# Statements of Common Ground

## 1. Overview

1.1.1 In accordance with government guidance (Planning Act 2008: Pre-application stage for Nationally Significant Infrastructure Projects, published 30 April 2024), the Applicant has been developing Statements of Common Ground (SoCGs) with a number of statutory prescribed and non-prescribed consultees, statutory undertakers and interested parties throughout project development. The SoCGs seek to identify matters on which parties agree, and to track progress towards the resolution of any matters where agreement has not yet been reached.

1.1.2 The SoCGs are largely structured as follows:

- Summary of key engagement undertaken to date with the consultee
- Table(s) summarising the key interests of the Parties (arranged by topic/discipline where relevant) and the status of each matter:
  - ‘Not agreed’ indicates a final position, where it has not been possible to resolve the issue to the agreement of both parties and there remains a difference of opinion;
  - ‘Under discussion’ indicates where issues are the subject of active ongoing discussion;
  - ‘Agreed’ indicates where an issues has been agreed or resolved satisfactorily to the agreement of both parties.

~~1.1.3 The Applicant undertook early preparation of Statements of Common Ground with the consultees identified in Table 1.1 during the pre-application period. These SoCGs were submitted as part of the DCO application and will be updated as required throughout the examination process.~~

## ~~2. Deadline 1 SoCG submissions~~

~~2.1.1.1.3~~ The Applicant welcomes the clarity provided in the **Rule 6 letter [PD-009]** regarding SoCGs. We note that no additional stakeholders (beyond those listed within this document) were requested by the Examining Authority to require a SoCG.

~~2.1.2~~ The Applicant also welcomes the level of engagement from stakeholders during the pre-application and pre-examination phases, together with the progress that has been made on the SoCGs in advance of Deadline ~~4.1~~.

~~2.1.3~~ In accordance with the request in the Rule 6 letter Annex F, and through engagement with stakeholders, the Applicant is providing an update on the full suite of SoCGs at Deadline 1, including the additional SoCGs listed in Table 1.2 of this overview document.

~~2.1.4 — As part of this deadline, the Applicant has reviewed the stakeholders listed in Table 1.3 (not requiring a SoCG), cross-referenced with the relevant representations received and confirmed that this position has not changed for any of the stakeholders listed.~~

~~2.1.5 — Articles in the Development Consent Order (DCO) have been addressed in host authority SoCGs, where early drafts of the draft DCO and draft Requirements were shared prior to submission of the DCO application for stakeholder information. Future iterations of SoCGs will include articles and requirements in the draft DCO where relevant to the stakeholder.~~

### ~~3. — Updates to the SoCGs submitted with the DCO application~~

~~3.1.1 — For Deadline 1, the majority (24) of SOCGs listed in Table 1.1 have been updated and a second draft submitted to the examination. These second drafts include the updated position on matters following application documentation being made available to review in full following DCO acceptance.~~

~~3.1.2 — Where stakeholders have referred to responses within their relevant representations and the Applicant has responded through that process, the responses have not been repeated within the SoCG to avoid repetition and adding to the length of the documents. Instead, a cross-reference to the relevant representation responses has been added.~~

~~3.1.3 — In five instances listed in Table 1.1, while engagement has been ongoing, there have been no substantive updates to the SoCGs at Deadline 1. The Applicant notes that there was no instruction within the **Rule 6 letter [PD-009]** or **Rule 8 letter [PD-011]** regarding submission of these specific SoCGs at this deadline, so an update has not been provided at this Deadline 1.~~

~~3.1.41.1.4~~ In some limited cases, specific issues have been categorised as ‘not agreed’ by a local authority where it is the Applicant’s view that these matters are still under further discussion. In such cases, the local authority has agreed that further discussions will be had on these specific matters. This applies to the following matters:

- South Norfolk District Council: Tables 3.4 and 3.5
- Suffolk County Council: Tables 3.8 and 3.11
- Tendring District Council: ID 3.2.11, Tables 3.5, 3.7 and 3.11
- Braintree District Council: Table 3.8

~~3.1.51.1.5~~ The Applicant looks forward to continued engagement with stakeholders to resolve outstanding matters as far as possible and will reflect this engagement in updated SoCGs submitted at Deadline 4 as per the **Rule 6 letter [PD-009]**.

## 2. List of SoCGs and status

~~3.1.6~~ As part of the Applicant’s engagement with statutory prescribed and non-prescribed consultees, statutory undertakers and interested parties during the development of the DCO application, a number of additional SoCGs were identified as in progress, but not submitted, as part of the DCO application. These consultees are listed in Table 1.2.

~~2.1.1~~ As requested by the Examining Authority in Written Question GEN 1.18, this the Rule 6 letter [PD-009], SoCGs with consultees listed in Table 1.2 have been submitted at Deadline 1. ~~Where a consultee listed in Table 1.2 does not have a SoCG overview documents submitted at this deadline, justification has been updated to clearly provide a list of SoCGs which:~~

- Includes both the name of the organisation as well as the location/name of the development which the SoCG related to (if relevant), such as the location/name of the solar farm or housing proposal
- States whether the organisation is a statutory consultee, an Affected Person (AP), and whether they are a non-IP

~~3.1.72.1.2~~ Number each of the SoCG in provided in the table consecutively below.

