63					Detailed engagement has been ongoing since August 2018. Multiple survey consent forms have been agreed to facilitate Applicant surveys, including agreement of compensation therefrom. Negotiations are progressing on an acquisition by agreement basis and valuations have been exchanged. A property search has also been undertaken to assist the landowner in identifying relocation options and the Applicant has also offered to engage and assist the agent with calculating a disturbance estimate to provide a global estimate of compensation. The Applicant has responded to the landowners relevant representation and offered a Statement of Common Ground to record the position. The Applicant has offered in principle to reimburse a second agency search to assist relocation efforts.

100							In contact with landowner via agent who is aware of the Project and its effect on their property. Property is partially impacted and an opportunity to acquire has been discussed so the landowner is aware of options available. Non-intrusive surveys undertaken in 2018 and 2019 and intrusive ground investigations in May 2020 for which license consents were negotiated. Matters on-going.

Occupied by way of a licence agreement from Thurrock Council. On site consultation events have been held and attended by Thurrock Council representatives and members of the travelling community to seek feedback on alternative relocation options for this site. During COVID-19 options and engagement were shared via a private Facebook Group as well as engagement by the Traveller Liaison Officer for Thurrock Council. New site agreed in principle by both Thurrock as the Freeholder and by the occupiers. All occupiers will be relocated onto the new site and discussions are ongoing to agree the final details of the design of the site layout. This will enable an indicative plan to be agreed. 138	Bridget Beaney	Cat 1	29-40	CA	<p>Occupier at Gammonfields Way Travellers site. Occupied by way of a licence agreement from Thurrock Council. On site consultation events have been held and attended by Thurrock Council representatives and members of the travelling community to seek feedback on alternative relocation options for this site. During COVID-19 options and engagement were shared via a private Facebook Group as well as engagement by the Traveller Liaison Officer for Thurrock Council. New site agreed in principle by both Thurrock as the Freeholder and by the occupiers. All occupiers will be relocated onto the new site and discussions are ongoing to agree the final details of the design of the site layout. This will enable an indicative plan to be agreed.</p> <p>2018-11-27 Meeting On site consultation event</p> <p>2019-12-05 Meeting On site consultation event</p> <p>2020-02-24 Meeting On site consultation event</p> <p>2020-07-13 Letter Design Refinement consultation notification sent</p> <p>2020-07-13 Meeting On site consultation event</p> <p>2022-05-13 Letter Local Refinement consultation notification sent</p> <p>2022-05-24 Letter Local Refinement consultation extension notification sent</p> <p>2022-07-07 Letter Engagement seeking feedback on proposals for final site and pitch layout</p> <p>2023-01-08 Letter Section 56 notification sent</p>			N/A	N/A

144					In regular contact with landowner via agent who is aware of the Project and its effect on their property, particularly in reference to ground investigation works, archaeological trial trenching and land for ecological mitigation. In addition, detailed discussions have taken place concerning (i) Impact of adjoining land leased to a third party for the extraction of Pulverized Fuel Ash (PFA) and (ii) Option agreement (for land within order limits with development potential) and (iii) access arrangements including public rights of way. As such, opportunities to acquire have been discussed and attempts to progress will continue. A draft Statement of Common Ground was submitted at Deadline 4 (REP4-205) and a final version has been agreed and will be submitted at D9a; in addition, a tri-partite agreement mitigating the impact of a new public right of way on potential development land is currently pending.

					2023-01-08	Letter	Section 56 notification sent		
171							In contact with landowner via agent who is aware of the Project and its effect on their property. In conversation with agent (17-09-20) he confirmed that engagement has been limited as the landowner not unduly concerned at this stage as land acquisition is temporary with permanent rights for utilities and that they will engage further once final design is submitted in Development Consent Order. Initial land requirements significantly reduced owing to change of utility requirements. At CAH3 a 'lift and shift' agreement was discussed in respect of the utility access route and will be progressed on a subject to Contract and Subject to Project Approval basis. Matters on-going.

190							The Applicant is in regular contact with landowner via agent particularly in respect of extensive archaeological trial trenching and ground investigations works on the farm and consequent crop loss claims. This engagement is in addition to the correspondence below and as such landowner and agent are fully aware of the Project and its effect on their property, including mitigating the potential impact on farm buildings during construction. An opportunity to acquire pre Development Consent Order was offered as was a Statement of Common Ground. Attempts to progress this and mitigation elsewhere will continue during Examination.

242							The Applicant has written to the owner of Harp Farm regarding inclusion of land within the Order Limits for environmental compensation and is in regular contact with their agent. The applicant has met the landowner on site on several occasions and also at a consultation event. Following extensive discussions with landowner and his agent, the applicant has significantly reduced its land requirements at Harp Farm. Heads of Terms have now been agreed and solicitors have produced a draft pre DCO voluntary agreement for acquisition of the land at a guaranteed minimum price, the detail of which is being negotiated by solicitors. Matters on-going.

