On site consultation events have been held and attended by Thurrock Council representatives and members of the travelling community to seek feedback on alternative relocation options for this site. During COVID-19 options and engagement were shared via a private Facebook Group as well as engagement by the Traveller Liaison Officer for Thurrock Council. New site agreed in principle by both Thurrock as the Freeholder and by the occupiers. All occupiers will be relocated onto the new site and discussions are ongoing to agree the final details of the design of the site layout. On site consultation events have been held and attended by Thurrock Council representatives and members of the travelling community to seek feedback on alternative relocation options for this site. During COVID-19 options and engagement were shared via a private Facebook Group as well as engagement by the Traveller Liaison Officer for Thurrock Council. New site agreed in principle by both Thurrock as the Freeholder and by the occupiers. All occupiers will be relocated onto the new site and discussions are ongoing to agree the final details of the design of the site layout. On site consultation events have been held and attended by Thurrock Council representatives and members of the travelling community to seek feedback on alternative relocation options for this site. During COVID-19 options and engagement were shared via a private Facebook Group as well as engagement by the Traveller Liaison Officer for Thurrock Council. New site agreed in principle by both Thurrock as the Freeholder and by the occupiers. All occupiers will be relocated onto the new site and discussions are ongoing to agree the final details of the design of the site layout.
