Summary of key points discussed and advice given:

The Applicant was reminded of the Planning Inspectorate's openness policy that any advice given will be recorded and published on the planning portal website under s51 of the Planning Act 2008 (as amended by the Localism Act 2011) (PA 2008) and that any advice given does not constitute legal advice upon which the applicants (or others) can rely.

Introductions were made by everyone present, and individual roles were explained.

The discussion noted that the Silvertown Tunnel application had been accepted to progress to examination on 31 May 2016. TfL noted the "s55 checklist" that had been issued by The Planning Inspectorate in respect of that Acceptance decision. Advice given by The Planning Inspectorate in respect of that checklist is attached to this meeting note.

TfL provided an overview of on-going work in respect of this project and provided an up-date on their likely approach to the Pre-Examination stage. TfL explained some of the factors driving their current programme assumptions.

There was a discussion about potential examination logistics including potential venues for a Preliminary Meeting and considerations for an accompanied site inspection.