268							There has been regular, detailed, and constructive correspondence and meetings with the landowner since April 2017 on all aspects of the Project. These include, but are not limited to (i) Detailed design development, impact mitigation, utility diversions, (ii) Reconfiguration of proposed public rights of way and relocation of works compound, (iii) Location of ecological mitigation areas and potential long-term stewardship, (iv) Access for surveys, ground investigation and archaeological trial trenching, and (v) Impact on future development potential and ways to mitigate. A draft Statement of Common Ground was submitted at Deadline 4 (REP4-204) and a final version has been agreed and will be submitted at D9a. An opportunity to acquire the land by agreement and also a dedication agreement in respect of new or upgraded NMU routes have been discussed and will be progressed, if agreed.

292	Ellen Saunders	Cat 1	29-40	CA	2018-11-27	Meeting	Occupier at Gammonfields Way Travellers site. Occupied by way of a licence agreement from Thurrock Council. On site consultation events have been held and attended by Thurrock Council representatives and members of the travelling community to seek feedback on alternative relocation options for this site. During COVID-19 options and engagement were shared via a private Facebook Group as well as engagement by the Traveller Liaison Officer for Thurrock Council. New site agreed in principle by both Thurrock as the Freeholder and by the occupiers. All occupiers will be relocated onto the new site and discussions are ongoing to agree the final details of the design of the site layout. This will enable an indicative plan to be agreed. 355							Contact has been made with landowner's agent and solicitor who are aware of the Project and its effect on his client's property. An invitation to negotiate and acquire the interests required voluntarily has been sent although a previously discussed section 253 (Highways Act 1980) agreement is now thought unsuitable for such specialist (ancient woodland creation) essential ecological mitigation. A proposed lease arrangement is currently under discussion, but the terms are not agreed and the current proposed terms are considered unsuitable for permanent essential ecological mitigation by the Applicant. The Applicant will continue discussions with the landowner.

On site consultation events have been held and attended by Thurrock Council representatives and members of the travelling community to seek feedback on alternative relocation options for this site. During COVID-19 options and engagement were shared via a private Facebook Group as well as engagement by the Traveller Liaison Officer for Thurrock Council. New site agreed in principle by both Thurrock as the Freeholder and by the occupiers. All occupiers will be relocated onto the new site and discussions are ongoing to agree the final details of the design of the site layout. 508							Occupier at Gammonfields Way Travellers site. Occupied by way of a licence agreement from Thurrock Council. On site consultation events have been held and attended by Thurrock Council representatives and members of the travelling community to seek feedback on alternative relocation options for this site. During COVID-19 options and engagement were shared via a private Facebook Group as well as engagement by the Traveller Liaison Officer for Thurrock Council. New site agreed in principle by both Thurrock as the Freeholder and by the occupiers. All occupiers will be relocated onto the new site and discussions are ongoing to agree the final details of the design of the site layout. This will enable an indicative plan to be agreed.

535	Laureena Saunders	Cat 1	29-40	CA			Occupier at Gammonfields Way Travellers site. Occupied by way of a licence agreement from Thurrock Council. On site consultation events have been held and attended by Thurrock Council representatives and members of the travelling community to seek feedback on alternative relocation options for this site. During COVID-19 options and engagement were shared via a private Facebook Group as well as engagement by the Traveller Liaison Officer for Thurrock Council. New site agreed in principle by both Thurrock as the Freeholder and by the occupiers. All occupiers will be relocated onto the new site and discussions are ongoing to agree the final details of the design of the site layout. This will enable an indicative plan to be agreed.

562					Occupier at Gammonfields Way Travellers site. Occupied by way of a licence agreement from Thurrock Council. On site consultation events have been held and attended by Thurrock Council representatives and members of the travelling community to seek feedback on alternative relocation options for this site. During COVID-19 options and engagement were shared via a private Facebook Group as well as engagement by the Traveller Liaison Officer for Thurrock Council. New site agreed in principle by both Thurrock as the Freeholder and by the occupiers. All occupiers will be relocated onto the new site and discussions are ongoing to agree the final details of the design of the site layout. This will enable an indicative plan to be agreed.

701					Engagement with the Rights Holders has been ongoing since May 2017. Discussions have also taken place regarding the Rights Holders during various meetings with the Cole family (the majority rights holder). Proposals for replacement common land have been developed over the course of engagement with the Rights Holders and were updated to the current proposal at Community Impacts consultation in June 2021. The status of the common land and the structure of rights and ownership is complex, the Applicant has agreed to fund independent legal advice for the Rights Holders due the specialist issues involved. Discussions with the Rights Holders, their agent and legal advisors are ongoing.

