Dear Sir,

Regarding the recent announcement of an ASI on Wed 27 May, I, as [REDACTED], wondered if I could attend, if the route includes the Protected Lane, Water Lane, Langham. I would be happy to meet at that place. I do not have land rights to any of the 'route', but our property abuts Water Lane for 100 yards or so, and having lived here over 40 years I am interested in its well being! It is worth viewing as this new part of the route has had little input so far in your proceedings, and is a valuable asset which is vulnerable under the proposals.

Many thanks,  
Fey Jones
