25 March 2015

1 BACKGROUND

- 1.1 On 1 October 2014 National Grid wrote to the Planning Inspectorate to advise that, subject to the conclusion of contractual documentation between National Grid and EDF Energy, the connection date for the Proposed Development was likely to change from 31 October 2019 to 1 June 2022. National Grid explained at that time that the construction programme for the Proposed Development, as presented and assessed in the submitted *Environmental Statement (Volumes 5.1 to 5.27)* would also be revised in such circumstances.
- 1.2 In light of this possible change to the Project connection date, National Grid undertook analysis of the information contained within the submitted *Environmental Statement* to determine what the implications of the revised construction programme might be on the assessment of the likely significant effects of the Proposed Development. This analysis was presented in the following documents which were submitted to the Planning Inspectorate on 1 October 2014:
- Environmental Statement Sensitivity Test (5.29.1.1)*
- Environmental Statement Sensitivity Test Appendices (5.29.1.2)*
- Environmental Statement Sensitivity Test Figures (5.29.1.3)*
- Environmental Statement The Applicant's Report to Support Habitats Regulations Assessment Sensitivity Test (5.29.2.1)*
- Environmental Statement Transport Assessment Sensitivity Test (5.29.2.2.1)*
- Environmental Statement Transport Assessment Sensitivity Test Appendices A to C (5.29.2.2.2)*
- Environmental Statement Transport Assessment Sensitivity Test Appendix D (5.29.2.2.3)*
- Environmental Statement Flood Risk Assessment Sensitivity Test (5.29.2.3)*
- Environmental Statement Draft Construction Environmental Management Plan Sensitivity Test (5.29.2.4)*
- 1.3 The above information is collectively referred to within this report as the Environmental Statement Sensitivity Test (**ESST**) documentation.
- 1.4 By letter dated 15 January 2015, National Grid wrote to the Planning Inspectorate to confirm that revised contractual documentation giving effect to the proposed change to the Connection Date had been agreed between National Grid and EDF Energy.
- 1.5 In its letter of 29 January 2015, pursuant to Rule 8 of the Infrastructure Planning (Examination Procedure) Rules 2010, and in order to enable anyone who might be affected by the revised construction programme to have a fair opportunity to make their views known and properly taken into account, the Examining Authority requested that National Grid, at the earliest practicable opportunity, advertise the details of the revised construction programme in newspapers, on a non-statutory basis, but in the same manner prescribed by Regulation 17 of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009 (as amended).

- 1.6 National Grid was also requested to compile any responses to the newspaper notification and provide this report to the Examining Authority.
- 1.7 This report explains the advertisement undertaken by National Grid in respect of the ESST documentation and provides a copy of the responses received in response to that advertisement.

2 ADVERTISEMENT UNDERTAKEN

2.1 *Form of Notice*

2.1.1 In accordance with Regulation 17(3)(b) of the Infrastructure Planning Infrastructure Planning (Environmental Impact Assessment) Regulations 2009, National Grid prepared a notice which set out the following information:

- (a) the name and address of the applicant;
- (b) that the applicant has made an application to the Secretary of State for an order granting development consent for EIA development;
- (c) that the Secretary of State has accepted the application and the reference number of the application;
- (d) a summary of the main proposals, specifying the location or route of the proposed development;
- (e) that additional environmental information is available for inspection free of charge at the places (including at least one address in the vicinity of the proposed development) and times set out in the notice;
- (f) the latest date on which those documents will be available for inspection (being a date not earlier than the deadline given for responses);
- (g) whether a charge will be made for copies of any of those documents and the amount of any charge;
- (h) details of how to respond to the publicity; and
- (i) a deadline for receipt of responses being not less than 28 days following the date on which the notice was last published.

2.1.2 National Grid did not include the information prescribed in Regulation 3(b)(iv) within the notice as it was not relevant to the current circumstances.

2.1.3 A copy of the text of the ESST notice can be found at **Appendix 1** to this report.

2.2 *Publication of Notice*

2.2.1 In accordance with Regulation 17(3)(c) of the Infrastructure Planning Infrastructure Planning (Environmental Impact Assessment) Regulations 2009 (as amended), National Grid published the notice:

- (a) for two consecutive weeks (namely during the weeks commencing Monday 9 February and Monday 16 February 2015) in 19 local

newspapers circulating in the vicinity in which the development is situated;

- (b) once in a national newspaper (during the week commencing Monday 9 February 2015) ; and
- (c) once in the London Gazette (during the week commencing Monday 9 February 2015).

2.2.2 A full list of the publications within which the notice appeared, including the dates of publication of the notice, is provided at **Appendix 2** to this report whilst examples of the published notice are provided at **Appendix 3**.

