Notes

1. These plans are indicative and the Project will sit within the Order Limits. Due to the need for future flexibility, National Grid will be applying for Order Limits and Limits of Deviation within its DCO, within which any final alignment would lie.

2. For additional detail on the plan suites, please refer to the Guide to Plans (document reference 2.0), located in the Volume 2 of the DCO application.

3. This drawing is scaled at paper size A0, therefore any prints taken at smaller sizes will affect accuracy of the measurement units and should not be scaled against.

Notes

1. These plans are indicative and the Project will sit within the Order Limits. Due to the need for future flexibility, National Grid will be applying for Order Limits and Limits of Deviation within its DCO, within which any final alignment would lie.

2. For additional detail on the plan suites, please refer to the Guide to Plans (document reference 2.0), located in the Volume 2 of the DCO application.

3. This drawing is scaled at paper size A0, therefore any prints taken at smaller sizes will affect accuracy of the measurement units and should not be scaled against.

4. Spatial locations and details of Tree Preservation Orders have been provided by relevant Local Planning Authorities and their projected spatial locations may differ slightly to those recorded during the arboricultural survey undertaken by the Project. For the avoidance of doubt, references to any tree subject to a Tree Preservation Order on these plans include any such slight differences.

5. The Tree Preservation Order data illustrated on the plans is limited to the arboriculture study area (which applies a 30 m buffer from the outer edge of the Order Limits).

6. Reference to any tree, shrub, shrubbery, hedgerow, or important hedgerow being removed, affected managed, potentially affected or unaffected is without prejudice to the exercise of any power in relation to such tree, shrub, shrubbery, hedgerow, or important hedgerow on the terms of the DCO.

7. The numbered references to trees comprised in any Individual Tree Preservation Order shown on these plans include any tree to which the relevant line points as well as any tree overlapping any such tree, whether or not a line points to it or not.

8. For the avoidance of doubt, where the section boundary & local authority boundary and/or Order Limits shown on these plans overlie any tree, hedgerow or ancient woodland shown on these plans such that they are partially obscured these plans are to be interpreted as if the tree, hedgerow or ancient woodland in question is not so obscured.

Hedgerows
- Removed
- Affected managed
- Potentially affected
- Unaffected

Notes

1. These plans are indicative and the Project will sit within the Order Limits. Due to the need for future flexibility, National Grid will be applying for Order Limits and Limits of Deviation within its DCO, within which any final alignment would lie.

2. For additional detail on the plan suites, please refer to the Guide to Plans (document reference 2.0), located in the Volume 2 of the DCO application.

3. This drawing is scaled at paper size A0, therefore any prints taken at smaller sizes will affect accuracy of the measurement units and should not be scaled against.

4. Spatial locations and details of Tree Preservation Orders have been provided by relevant Local Planning Authorities and their projected spatial locations may differ slightly to those recorded during the arboricultural survey undertaken by the Project. For the avoidance of doubt, references to any tree subject to a Tree Preservation Order on these plans include any such slight differences.

5. The Tree Preservation Order data illustrated on the plans is limited to the arboriculture study area (which applies a 30 m buffer from the outer edge of the Order Limits).

6. Reference to any tree, shrub, shrubbery, hedgerow, or important hedgerow being removed, affected managed, potentially affected or unaffected is without prejudice to the exercise of any power in relation to such tree, shrub, shrubbery, hedgerow, or important hedgerow on the terms of the DCO.

7. The numbered references to trees comprised in any Individual Tree Preservation Order shown on these plans include any tree to which the relevant line points as well as any tree overlapping any such tree, whether or not a line points to it or not.

8. For the avoidance of doubt, where the section boundary & local authority boundary and/or Order Limits shown on these plans overlie any tree, hedgerow or ancient woodland shown on these plans such that they are partially obscured these plans are to be interpreted as if the tree, hedgerow or ancient woodland in question is not so obscured.

Application Document 2.16

THE NATIONAL GRID (NORWICH TO TILBURY) ORDER
TREES AND HEDGEROWS TO BE REMOVED AND OR MANAGED PLANS
REGULATION 5(2)(o)
SECTION B (SHEET 17 OF 22,
MID SUFFOLK DISTRICT COUNCIL AND BABERGH DISTRICT COUNCIL)

Legend

- Local authority boundary
- Section boundary & local authority boundary
- Section boundary
- Sheet index cutlines
- Order Limits
- Tree Preservation Order groups
- Ancient woodland inventory (Natural England) as per DCO submission
- Updated ancient woodland (Natural England) as per October 2025
- Veteran tree group
- Important hedgerows

Veteran tree
- Removed
- Affected managed
- Potentially affected
- Unaffected

Tree
- Removed
- Affected managed
- Potentially affected
- Unaffected

Tree groups
- Removed
- Affected managed
- Potentially affected
- Unaffected

Hedgerows
- Removed
- Affected managed
- Potentially affected
- Unaffected

Notes

1. These plans are indicative and the Project will sit within the Order Limits. Due to the need for future flexibility, National Grid will be applying for Order Limits and Limits of Deviation within its DCO, within which any final alignment would lie.

2. For additional detail on the plan suites, please refer to the Guide to Plans (document reference 2.0), located in the Volume 2 of the DCO application.

3. This drawing is scaled at paper size A0, therefore any prints taken at smaller sizes will affect accuracy of the measurement units and should not be scaled against.

4. Spatial locations and details of Tree Preservation Orders have been provided by relevant Local Planning Authorities and their projected spatial locations may differ slightly to those recorded during the arboricultural survey undertaken by the Project. For the avoidance of doubt, references to any tree subject to a Tree Preservation Order on these plans include any such slight differences.

5. The Tree Preservation Order data illustrated on the plans is limited to the arboriculture study area (which applies a 30 m buffer from the outer edge of the Order Limits).

6. Reference to any tree, shrub, shrubbery, hedgerow, or important hedgerow being removed, affected managed, potentially affected or unaffected is without prejudice to the exercise of any power in relation to such tree, shrub, shrubbery, hedgerow, or important hedgerow on the terms of the DCO.

7. The numbered references to trees comprised in any Individual Tree Preservation Order shown on these plans include any tree to which the relevant line points as well as any tree overlapping any such tree, whether or not a line points to it or not.

8. For the avoidance of doubt, where the section boundary & local authority boundary and/or Order Limits shown on these plans overlie any tree, hedgerow or ancient woodland shown on these plans such that they are partially obscured these plans are to be interpreted as if the tree, hedgerow or ancient woodland in question is not so obscured.
