Dear Sir/Madam

Thank you for contacting us.

This is our response to your consultation OR-0000629/02.

The Environment Agency welcomes the inclusion of GH08 in the code of construction practice primarily to address any potential concerns regarding unexpected contamination. Whilst we do not routinely comment on acid soils, the Code of Construction Practice commitment appears sufficient to address any concerns.

If you have any questions regarding our response, please contact planning.eastanglia@environment-agency.gov.uk.

Yours faithfully,