2.3 ***Deadline for Responses***

2.3.1 The notice invited anyone who wished to comment on the additional environmental information to provide comments in writing to Freepost H POINT CONNECTION or by email to hinkleyconnection@nationalgrid.com.

2.3.2 The deadline for receipt of responses was Friday 20 March 2015, being not less than 28 days from the date of publication of the last notice on Friday 20 February 2015 in accordance with the requirements of Regulation 17.

3 **RESPONSES RECEIVED**

3.1 National Grid has received 1 response to the ESST advertisement. On 27 February 2015 Mark Parish Council submitted a letter making representations in relation to the proposed revised construction programme. A copy of the representation received can be found at **Appendix 4** to this report.

APPENDIX 1: TEXT OF ESST NOTICE

PLANNING ACT 2008

THE INFRASTRUCTURE PLANNING (ENVIRONMENTAL IMPACT ASSESSMENT) REGULATIONS 2009

NATIONAL GRID ELECTRICITY TRANSMISSION PLC

PROPOSED NATIONAL GRID (HINKLEY POINT C CONNECTION PROJECT) DEVELOPMENT CONSENT ORDER

APPLICATION REFERENCE NO: EN020001

NOTICE OF OPPORTUNITY TO COMMENT IN RELATION TO A REVISED CONSTRUCTION PROGRAMME

On 28 May 2014 National Grid Electricity Transmission plc ("National Grid") of 1-3 Strand, London WC2N 5RH applied to the Secretary of State, c/o The Planning Inspectorate ("PINS"), for a development consent order ("DCO") under the Planning Act 2008 ("the Application"). The DCO would authorise works to the national electricity transmission system between Hinkley Point in Somerset and Seabank near Avonmouth ("the Project"). The Project is required to provide sufficient transmission capacity to enable the connection of new electricity generation projects in the region including the consented Hinkley Point C nuclear power station that is being developed by EDF Energy. The Application was accepted for examination by PINS on 19 June 2014.

The Project is "EIA development" for the purposes of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009. This means that the proposed works constitute development for which an Environmental Impact Assessment is required. Accordingly, the application was accompanied by an Environmental Statement, containing information about the environmental effects of the Project.

Following receipt of an application by EDF Energy to modify the terms of the Bilateral Connection Agreement which contains the Project connection date and determines the overall construction programme, National Grid submitted a revised connection offer to EDF Energy on 19 August 2014. In light of these developments, on 1 October 2014 National Grid submitted additional information relating to the potential change to the overall construction programme for the Project to PINS.

On 9 January 2015 National Grid wrote to PINS to advise that EDF Energy had formally accepted the revised connection offer, resulting in a change to the overall construction programme for the Project.

On 29 January 2015, the Examining Authority appointed to examine the Application requested that National Grid advertise the details of the revised construction programme in newspapers, on a non-statutory basis, but in the same manner as under Regulation 17 of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009 (as amended).

Notice is hereby given that the connection date for the Project has moved from October 2019 to October 2022.

Comments are invited on the additional information as explained below.

Additional Information

The additional information submitted to PINS is in the form of an Environmental Statement Sensitivity Test (**Volumes 5.29.1 and 5.29.2**). This contains an analysis of the impact of the revised construction programme on the information provided within the submitted Environmental Statement.

Full details of the revised construction programme can be found within the additional information National Grid submitted to PINS on 1 October 2014. This information was published on the National Infrastructure pages of the Planning Portal website here:

Copies of the additional information

A copy of the additional information is available for inspection free of charge, from 10 February until 20 March 2015, at the following locations and times set out below:

Location	Opening times
North Somerset Council Town Hall, Walliscote, Grove Road, Weston-super-Mare, BS23 1UJ	Mondays to Fridays: 8:30am to 8pm Saturdays: 8:30am to 7pm Sundays: 10am to 7pm
Sedgemoor District Council Bridgwater House, King Square, Bridgwater, TA6 3AR	Mondays to Fridays: 8:45am to 5pm
West Somerset Council West Somerset House, Killick Way, Williton, Taunton, TA4 4QA	Mondays to Thursdays: 8:30am to 5pm Fridays: 8:30am to 4:30pm

Copies of the additional information can be provided on request from hinkleyconnection@nationalgrid.com or by telephone 0800 377 7347. A reasonable copying charge will apply (up to a maximum of £100 for supplying a hard copy of the Documents, and £10 for supplying an electronic copy on electronic flash card). Copies of individual documents are also available on request. A reasonable charge may be applied.

