Dear Sir,

Southampton London Pipeline DCO Examination

Request to Make Changes to the Original Application and Examining Authority's Request for Additional Information – Logistics Hubs

Thank you for your letter dated 13 January 2020 concerning the above.

The Local Highway Authority has reviewed the proposed changes to the application and the revised traffic assessments and has no objection to the proposed logistics hubs or concerns regarding expecting traffic movements.

In terms of whether the Examining Authority should consider this change to be material, the Local Highway Authority is unable to comment. However, it would suggest that as there is expected to be minimal impact on the highway as a result of the change, from a highway perspective, it is not considered to be material.

Yours faithfully,

Laura McCulloch
Strategic Manager - Planning
