1. Introduction

The Applicants have produced a Land Rights Tracker (LRT) which is to replace a Schedule of Negotiations and Statutory Undertakers Position Statement.

This tracker has been prepared in two separate tables:

Part 1	Category 1 Owners
Part 2	Statutory Undertakers and Other Interests

Part 1

Part 1 of the LRT includes all Category 1 Owners or Reputed Owners identified within the Book of Reference [D3] where acquisition of land and rights is required, and the land interest is able to provide proof of title.

Part 1 of the LRT does not include tenants, lessees and occupiers identified as Category 1 interests in the Book of Reference, save for where they have submitted representations during Examination. The Applicants are seeking separate occupier's consent with tenants, lessees or occupiers where applicable which is assessed on a case by case basis.

The LRT does not include commentary with Category 2 interests identified in the Book of Reference as these rights are captured within the voluntary agreements with Category 1 Owners or Reputed Owners.

The LRT does not include commentary with Category 3 interests identified in the Book of Reference as they are outside the Order Land and therefore not subject to any acquisition of land, rights nor temporary possession.

Where no interest has come forward declaring or proving ownership of unregistered plots, negotiations are not ongoing, and the plots have not been included in the LRT.

Where the Project is seeking freehold acquisition, the interest rows have been highlighted in pale blue.

Where the Project is no longer seeking an agreement due to clarification or a change in ownership, the interest rows have been highlighted in pale orange.

Part 2

Part 2 of the LRT includes commentary in respect of voluntary agreements being sought with Statutory Undertakers in the Book of Reference as having rights and/or apparatus within the Order Land. The progress of negotiations regarding protective provisions with Statutory Undertakers are now recorded in the SU Negotiations Progress Tracker.

Part 3

Part 3 of the LRT includes known Occupiers who hold an interest within a written agreement of 2 years or more.

The Applicant will keep these under review and Occupiers will be added on a case-by-case basis once details are obtained from the Landlord.

2. Section Notes

Each tracker includes seven Sections, each with multiple columns.

Section A provides the name of the Affected Party as an individual land interest within the Order Land, their unique reference number and the name and company of their agent if they are represented professionally.

Section B provides the Examination Library references associated with any Relevant Representation, Written Representation or other document provided by the Affected Party.

Section C provides an overview of the status of any objection as well as a summary of any objection.

Section D provides information in respect of the Affected Party’s interest within the Order Land, including the description of rights sought by Morgan for Book of Reference plots and the associated work number and description.

Section E provides information in respect of the Affected Party’s interest within the Order Land, including the description of rights sought by Morecambe for Book of Reference plots and the associated work number and description.

Section F provides an overview of the status of voluntary agreements as well as a summary of the negotiation status of agreements being sought.

Deadline 1 Update The populated Heads of Terms were issued by post on 8th November 2024. The Applicants met with Mr Hackett on 28th January 2025 to discuss the land rights sought. At this stage, the Applicants have not received any feedback on the terms issued and understand that the landowner does not wish to engage on the matters set out. Updated Heads of Terms will be issued during the week commencing 19th May 2025 to align with ongoing discussions with the Land Agent Group, and a further meeting will be requested to discuss the land rights sought. Deadline 3 Update Populated HoTs were issued to the land interest on 19th May 2025. The Applicants have invited the land interest to a landowner engagement event on 2nd July 2025, during which the land interest can book a session with the Applicants to discuss specific matters relating to the HoTs. The Applicants are aware that the land interest is not willing to progress negotiations at this time, but they remain open to discussions and continue to invite engagement from the land interest. Deadline 4 Update Following confirmation that the land interest is not willing to progress negotiations, the Applicant has no update on the status of this agreement at this time.

The land interest's appointed agent attended the workshop held on 20th September 2024. The session provided an opportunity for DM to give an update on the refinement of the PEIR boundary to the draft Order Limits and to outline the structure and principles of the Heads of Terms (HoTs), which will be populated and issued in due course to the land interest and their appointed agent. Deadline 1 Update The populated Heads of Terms were issued by post to all affected parties on 8th November 2024. These populated terms were also sent via email to land agents representing those affected parties, which then triggered the reformulation of the Land Agent Group (LAG). All land agents with clients affected by the Project were invited to join the LAG. On 4th December 2024, the Applicants hosted a meeting in Balham at the request of the National Farmers' Union (NFU). All affected parties were invited to attend. The first HoTs-related LAG meeting took place in person on 19th December 2024. The purpose of the meeting was to discuss the HoTs template among the agent group and the Applicants' land team. Follow-up sessions took place on 7th January 2025, 21st February 2025, 3rd March 2025, and 7th April 2025. Following the conclusion of the final meeting, the Applicants circulated a Version 4 document to all land agents. It is the Applicants' intention to move negotiations away from the group setting and into a landowner-specific forum, to build on the topics discussed during the latest meeting with the landowner on 30th March 2025. This will be achieved following the issue of fully populated Heads of Terms to all affected parties during the week commencing 19th May. The Applicants will then contact affected parties and their agents directly to schedule meetings and progress voluntary negotiations. Deadline 3 Update Populated HoTs were issued to the land interest on 19th May 2025. The Applicants' appointed land agent held a meeting with the land interest's appointed agent on 10th June 2025 to progress landowner-specific aspects of the HoTs. The Applicants invited the land interest to a landowner engagement event on 2nd July 2025. The land interest attended the Event and was able to discuss specific matters relating to the HoTs. Negotiations and discussions are ongoing with the land interest's appointed agent, and the Applicants remain hopeful that the necessary land rights can be secured through a voluntary agreement. Deadline 4 Update The Applicant's appointed land agent is continuing to engage with the land interest's appointed land agent with a view to concluding a voluntary agreement. A further meeting to progress HoTs negotiations was held on 24th July. There are a number of title anomalies to be resolved and discussions are ongoing regarding the commercial terms for the temporary compounds. The land interest's land agent will be reviewing Change Request 4c in relation to the reduction in the Order Limits and is awaiting a plan showing the amendments.