703					Engagement with Orsett Show Ground Limited has taken place since 2018, discussions have also been held during meetings with C. H. Cole & Sons. Proposals for a replacement area for the Showground were presented prior to Design Refinement consultation and subsequently not progressed following feedback from the company. Proposals for a gas pipeline diversion have been refined to reduce impact and the amount of Showground land in the Order Limits. This would ensure that the site could continue to operate during construction of the Project. The Applicant would work with the company to mitigate impacts during construction. Opportunity to acquire the permanent land interests required has been discussed.

771	Rita M Beaney	Cat 1	29-40	CA			Occupier at Gammonfields Way Travellers site. Occupied by way of a licence agreement from Thurrock Council. On site consultation events have been held and attended by Thurrock Council representatives and members of the travelling community to seek feedback on alternative relocation options for this site. During COVID-19 options and engagement were shared via a private Facebook Group as well as engagement by the Traveller Liaison Officer for Thurrock Council. New site agreed in principle by both Thurrock as the Freeholder and by the occupiers. All occupiers will be relocated onto the new site and discussions are ongoing to agree the final details of the design of the site layout. This will enable an indicative plan to be agreed.

801							Engagement has been ongoing since September 2017. Meetings have taken place regarding the impact of the Project on Whitecroft Care Home, Stanford Road. The Applicant has sought to address concerns by altering the design of the road and landscaping to the west of the property. Detailed information on traffic and proposed construction activities has been provided to the landowner wherever possible. Following a site inspection mitigation has been proposed by the Applicant however the effectiveness of which has been disputed by the Owners. Heads of terms have been sent with regard to the voluntary acquisition of the care home.

On site consultation events have been held and attended by Thurrock Council representatives and members of the travelling community to seek feedback on alternative relocation options for this site. During COVID-19 options and engagement were shared via a private Facebook Group as well as engagement by the Traveller Liaison Officer for Thurrock Council. New site agreed in principle by both Thurrock as the Freeholder and by the occupiers. All occupiers will be relocated onto the new site and discussions are ongoing to agree the final details of the design of the site layout. 955					The Applicant is In regular contact with landowner, agent and lawyers who are aware of the Project and its effect on their property. Opportunity to acquire has been discussed and attempts to progress this and mitigate impacts elsewhere will continue. Draft voluntary agreements for (i) acquisition or a s253 (HA 1980) of the HRA mitigation land and (ii) legal side agreement that reduces the long term impact of a drainage pipe has been forwarded to the agent. It is proposed to add a second drain-pipe into this agreement - on an subject to contract and Project Approval basis.

1002	Veolia ES Landfill Limited	Cat 1, 2 & 3					In regular contact with landowner via in-house agent especially in respect of ground investigations and archaeological/utility trial trenching as well as liaison with Veolia's farm tenant. Several meetings have been held to discuss mitigating the impact on Veolia site and in particular use of their access road (Medebridge Road) as a Project construction haul road and also potential conflicts arising with Environment Agency 'permitting' issues. Veolia is therefore fully aware of the Project and its potential impact upon their property. A draft side agreement based upon an initial draft agreement submitted by Veolia in their Written Representations is being negotiated and will hopefully be completed before the end of Examination. Matters on-going.

1017	Walter Saunders	Cat 1	29-40	CA	<p>Occupier at Gammonfields Way Travellers site. Occupied by way of a licence agreement from Thurrock Council. On site consultation events have been held and attended by Thurrock Council representatives and members of the travelling community to seek feedback on alternative relocation options for this site. During COVID-19 options and engagement were shared via a private Facebook Group as well as engagement by the Traveller Liaison Officer for Thurrock Council. New site agreed in principle by both Thurrock as the Freeholder and by the occupiers. All occupiers will be relocated onto the new site and discussions are ongoing to agree the final details of the design of the site layout. This will enable an indicative plan to be agreed.</p> <p>2018-11-27 Meeting On site consultation event</p> <p>2020-02-03 Meeting On site consultation event</p> <p>2020-02-24 Meeting On site consultation event</p> <p>2020-07-13 Letter Design Refinement consultation notification sent</p> <p>2020-07-13 Meeting On site consultation event</p> <p>2021-07-13 Letter Community Impacts consultation notification sent</p> <p>2022-05-13 Letter Local Refinement consultation notification sent</p> <p>2022-05-24 Letter Local Refinement consultation extension notification sent</p> <p>2022-07-07 Letter Engagement seeking feedback on proposals for final site and pitch layout</p> <p>2023-01-08 Letter Section 56 notification sent</p>			N/A	N/A