Commenting on the additional information

Should you wish to comment on the additional information relating to the revised construction programme for the Project, any comments should be provided in writing to **Freepost H POINT CONNECTION** or by email to hinkleyconnection@nationalgrid.com.

Any comments must be received by National Grid no later than Friday 20 March 2015.

National Grid requests that comments provided relate to the additional information, indicate who is making the comments, and provide an address to which any correspondence relating to the comments may be sent.

National Grid is required to make copies of all comments received available to PINS. Please note all comments will be made public. We will, however, request that personal details are not placed on the public record. Personal details will be held securely in accordance with the Data Protection Act 1998 and will be used solely in connection with the examination of the Application.

PLANNING ACT 2008

THE INFRASTRUCTURE PLANNING (ENVIRONMENTAL IMPACT ASSESSMENT) REGULATIONS 2009

NATIONAL GRID ELECTRICITY TRANSMISSION PLC

PROPOSED NATIONAL GRID (HINKLEY POINT C CONNECTION PROJECT) DEVELOPMENT CONSENT ORDER

APPLICATION REFERENCE NO: EN020001

NOTICE OF OPPORTUNITY TO COMMENT IN RELATION TO A REVISED CONSTRUCTION PROGRAMME

On 28 May 2014 National Grid Electricity Transmission plc ("National Grid") of 1-3 Strand, London WC2N 5RH applied to the Secretary of State, c/o The Planning Inspectorate ("PINS"), for a development consent order ("DCO") under the Planning Act 2008 ("the Application"). The DCO would authorise works to the national electricity transmission system between Hinkley Point in Somerset and Seabank near Avonmouth ("the Project"). The Project is required to provide sufficient transmission capacity to enable the connection of new electricity generation projects in the region including the consented Hinkley Point C nuclear power station that is being developed by EDF Energy. The Application was accepted for examination by PINS on 19 June 2014.

The Project is "EIA development" for the purposes of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009. This means that the proposed works constitute development for which an Environmental Impact Assessment is required. Accordingly, the application was accompanied by an Environmental Statement, containing information about the environmental effects of the Project.

Following receipt of an application by EDF Energy to modify the terms of the Bilateral Connection Agreement which contains the Project connection date and determines the overall construction programme, National Grid submitted a revised connection offer to EDF Energy on 19 August 2014. In light of these developments, on 1 October 2014 National Grid submitted additional information relating to the potential change to the overall construction programme for the Project to PINS.

On 9 January 2015 National Grid wrote to PINS to advise that EDF Energy had formally accepted the revised connection offer, resulting in a change to the overall construction programme for the Project.

On 29 January 2015, the Examining Authority appointed to examine the Application requested that National Grid advertise the details of the revised construction programme in newspapers, on a non-statutory basis, but in the same manner as under Regulation 17 of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009 (as amended).

Notice is hereby given that the connection date for the Project has moved from October 2019 to October 2022.

Comments are invited on the additional information as explained below.

The additional information submitted to PINS is in the form of an Environmental Statement Sensitivity Test (Volumes 5.29.1 and 5.29.2). This contains an analysis of the impact of the revised construction programme on the information provided within the submitted Environmental Statement.

Full details of the revised construction programme can be found within the additional information National Grid submitted to PINS on 1 October 2014. This information was published on the National Infrastructure pages of the Planning Portal website here:

<http://infrastructure.planningportal.gov.uk/projects/south-west/hinkley-point-c-connection/>

Copies of the additional information

A copy of the additional information is available for inspection free of charge, from 10 February until 20 March 2015, at the following locations and times set out below:

Location	Opening times
North Somerset Council Town Hall, Walliscote, Grove Road, Weston-super-Mare, BS23 1UJ	Mondays to Fridays: 8:30am to 8pm Saturdays: 8:30am to 7pm Sundays: 10am to 7pm
Sedgemoor District Council Bridgwater House, King Square, Bridgwater, TA6 3AR	Mondays to Fridays: 8:45am to 5pm
West Somerset Council West Somerset House, Killick Way, Williton, Taunton, TA4 4QA	Mondays to Thursdays: 8:30am to 5pm Fridays: 8:30am to 4:30pm

Copies of the additional information can be provided on request from hinkleyconnection@nationalgrid.com or by telephone 0800 377 7347. A reasonable copying charge will apply (up to a maximum of £100 for supplying a hard copy of the Documents, and £10 for supplying an electronic copy on electronic flash card). Copies of individual documents are also available on request. A reasonable charge may be applied.

Commenting on the additional information

Should you wish to comment on the additional information relating to the revised construction programme for the Project, any comments should be provided in writing to FreePost H POINT CONNECTION or by email to hinkleyconnection@nationalgrid.com.

