Application for development consent for nationally significant infrastructure under the Planning Act 2008 - EN020034

Your Application

1. Applicant

Organisation	National Grid Electricity Transmission (NGET) Plc
Name of contact	[redacted]
Email	[redacted]@nationalgrid.com
Telephone no	[redacted]
Address	National Grid House, Warwick Technology Park Gallows Hill Warwick United Kingdom CV34 6DA

2. Agent

Are you an agent?	No
Organisation	
Name of contact	
Email	
Telephone no	
Address	

3. Fee

State the arrangement for the application fee payment: i.e. cheque, electronic transfer or other

Payment method	BACS
Payment reference	[redacted]

4. Brief explanation as to why this application is to be treated as development for which development consent is required under the Planning Act 2008

Why the project needs development consent	An application for development consent is required under section 31 of the Planning Act 2008 as the Project includes the installation of an electric line above ground that is greater than 2km in length and therefore constitutes a Nationally Significant Infrastructure Project as defined under section 14(1)(b) and section 16 of the Planning Act 2008. The Project satisfies section 16 of the Planning Act 2008 as it lies wholly within England and includes the installation of an electric line with a nominal voltage of more than 132kV.

5. Brief non-technical description of the proposal

Project description	A proposal to reinforce the 400 kV high voltage power network between the proposed Birkhill Wood substation and the proposed High Marnham substation through the erection/installation of a new overhead line.

6. Description of location of application site(s), or route of development (reference appropriate plans)

Project location or route description	The Project would establish a new 400 kilovolt (kV) transmission connection approximately 90 kilometres (km) in length between a new substation to be built in the vicinity of Birkhill Wood, located to the north of Hull near Creyke Beck in the East Riding of Yorkshire, and a new substation at High Marnham in Nottinghamshire.
Single or linear site	Linear

Single site grid references	
Start linear grid references	503849 435562
Middle linear grid references	475431 396366
End linear grid references	480192 370670
Location or route documents	2.2 Location and Master Key Plan.pdf

7. Associated development

Does the project include an associated development?	Yes
Associated development documents	NOT PART OF APPLICATION Supporting note About the project Associated development.pdf

8. Copies of newspaper notices

Newspaper notices documents	1.4 Copies of Newspaper Notices.pdf

9. Draft Order

Draft development consent order (DCO) documents	3.4 Draft Development Consent Order Editable Word Version.doc 3.1 Draft Development Consent Order.pdf
Statutory instrument (SI) validation report success email documents	3.3 Validation Report for Development Consent Order.pdf

14. b) Screening opinion/ direction and scoping opinion/ direction

Have you sought or received a screening opinion or direction?	No
Screening opinion or direction documents	
Have you sought or received a scoping opinion or direction?	Yes
Scoping opinion or direction documents	NOT PART OF APPLICATION Application form supporting note EIA Scoping opinion documents.pdf

14. c) Publicity required under regulation 13 of The Infrastructure Planning (Environmental Impact Assessment) Regulations 2017

Have you notified the consultation bodies about the project?	Yes
Explanation for not notifying the consultation bodies	
Have you notified any other people under Regulation 11(1)(c) about the project?	No

15. European sites (to which regulation 48 of the Conservation (Natural Habitats, & c.) Regulations 1994 applies) or a Ramsar site

Does the project require a Habitat Regulations Assessment (HRA) report?	Yes
Habitat Regulations Assessment (HRA) documents	5.2 Habitats Regulations Assessment Report.pdf

16. A plan, with accompanying information, identifying any statutory or non-statutory sites or features of nature conservation, geological or landscape importance; habitats of protected species, important habitats or other diversity features; and water bodies in a River Basin Management Plan - together with an assessment of any effects likely to be caused by the development

Could the project affect any nature conservation, landscape, geological or water features?	Yes
Nature conservation, landscape, geological or water features documents	2.9 Habitats of Protected Species and Important Habitats Section D.pdf 2.8 Statutory and Non Statutory Sites of Nature Conservation Geological and Landscape Importance Section D.pdf

17. A plan, with accompanying information, identifying any statutory or non-statutory sites or features of the historic environment such as scheduled monuments, World Heritage sites, listed buildings and other historic structures, archaeological sites and registered battlefields, together with an assessment of any effects likely to be caused by the proposed development

Could the project affect any historic environment sites or features?	Yes
Historic environment sites or features documents	2.10 Statutory and Non Statutory Sites and Features of the Historic Environment Section B.pdf 2.10 Statutory and Non Statutory Sites and Features of the Historic Environment Section C.pdf 2.10 Statutory and Non Statutory Sites and Features of the Historic Environment Section D.pdf 2.10 Statutory and Non Statutory Sites and Features of the Historic Environment Section F.pdf 2.10 Statutory and Non Statutory Sites and Features of the Historic Environment Section E.pdf 2.10 Statutory and Non Statutory Sites and Features of the Historic Environment Section A.pdf

18. Flood risk assessment

Does the project require a flood risk assessment?	Yes
Flood risk assessment	

7.13 Flood Risk Assessment.pdf

19. Matters set out in section 79(1) (statutory nuisances etc) of the Environmental Protection Act 1990

Could the project cause any statutory nuisances?	Yes
Statutory nuisance statement	5.3 Statement of Statutory Nuisance.pdf