- Includes all examination library references.

~~2.1.3~~ For the purposes of this document, a Non-Interested Party (Non-IP) is a stakeholder who did not submit a Relevant Representation and did not request to become an IP accepted at the discretion of the Examining Authority.

~~2.1.4~~ A Statutory Consultee refers to those included in **5.1 Consultation Report – Appendix F: List of prescribed consultees identified and consulted during statutory consultation [APP-072]**

~~3.1.82.1.5~~ An Affected Person is a stakeholder who has an interest in land within the project Order Limits as per **Lands Rights Tracker [REP2-011]**

### 3. Review of need for SoCGs

3.1.1 As part of the Examining Authority’s Written Question process, question GEN 1.20 asks the Applicant to review the need for a SoCG with seven stakeholders. The Applicant has undertaken this review, the outcome of which is noted in the following table.

Table 3.1 Review of need for SoCG

<u>Stakeholder</u>	<u>SoCG required?</u>	<u>Justification</u>
<u>East Anglian Air Ambulance</u>	<u>No</u>	<u>Occasional user of Broomfield Hospital helipad. No operational impacts are assessed, as per Essex and Herts Air Ambulance as similar aircraft types and flight procedures will be used.</u>
<u>Broomfield Hospital (Air Ambulance)</u>	<u>No</u>	<u>Engagement with the operator of Essex and Herts Air Ambulance (principal user of Broomfield Hospital helipad) confirmed the proposed route will have no impact on the Air Ambulance operations. (see Table A15.2.4 of <b>6.15.A2 Environmental Statement Appendix 15.2 – Review of Aviation Impact [APP-267]</b>)</u>
<u>Civil Aviation Authority (CAA) Safeguarding and Airfield Advisory Team (AAT)</u>	<u>No</u>	<u>The Applicant engaged with the CAA AAT throughout Project development, until the AAT were disbanded in March 2025, therefore an SoCG is unable to be progressed. The Applicant considers the CAA AAT’s Position Statement (March 2025), included in the examination via Appendix 26 of the <b>Suffolk County Council, Babergh District Council and Mid Suffolk District Council Local Impact Report – Appendices [REP1-179]</b>, to remain extant.</u>
<u>General Aviation Awareness Council</u>	<u>No</u>	<u><b>8.4.8 Applicant’s Comments on any Further Information or Submissions Received by Deadline 2</b> provides the Applicant’s detailed response to the <b>General Aviation Awareness Council Written Representation [REP2-050]</b>. GAAC is a non-statutory body that represents aerodrome operators with whom the Applicant is already progressing SoCGs. To develop an SoCG with the GAAC would duplicate the positions captured in these SoCGs.</u>

<u>Stakeholder</u>	<u>SoCG required?</u>	<u>Justification</u>
<u>British Gliding Association</u>	<u>Yes</u>	<u>A draft SoCG has been proposed to the BGA for progression and submission.</u>
<u>North Falls Offshore Wind Farm Limited</u>	<u>No</u>	<p><u>The three projects – Norwich to Tilbury, North Falls, and Five Estuaries - are proactively coordinated on all matters relevant to final design and potential construction interfaces. This includes:</u></p> <ul style="list-style-type: none"> <li><u>• Tripartite Position Statement - setting out jointly developed measures to avoid significant cumulative effects across three key topics; traffic and transport (particularly construction traffic), landscape screening, and operational noise.</u></li> <li><u>• Outline Protocol (Onshore Substations Operational Noise and Noise Complaints Protocol) - confirming that a joint maximum permissible noise level at sensitive receptors has been agreed and apportioned between the three projects.</u></li> <li><u>• Parallel DCO requirements and protective provisions - ensuring consistent and enforceable cross-project controls are embedded directly within each scheme’s DCO.</u></li> </ul> <p><u>Given these established and effective collaboration mechanisms, a SoCG would simply duplicate information already secured through binding requirements and agreed technical documents and therefore would not provide further clarity or benefit to the Examination.</u></p> <p><u>The same position was taken during the Five Estuaries DCO Examination, where National Grid did not enter into a SoCG with the offshore wind projects, as it would not have added value beyond the coordination arrangements already in place.</u></p>

~~3.1.93.1.2~~ The Applicant has been engaging with other statutory prescribed and non-prescribed consultees, statutory undertakers and interested parties during the development of the DCO application. SoCGs with these consultees are unlikely to be produced at this stage for the reasons set out in 0 ~~below~~. ~~Table 1.3 below. This may be subject to change should further engagement with or representations from these consultees indicate a SoCG may be beneficial.~~

~~3.1.103.1.3~~ Please note that while the Applicant has been engaging with neighbouring authorities as prescribed consultees throughout project development, it is the Applicant's view that SoCGs are not required with stakeholders other than those listed above, and neither has a SoCG been requested by them.

~~3.1.11~~ — ~~As requested by the Examining Authority in the Rule 6 letter [PD-009], the content of Table 1.3 has been reviewed ahead of Deadline 1, and updated where required.~~
