Thank you for the opportunity to comment on the above DCO application.

The following written representations are made further to the comments submitted by SP Energy Networks, on behalf of SP Manweb the electricity distribution licence holder, in its representation dated 20th February 2025 (Ref AS-062).

Further to SPENs representations, which referred to working with the applicant regarding suitable protective provisions, SPEN has been engaging with the applicant regarding a revised set of protective provisions for SP Manweb. SPEN is now in receipt of a draft copy of PPs for SPM and these are generally acceptable. SPEN sees the next step being for these PPs to be published in the Examination documents before reviewing its position to confirm this. SPEN has noted the Deadline 3 due date of 7th July when it can further respond. SPEN will continue to reserve the right to add to the above in the event there are any changes to the proposed development and draft DCO, as well as any other aspects of the proposed development.

SPEN may also see it necessary to submit further representations regarding SP Manweb's land interests under its Affected Persons status (Reference MMTA-AP032).

Regards

Steve