Following the conclusion of the last meeting, the Applicants were able to circulate a Version 4 document to all land agents.</p> <p>It is the Applicants' intention to move the negotiations away from the group setting and into a landowner-specific forum. This will be achieved following the issue of fully populated Heads of Terms to all affected parties during the week commencing 19th May. The Applicants will then contact affected parties and their agents directly to schedule meetings and progress voluntary negotiations.</p> <p>Deadline 3 Update Populated HoTs were issued to the land interest on 19th May 2025. The Applicant has invited the land interest, along with their appointed land agent, to a landowner engagement event on 2nd July 2025, during which the land interest has been offered the opportunity to schedule an appointment with the Applicant to discuss specific matters relating to the HoTs. The Applicant's appointed land agent and other technical advisers will be present to expedite any queries raised. The Applicant's appointed land agent and the land interest's appointed land agent have been in correspondence and have arranged to meet on 8th July 2025 to progress discussions on the HoTs. The Applicant is hopeful that the necessary land rights can be secured through a voluntary agreement.</p> <p>Deadline 4 Update The Applicant's appointed agent held a constructive meeting with the Land Interest's appointed agent on 8th July 2025. Following this, the Applicant's appointed agent issued a comprehensive response addressing the outstanding queries on 14th July 2025. The Land Interest's appointed agent subsequently provided their reply on 25th July 2025. The remaining points of difference between the parties are as follows:</p> <ul style="list-style-type: none">- Option & Easement Assignment- Planning- Reinstatement- Discharge of Water- Severance- Grantor's Obligations- Limitation of Liability- Funder and Step-In Rights- Decommissioning- Easement Consideration <p>In tandem, the Applicant's appointed agent and the land interests appointment agent is addressing holding specific matters. The Applicant's appointed agent provided a response to the land interests appointed agent on the routing of the operational and maintenance accesses on 30th July and are awaiting feedback from the land interest.</p>

Following the issue of these terms, meetings with the Land Agent Group (LAG) took place on 19th December 2024, 7th January 2025, 21st February 2025, 3rd March 2025, and 7th April 2025 to discuss the generic terms. Following the conclusion of the final meeting, the Applicants were able to circulate a Version 4 document to all land agents.</p> <p>It is the Applicants' intention to move the negotiations away from the group setting and into a landowner-specific forum. This will be achieved following the issue of fully populated Heads of Terms to all affected parties during the week commencing 19th May, which will include the Heads of Terms for both the acquisition of land and the temporary rights sought.</p> <p>Deadline 3 Update Heads of Terms were issued on 9th April 2025. To date, no response has been received from the landowner's agent. The Applicants are actively seeking a meeting with the agent to progress negotiations.</p> <p>Deadline 4 Update The applicants agents had a meeting with the landowners agent on 09th July 2025 to discuss general concerns and general queries on the HoTs. The Applicant's appointed agent provided a response on points of difference, namely the environmental provisions, and on the 29th July 2025 amended wording was agreed. The Applicant believes there are very few land interest specific matters to be addressed and revised HOT's to be issued week commencing 04th August with a view to concluding negotiations.</p>

