## **Comments from Derby City Council**

Thanks Simon

I have reviewed the document and really only have a couple of updates for you.

Generally, everything is in-line with our SCI but there is one error. The SoCC states that documents will be available for inspection at the Central Library but this closed on the 9 June. So the table listing the deposit points should delete the Central Library and replace it with the new Riverside Library which is based here in the Council House with the following opening times Monday to Friday 8.30am to 5.00pm, Saturday 9.00am to 1.00pm.

Also, the list of deposit points includes the Council Offices. Given that the new Riverside Library is in the Council House, I suggest that reference to the Council House is deleted.

Finally, and this isn't under the remit of the SoCC, I suggest that we put something on our homepage, under 'What's happening in Derby?' but this will need to be sorted out by us through our Comms in advance of the consultation starting.

Regards,  
Paul

Subject: A38 Derby Junctions - Section 47 of the Planning Act 2008 - SOCC Advance Warning

Importance: High

Paul,

I refer to previous discussions on the Statement of Community Consultation (SOCC) and the informal consultation that took place with Derby City Council. As you are aware, there is a formal requirement to consult the local authority (where that local authority has land within the scheme area) on the content of the SOCC.

As part of our previous discussions, we agreed to give advance warning ahead of any formal consultation. Please treat this email as advance warning that you shall be receiving a formal consultation notification from Highways England early next week.

Regards

Simon

Bruce

Further to your email of 25 June 2018, I have now had the opportunity to consider the Statement of Community Consultation (SoCC) in relation to the A38 Derby Junctions scheme.

On behalf of Amber Valley Borough Council, I am satisfied that the SoCC reflects the requirements of Section 47(1) of the Planning Act 2008, in respect of the proposed consultation arrangements for the scheme. I consider that the SoCC provides a sufficient number and range of opportunities for people living within the vicinity of the proposed scheme, or who may otherwise be interested in and/or consider that they would be affected by the scheme, to view the proposals and to make comments on them, as appropriate.

Regards

Derek Stafford

Subject: A38 Derby Junctions - Section 47 of the Planning Act 2008 - SOCC Advance Warning

Derek,

I refer to previous discussions on the Statement of Community Consultation (SOCC) and the informal consultation that took place with Amber Valley Borough Council (AVBC). As you are aware, there is a formal requirement to consult the local authority on the content of the SOCC where that authority has land within the scheme area. Notwithstanding that there is no formal obligation to consult AVBC, given the previous informal consultation with the authority, we consider it appropriate that the formal consultation be extended to AVBC, providing the opportunity to make comment should you wish to do so.

As you may recall, as part of our previous discussions, we agreed to give advance warning ahead of any formal consultation. Accordingly, please treat this email as advance warning that you shall be receiving a formal consultation notification from Highways England early next week.

Regards

Simon

---

From: Groves Richard [<mailto:Richard.Groves@south-derbys.gov.uk>]

Sent: 23 July 2018 10:40

To: A38derbyjunctions; Nagra, Paul

Cc: MacPherson Andrew; Roberts Andy

Subject: A38 Derby Junctions Scheme Statement of Community Consultation response

To whom it may concern.

South Derbyshire District Council wishes to submit the following response to the current consultation on the A38 Derby Junctions Scheme Statement of Community Consultation.

*"South Derbyshire District Council would request that:*

- (i) the parish councils in the A38 corridor within South Derbyshire, these being Burnaston, Egginton, Etwall, Findern and Willington, be included as consultees to be written to inviting feedback;*
- (ii) the consultation documents be made available for inspection at Etwall Library and that*
- (iii) South Derbyshire District Council be kept informed of the activities of the stakeholder working group through invitations to meetings and provision of meeting minutes".*

*This would reflect the fact that, although the scheme will take place entirely within Derby City, these parish councils would be likely to be the most affected within South Derbyshire in terms of impacts on trips they may be making both during and after construction. Placing the consultation documents in Etwall Library would provide those living within the above mentioned parishes the opportunity to view and respond to the details, were they unable to access the material online. Including South Derbyshire District Council as an invitee to the stakeholder working group and as a recipient of meeting minutes would allow the Council to keep abreast of and influence developments in regard to these strategically significant proposals."*

Please could you provide acknowledgement that this email has been received?

Kind regards,

**Richard Groves**

**PLANNING ACT 2008 – SECTION 47  
A38 DERBY JUNCTIONS - STATEMENT OF COMMUNITY CONSULTATION**

Dear Paul,

Thank you for consulting Derbyshire County Council (DCC) on the A38 Grade Separated Junctions – Statement of Community Consultation. Having reviewed the Statement in consultation with my County Council colleagues, I write to confirm that DCC considers that the Statement sets out a comprehensive range of means of stakeholder consultation on the propose scheme by Highways England and is satisfied that the two means of direct consultation with the County Council identified on page 3 (Council and Community Area Briefings; and Reconvening of Project Steering Group) will provide for ongoing and

effective consultation and liaison with the County Council as a local authority area directly affected by the Scheme.

Regards

Steve

## Comments from Erewash

From: Steve Birkinshaw [<mailto:Steve.Birkinshaw@erewash.gov.uk>]  
Sent: 03 July 2018 09:58  
To: Nagra, Paul  
Subject: A38 Derby Junctions - Statement of Community Involvement

Dear Paul Nagra

Thank you for consulting Erewash Borough Council on your Statement of Community Consultation for the A38 Derby Junctions scheme.

Please consider this e-mail as the Borough Council's formal response to that consultation.

Within your method statement, you have identified a number of venues for public information exhibitions.

I am pleased to see Little Eaton Village Hall included as a venue exhibition.

However, though I note that Breadsall Priory has been included, there are no public information exhibitions planned for Breadsall Village. The priory is 2 miles away from the village, and I would not consider this to be convenient for the residents of Breadsall Village. I strongly recommend the addition of a venue in the village, e.g. Breadsall Memorial Hall at DE21 5LF.

Under "council and community area / forum briefings" you have stated that local councils will be offered briefings. It would be useful if you clarified here that this includes Parish Councils.

Under "establishing stakeholder groups" you have stated that you will provide briefings to Little Eaton and Breadsall Parish Councils if invited. For the avoidance of doubt, and to avoid contradiction your statement under "council and community area / forum briefings", this should state that the parish councils will be offered briefings.

Finally, I am please to note that documents will be available for inspection at both Breadsall Village Shop and Little Eaton Post Office.