Any comments must be received by National Grid no later than Friday 20 March 2015.

National Grid requests that comments provided relate to the additional information, indicate who is making the comments, and provide an address to which any correspondence relating to the comments may be sent.

National Grid is required to make copies of all comments received available to PINS. Please note all comments will be made public. We will, however, request that personal details are not placed on the public record. Personal details will be held securely in accordance with the Data Protection Act 1998 and will be used solely in connection with the examination of the Application.

PLANNING ACT 2008

THE INFRASTRUCTURE PLANNING (ENVIRONMENTAL IMPACT ASSESSMENT) REGULATIONS 2009

NATIONAL GRID ELECTRICITY TRANSMISSION PLC

PROPOSED NATIONAL GRID (HINKLEY POINT C CONNECTION PROJECT) DEVELOPMENT CONSENT ORDER

APPLICATION REFERENCE NO: EN020001

NOTICE OF OPPORTUNITY TO COMMENT IN RELATION TO A REVISED CONSTRUCTION PROGRAMME

On 28 May 2014 National Grid Electricity Transmission plc ("National Grid") of 1-3 Strand, London WC2N 5RH applied to the Secretary of State, c/o The Planning Inspectorate ("PINS"), for a development consent order ("DCO") under the Planning Act 2008 ("the Application"). The DCO would authorise works to the national electricity transmission system between Hinkley Point in Somerset and Seabank near Avonmouth ("the Project"). The Project is required to provide sufficient transmission capacity to enable the connection of new electricity generation projects in the region including the consented Hinkley Point C nuclear power station that is being developed by EDF Energy. The Application was accepted for examination by PINS on 19 June 2014.

The Project is "EIA development" for the purposes of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009. This means that the proposed works constitute development for which an Environmental Impact Assessment is required. Accordingly, the application was accompanied by an Environmental Statement, containing information about the environmental effects of the Project.

Following receipt of an application by EDF Energy to modify the terms of the Bilateral Connection Agreement which contains the Project connection date and determines the overall construction programme, National Grid submitted a revised connection offer to EDF Energy on 19 August 2014. In light of these developments, on 1 October 2014 National Grid submitted additional information relating to the potential change to the overall construction programme for the Project to PINS.

On 9 January 2015 National Grid wrote to PINS to advise that EDF Energy had formally accepted the revised connection offer, resulting in a change to the overall construction programme for the Project.

On 29 January 2015, the Examining Authority appointed to examine the Application requested that National Grid advise the details of the revised construction programme in newspapers, on a non-statutory basis, but in the same manner as under Regulation 17 of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009 (as amended).

Notice is hereby given that the connection date for the Project has moved from October 2019 to October 2022.

Comments are invited on the additional information as explained below.

Additional Information

The additional information submitted to PINS is in the form of an Environmental Statement Sensitivity Test (Volumes 5.29.1 and 5.29.2). This contains an analysis of the impact of the revised construction programme on the information provided within the submitted Environmental Statement.

Full details of the revised construction programme can be found within the additional information National Grid submitted to PINS on 1 October 2014. This information was published on the National Infrastructure pages of the Planning Portal website here:

<http://infrastructure.planningportal.gov.uk/projects/south-west/hinkley-point-c-connection/>

Copies of the additional information

A copy of the additional information is available for inspection free of charge, from 10 February until 20 March 2015, at the following locations and times set out below:

Location	Opening times
North Somerset Council Town Hall, Walliscombe, Grove Road, Weston-super-Mare, BS23 1UJ	Mondays to Fridays: 8:30am to 8pm Saturdays: 8:30am to 7pm Sundays: 10am to 7pm
Sedgemoor District Council Bridgewater House, King Square, Bridgwater, TA6 3AR	Mondays to Fridays: 8:45am to 5pm
West Somerset Council West Somerset House, Killick Way, Williton, Taunton, TA4 4QA	Mondays to Thursdays: 8:30am to 5pm Fridays: 8:30am to 4:30pm

Copies of the additional information can be provided on request from hinkleyconnection@nationalgrid.com or by telephone 0800 377 7347. A reasonable copying charge will apply (up to a maximum of £100 for supplying a hard copy of the Documents, and £10 for supplying an electronic copy on electronic flash card). Copies of individual documents are also available on request. A reasonable charge may be applied.

Commenting on the additional information

Should you wish to comment on the additional information relating to the revised construction programme for the Project, any comments should be provided in writing to freepost H POINT CONNECTION or by email to hinkleyconnection@nationalgrid.com.

Any comments must be received by National Grid no later than Friday 20 March 2015.

