1. Long List of other Developments for Nottinghamshire County Council

1.1 Overview

1.1.1 This Appendix presents an overview of the long list of planning applications for Nottinghamshire County Council within the Zone of Influence (ZoI) identified for inter-project cumulative effects. The long list is shown in Tables 21.13 and is illustrated in **Application Document 6.21.F1 Figure 21.1**.

1.1.2 During Scoping an overall cumulative assessment ZoI of 20 km was proposed. This was based upon the largest topic study area, ecology and biodiversity, being identified as 10 km; therefore, a ZoI of 20 km from the draft Order Limits was established to identify the initial long list of other developments. This ZoI has been identified during Environmental Impact Assessment scoping and has been reviewed as part of the development of the Preliminary Environmental Information Report and Environmental Statement to take account of any changes in the draft Order Limits since Scoping. The list has a cut-off date of 01 August 2026 to allow assessment to be undertaken.

1.1.3 The establishment of the long list of other existing and, or approved development has been based on the best available information at the time of authoring. The level of information available for the other developments varies in detail from Tier 1 (most certain) to Tier 3 (least certain). As a result, for some developments (typically Tier 1 and 2) it has been possible to accurately measure the distance from their proposed planning application boundary to the Project's Order Limits, but for some others (typically Tier 3) there has not been a proposed project application boundary, meaning it has been necessary to use a centre point to measure distance from the Project Order Limits.

1.1.4 The Long list is categorised into the three tiers that assign certainty to other existing and/or approved developments following the Planning Inspectorate's Nationally Significant Infrastructure Projects - Cumulative effects (HM Government, 2026) which provides guidance for NSIPs.

1.1.5 The Long list of developments for Nottinghamshire County Council is provided below:

1.2 Other Developments for Nottinghamshire County Council

Table 21.13 – Other Developments for Nottinghamshire County Council considered in Stage 1 and Stage 2 inter-project Cumulative Effects Assessment

Other developments details						Stage 1			Stage 2			
ID	**Application Reference**	**Applicant for 'other development' and brief description**	**Distance from Project (km)**	**Status**	**Tier**	**Technical Discipline**	**Within Technical Discipline cumulative ZOI?**	**Progress in Stage 2**	**Overlap in temporal scope?**	**Scale and nature of development likely to have a significant cumulative effect? Relevant Shared receptors and/or pathways?**	**Other factors**	**Progress to Stage 3/4**
470	V/4463	Cromwell Quarry, The Great North Road, Cromwell, Nottinghamshire, NG23 6JE	8.6	Approved	1	Landscape	Yes	Yes	No	No - The location of this development is unlikely to result in significant cumulative effects.	N/A	No
						Visual	Yes	Yes	No	No - The location of this development is unlikely to result in significant cumulative effects.	N/A	No
						Ecology	Yes	Yes	No	No- The nature and location of this development and being upstream of the NHHM Project, is unlikely to result in significant cumulative effects.	N/A	No
						Ornithology	Yes	Yes	No	No - The scale, nature and location of this development is unlikely to result in significant cumulative effects.	N/A	No
						Cultural Heritage	No	No	n/a	This development is located outside the cultural heritage ZoI and significant cumulative effects are unlikely.	N/A	No
						Water Environment	No	No	n/a	This development is located outside the ZOI for the Water Environment, therefore there are unlikely to be any significant cumulative effects.	N/A	No
						Geology and Hydrogeology	No	No	n/a	This development is located outside the ZOI for Geology and Hydrogeology, therefore there is unlikely to be significant cumulative effects.	N/A	No
						Agriculture and Soils	No	No	N/A	This development is located outside of the ZOI for Agriculture and Soils, therefore there are unlikely to be significant cumulative effects.	N/A	No

Other developments details						Stage 1			Stage 2			
ID	**Application Reference**	**Applicant for 'other development' and brief description**	**Distance from Project (km)**	**Status**	**Tier**	**Technical Discipline**	**Within Technical Discipline cumulative ZOI?**	**Progress in Stage 2**	**Overlap in temporal scope?**	**Scale and nature of development likely to have a significant cumulative effect? Relevant Shared receptors and/or pathways?**	**Other factors**	**Progress to Stage 3/4**
						Traffic and Transport	No	No	No	This development is located outside of the ZOI for Traffic and Transport, therefore there are unlikely to be significant cumulative effects.	N/A	No
						Air Quality	No	No	N/A	This development is located outside of the ZOI for Air Quality, and therefore there are unlikely to be significant cumulative effects.	N/A	No
						Noise and Vibration	No	No	n/a	This development is located outside of the ZOI for Noise and Vibration, and therefore there are unlikely to be significant cumulative effects.	N/A	No
						Socio-economics, Recreation and Tourism	No	No	n/a	The development is located outside of the ZOI for socio-economics, recreation and tourism therefore there are unlikely to be significant cumulative effects.	N/A	No
						Health and Wellbeing	Yes	Yes	N/A	The potential for health and wellbeing effects depends on whether each determinant relevant to health and wellbeing has the potential for significant cumulative effects.	N/A	No
471	V/4462	Cromwell Quarry, The Great North Road, Cromwell, Nottinghamshire, NG23 6JE To allow for amendments to the working scheme and restoration plan, to facilitate working a southern extension at Ness Farm quarry extension	9	Approved	1	Landscape	Yes	Yes	No	No - The location of this development is unlikely to result in significant cumulative effects.	N/A	No
						Visual	Yes	Yes	No	No - The location of this development is unlikely to result in significant cumulative effects.	N/A	No
						Ecology	Yes	Yes	No	No- The nature and location of this development and being upstream of the NHHM Project, is unlikely to result in significant cumulative effects.	N/A	No
						Ornithology	Yes	Yes	No	No - The scale, nature and location of this development is unlikely to result in significant cumulative effects.	N/A	No
