Subject: H2Teesside - Natural England - Ongoing Engagement
Date: 04 July 2025 13:50:42

You don't often get email from [REDACTED]@naturalengland.org.uk. [Learn why this is important](#)

Good afternoon,

Natural England would like to inform the Planning Inspectorate about our ongoing engagement with the Environment Agency, Arup, Tees Valley Combined Authority and BP, which is relevant to a number of NSIPs (applications and granted) on Teesside. This includes H2Teesside.

Arup, Tees Valley Combined Authority and BP have co-authored a position paper about industrial air quality regulation and impact assessment. This paper has been shared with Natural England and the Environment Agency for comment. We have liaised with the Environment Agency to discuss the points raised in relation to our respective remits, and Natural England issued a response on the 26th June 2025. We understand that the Environment Agency will issue their own response in the coming weeks.

Our aspiration is to work with key stakeholders, including those mentioned above, as part of a strategic working group and to investigate options to enable industrial growth on Teesside without compromising environmental assets.

This email is for information only, to ensure that the Planning Inspectorate is aware of this engagement and we intend to keep you informed as it develops. If you would like further details, please let me know.

All the best,

[REDACTED]

Thriving Nature
for people and planet

We now offer free and chargeable advice to land owners and managers planning works on Sites of Special Scientific Interest through [SSSI Advice Service](#).

To help Developers consider the environment Natural England offers two chargeable services:

- the [Discretionary Advice Service \(DAS\)](#) which can provide advice on planning/licensing proposals;
- the [Pre-submission Screening Service \(PSS\)](#) for European Protected Species mitigation licence applications.
