Good afternoon,

In response to the letter issued on 8 January 2025 requesting an update from Lindsey Marsh Drainage Board I would advise the following.

Lindsey Marsh Drainage Board do not hold any land interests in the parcels identified by the applicant in the submission. Therefore, the Board will not require the applicant to enter into any lease or other land agreement.

Lindsey Marsh Drainage Board do perform a Statutory function on watercourses within the Board area and the Boards extended area along the pipeline corridor. Any works affecting these watercourses will require the Boards consent in line with Byelaws and the Land Drainage Act 1991. However, disapplication of the Boards powers for inclusion of requirements within the DCO may be appropriate.

The applicant and Board are engaged in ongoing discussions relating to technical matters and areas where consents/ agreements will be required further into the process.

I hope that the above is of assistance.