20. A plan with any accompanying information identifying any Crown land

Could the project affect any Crown land?	Yes
Crown land documents	2.15 Crown Land Plans.pdf

21. A plan identifying new or altered means of access, stopping up of streets or any diversions, extinguishments or creation or rights of way or public rights of navigation

Could the project require changes to access or public rights of way?	Yes
Changes to access or public rights of way documents	2.6 Access Rights of Way and Public Rights of Navigation Master Key Plan.pdf 2.6 Access Rights of Way and Public Rights of Navigation Plans Section C.pdf 2.6 Access Rights of Way and Public Rights of Navigation Plans Section A.pdf 2.6 Access Rights of Way and Public Rights of Navigation Plans Section D.pdf 2.6 Access Rights of Way and Public Rights of Navigation Plans Section E.pdf 2.6 Access Rights of Way and Public Rights of Navigation Plans Section B.pdf 2.6 Access Rights of Way and Public Rights of Navigation Plans Section F.pdf

22. Additional information for specific types of infrastructure

Is any additional information required for this type of infrastructure?	No
Additional information description	

Construction or extension of a non offshore generating station (Reg. 6 (1a))

Who will design and build the connection to the electricity grid for the non offshore generating station?	
Is it a gas fuelled non offshore generating station?	No
Who will design and build the gas pipeline connection to the non offshore generating station?	
Non offshore generating station additional documents	

Construction or extension of an offshore generating station (Reg. 6 (1b))

Route and method of installation for any cable in the offshore generating station	
Will you apply for safety zones for the offshore generating station?	
Offshore generating station additional documents	

Highway related development (Reg. 6 (2) (part 1))

Ground levels of the highway related development	
Height of every bridge, viaduct, aqueduct, embankment and elevated guide way for the highway related development	
Depth of every cutting and tunnel for the highway related development	
Levels of the bed of relevant tidal waters or inland waterways	

for the highway related development

Height of every structure or device intended to be erected above, on or below the bed of tidal waters or inland waterways for the highway related development

Drainage outfall details for highways

Highway related development additional documents

Construction or alteration of a railway (Reg. 6 (2) (part 2))

Ground levels of the railway development

Height of every bridge, viaduct, aqueduct, embankment and elevated guide way for the railway development

Depth of every cutting and tunnel for the railway development

Levels of the bed of relevant tidal waters or inland waterways for the railway development

Height of every structure or device intended to be erected above, on or below the bed of tidal waters or inland waterways for the railway development

Drainage outfall details for railways

Railway development additional documents

Construction or alteration of harbour facilities (Reg. 6 (3))

Why is the order needed to improve, maintain or manage the harbour?

How will the order for a harbour facility benefit transport by sea or recreational use of sea-going ships?

Harbour facility additional documents	
Construction of a pipeline (Reg. 6 (4))	
Pipeline name	
Pipeline owner	
Pipeline start point	
Pipeline end point	
Pipeline length	
Pipeline external diameter	
What will the pipeline convey?	
Does the pipeline need rights in land or crossing consents?	No
Can parties obtain rights in land or crossing consents by agreement for the pipeline?	
Pipeline additional documents	
Construction or alteration of a hazardous waste facility (Reg. 6 (5))	
Why is the hazardous waste facility needed?	
What is the plant's estimated annual capacity for disposing or recovering hazardous waste?	
Hazardous waste facility additional documents	
Construction of a dam or reservoir (Reg. 6 (6))	
Will the dam or reservoir include any recreational amenities?	No
Description of the dam or reservoir's recreational amenities	
Dam or reservoir additional documents	

23. Any other plans, drawings and sections necessary to describe the proposal for which development consent is sought, and any other documents, reports or information to support the application

Other plans, drawing or sections documents	2.12 Typical Design Drawings.pdf 2.7 Elevation Drawings Profile Drawings Part 6.pdf 2.1 Guide to the Plans.pdf 2.7 Elevation Drawings Profile Drawings Part 1.pdf 2.5 Traffic Regulation Order Plans Section A.pdf 2.5 Traffic Regulation Order Plans Section E.pdf 2.7 Elevation Drawings Profile Drawings Part 3.pdf 2.5 Traffic Regulation Order Plans Section F.pdf 2.7 Elevation Drawings Profile Drawings Part 2.pdf 2.5 Traffic Regulation Order Plans Section B.pdf 2.5 Traffic Regulation Order Plans Section C.pdf 2.7 Elevation Drawings Profile Drawings Part 5.pdf 2.5 Traffic Regulation Order Plans Section D.pdf 2.7 Elevation Drawings Profile Drawings Part 4.pdf 7.8 Outline Landscape and Ecology Management Plan.pdf 7.10 Outline Cultural Heritage Management Plan.pdf 7.3 Register of Environmental Actions and Commitments.pdf 7.5 Outline Soil Management Plan.pdf 7.7 Outline Noise and Vibration Management Plan.pdf 7.2 Outline Code of Construction Practice.pdf
