 Order Limits

1. All dimensions are in metres unless stated otherwise.
2. These Land Plans should be read in conjunction with other plans and documents in the Development Consent Order application in particular the Book of Reference.
3. All easements, servitudes and private rights in land are proposed to be extinguished on land shown coloured pink on these land plans. All easements, servitudes and private rights in land are proposed to be extinguished, so far as their continued exercise would be inconsistent with the exercise of the rights or restrictions proposed to be acquired by the undertaker on land shown coloured blue on these land plans. All easements, servitudes and private rights are proposed to be suspended while the undertaker is in temporary possession of the land shown coloured green on these land plans.
4. The number labels relate to plot numbers. Please refer to the Book of Reference for more information about these plots, including the approximate area of each plot (in square metres). Plot numbers include a reference to the relevant sheet of the Land Plans. In this numbering convention, a plot number comprises the sheet number followed by the actual plot number, e.g. Plot 01-24, where '01' is the sheet number (sheet 1) and '24' is the plot number (24 on sheet 1).
