parts is described in the next Paragraph of this document, together with a brief commentary on how the requirements in the APFP Regulations and the related definitions in the 2008 Act have been interpreted and applied to the collation of each Part of the Book of Reference.

- 1.2.4 This Book of Reference forms part of a suite of documents accompanying the application submitted in accordance with s55 of the PA 2008 and the APFP Regs and should be read alongside the other DCO application documents that relate to the compulsory acquisition powers sought by National Grid and the need for the Project, including:
- **1.3 Guide to the Application [APP-003]**
  - **9.14 Proposed Change Application 2: Book of Plans – Change Request 2 (Little Bromley) (CA2)**
  - **2.14 Special Category and Crown Land Plans [APP-046]**
  - **3.1 Draft DCO [REP2-004]**
  - **4.1 Statement of Reasons [APP-059]**
  - **4.1 Addendum to the Statement of Reasons – Proposed Change Application 2 (Little Bromley) (CA2)**

## **1.3 Guide to the Book of Reference**

### **Project Sections**

- 1.3.1 The Project is divided into eight geographical sections, based largely on Local Authority boundaries for ease of reference. They are presented in the Environmental Statement (ES) Figure 1.1: Site Location Plan and Project Sections (document reference 6.1.F1), and comprise:
- Section A – South Norfolk Council
  - Section B – Mid-Suffolk District Council
  - Section C – Babergh District Council, Colchester City Council and Tendring District Council
  - Section D – Colchester City Council
  - Section E – Braintree District Council
  - Section F – Chelmsford City Council and Brentwood Borough Council
  - Section G – Basildon Borough Council and Brentwood Borough Council (and part of Chelmsford City Council)
  - Section H – Thurrock Council
- 1.3.2 For consistency and ease of reference, the Book of Reference has been divided into the same, eight geographical sections, as summarised above.
- 1.3.3 In respect of the Change Request 2 (Little Bromley), 'Section C - Babergh District Council, Colchester City Council and Tendring District Council' is affected, consequently, the Book of Reference for Change Request 2 (Little Bromley) only concerns Section C.

## Land Plots

- 1.3.4 The Land Plans **Proposed Change Application 2: Book of Plans – Change Request 2 (Little Bromley)** [document reference 9.14] show the Order land and the numbered plots within the Order Limits that are listed in the Book of Reference.
- 1.3.5 With the exception of those plots referred to in Paragraph 1.3.5, each plot is coloured. The colouring serves to differentiate the type of rights or powers sought by National Grid for each given plot within the Order Limits which corresponds with the respective interest, right or power to be acquired or used. There are instances where a plot may have more than one type of interest, right or powers sought. Where two types of interest, rights or powers are sought over a given plot (such as temporary use during construction, as well as permanent rights to operate and maintain the works), the plot is coloured according to the more extensive power required.
- 1.3.6 There are also white plots where the requirement to compulsorily acquire and/or temporarily possess that land had dropped away immediately before submission and no land rights are sought.
- 1.3.7 The numbering of the plots restarts at the beginning of each project section. Therefore, plots within the Book of Reference have been given an alphabetical prefix to reiterate this distinction:
- A-1/1: **A** means section A of the Project, **1/X** means sheet 1 (of the Section A Land Plans), and **X/1** refers to the plot number (on Sheet 1, of the Section A Land Plans).
- 1.3.8 All plot area measurements in this Book of Reference are approximate, as these measurements are given in square metres, and each measurement is rounded to the nearest whole square metre (no decimal place). The only exception to this rounding is plots with an area less than 1 square metre, where each measurement has been left unrounded, and the decimal place retained.

## Book of Plans

- 1.3.9 The Book of Reference is to be read in conjunction with the Land Plans **Proposed Change Application 2: Book of Plans – Change Request 2 (Little Bromley)** [document reference 9.14] and the 2.14 **Special Category and Crown Land Plans [APP-046]**.
- 1.3.10 With reference to Regulation 5(2)(i)(i) to (iii) of the APFP Regulations, the Land Plans identify:
- a. All of the land within the Order Limits required for and directly affected by the authorised development;*
  - b. Land which may be acquired permanently under the compulsory acquisition powers within the Order Limits;*
  - c. Land that will be subject to compulsory acquisition powers to acquire permanent rights;*
  - d. Land where temporary use powers may be exercised; and*
  - e. Land in relation to which it is proposed to extinguish, suspend or interfere with any existing easements, servitudes and other private rights.*

- 1.3.11 With reference to Regulation 5(2)(i)(iv) of the APFP Regulations, the 2.14 **Special Category and Crown Land Plans [APP-046]** identify land which is defined as special category land.

## 2. Book of Reference Description

### 2.1 Introduction to the Book of Reference Parts

2.1.1 The Book of Reference in respect of the Change Request 2 (Little Bromley) has been produced for 'Section C - Babergh District Council, Colchester City Council and Tendring District Council' only, as noted in Paragraph 1.3 (Guide to the Book of Reference) of this document.

