Hi [REDACTED]

I have checked with our SME's on this and we can confirm SCC are content with these proposals.
Happy for you to send this to PINS and SoS.

Regards,

[REDACTED]

Hi [REDACTED]

Thanks for your email.

We are currently completing our internal review of your clarification, including confirming the position with the relevant colleagues. Some of those colleagues are not available today, so we are not in a position to finalise our response for onward submission at this stage.

I will provide a confirmed response as soon as this review is complete.

In the meantime, please do not submit our response to PINS until we have confirmed our position.

Regards,
Louisa

Hi [REDACTED]

PINS and DfT are needing Surrey County Council's response. Following our explanation to your points, 3 June 2026, can we send on your response to PINS. Can you please respond today.

Kind regards

[REDACTED]

Hi [Redacted]

To clarify, the NMA we are consulting on relates to the speed limits within the DCO. We are basically proposing to remove the DCO wording regarding speed limits for the M25 sections of the project and replace with reference to the existing Variable Mandatory Speed Limit statutory instrument for the M25. This will make it easier for the public and enforcement authorities to understand the DCO/SI and will provide a consistent approach on the defined section of the M25.

If this explanation satisfies Surrey County Council, please confirm so, and please confirm that your response can be passed to PINS and SoS.

Kind regards

Hi [REDACTED]

Following the meeting [REDACTED] and I had this morning, [REDACTED] mentioned that speed changes were not part of this NMC Application.

However from the info available to us, we were led to believe the changes were as we described and listed below.

I attach the original email you passed to us.

On that basis, I think it would be prudent for you to confirm back to us in writing what the actual NMC application is please? So we can confirm our response before you pass to PINS and SoS.

Thanks,

[REDACTED]

Hi [Redacted]

Thank you for your response. Can you confirm that you are content for comments to be passed onto PINS, who will pass it onto the SoS and publish on the public project page?

Kind regards

Dear [REDACTED]

Thank you for consulting Surrey County Council on the proposed Non-Material Change (NMC) to the M25 Junction 10/A3 Wisley Interchange Development Consent Order (DCO) 2022.

We have now reviewed the application internally with our relevant subject matter experts.

Overall, Surrey County Council has no objection to the proposed changes. In particular:

- * The introduction of variable speed limits on the M25 mainline, slip roads and free-flow links is supported, as this aligns with the operational approach on the wider motorway network.
- * The removal of a road from the DCO schedule of prescribed speed limits is understood to reflect a previously authorised change to the scheme and is considered a consequential amendment to ensure consistency with works already approved and implemented.
- * The associated updates to the Speed Limits and Traffic Regulation Plans are therefore considered appropriate to reflect these changes.

On this basis, the Council is satisfied that the proposed amendments represent a non-material change and do not raise any significant concerns from a highway safety perspective.

If you are able to confirm the specific road referenced in the removal from the DCO schedule, this would be helpful for our records, but this does not affect our overall position.

Please do let me know if you require anything further.

Regards,

[REDACTED]