National Grid requests that comments provided relate to the additional information, indicate who is making the comments, and provide an address to which any correspondence relating to the comments may be sent.

National Grid is required to make copies of all comments received available to PINS. Please note all comments will be made public. We will, however, request that personal details are not placed on the public record. Personal details will be held securely in accordance with the Data Protection Act 1998 and will be used solely in connection with the examination of the Application.

Legal Notices

NOTICE

is hereby given that Mrs. Ravinder Kaur Kenith has applied in respect of Staple Hill Post Office, 119 High Street, Staple Hill, Bristol, BS16 5HF for the grant of a premises licence under the Licensing Act 2003.

To permit the sale of alcohol for consumption off the premises: Sundays to Thursdays: 0600 hours to 2300 hours; and Fridays and Saturdays: 0600 hours to 2400 hours. To provide late night refreshment on Fridays and Saturdays, as specified in the application

A record of the application will be kept by The Licensing Team, South Gloucestershire Council, Engine Common Lane, Yate, BS37 7PN and may be inspected during normal office hours. Representations must be made in writing by 10 March 2015 to The Licensing Team, South Gloucestershire Council, Trading Standards and Licensing, PO Box 299, High Street, Bristol, BS15 0DR, (www.southglos.gov.uk). It is an offence on summary conviction to knowingly or recklessly make a false statement in connection with this application, the maximum fine for which is £5000.

LICENSING ACT 2003
APPLICATION FOR THE
GRANT OF A
PREMISES LICENCE

I, Nicholas Vassiliades Of James Mellors Limited, 57 Front Street, Arnold, Nottingham NG5 7EA Have submitted an application for the grant of a premises licence to Bristol City Council, Licensing Authority, Princess House, Princess Street, Bedminster, Bristol BS3 4AG. The record of the application may also be inspected at this address between 9.00am and 4.00pm Monday - Friday with the exception of Wednesdays when it may be inspected between 9.00am and 3.00pm.

Details of application: As Part of Funderworld Theme park, taking place on Durham Downs, Bristol from Friday 27th March 2015 to Sunday 12th April 2015 the installation of a marquee (40mx20m) and a Victorian style bar (max12mx10.6m) within a secured fenced site. Times and licensable activities applied for: Sale of Alcohol - Monday to Sunday 13:00 - 22:00 Recorded Music - Monday to Sunday 13:00 - 22:00 Similar live/recorded music or dance - Monday to Sunday 13:00 - 22:00

The event conforms to Health and Safety guidelines and the Councils own four licensing objectives. The marquee will feature 32 static picnic tables with attached benches. The amount of audience within the marquee is set at a maximum of 500 with all sound regulated by Bristol City Council. The premises will be staffed by qualified and registered personnel.

Interested parties and responsible authorities may make written representation to the relevant Licensing Authority by 16th March 2015, such representation shall be made in writing. It is an offence to knowingly or recklessly make a false statement in connection with an application the maximum fee for which a person is liable assuming conviction for the offence is level 5 on the standard scale.

**APPENDIX 4: COPY OF REPRESENTATION RECEIVED FROM MARK PARISH
COUNCIL**

MARK PARISH COUNCIL

Richard Young

Clerk of the Council

5 Channel Court,

Burnham-on-Sea,

Somerset,

TA8 1NE

Your Ref:

Tel: 01278 789859

Hinkley Point C Connection

27th February 2015

**MARK PARISH COUNCIL'S RESPONSE TO THE PROPOSED EXTENSION TO THE
CONSTRUCTION PROGRAM FOR THE HINKLEY C CONNECTION PROJECT,
EN020001**

REGISTRATION IDENTIFICATION NUMBER 10029583

Mark Parish lies in section B, south of the Mendip Hills AONB and sits on the northern edge of Mark Moor on the Somerset Levels.

At the Preliminary Meeting 17th January at the Winter Gardens in Weston- super- Mare, National Grid requested an extension to their connection to Hinkley Point C because of EDF modified terms. This was unacceptable to the floor as a whole and to the Planning Inspectorate who advised National Grid that a consultation would have to take place with the general public. This has been undertaken by National Grid in the form of national newspaper advertisements under Public Notices.

The time frame being proposed is now 76 months, extended by 25 months, which is in excess of the time frame in the **DCO volume 5.29**.

This will have a detrimental effect on the residents along the route; more so those living in close proximity to the haul roads and works compound, any delays will put an added burden on households and public areas as well as further disruption to road traffic, the A38 being the main road in this area.

Mark Parish Council objects to this request for an extension to the construction time table.

Yours sincerely,

Mark Parish Council
