Contents

1. Public Right of Way, Road, Railway and Rights of Navigation Crossing Schedule 1

1.1 Introduction 1

Table 1.1 – Guide to the schedule 1
Table 1.2 – PRoW, road, railway and rights of navigation crossing schedule 2

1. Public Right of Way, Road, Railway and Rights of Navigation Crossing Schedule

1.1 Introduction

1.1.1 This appendix to **Application Document 6.4 Chapter 4 Description of the Project** sets out the public right of way (PRoW), road, railway and rights of navigation crossing schedule for the Project. This details the crossings of all PRoWs, roads, railways and rights of navigation by the proposed overhead line, including the proposed works to the existing 4ZQ and ZDA overhead lines.

1.1.2 Table 1.1 provides a guide to the schedule which is set out in Table 1.2. The guide gives an explanation of the information included in each column of the schedule.

Table 1.1 – Guide to the schedule

Column	Explanation
Pylon span/ infrastructure	This provides a description of where the crossing is (between which pylon spans).
Crossing type	This sets out crossing type e.g. PRoW.
Crossing name	This provides the name of asset that is crossed for example Sands Lane.
Crossing protection method	This sets out the method of crossing protection proposed during conductor stringing and conductor dismantling on the proposed overhead line and sections of the existing 4ZQ and ZDA overhead lines as well as conductor stringing and removal of sections of temporary overhead line. For the crossings of the PRoWs, the majority of crossings for conductor stringing will be by temporary closure with management/access control as set out in **Application Document 7.6 Outline Public Right of Way Management Plan**. Where temporary diversions for PRoWs have been included due to interaction with a temporary working area, e.g., a bridge working area as set out in **Application Document 7.6 Outline Public Right of Way Management Plan**, this temporary diversion would also be temporarily closed where it is crossed by the proposed overhead line during conductor stringing. This is set out in Table 1.2 and the diversion codes as set out in **Application Document 2.6 Access, Rights of Way and Public Rights of Navigation Plans** are provided. Crossing protection is proposed for roads, railways and waterways, short term closures would be required for the installation and removal of the crossing protection.

1.1.3 Table 1.2 sets out the PRoW, road, railway and rights of navigation crossing schedule.

Table 1.2 – PRoW, road, railway and rights of navigation crossing schedule

Pylon span/ infrastructure	Crossing type	Crossing name	Crossing protection method
Route Section A			
4AF3 - 4AF4	PRoW (footpath)	Woodmansey Footpath No.7	Temporary Closure with Temporary Diversion
	PRoW (footpath)	Rowley Footpath No.12	Temporary Closure with Management/Access Control
	PRoW (footpath)	Rowley Footpath No.12	Temporary Closure with Management/Access Control
	PRoW (footpath)	Rowley Footpath No.12	Temporary Closure with Management/Access Control
4AF8 - 4AF9	Road	A164 - Between Dunflat Road and B1233/A164 Roundabout (PAR 6)	Crossing protection
4AF11 - 4AF12	PRoW (bridleway)	Skidby Bridleway No.4	Temporary Closure with Management/Access Control
	PRoW (temporary diversion)	Skidby Bridleway No.4 temporary diversion (ER-BR-9D1)	Temporary Closure with Management/Access Control
4AF13 - 4AF14	PRoW (footpath)	Rowley Footpath No.15	Temporary Closure with Management/Access Control
	PRoW (temporary diversion for ROWLF15)	ROWLF15 temporary diversion (ER-FP-10D1)	Temporary Closure with Management/Access Control
4AF15 - 4AF16	Road	Little Weighton Road (PAR 8)	Crossing protection
4AF20 - 4AF21	Railway (dismantled)	N/A	N/A
4AF24 - 4AF25	PRoW (bridleway)	Rowley Bridleway No.4	Temporary Closure with Management/Access Control
	PRoW (temporary diversion for Rowley Footpath No.3)	Rowley Footpath No.3 temporary diversion (ER-FP-17D1)	Temporary Closure with Management/Access Control
4AF25 - 4AF26	PRoW (footpath)	Rowley Footpath No.3	Temporary Closure with Management/Access Control

Pylon span/ infrastructure	Crossing type	Crossing name	Crossing protection method
4AF28 - 4AF29	Road	Riplingham Road (PAR 10A/10B)	Crossing protection
4AF29 - 4AF30	Road	Lambwell Hill (PAR 13)	Crossing protection
4AF32 - 4AF33	Road	Dale Road (PAR 125)	Crossing protection
4AF37 - 4AF38	Yorkshire Wolds Way National Trail/ PRoW (footpath)	Ellerker Footpath No.2	Crossing protection
