Dear Secretary of State

We act for Newton-with-Clifton and Freckleton Parish Councils in Lancashire, which were closely involved in the examination of this project and continue to have serious concerns about it, exacerbated by the announcement that the Morgan offshore windfarm is no longer going ahead.

I am writing to ask if there will be a formal opportunity to respond to the letters from the Applicants dated 30 January 2026 and 12 February 2026 and also to comment on the above news and various issues that were left unresolved at the end of the examination. Our clients would wish to make submissions on these and for such submissions to be taken account in making the decision on the application.

I would be grateful if you could acknowledge safe receipt of this email.

Yours sincerely
