It is disappointing that the ExAs will not be looking at Faulkbourne Estate pylons 100-115 on this occasion as they drive past

We will therefore have to continue to oppose given that NG will still not engage

I trust the ExAs will find time to look at this part of the route in due course

Thank you for your letter

The Faulkbourne Estate is responsible for the land that covers the Pylons TB100 to TB115.

We do not wish to join th whole day but do wish to be there when you come to our land so we can explain our amelioration submissions