2.1.2 This chapter describes each of the five Parts of each Chapter of the Book of Reference in more detail, together with a brief commentary on how the requirements in the APFP Regulations and the related definitions in the Act have been interpreted and applied to the collation of each Part of this Book of Reference. The tables containing the detail of each Part follow.

### 2.2 Part 1

2.2.1 Part 1 of the Book of Reference is described in Regulation 7(1)(a) of the APFP Regs, as follows:

*'Part 1 contains the names and addresses for service of each person within Categories 1 and 2 as set out in section 57 of the Act (categories for purposes of section 56(2)(d)) in respect of any land which it is proposed shall be subject to:*

- *powers of compulsory acquisition;*
- *rights to use land, including the right to attach brackets or other equipment to buildings; or*
- *rights to carry out protective works to buildings'*

2.2.2 Part 1 of this Book of Reference contains the names and addresses of each person who is known, after making diligent inquiry, to be an owner, lessee, tenant or occupier of each plot within the Order land (known as Category 1 owners) or, is interested in or, has the power to sell, convey or release that land (known as Category 2 owners).

2.2.3 A person is within Category 1, as defined in s57 of the Planning Act 2008, if the applicant after making diligent inquiry, knows that they are an owner, lessee, tenant, or occupier of the land.

2.2.4 A person is within Category 2 if they are interested in the land or have the power to sell and convey or release the land. This includes mortgagees and beneficiaries who may have an interest in the land to which the application for development consent relates.

2.2.5 National Grid has taken the approach of seeking powers of compulsory acquisition (or acquisition of rights) in respect of all plots of land required permanently for the Project, even where it already holds an interest or presumes it holds an interest in the land. This approach has been taken to ensure that it has the right to acquire the appropriate interests it needs within the Order Limits even if an unidentified owner later asserts an interest in land which National Grid believes it holds an interest.

- 2.2.6 By virtue of articles 38 (extinguishment and suspension of private rights), 39 (power to override easement and other rights) and 40 (statutory authority to override easements and other rights), of the draft Order (document reference 3.1), all or any rights exercisable over or in respect of the Order land will be extinguished or overridden insofar as they may interfere with the construction or use of the authorised project. These are subject to article 41 (extinguishment of private rights and restrictive covenants relating to apparatus belonging to National Grid or UKPN removed from land subject to temporary possession) in respect of apparatus belonging to National Grid or UKPN which is removed.

## 2.3 Part 2

- 2.3.1 Part 2 of the Book of Reference is required by Regulation 7(1)(b) of the APFP Regulations to contain '*the names and addresses for service of each person within Category 3 as set out in section 57 (of the Planning Act 2008)*'.
- 2.3.2 A person is within Category 3 if, National Grid thinks, having made diligent inquiry, that they would or might be entitled to make a relevant claim as a result of implementing the Order, or as a result of the Order having been implemented, or as a result of the use of the land once the Order has been implemented. A relevant claim is defined in s57(6) of the Act. This means:
- a) A claim under s10 of the Compulsory Purchase Act 1965 (compensation where satisfaction is not made for the taking or injurious affection of land subject to compulsory purchase); or
  - b) A claim under Part 1 of the Land Compensation Act 1973 (compensation for depreciation of land value by physical factors caused by the use of public works); or
  - c) A claim under s152(3) of the Act where land is injuriously affected by the carrying out of the authorised works.
- 2.3.3 Where a person has an interest under Category 3 (i.e. those that would or might have a relevant claim) within the Order land (and therefore within a plot) the person is included in the Book of Reference.
- 2.3.4 Where a person has an interest outside the Order land, but it is National Grid's opinion that they should be included in Part 2 (as potentially being entitled to make relevant claim as above), the phrase 'all plots in this section' is listed against the person, in acknowledgement that the claim may emanate from any Project work occurring on the land plots in the section(s) that their interests are in proximity to.

## 2.4 Part 3

- 2.4.1 In accordance with Regulation 7(1)(c) of the APFP Regulations, Part 3 lists the names of all those entitled to enjoy easements or other private rights over land (including private rights of navigation over water) which it is proposed may be extinguished, suspended or interfered with as a consequence of the authorised development. This will include some interests listed in Part 2.
- 2.4.2 Certain relevant Category 2 persons included within Part 1 of the Book of Reference have also been included within Part 3 where their rights may be considered to be affected. Examples include tenants of the land, or statutory undertakers with services

in or under the land, and whose rights over the land are likely to be affected whether the land is required permanently or temporarily.

## 2.5 Part 4

2.5.1 In accordance with Regulation 7(1)(d) of the APFP Regulations, Part 4 of the Book of Reference specifies the owner of any Crown interest in the Order land which is proposed to be used for the purpose of the Order for which application is being made, and which includes land belonging to the relevant Government departments (such as the relevant Secretary of States). 'Crown land' is defined in s227 of the Act and includes interests belonging to Government departments among other Crown interests.

