Dear Sirs,

## **Request for an Accompanied Site Visit – Turf Hill, Lightwater**

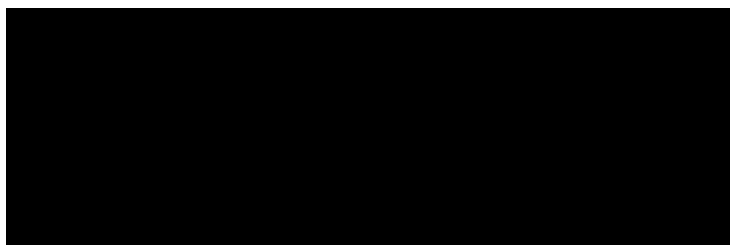

I am writing on behalf of Windlesham Parish Council to request an accompanied site visit of the Turf Hill area of Lightwater. This is all land that is publicly accessible.

The pipeline was re-routed to this area without adequate consultation. The routing will result in the loss of a significant number of trees and the effects of the loss of these trees has not been referred to in any of the assessments provided.

A site visit should take place to look at the number and location of trees that will be affected; to look at the proximity to the properties located on Coleville Gardens and Herons Court and the substantial threat of flooding to these properties and to assess if the use of trenchless techniques would more appropriate for this area given the potential loss of trees.

Please also accept this letter as notification of the Council's wish to attend the Accompanied Site Inspection (ASI), specifically for the Turf Hill area.

Yours faithfully,

Sarah Walker  
Clerk to the Council
