# 1. Long List of other Developments for Lincolnshire County Council

## 1.1 Overview

1.1.1 This Appendix presents an overview of the long list of planning applications for Lincolnshire County Council within the Zone of Influence (ZoI) identified for inter-project cumulative effects. The long list is shown in Tables 21.6 and is illustrated in **Application Document 6.21.F1 Figure 21.1**.

1.1.2 During Scoping an overall cumulative assessment ZoI of 20 km was proposed. This was based upon the largest topic study area, ecology and biodiversity, being identified as 10 km; therefore, a ZoI of 20 km from the draft Order Limits was established to identify the initial long list of other developments. This ZoI has been identified during Environmental Impact Assessment scoping and has been reviewed as part of the development of the Preliminary Environmental Information Report and Environmental Statement to take account of any changes in the draft Order Limits since Scoping. The list has a cut-off date of 01 August 2026 to allow assessment to be undertaken.

1.1.3 The establishment of the long list of other existing and, or approved development has been based on the best available information at the time of authoring. The level of information available for the other developments varies in detail from Tier 1 (most certain) to Tier 3 (least certain). As a result, for some developments (typically Tier 1 and 2) it has been possible to accurately measure the distance from their proposed planning application boundary to the Project's Order Limits, but for some others (typically Tier 3) there has not been a proposed project application boundary, meaning it has been necessary to use a centre point to measure distance from the Project Order Limits.

1.1.4 The Long list is categorised into the three tiers that assign certainty to other existing and/or approved developments following the Planning Inspectorate's Nationally Significant Infrastructure Projects - Cumulative effects (HM Government, 2026) which provides guidance for NSIPs.

1.1.5 The Long list of developments for Lincolnshire County Council is provided below:

## 1.2 Other Developments for Lincolnshire County Council

Table 21.6 – Other Developments for Lincolnshire County Council considered in Stage 1 and Stage 2 inter-project Cumulative Effects Assessment