## 2.6 Part 5

2.6.1 In accordance with Regulation 7(1)(e) of the APFP Regulations, this states:

*'Part 5 specifies land –*

*(i) the acquisition of which is subject to Special Parliamentary Procedure;*

*(ii) which is special category land;*

*(iii) which is replacement land*

*and for each plot of such land within which it is intended that all or part of the proposed development and works shall be carried out, the area in square metres of that plot.'*

2.6.2 Land required for the Project which is subject to special parliamentary procedure, is special category land or replacement land is listed in Part 5 of the Book of Reference and shown on the 2.14 **Special Category and Crown Land Plans [APP-046]**. The **Statement of Reasons (4.1 Statement of Reasons [APP-059])** sets out further details in respect of special category land, and a separate Special Category Land Report (Appendix C) has been produced as a supplementary appendix to the **4.1 Statement of Reasons [APP-059]**.

## 2.7 Book of Reference Notes

2.7.1 Part 1 of this Book of Reference provides the area in square metres of each plot of land included in the DCO.

2.7.2 The term 'or thereabouts' is used before all plot area measurements because the draft DCO (Article 2(4)) requires all areas described in square metres in the Book of Reference to be read as being approximated. This is because these measurements are given in square metres and each measurement is rounded up to the nearest whole square metre. The only exception to this rounding is Plots with an area less than 1 square metre, where each measurement has been left unrounded, and the decimal place retained.

2.7.3 Each plot of land shown in this Book of Reference has been given a unique reference. The plot starts with a letter, relating to which project section the plot sits within, the first number relates to the Land Plans sheet on which the plot is located, and the second number differentiates between each plot sequentially.

- 2.7.4 The numbering of the plots restarts at the beginning of each project section, therefore plots within the Book of Reference have been given an alphabetical pre-fix to reiterate this distinction:
- A-1/1: **A** means section A of the Project, **1/X** means sheet 1 (of the Section A Land Plans), and **X/1** refers to the plot number (on Sheet 1, of the Section A Land Plans).

## 2.8 Classification of Interests, Rights and Powers

- 2.8.1 The powers conferred by the Order to acquire interests and rights and to use land will be exercisable by National Grid in respect of the authorised development and UK Power Networks (UKPN) in respect of UKPN works (the terms ‘National Grid’, ‘authorised development’, ‘UKPN’ and ‘UKPN works’ are defined in the draft Order).
- 2.8.2 Accordingly, each Part of the Book of Reference sets out the respective interest, right or power to be acquired, extinguished, or used, by National Grid and UKPN in relation to each parcel of land. The interests, rights or powers are described by reference to the classes in table 2.1 below. Some of the classes of interests, rights or powers include other classes as set out in the table so, for instance, if National Grid may acquire Class 2 powers over a parcel of land (Compulsory Acquisition of Rights– Overhead Line), it may exercise Class 7 powers (Temporary Use) as well. This gives National Grid the ability to acquire or exercise a lesser right or power where appropriate.
- 2.8.3 National Grid’s interest, right or power is set out first in column 2 of the Book of Reference, and UKPN’s interest, right or power set out in column 3. For example, where column 2 contains ‘1’ and column 3 contains ‘7’, this means that National Grid may exercise the Class 1 powers (Compulsory Acquisition of land) and UKPN may exercise the Class 7 powers (Temporary Use) over the relevant parcel
- 2.8.4 Where a zero is entered this means that either National Grid or UKPN, as the case may be, will have no right of compulsory acquisition or use over that parcel of land. For example, where column 2 contains ‘2’ and column 3 contains ‘0’, this means that National Grid may exercise the Class 2 powers (and any subordinate powers), but UKPN will have no land powers over that parcel of land (as its class as listed in column 3 reads ‘0’). Government guidance in relation to the compulsory acquisition of land under the Act states, at paragraph 10 of annex D, ‘*the book of reference should also cross-refer to the relevant articles in the development consent order*’.
- 2.8.5 For the purpose of this Book of Reference the relevant articles contained in the **3.1 Draft DCO [REP2-004]** have been set against the acquisition of various interests and rights and the power to use land temporarily as shown in table 2.1 below, thereby informing the reader as to the relevant articles engaged in the Development Consent Order.
- 2.8.6 For the purposes of this Book of Reference the acquisition of various interests and rights and the power to use land temporarily for various purposes has been classified as given in Table 2.1.

Table 2.1 Land acquisition definitions and guidance

Land Use Power Sought	Colour of Plot on Land Plans	Principal Relevant DCO Article	Description of Class	Subordinate Classes
Class 1 - Compulsory Acquisition of land	Brown	Article 24	Acquisition of all interests and rights in the land.	Classes 2, 3, 4, 5, 6 and 7
