Dear Sir or Madam,

### **Lower Thames Project - Interested Parties Ref. No. LTC-s58359**

Regarding your letter, dated 28 February 2025, about an application by National Highways (the Applicant) for an order granting development consent for the proposed Lower Thames Crossing Project (please refer to a copy of the letter referred to attached to this email, for your convenience).

My Son, (Simon Hawkridge) and I (Kenneth Hawkridge) both [REDACTED]  
[REDACTED] which is a property I own and is located in very close proximity to the proposed Lower Thames Project.

My Son, and I, are both concerned regarding the inevitable increase this project will have on the traffic accessing the roads located within the immediate vicinity of this project, and our place of residency, and also regarding both the increase in traffic noise and vehicle exhaust pollution that this project will cause to the local population living near this project, in terms of the negative detrimental impact that all of these important issues will collectively have on our day to day lives, and also regarding the negative detrimental impact this may have on the market value of the above referred to property I own, which my Son and I, both live in.

Please kindly therefore advise us what measures, if any, are being planned to reduce the inevitable increase in traffic noise and vehicle exhaust pollution, and also regarding the increase in volume of traffic this project will have on the current road infrastructure close to this project, at your earliest possible convenience please.

I would also like to take this opportunity to request that you please kindly send copies of all future correspondence regarding this matter to both my Son, and I, not just to me, [REDACTED] before

this project goes ahead, or is completed, in which circumstances my Son also has an interest in this matter, and as such he should also be kept in the loop.

Thank you in advance for your assistance, and we both look forward to hearing from you.

With kind regards,

Kenneth and Simon Hawkrige
