TOWN AND COUNTRY PLANNING ACT 1990 (AS AMENDED)

ARTICLE 16/17 CONSULTATION RESPONSE

Dear Nadia Luhr

Your Reference Number:

- The UK onshore elements comprising the construction and operation of a converter station to convert electricity to and from the National Electricity Transmission System (“NETS”); High Voltage Alternating Current (“HVAC”) cabling from the converter station to the point of connection with the NETS; and High Voltage Direct Current (“HVDC”) cabling from the converter station to the UK landfall site comprising a transition joint bay where onshore cables transition into offshore cables, forms the development for which development consent should be required (“the Principal Development”); and

Description of Development:

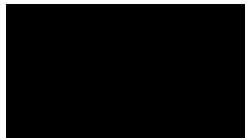

- Associated development, which may include the licensable activities including works to install cables within UK territorial sea and Renewable Energy Zone and provision of offshore cable protection; and other works to facilitate the connection of the Proposed Project to the NETS.

Location:

Tarchon Interconnector Project

I refer to your consultation under Article 16/17 of the Development Management Procedure (England) Order 2010. We thank you for the opportunity to provide our comments and we have no comment to make.

Yours sincerely

Justin Carr
Assistant Director - Development Management and Building Control
London Borough of Waltham Forest