The land interest's appointed agent was in attendance at the workshop held on 20th September 2024. The session provided an opportunity for DM to give an update on the refinement of the PEIR boundary to the draft Order Limits and to outline the structure and principles of the Heads of Terms (HoTs), which will be populated and issued in due course to the land interest and their appointed agent.</p> <p>Deadline 1 Update The populated Heads of Terms were issued by post to all affected parties on 8th November 2024. These populated terms were also sent via email to land agents representing those affected parties, which then triggered the reformulation of the Land Agent Group (LAG). All land agents with clients affected by the Project were invited to join the LAG. On 4th December 2024, the Applicants hosted a meeting in Balham at the request of the National Farmers' Union (NFU). All affected parties were invited to attend.</p> <p>The first Heads of Terms-related LAG meeting took place in person on 19th December 2024. The purpose of the meeting was to discuss the Heads of Terms template among the agent group and the Applicants' Land team. Follow-up sessions took place on 7th January 2025, 21st February 2025, 3rd March 2025, and 7th April 2025. Following the conclusion of the last meeting, the Applicants were able to circulate a Version 4 document to all land agents.</p> <p>It is the Applicants' intention to move the negotiations away from the group setting and into a landowner-specific forum, where site-specific issues—including those discussed at the most recent meeting on 5th February 2025—will be addressed with the aim of resolving outstanding concerns. This will be achieved following the issue of fully populated Heads of Terms to all affected parties during the week commencing 19th May. The Applicants will then contact affected parties and their agents directly to schedule meetings and progress voluntary negotiations.</p> <p>Deadline 3 Update Populated HoTs were issued to the land interest on 19th May 2025. The Applicant's appointed land agent met the land interest's appointed agent on 10th June 2025 to progress landowner-specific aspects of the HoTs. The Applicant invited the land interest to a landowner engagement event on 2nd July 2025 at which the land interest could have booked a session with the Applicant to discuss specific matters relating to the HoTs. Negotiations and discussions are ongoing with the land interest's appointed agent, and the Applicant is hopeful that the necessary land rights can be secured through a voluntary agreement.</p> <p>Deadline 4 Update The Applicant's appointed land agent is continuing to engage with the land interest's appointed land agent with a view to agreeing HoTs. A further meeting was held with the land interest's appointed land agent on 24th July. The principal outstanding matters are of a landowner specific nature including commercial terms for the Option and Deed of Easement, impacts on land drainage and the availability of alternative grazing for horses. The land interest's appointed land agent will be considering Change Request 1A and 1B (removal of existing access) and is currently awaiting plans showing the changes.</p>

The land interest's appointed agent was in attendance at the workshop held on 20th September 2024. The session provided an opportunity for DM to give an update on the refinement of the PEIR boundary to the draft Order Limits and to outline the structure and principles of the Heads of Terms (HoTs), which will be populated and issued in due course to the land interest and their appointed agent. Deadline 1 Update The populated Heads of Terms were issued by post to all affected parties on 8th November 2024. These terms were also sent to land agents representing those affected parties via email, which triggered the reformulation of the Land Agent Group (LAG). All land agents with clients affected by the project were invited to join the LAG. On 4th December 2024, the Applicants hosted a meeting in Balham at the request of the National Farmers' Union (NFU). All affected parties were invited to attend. The first HoTs-related LAG meeting took place in person on 19th December 2024. The purpose of the meeting was to discuss the HoTs template among the agent group and the Applicants' land team. Follow-up sessions took place on 7th January 2025, 21st February 2025, 3rd March 2025, and 7th April 2025. Following the conclusion of the final meeting, the Applicants circulated a Version 4 document to all land agents. It is the Applicants' intention to move negotiations away from the group setting and into a landowner-specific forum. This will be achieved following the issue of fully populated Heads of Terms to all affected parties during the week commencing 19th May. The Applicants will then contact affected parties and their agents directly to schedule meetings and progress voluntary negotiations. Deadline 3 Update Populated HoTs were issued to the land interest on 19th May 2025. Canal and River Trust (the Trust) provided an updated draft of the PPs to the Applicants on 24 April 2025. The Applicants and the Trust agree that they are closely aligned and are hopeful these PPs can be agreed soon. The Applicants will include PPs for the Trust in the next updated draft DCO at Deadline 1 to reflect the progress of negotiations. The Applicants' agent, Dalcour MacIaren, made contact with the Trust to discuss their leasehold interest on Tuesday (29th April). In light of this positive position, the Trust did not consider it necessary to attend Issue Specific Hearing 1 and does not consider it necessary for Trust representatives to attend this CAH 1. The Trust will continue to engage in the examination process and representatives would be happy to attend any future hearing should the ExA request, for example if issues raised in written reps or responses to ExA questions require further exploration at a hearing. Agreed statement with the Canal and River Trust for Deadline 1 The draft DCO has been updated to include a set of protective provisions for the Trust which remain subject to negotiation. The Applicants provided a further turn of the PPs to the Trust on 14 May. Whilst there continue to be points of discussion, the parties have become more closely aligned and remain confident that these can be agreed before close of examination. Deadline 1 Update The Applicants are in negotiation with the Canal and River Trust for the land rights required. Deadline 3 Update Populated HoTs for the land rights required were issued to the land interest on 21st May. The Applicant's appointed land agent held a meeting with the land interests appointed contact on 24th June 2025 to progress landowner specific aspects of the HoTs. The Applicant has invited the land interest along with their appointed land agent to a landowner engagement event on 2nd July 2025, whereby the land interest has been offered to schedule an appointment with the Applicant to discuss holding specific matters relating to the HoTs. The Applicant's appointed land agent and other technical advisors will be present to expediate any queries raised. Negotiations and discussions are ongoing with the land interests appointed agent and the Applicant is hopeful that the necessary land rights can be secured through a voluntary agreement. The progress of negotiations regarding protective provisions with this statutory undertaker are now recorded in the SU Negotiations Progress Tracker.
