

Closing Statement

Planning Inspectorate Reference: EN020027

Interested Party Reference: [REDACTED]

I am submitting this closing statement on behalf of my mother, Gay Tollemache, in relation to [REDACTED]. Throughout the Examination I have sought clarification on how the proposed development may affect [REDACTED]. A number of points remain unresolved. These include the proximity of the proposed works, access arrangements, construction activity and the likely impacts on [REDACTED].

The Planning Inspectorate has confirmed that my mother is a Category 3 person and is therefore not included within the Land Rights Tracker. Whilst this explains her status within the Examination, it has not resolved our concerns regarding the assessment of [REDACTED] or the likely impacts on the property.

I respectfully ask the Examining Authority to take these outstanding matters into account in its final recommendation. Thank you for your consideration.
